Scary Sounds

Happiness is just a word, A word of lies,
To those who hurt Now let's watch the
children cry For adults soon they are,
In a world of turmoil and scars
Blink once and it will all leave,
Watch closely now,
Soon it will burn into dreams
Hopeless and lost,
The soul of many we are, Hope is lost, to so
many and far
Given up on life, It's all just a game to lose,
We have forgotten all the clues
It's all so pointless now,
No one is really around,
We're so alone in a world,
full of scary sounds

Natasha Rana

After studying a year of psychology Autumn got a job easily because Autumn's father's friend was very close to Autumn since her whole childhood. She used to live sometimes at his house with his family and got lots of love from them. Later Autumn got promoted to Georgia where her boss is his father's friend. Looking for a low budget house Autumn got A house online she talked with the owner who hasn't lived there for a year.

A beautiful Cottage Mansion
in; Winder, Georgia.

Autumn Brown was a girl who just turned 24 and bought her first ever house, COTTAGE MANSION HOUSE in Winder, Georgia. Autumn's father died when she was Little five years old, in a war. She loves planting things and at her little garden farm there were some coffee plants. Like everyone else she is

Natasha Rana

also addicted to coffee. Autumn drinks black coffee every day and second. But the first morning at her new house changed her life into Gothic.

“Her mind filled with terror”.

On the first day at her new house Autumn wakes up and makes her coffee that was grown from her little farm. She puts her mug on the table and sits on a chair reading a book about. After sip-by-sip of her 'coffee' she is having a little 'headache'. something was feeling wrong but with the last sip made her feel like 'Heaven'.

Autumn slowly closed her eyes after the last sip of her coffee. She was feeling so good standing in the paradise.

A movement when she closed her eyes after a second darkness spread around. She saw an ugly and scary looking skeleton standing in front of her with

Natasha Rana

the same mug she was drinking her coffee, asking her, "Do you want some more coffee Autumn"?

Standing in front of her in the darkness all around.

Autumn opens her eyes quickly with terror. She looks all around to check if there is someone around her.

Autumn closed the book which she was reading, And thought maybe she is having less Sleep or maybe because of her new house. Autumn was a criminal psychologist. And she just started working A months ago.

Autumn went to take a shower and get dressed (black tie, soft light brown pants and Off-white Coat with High boots and tied up with a messy ponytail). The boxes were all around her rooms, the arrangement and settling things were pending. After getting all ready she thought to make herself coffee for her work to stay in attached

with her work easily.

She went to her work, And took some coffee with her in the bottle “At the office”.

(Driving from Forrest road listening songs in her car while driving, after some minutes she reached to her office)
"Hey" Autumn said to everyone as she entered from the main door of her office. Later she went to the office of her boss, Autumn's dad's old friend. Autumn already knows everyone, from the office because she used to come there alot time before with his dad's friend.

She was drinking her coffee in her office after some paperwork, and at that moment her boss showed up, saying we have one criminal for you, brown. Autumn said, "yeah I'm coming". Autumn was in a hurry and she drank

Natasha Rana

all the leftover coffee and left quickly.
(Opens doors and sees the criminal sitting in a chair and while talking with her patient she starts to have a headache. Autumn rubs her eyes twice. Her boss says to her, "Hey! Autumn u alright"?)

"Yeah I'm fine, boss". — Autumn replied.

Autumn looked down for a second, rubbing her eyes, and moved her head up and looked at the criminal sitting in front of her name, Teeny! While looking at him for like less than 5 sec. Autumn saw the same skeleton standing behind Tenny with the same bottle which she drank minutes ago.

Autumn had the same thing like second after second blackouts. She ran out of the room into the washroom.

Autumn closed every single door of was on the washroom, she was standing

Natasha Rana

front mirror and looked at mirror but instead of seeing herself on mirror she saw same skeleton in that mirror, standing in darkness melting.

Autumn (soughtly said) what are you ? Why do you keep seeing me? Go away, Just go leave me alone.

The skeleton in the mirror replies to her, I'm you! You are me, We both are the same person, Autumn Brown.

Autumn said, "No! no-no-no-no you are not real, you are just inside of my head something must happen i am hallucinating you are just some imagination inside my mind".

"Of Course I'm inside your mind Autumn but except your mind I'm also in your body and your mind and your soul". —The skeleton Replied.

The Criminal (Tenny Rockwood) Said to Autumn's boss after She immediately left the room with terror. " I think your psychologist is suffering from

Natasha Rana

something like (with a silent suspense).....!

"COFFEE".

The Boss said, "I don't want to hear you talking again, unless we tell you to talk, you understand? Tenny".

Tenny said, "not my problem, you callous".

Boss hit tenny a punch and left the room

Autumn told the skeleton in the mirror to, "go away" but in a movement her boss started knocking the door. Autumn looked at the door side and then looked back to the mirror but the mirror was all clear and nothing was in it.

Autumn opens the door and tells her boss that she is not feeling good. So her kind boss said to her, it's okay if you want to go home, you can. Besides you are new here, talking with a bloody criminal is not easy. Go home, Autumn

and have a cup of coffee. You look stressed.

Thanks — "Autumn replied to her boss".

Autumn drives to her home arrange evening in her house and settle all things everywhere properly. After doing that she went to take a shower and went for a walk. And While walking back to her home she meets up with the old owner of her house. Mr. Johnny Rockwood and Mrs. Jennah Rockwood. They were walking with a disappointed, stressed and sad face.

Autumn waved her hand with a smile. mr. and mrs. Rockwood came closer to her and said "hii, Autumn did u fit in your new house?"

"Yeah I fit in thanks for asking Mrs. Rockwood. You seem sad, sorry for asking but something happened to you?"

Johnny Rockwood said, "it's our son. He ran away one month ago from our

Natasha Rana

house. We tried to find him but couldn't find him so we left the house to you. But we got a call from the cops yesterday that he has been caught, and they are saying that he is doing drugs and he is a serial killer."

"I'm so sorry to hear that Mr. Johnny". — Autumn replied.

Mrs. Jennah said, "he is just a kid. Ohh my little boy Teeny."

(After hearing the word Teeny) Autumn asked, "Wait did you say Tenny?"

"Yes!" — Mrs.Jennah replied.

Autumn said, "Ohh! it's good to see you both. I'll be in touch but I have to go somewhere so if you don't mind."

Mr and Mrs Rockwood said, "we are gonna see each other again, GOODBYE. Have a great coffee darling Autumn."

"Yeah thanks." —Autumn replied.

Autumn reached her house. Autumn gave water to her plants in her little farm garden and after that she sat on a

chair and remembered about meeting up with Mr. And Mrs. Rockwood and the conversation about their son Tenny Rockwood. Autumn called her boss in the office. To check the name of the criminal she met up today.

Her boss picked up the call. "Hello Brown"

Autumn said, "hello Yeah it's me. Boss, I called you because I-i-i wanted to know the full name of the criminal That the last time I met in the morning. "Umm, You talking about Tenny Rockwood?"—Boss Replied. (Silence for a movement).

"Hello, hello, hello, Brown you on the phone? speak something hello, hello."

Autumn said, "Yeah , thanks for your time boss." "Yeah, anytime"— Boss replied.

Autumn said. "Boss, can I talk with him (Tenny Rockwood) tomorrow?"

"Yes, brown so see you tomorrow." — Boss Replied

Natasha Rana

"Yeah, see you tomorrow thanks."—
Autumn replied.

Autumn walks into the bathroom to take a shower, after 10 to 15 minutes later Autumn comes out and dresses up in her pajamas. She watched the news on TV, watched some TV shows make some for her to eat for dinner and later watched, "Twilight: New Moon" movie.

After an hour Autumn was feeling tired. She made herself some Black Coffee. After taking one sip she liked it because it was better than the morning and noon.

(Drinking-Drinking-Drinking-Drinking
) After drinking her whole coffee cup everything around her started to become Dark.

Autumn slowly closed her eyes and, fell into Deadly Deep sleep.

Natasha Rana

Open windows, TV on, ninety nine plus
missed calls, and birds sitting on her
chest chipping and dust everywhere all
around her room and windows all open
and with a heavy wind the flower pot
placed on table besides her just fall
down and broken with that noise
Autumn wakes up in the morning after
her darkest long sleep.

Natasha Rana

Chapter Two: After the Deadly Sleep

While walking up She Checked her phone and saw lots of missed and texted messages in her phone, missed calls from her boss and from her Boss. She said, " God why are there so many messages and missed calls on my phone?"

Autumn tries to make the bird leave the house. She does some voice, ("suh, suh-suh-suh, huhh go away, go! fly away, suh suh-suh-suh").

Autumn took her phone and immediately called her boss and her boss said, "well well well, how long have you been missing a girl not picking my phone? You said you wanted to see

Natasha Rana

Tenny but you just disappeared. Where are you Autumn Brown"?

"Yeah sir/ Boss sorry but it's 11 o'clock in the morning I'm just late not missing."

— Autumn replied.

Boss asked, "Girl, do you know what today's date is"?

Autumn said, "What wait, hold on wait, no–no–no–no! How I was asleep for 7 days"

(Autumn immediately cut the call off after saying "I'm sorry boss I'll call you later").

Autumn looked all around and said, "god hell what happened to me. OMG this whole place looks abandoned for years. I can't believe I was sleeping for like A week. Must be something wrong with This place. Or not? I have to see Tenny Rockwood".

Autumn dressed quickly and

immediately went to her office. Derived at her office she runs faster (pushed some people)

"Hey Autumn are you blind"!

"Autumn, see there are people around you"

"Hey girl, use your eyes, I am not invisible"!

and told her boss she wants to talk with Tenny Rockwood, but her boss says that he is in the cell.

Her boss says, hey Autumn are you okay? Yes, no, no I don't know what happened to me. — Autumn replied. Boss, hey Autumn what's your relationship with Tenny Rockwood? Autumn said, it's nothing, he is my house's old owner's son. And something is happening with me. And! I don't know what but maybe something is wrong with the house, or maybe with Teeny, or maybe something is wrong

with me.

I have been asleep for seven days, and I don't know why.

My house when I woke up there was all around birds and lots of dust on the floor table and even around me! And I don't know, I just want to ask tenny questions. Please tell me that I can see him. Boss, sure you can see him but why do you think something is wrong with him he ran away from his house his parents said that. Yeah I know. But I have something important to tell you. — Autumn replied.

"What? Autumn.", Okay so, umm, Remember the first time I met-up with Tenny and I ran away to the bathroom! "Yeah, so what about that!"

Nothing , I mean yeah there is something strange going on. I saw this hard pinger or skeleton behind him "who's him" it's Tenny . "Okay." And

that's the thing that keeps seeing me everywhere, that's why I ran into the bathroom. " Okay so, you're seeing something that looks like a skeleton.

I got that but are you sure about it because you are a psychologist and you also had a bad family past your dad's death, your big sister ranway with someone and all that. You should have a month's rest if you want Autumn."

Autumn said, no no sir/ boss it's not about my past it's real. I think that's the reason I was asleep for a week!

Look, you are kinda a friend of mine, Can I see Tenny please? (Boss deeply exhales) "Okay".

● prologue

You already know my name.

Natasha Rana

Autumn Brown.

And, I'm having hallucinations.

First I saw a Skeleton standing in front of me with a cup in his or her hand and second I fell asleep for a week.

Don't know what's happening with me or something is wrong with someone or something. And I'm about to find out soon. Well there is a word called "Eigengrau" and I think everyone knows what that means.

I became a psychologist to help people but now I think I'm gonna need someone's help!

To fix me, Or something else which is

Natasha Rana

happening with me.

Chapter Three: Hazing

Autumn's boss takes her to meet Tenny Rockwood. Through the cells. Before Autumn asked her questions Tenny said to her, So, long sleep huh!

Tenny said, "I said, "How was your sleep, (smiling) Darling!"

How do you know I was asleep?

Tenny said, I know everything and I also know why you are here. Come on, She is your experience. Standing in the dark talking with yourself, I mean with your bones (laugh).

Autumn said, Just tell me what you know? Tenny Rockwood.

Well what i know is you get out of here

Natasha Rana

and I'll help you. — Tenny replied.
Autumn said, not gonna happen.
The Boss said, "Tenny , why don't you
just tell her what you know?"
Cease. — Tenny replied.

What's "Cease"? — Autumn asked.
That's all I can tell you, 'Season' (softly
laugh).
Autumn said, Huh so. (with Soft smile).
What does Cease mean tenny (with
Serious face).
Well. figure it out — Tenny replied.
The Boss asked, Is there anything you
want to say to Tenny ?
Tenny looked at Autumn's Boss and
secondly looked at her saying, I love
drinking coffee in autumn with
brownies. (Laugh).

"Autumn and her Boss left the room
doubtfully and with a curious face".

Coming out from room Autumn's Boss

said look Autumn I tried to help you but I'm having a question for you. I didn't ask it before because you know your father and I were really close friends back then and you are his only daughter. So I'm going to ask you something serious and you are gonna have to answer it very truthfully!

Autumn said, "yeah".

Boss, (Inhales ! Exhales) "Are you doing drugs?" Autumn said, "What no! No, I'm not doing drugs. you don't trust me do you? Of Course you don't because the thing I'm trying to tell you is like a Fiction story I'm telling you. Anyways, can I take some days off! Boss?"

Yeah you can Autumn. — Boss replied.

Autumn goes to an old owner house who used to live there Mr Johnny Rockwood and Mrs Jennah Rockwood. Autumn parks her car away from Rockwood house and while walking

through the door Autumn noticed they had some plants back away at their house.

Autumn went to check out the plants and it was coffee plants but going in deep the more grown coffee plants were there but walking into a little farm Autumn noticed some soil was covered in Blue and it smells like blood.

Autumn took some of the soil in her hand to smell it. While at that moment she heard a voice from behind her saying her name "Autumn".

Autumn looked behind her and saw Jennah Rockwood was standing away at the house door saying her name and weaving her hand in the air with a silent face. Autumn waved back and stood, turned herself and the same ugly scary, covered in soil and with some blue soil skeleton, came running forwards to

Natasha Rana

Autumn screaming saying "Cease" just disappeared in air like becoming like smoke after touching Autumn's body She felt the skeleton trapped in her soul.

As the Scared and fully in fear, terror faced Autumn moved backward and the soil in her hand! She just threw it on the ground when she opened up her hand with fear. She moved backward and got something behind her as she collided with something.

She turned herself around to see what she collided with. Jennah Rockwood was standing behind her with a curious face and asked, "Autumn what are you doing here"?

(Smile...) Are you here to get some coffee for you? Well! If you ask me, I'll give it to you by myself dear.

Autumn said, "ummh i came to talk to you actually".

Natasha Rana

Jannah Rockwood said, 'About what?'
"Abouttah"! — Autumn was replying.
"Why don't come inside Autumn".—
Jannah Rockwood said to Autumn with
a serious face and with her some
reddish criminal looking eyes staring at
her.
"No , it's okay, I'm going, I got my boss
call and it's an emergency so I have to
go". — Autumn replied.

Natasha Rana

Chapter Four: The Dairy Night

Finally Autumn Came home. After an hour's drive She opened every door in the house.
Wet to take a hot shower. And thinking

Natasha Rana

about what's going on with her.

First she saw a skull and then she talked with the same skull she saw in the first place. And she falls asleep while watching Twilight and wakes up with dust all around and birds everywhere. Also with something going on with that blue soil thing.

Autumn turned off the shower and put her pajamas on. Started Writing her journal for the very first time. For thinking while doing an entry in the first four lines about Day, Time, Month, Her name, Date etc...

"I miss my happy life with my mom."

"Now it feels like I'm in some kind of horror movie."

"Well There was this guy and he is one of my patients and he used to live in the house where I'm living now."

As per file he is a drug addict and criminal, that's what it says."

*"But I don't think he is.
Because, what's my job as a 'Criminal Psychologist',
I think he is innocent."*

"I have to figure out what's going on!"

The Blue soil must be something and who is this thing (a creepy old fungal skeleton), which is keeping seeing me."

"Today I'm afraid to go to bed."

"What if I fall asleep and again wake up as months ago?"

"Waking up all night and researching about this house can help me! And, Studying about the blue color in soil and reading my fav book!"

'How about twilight?'

Natasha Rana

Yeah that's great."

"What about eating some snacks all night?'

"There are a lot of things to do in one night or every day."

"Seeing some old pictures can help me! But I have a traumatic past. But my past can't hurt me now. I'm thinking of texting my mother tomorrow."

Saying: "Hey mom weekend fun as mom and daughter?"

"Hope she texts back."

*"Well, That's enough for today.
I'll meet you tomorrow, Diary."*

»Searching on Wikipedia about blue soil causes and she finds, Somehow Autumn finds out that the soil she saw was actually Martian soil.

About Martian soil:-

Martian soil is harmful for plants and people because it contains a lot of chlorine in molecules called perchlorates. These toxic molecules will need to be removed before using the soil to grow food crops. The harsh Martian environment poses many additional challenges for plant growth.

— Now Autumn knows that the coffee plants that were grown at Rockwood's house were must be poisonous because of the soil .—

Autumn wasn't sure that the soil there

Natasha Rana

was real blue (Martian) soil or there was paint spread around all over.

Autumn's house was messed up all over the dirt. She hasn't cleaned her house for a week and it's smelling heavily terrible. Because for the past 7 days she's been sleeping on her couch. Also she hasn't cleaned after waking up and after coming back home from the office and Rockwood's house.

"My god my house is smelling so bad, I have to clean this so hard. But we'll I'm tired now I'll Clean in the morning with some music on". Autumn said. (Speaking with herself while eating some snacks. And the computer on, On the table in front of the TV.

Spending all night while exploring social media on her phone.

Natasha Rana

The smell is starting to smell more terrible than before. Autumn had frequent sleep, she took some pills to stay up all night.

There was no house near her; she put 90s heavy metal songs on a loudspeaker.
And the Night was getting over by time by time.

Next Morning

Autumn was already awake. All night and it was Almost 7 O'clock in the morning, Autumn was sketching the skeleton she was seeing. And the little sun rays got on the page. Autumn turned around and saw in the morning.

The sun finally comes up!

Natasha Rana

Autumn stood up and went to the bathroom to pick up her brush.

While brushing her teeth and staring herself in the mirror a voice suddenly came out behind from her "Cease"

Autumn, Turned around but sees no one around Autumn opens a tap of water, wash her face and dry it with a towel. Thinking of what the Cease means, she had no idea about that. Autumn search on the goggle Case' the meaning came out,

CEASE:

to stop or end...

Autumn turns on the music, grabs her

Natasha Rana

hair and ties it up with a messy ponytail.

Wears the gloves and starts washing dishes.

After an hour she cleaned up the dust on her house with vacuum. Autumn noticed something in the inside corner of the couch (she was asleep for seven days).

There was something and what she found out was the same blue and dark brown (Martian) soil that she saw at Rockwoods yard.

But, Autumn ignores the soil on the couch. And after cleaning for a long time she was cleaning her window and saw that the Rose she grew up with was wilt and petals were falling.

Autumn immediately throws away the cleaning cloth she was using to clean the windows, and quickly opens up the

Natasha Rana

front door she runs towards to check on her flowers saying,
She said, " 'For God Sake' not my roses. no-no-no-no-no-no-no, Damn these place".

The flowers were wilt more likely to say 'Dead'.
But something more terrifying, Autumn finds out.
She said, "What the hell?".

The same Martian soil was spreaded all over her garden and there was something more that she saw some blood drops making a line track to somewhere.
She said, "Now why I'm seeing this blood here".

Autumn followed the track of blood drops and headed backward to her house where the coffee plants were grown.

And She finds a trap door leading to the
'Secret Dungeon'.

Chapter Five: The Darkness trap

A trapdoor in the coffee plants Autumn didn't see the before because didn't explore all places in her new house, Autumn was terrifying to open that trapdoor because in the fear to not to make anything happens more terrified.

At the first attempt Autumn tried to open it but it was locked for a very long time. The trapdoor was stuck between roots and rusted.

There was an ax beside her. She grabbed the ax Quickly and opened it. Inside of the dungeon was so dark. Autumn said, "What is in there, hope inside this old dungeon not having a big

Natasha Rana

family of spiders like Aragog".

With an intense face Autumn stares at that dungeon to see there is nothing inside. After some time sitting and watching, Autumn stood up and ran towards her house to get a torch light but also grab a lighter, rope, and a water bottle incase of something happened or Some-things,'Happen'.

Autumn said, "Well I'm about to find out here".

Autumn thinks to jump into it but later she throws a stone to see how long and deep it is.

A voice of stone hit the ground not too deep but not too close.

Autumn said, "I am already gonna die, so it's better if I just jump in". Autumn is into the dungeon " it's not too deep".

Autumn turned on the flashlight and started exploring step by step getting far from the trapdoor. Autumn had no clue where she was going.

Getting far and after waking in the dark Autumn collided with something.

Getting her torch in it, first she thought it was a wall that she collided with. But raising the torch light upper she saw an 'catch' a door.

A big door touches the ground to top of the end, veins of trees leaf all over spreaded in the wall and the door.

After opening the door the fire started automatically all around in the corners. Autumn was shocked and got a terror look all around.

A Big hall and in it, Some strange things were written on the wall and, In the center of the hall place there was a

ritual Table with lots of melted candles,
Dark Ancient Ritual Books and
witchcraft voodoo things and blood all
over in the side of the corner With
Cutted heads which is looks like it's
from a thousands years ago and now
looks like broken Skull.

And Some human body parts eaten by
rats are present there on the other hand
of the corner, Cobwebs in the corner of
the wall all around.

With no service down there Autumn
doesn't understand what this place was
in the past but she knows that these
places were very dark, built by someone
very someone who is very dangerous.
Autumn said, "why is this place like
something from an absolutely horror
movie. Is this place for Witches or a
high Father Lockwood church,
Spiritually followed by father's
ancestors. Or Maybe this is the place of
Illuminati's Secret society hall.

Natasha Rana

Should I call the cops or-rorr FBI
or-rorr military, or-rorr maybe my old
history teacher? Maybe not. What in the
hell is this place?
The-The Blood O my god".

At that moment some weird voices
started to come from nowhere.

Autumn looks around but sees no-one.
She took out her phone from her jeans
pocket and took pictures of the wall and
ran away from there without seeing
what books stayed on the ritual table.

Running from the hallway Autumn
couldn't find the way out she got lost
she forgets to follow the blood drops
line path and ran and now she got lost
because that place was like a maze.
And with the footsteps of running all
the things mix with dirt there. Now she
can't see any blood drops down there.
The voice was getting close to her and

Natasha Rana

she couldn't find the way out.

Running and running hits the wall
everytime and a big and sharp rock
laying on the ground Autumn didn't see
hit in her tone and Autumn falls down
and again hits the corner of the wall.

—Next morning's sunrises and the bird
sounds, Autumn Vividly opens her eyes
and gets sunlight directly hits in her
eyes.—

Not the morning but it was noon and
almost four pm Autumn was laying
right under the trapdoor and there was
a circle around her and candles in the
corner!

Autumn said, "hold on when i jumped
down here these all things weren't here
and, How is the morning happened so
fast?"

After seeing herself in that thing she

Natasha Rana

remembers when the time she took her phone out from her jeans pocket it was 7 O'clock in the night because of those strange voices she put her video camera on with flash light so, She could record where she was going and also to see where she was going.

Autumn looks around and searches for her phone. She finds her phone inside from the dirt that was all around there. And put the video on.

Running–Running–Running and Running and Running, after at the moment she falls on the ground after a five to six minutes something takes her to right at the place where she came from and automatically opens up the trapdoor and after sometimes when moonlight got into her a circle around her creates automatically with a triangle in it and candles flames blew up from underneath of group,

Natasha Rana

magically.

Autumn closes all things from her mobile phone and climbs up to get into her house.

A man came out from black car and stepped out from the car looking charming, clean shaved Dark black coloured hair like space, eyes like blue aqua ocean and wild like mist forest. Walking boldly on a Maple leaf.

Autumn was sitting on her balcony drinking coffee almost evening time and almost the night was close. Autumn saw him walking forward to the door. Autumn puts her coffee cup on the table and runs into the hallway and nervously opens the door.

After opening the door Autumn sees

Natasha Rana

the friend she called, standing outside.

Autumn said, "Hey K"

It's Kyrk! Kyrk Meixel. — he replied.

Autumn said, Yeah I know, but I like K better. You know I can't call you by your name K.

So, May I come in now? Autumn Brown?
—He asked.

Autumn looked in his eyes and said 'yes
I trust you because I only trust you'.
(Smilies at him)

Autumn closed the door and got a
flashback:

{Mary Brown Autumn's Mother opens

A voice from upstairs came sweetly
saying I'm coming, I'm coming, I

A little nine year old girl, with two

Natasha Rana

ponytails and wearing full winter clothes came Down stairs. And said to her mom bye-bye-bye mommy I'll come back later after playing.

Yeah whatever you know what be in the park for your whole life I won't yell at you. No need to come back darling.

—Her mother replied.

A smile that autumn had on her face turned into a sad face and before she started to cry she left with giving her mother a hug and big smile.

A movement when Autumn and Kyrk playing in the park suddenly snowfall started to happen and Kyrk looking at autumn said, " I am gonna be with you forever. I won't get anyone to harm you. With a big smile Kyrk hugged Autumn tightly.}

Kyrk came inside and sits on a chair and said, "nice house"

Natasha Rana

"Thanks and Thanks for coming here" — Autumn replied.

Kyrk moved around and curiously said, " Are you living here with someone else or it's only you?"

Autumn said, " No, I live alone all alone".

Kyrk said, 'okay so what's going on you looking good and everything looking good you live alone no problem seems so i think there is nothing for me here'!

"What ahuh there is something big in this place, very big but you have to wait. K please don't leave this time.

This place has made me crazy since I moved here. but you have to trust me and I don't think I can tell all this shit here to anyone else except for you." — Autumn replied.

Hey hey hey hey hey hey! He looks in her eyes, then down, giving in. Said, " I'm here, tell me what happened, I'm not going anywhere. Okay"?

Autumn looks up in his eyes then said

"Yeah"

Kyrk said, now tell me what happened.

Hours later Autumn tells Kyrk everything that has happened to her since she got there.

And showing him the video clip that was recorded in the dungeon.

Hours passed and Kyrk said, "Alright you don't have to worry about it. We Will figure it out together okay but tomorrow. It's too late. Almost 7 O'clock I'll come in the morning tomorrow. okay"?...

Autumn said, "Wait, don't leave!..... I mean I don't feel safe. Can you stay here just for tonight? I have a personal room if you want to stay".

"Sure" — Kyrk replied.

Autumn said, "Thanks (smiled at him and then looked down then looked all around) I'll show the room and the rest of the house if you want (looks at him)".

Natasha Rana

"Yeah why not" — Kyrk replied.

Autumn and Kyrk walking in autumn's back garden between the wilted roses. Autumn looking at the moon. And the movement Kyrk said to Autumn, "You what happens to you if I wasn't your friend not around you never knew you than how will you gonna solve all your problems without me (hmmmm) a worried Question (Came closely front to her with smile and put his hands in her shoulders) huh? Miss Autumn Brown(smiles and looks at her eyes and makes eye contact with her)"?

"Oh isn't he cute" —Autumn replied.

"(Kyrk turns around) Who??" — Kyrk Asked.

"The crow is sitting on a tree! And you don't have to worry about me". — Autumn replied.

Kyrk said, "You can't ask me to stop worrying about you.. when you're

always getting yourself into dangerous situations!"

Autumn looked at him with a serious face and second softly they both laughed.

Autumn said, "Hmm Does this feel weird to you?"

"Umm honestly? Yes" —Kyrk replied.

Autumn said, "Then it's perfect".

Kyrk said to Autumn while looking at the stars in the sky with a smile, "If I passed out! I'll hunt you for the rest of your life".

Autumn said to Kyrk in the same way, "I won't regret that".

After sometime Autumn and Kyrk both went to sleep in separate rooms. Kyrk fell asleep while Autumn was staring at the fan ceiling, Turning left side and after second right side Autumn having trouble in sleep She had a fear of death and ended up in hell, After an hour of

Natasha Rana

staring at the fan ceiling Flashback got in a light as she blink her eyes twice.

{ At age twelve in the funeral of John Brown 'Autumn's Father' Winter's Time in December 19 It was snow falling a little girl standing aside of her father's grave while everyone was crying she was just staring at him. A 15 year old boy Kyrk Meixel came with an umbrella close to the 12 year old girl Autumn Brown and hugged her so she feels safe. After the funeral everybody left and Autumn and Kyrk were sitting on a bench in the park eating ice cream. Kyrk finished his ice cream and said to Autumn "wait for me here I'll be back". Autumn replied, "Okay be quick". While Kyrk was gone Autumn's mother Mary came to her grab her hand and Said, We are leaving this town come on". Meanwhile Kyrk got there with a teddy bear in his hand but saw Autumn nowhere he looked around and saw Autumn's leaving with her mother. Autumn looks behind and sees Kyrk there she can't go to him so she just waves her hand to him saying bye!...

~Five years later~

Autumn was all ready to celebrate her 18th birthday alone in a small cafe bar, With a drink in table waiting for only to below the candle.

Autumn belows the candle and a druk man came into the cafe bar with all drunken sits next table to Autumn's. Autumn said, "Great a drunk man is in next to my table"

She looks over to him thought he looks familiar with someone but after seeing him closely she said, "Kyrk" with a high voice. Kyrk looks at her after hearing

Natasha Rana

his name and stood up and sits next to her. "Hey Autumn good to see you" it's been a year since I wanted to give you the teddy bear the last time I saw you but you left.

Autumn took him to her apartment and gave him a glass of water and some drops of lemon in it. Kyrk was drunk and his feelings for Autumn he just exposed to her by grap her with her waist and he came closer to her then kissed her into her Soft chicks. And! Said, "I thought I lost you."

Autumn Tried to move herself around from him but he was holding her tightly and

said, "Keep your Eyes on me, Don't leave this time". (After saying that he fell straight into the floor).

And Autumn was just standing there in full curiosity and left to her bedroom and slept. In the morning when she walked up goes to check on Kyrk but didn't see him anywhere. Autumn saw a

Natasha Rana

note underneath a watch.

There was a number of Kyrk in the note
and the watch was his Autumn.

Remember the last night he was
wearing it she opens The door to her
bathroom and like that the Flashback
hits with light and night becomes day}.

Chapter Seven: The Door of Truth.

Door knocking.....

Kyrk said, "Autumn wakeup, there is something you should see. I don't know what to do."

Door knocking...-Door
knocking...-Door knocking...-Door
knocking...

Autumn opens the door Kyrk was standing at and as she opens he grabs her hand and takes her to the outside back at the house. There was a cat in the wilted rose field. Covered in blood and lots of cuts on its body. "Oh my god" Autumn said after seeing that (Cover

her nose with her hand) and ask Kyrk, "what the hell is that? what did you do?" What? 'me' ! I didn't do anything, it was smelling so bad when I woke up and saw this shit here." — Kyrk replied. Autumn said, "Well you go in and-d-d-d I'll clean this up." "Okay great idea what am I supposed to do by going inside the house." — Kyrk asked. "Go get some salt from the kitchen". — Autumn replied.

Kyrk got inside to get some salt, Meanwhile Autumn wore plastic in her hand and grabbed that little dead cat. Kyrk got salt from the kitchen and came towards yelling, "here, here,here—the Salt take here take it." Autumn takes Salt from Kyrk, hand and put on the area where blood was spreaded. Kyrk asked, "why are you putting salt here?" "It will decrease the negatives from

here,
because cats have strong Negative
Energy around them." — Autumn
replied.

Kyrk said, "And how did you know that
from?"

Full of curiosities and thinking for a
second about it and with an intense face
slowly see to his face and with
stammering Autumn replied, "I don't
know (Blinked twice and tried to think
for second)I've no idea it just came into
my mind the second I saw this shit. God
What's happening with me!"

Both went inside the house, and had
breakfast.

Kyrk said, "I'm so excited to go into that
creepy supernatural dungeon or cave
Whatever it is."

Autumn said, "Well someone is looking
fearless go face horror" (Both look at
each other and softly laugh) Kyrk stood
up from chair and removed his shirt

Natasha Rana

and asked Autumn, " Hey do you have any Some boy t-shirts which could fit me?"

"Yeah umm check on the third drawer"— Autumn replied. Kyrk grabs a t-shirt checking if it fits him or not and looks at Autumn's face saying nothing and showing her that t-shirt. Autumn said, " Don't ask ".

Natasha Rana

~Both jump into the dungeon~

Light up the Flashlight finding the way to the hall that Autumn founded ago, While they found something else. There was some painting made on the wall with a very dark meaning behind it. As we can tell by seeing it. Goth Pictographs of the Dark age period, usually refers to the 900 years of European history between the 5th and 14th centuries.

As Autumn and Kyrk walked by staring at those Pictographs Autumn said, "When I was there later I didn't see this painting here, it is such a dark painting."

(Meanwhile Kyrk replied to her), "It's not painting dummo it's Pictographs From centuries ago!"

Autumn looked at him with an annoyed face.

Walking and Waking until Kyrk saw a

Natasha Rana

sign telling that the cave is connecting two cities from underground. (There was written in another city name on a big stone with red paint).

Finally found the door of the hall, They tried to open it but it was stuck like it's got closed by pushing it really hard. But in the movement Autumn said, "The door was open and I didn't even close it, who the hell did."

They both were trying to open the door and after sweating for a while they finally did open the door. They walked inside Kyrk look all around by turning by walking in the middle.

Sees the books laid on an old stone table, Autumn goes there, picks a random book and starts reading it.

(Contemporary cultures that believe in magic and the supernatural often believe in witchcraft.

Anthropologists have applied the term "witchcraft" to similar beliefs and occult practices described by many non-European cultures, and cultures that have adopted the English language will often call these practices "witchcraft" as well

As with the cunning-folk in Europe, Indigenous communities that believe in the existence of witchcraft define witches as the opposite of their healers and medicine people, who are sought out for protection against witchcraft. Modern witch-hunting takes place in parts of Africa and Asia.

A theory that witchcraft was a survival

of a European pagan religion (the witch-cult hypothesis) gained popularity in the early 20th century, but has been discredited. A newer theory is that the idea of "witchcraft" developed to explain strange misfortune, similar to ideas such as the evil eye.

In contemporary Western culture, most notably since the growth of Wicca from the **1950s**, some modern pagans and followers of New Age belief systems may self-identify as "witches", and use the term "witchcraft" for their self-help, healing or divination rituals. Others avoid the term due to its negative connotations).

Thousands of years ago there was a in
1865 There was a small village and in
that village there was a house very old
and abandoned from five years one day
a man newly enters in that town and
buys that old abandoned house and
repair it. Named francisco flech,
He made it a whole new looking cottage
mansion. While at the contracting
house he discovered a very old cave
from the year 1004.

He decided to cover the cave and make
it a secret dungeon. All the items he
found from there he put it back all in
the place he found after completing the
contraction of his cottage.

Suddenly one day at the top of the cave
coffee plant started to grow he had no
idea so one day when they grew and
around everywhere the Martian soil
started to appear he went inside.
He tried to understand the meaning

behind that goth Pictographs from wall and without stopping he was walking and ended up in hall where there is stone with an symbol of 'Triquetra' as he touched the stone around him fire blew and roots cracked out from ground and grabbed him and laid him in that stone. A tattoo started appearing in his arm, a tattoo of the 'Triquetra' Symbol.

His soul came out from his body and his body turned into borns. His soul turns into looking like a real person and he digs and buries his body behind the stone from where the coffee plant roots started to grow.

Day-by-Day, He became more powerful and performed ritual witchcraft. He found out that all things happened to him because of Satan. The hall was actually an old throne of Satan with negatives. As he already sold his soul to the devil when he touched the stone.

One day he was trying to do the most powerful and most dangerous ritual to face the devil. But the ritual witchcraft went wrong and it turned out that the whole place was cursed by the devil himself. (Devil hears every prayer) Before the ritual Francisco said to his body while looking at those coffee plant roots down there where he buried his body,

"I'm going to destroy everything here, even the devil. I want to go to hell and after this ritual I got more power. In hell even I'm going to rule only.

The Lord Francisco."

(Lucifer The devil but also an angel, not evil but one who punished evils, heard everything from every person like that he also heard an evil whisper from a soul

"How can you tell?" — Lucifer said.

For punishing the evil one but to punish an evil soul who is in power of ***Devil***

the soul of Francisco Flech.

Chapter Eight: Hell Coffee...!

All things were written as a journal form by ***Francisco Flech***. written with power by the roots of coffee.

Autumn yelled Kyrk's name and called him to come over and showed him the book.

There were other books of ritual witchcraft. As they both started to find more information but didn't find it.

While returning back they found another small tunnel leading to somewhere Kyrk said, "Well wanna see what's new in here?"

"Well, go on" — tried looking, Autumn replied.

Natasha Rana

They both went inside in a dark little oneway cave, Suddenly Waking closer inside there they started to smell very bad. Like something is dead there.

While walking a drop of blood dropped in Autumn's Chicks Kyrk sees and wipe it with his T-shirt sleeve they both look up and Kyrk tries to touch the bottom of top, and gets some blood on his hand fingers. They continue walking until it comes to an end. There were lots of dead cats' bodies laid on each other. Autumn and Kyrk covered their noses with their hands and Autumn said, "Oh hell let's get out from here."

Kyrk went out from the dungeon with a trapdoor and gave his hand to Autumn to climb up.

As Autumn grabs his hand and tries to come out on nostalgia psychic flashback attacks her, She leaves Kyrk hand and falls down.

Chapter Nine: Hell

Coffee Feels Heaven

Kyrk yelled Autumn by her name after she fell down he thought faint down there. After she woke suddenly by deeply inhaling, Kyrk said, "Hey come up here take my hand" Quickly Autumn came out from that dungeon after knowing what happened when she was asleep for a week. She wasn't actually asleep "she was possessed by ***Francisco Flech*** movement after she took her first sip of coffee.

After coming up from dungeon Autumn was in shocked (her face was upset she looked in Kyrk eyes, they made an eye contact with each other)

Kyrk said, "What happened?"

Autumn went inside the house without telling anything.

Kyrk came inside of the house, saw Autumn sitting on a couch he bent down on his knees, looked at her face and asked, "hey Auth you Ok?"

Autumn slowly looked at him and replied "It was me! I wasn't sleeping for those days."

Kyrk said, "What do you mean?"

Autumn stood up quickly and said, "i got this-these flashy blurry vision they just hit me and I fell down the moment I was coming up from that place. It was me I did that oh my God I did that I did those things!"

Kyrk looked Down for a minute and stood up and said, "what things?"

"Oh I'm sorry I shouldn't have called you, you need to leave, you can't be here" — Autumn replied by holding her tears tight so as not to pop up her tears

from her eyes.

Kyrk holds her hand and calmly asks her, "What Things Auth?"

The dead cats we saw in the place earlier were sacrificed and I did that. I killed them one by one with a knife from my kitchen with my own hands. I killed them i murder them. I was possessed by ***Francisco Flech*** the day I took my first sip of the coffee. I was possessed by sleep walking in the dark and killing those cats. I sacrificed them to bring Francisco Flech back to life. And last night it happened again. I killed cats. You need to leave Kyrk."

"Hey hey I'm not going anywhere and whatever is going on with you we'll figure it out together until now try not to kill any cats okay" — Kyrk replied.

For hours they rest and sleep in their room's one wall apart. Heads off in opposite directions, sleeping tight till

Natasha Rana

8pm. Both woke up and came out of their room's.

Autumn, already awake and sitting on her couch in the hallway Kyrk came from his room, he saw Autumn on the couch, eating cereal watching Taylor Swift video Song 'You belong with me' he smiled and giggled.

Autumn turned around to see him and said, "Evening". Kyrk replied with the same word "Evening". Kyrk Took a pillow from the chair and jumped beside Autumn. Took Cereal Bowl from Autumn's hand, Autumn said, "Hey! You can have your own K". Why to dirt other Bowls?". — Kyrk replied.

Autumn's head on his shoulder after an hour both are in the same couch Kryk sleeping as sitting on the couch .

Autumn was laying on the same couch with her head on Kyrk's lap. Both are sleeping with the television on,

Suddenly a big Storm hit with a loud noise and both wake up with terror.

Autumn says, "Was that Thunder?". Kyrk said, "maybe". Autumn stood up to check out from the window. As she opened the window Autumn saw there was an Heavy Rain outside.

Autumn said " What the hell it's Heavy Rain outside in the Autumn season?"

Kryk came over besides Autumn and said "Wait, what it's raining? Is my car safe out there?".

Autumn looked at him and replied "seriously".

"Just asking!" ,—kryk replied.

Minutes ago Kryk sitting on the dining table Autumn was in the kitchen asking Kryk, "you want some soup?". Kryk replied with "Yes". Autumn made some Mushroom Corn soup.

After the soup was served and both were eating soup while Kryk noticed that the watch he left back by year in the early morning for Autumn she was wearing it the whole time, he didn't notice.

He asked, "Where did you get that watch?"

"You left it on my eighteenth birthday!

Night or morning I don't know.

But it's your" —Autumn replied.

Kryk replied simply saying, "Yeah".

Autumn asked him, "Do you want this back?" (trying to remove the watch from her hand)

Kyrk replied, "no it's your it-its... a present from me".

Natasha Rana

Autumn asked him, "okay, K do you know what happened that night?"

"Yeah I was drunk then I met you and I left" —kryk replied.

Autumn said, "Yeah that's what happened, you met me and then you left! You don't remember anything else. Kyrk?".

Kryk thought for a second and replied, "No".

Autumn said "Okay" and continued with her soup.

Bite after bite sip after sip.

Autumn stood up before finishing her soup. Kyrk looked up without saying anything, just staring at her with the memory of Autumn's birthday night. What happened Kyrk doesn't want to talk about it he lied to her face. And pretend like nothing ever happened between them that night.

When Autumn was washing dishes Kryk

Natasha Rana

was reading a book in his bedroom. Suddenly Hallucination started with a blurry image and in the darkness someone was talking with him. A dead walking skeleton of ***Francisco Flech***.

Kyrk closed his eyes for a second and when he opened his eyes and presented himself in the dark room. Sees ***Francisco Flech*** himself standing in front of him.

Natasha Rana

Fixing his sleeve button and said intensely, "Finally, The person i have been looking for, I met in person today. With a coughing Kryk replied, "Who are you??"

He answered saying, "Hello! Kyrk Meixel."

The coughing Kryk gets worse as he vomits with black blood. Francisco Flech smiled by staring at him intensely, eyes opened.

***Chapter Ten:
Thunder And The
Night of love***

Kyrk opened his eyes, moved towards the door, opened it and searched for Autumn in her room.

Later found her in the kitchen, washing dishes.

He moved towards her with the knife behind his hands. Just staring at her, after hearing muted steps Autumn went around to check, collided with Kryk and dropped soap water on the floor. Autumn fell by the slippery floor but luckily Kryk held her.

Natasha Rana

With one hand holding a knife and with the other hand holding her and staring at each other with love.

With the background tv playing the song

“*Can't Help Falling in Love Song* by Elvis Presley” Both slowly came close to each other. Kyrk hand on her waist pulled her closer to him to stab the knife on her back.

Closed eyes Autumn who thought that something was wrong suddenly opened her eyes and saw Kyrk closer to her that Kyrk trying to stab her she immediately pushed him and with the slippery floor he fell and hit his forehead with the table and got faighed on the floor.

After hours Kyrk woke up with the pain in his Bruise on his head. Autumn, sitting beside him in a chair, came to him when he woke up and said, " be careful, You bruise on your head."

Kryk said, "What happened?"

"Wow like that you don't remember, K you tried to kill me with a backstabbing knife while you were holding me hours ago and I pushed you and you hit yourself with the table and got faithed and hours later you woke up and asked me what happened." — Autumn replied. "What?" — Kyrk asked in pain in his Bruise.

Autumn said, "Forget it. It was nothing. Come get on the couch , I'll get some medicine for you."

Autumn applies some tube of medicine gently to the bruise so it doesn't get infected. And Kyrk telling her about what happened hours ago with him in the room. (Kyrk was laying on bed-Some headache started-darkness get along allover-Francisco talked with him and possessed him to kill Autumn).

After telling everything Kyrk said,

Natasha Rana

"Sorry"

Autumn asked, "Why"

"I almost hurt you before" — Kyrk
replied.

Autumn said, "It's okay, you weren't
yourself. I can't blame you."

After some hours both fall asleep on
couch Autumn's head on Kyrk's
shoulder. All night, they slept peacefully
together till the morning,
When the Sun comes up.

9 O'clock... in the morning.

"Door Knock"

Knocking, Knocking, Knocking,
Knocking, Knocking, Knocking,

Finally hearing little sound of door knocking Kryk opens his eyes slightly, an opened window sun ray directly goes to his eyes (Blinking, Blinking and blinking his eyes).

With the movement of Kyrk Autumn woke as she was beside him and heard door knocking.

She wakes up and moves through the door to open it.

Meanwhile Kyrk again fell asleep on the couch, therefore there were some clothes laid on the floor.

Autumn opens the door and sees Her Mother standing at the door gate.

He woke up quickly and said, " Autumn

while and fell asleep on the couch.

Mary smiled, two of them got confused,
Mary took a sip of a glass of juice and
sat on the couch beside Kyrk.

Mary looked at her daughter with the same smile she looked back at Kyrk and wink her left eyes at him. She stood up and walked towards Autumn and said, 'Sweetie, why don't you show me around. From the outside it was looking so pretty and vintage 60s.'

"Sure...mom." Little happily Autumn replied to her mother.

And how well she was raised in her father's friend's household.

Her mother yawned several times.

Natasha Rana

So Autumn said to her mother that she should rest for sometime and she will wake her at dinner time.

Autumn set up her room for her mother,
Clean bed sheet, Fresh Bottle of Water,

she needs anything, opens the door but
sees her mom on bed so she checks the
bathroom but no one was there either.

Autumn came back into the hall
checking some drawers to light some
candles.

"Mom! Are you around? The power went
out, you need anything!" (Autumn said
loudly).

Natasha Rana

With a candle in her hand.

Suddenly she heard a door knock. She thought maybe it's Kyrk or her mother is at the door "It's too late 'who is there'?" Autumn said.

Autumn opens the door but she sees no one. She said, "Is anyone out here?". Still nothing she started to feel like someone was behind her.

She turned her head back to still nothing except for the Darkness she saw.

While she looking behind inside her house! A voice from outside whisper in her ears, A voice coming from the outside.

"Autumn..."

Natasha Rana

*Drink the coffee...

As she heard she got scared and her
body shaking in fear she slowly turning
to face outside but got nothing there.

No Sound of air,
No sound of whispers,
No sound of anything.

Just for a movement of silence there.
Suddenly Wind blow the lit of the

By throwing her there she got fainted.
As a time later when she is all out of
Consciousness. Laid on dirt some blood
and stain on her clothes.

Autumn wakes and looks around and
sees her mother in blood all over her
with blind Devil's eyes waiting for
Autumn to wake up.

"You are awake Autumn, Your mom's

Natasha Rana

body said to Autumn when she wake up and searching). "What are you finding... your phone? Here (Possessed Mary throws phone to near Autumn). Call Kyrk I need him as fastest.

"Why do you need him here? You have let my mom go" – Autumn replied.

"I need my blood to be reborn again. you stupid Human girl. (Fransisco in Mary's body said to Autumn) Now call him and tell him to come here."

Dialing Kryk

Yeah Autumn I'm just about to get there. I stopped near the store to buy some snacks...

Hello!

Autumn!

Hy Autumn, you there?

Autumn?

Kyrk!

Don't come here...

Why what happened?

**I need to spend some alone time with
my mom**

**Take your snacks and go back to your
place.**

Natasha Rana

Call ended

Natasha Rana

After Autumn ended the call possessed Mary by Fransisco got angry said, "Why did you not do as I told you to do (Turned back and scream in anger) You disappointed me! 'Autumn'... Now you are going to pay for it."

Turned and faced Autumn standing in front of him, With the ancient old sharp knife in Mary's hand he slowly came near Autumn, put the knife towards her side of neck and then cut Mary's Left hand waist.

As Mary got hurt Autumn Screamed with drops of tearing coming out from her eyes.

In the full pain crying Guilty Autumn said, "Stop it,... Just Stop it!... I can leave this house if you want, don't hurt my mom."

But He said, " Really that's a good thing... But this is not what I want. I just

need some drops of blood from your friend. What was his name Kryk."

Autumn said, "Why Kryk?"

He slowly turned into he's real avatar! British, Blue eyes and Ginger Brown soft curl hair. Wearing white waistcoat and black tail-coat and trousers.

"Why...because he has a bloodline of mine. Perhaps I should say he is my relative. Long ago I had a son... He changed everything that's related to me.

His name, His Last name, His Mother's name, His Father's name, His everything relates to mine.....

I spent years waiting for him to come back to his father and when he finally came he died in my arms.... With my skeleton hands I push a dagger in his Heart." — Possessed Mary, who turned into original avatar, talks with Autumn

Natasha Rana

in pain and anger with the devil's hard voice.

Autumn asked intensely, "You killed your own son?"

Francisco confidently said, "He refuses my wish, my desire, (Upper his jaw, looked in Autumn eyes which was all in fear) So i took what's mine."

Autumn asked, "How old he was! Your son?" (Hesitate)

(He dropped his jaw, then looked at Autumn's eyes in pain) "He was young, tall, handsome, Sweet, (moved his face to the other side) But too young that didn't even think that he was going to have a family soon. — Francisco Replied.

Meanwhile Later ago...

Natasha Rana

When Autumn was forced to call Kryk and asked him to come, she denied the task by saying that she wanted to spend some time alone with her mom and cut the call. Autumn coughed a little before she ended up the call but really didn't end up the call.

Instead of ending up calling Autumn, put the call on the speaker on purpose. And the whole time the conversation between Autumn and Francisco having Kyrk was listening to everything on the call. And he immediately started up the car to head to Autumn's place.

'At the Moment between Autumn and Francisco!..

Autumn asked, "Did you love him!
Him as your son at once?"

Suddenly the fire around between them

Natasha Rana

made a strong big flame, Autumn put her arms around her face. She was in pain and sweating too much. As for her, Autumn asked Francisco! When she asked him for his silence for a second turn the fire flames got bigger as he got in anger he turned his back and replied by yelling in pain.

"I loved my family... and I did what I needed to do! I was protecting them and all I asked him for was the sacrifice of one drop of blood! Wasn't that easy to do for him instead he tried to destroy me... Me! (Angered laugh) Me! (Intensely), He tried to take me down so took him down! Forever."

"B-B-But" —Autumn stammering saying.

Francisco said, "Enough with your questions, (came towards her and

grabbed her by her neck and pulled her up from the ground) don't try to play with me... (Loud whispering he got near to her ear) I know how to end the game.

Francisco stab knife in her back and took immediate step back from her his soul came out from Mary's body [A dark shadows came out from her and as moved around to the flame got back at her (Mary) and the flame burned Autumn's mother in minutes in front of her as pathetic thickly she couldn't help her. With suffering and in pain a Loud scream came out from her and echoed all around in the area. Nothing but Hundreds of crows came out in the sky from all the empty houses that were present there around in the distance. Made a sign of the devil incoming in the sky with dark clouds and thunder.

Driving to Autumn's place on the empty road between dark mist (Forest road lane

track).

Kyrk looked at the sky with the dark fantasy whether he thought that something was going on unwell there where he was going.

He pulled up to speed but with the thunder and tree falling in front of his car he suddenly tried to Stop the car but the car brake failed.

His blue blessed eyes closed for a second and he made a quick turn with his car but the car collided with the side. The car was upside down because of the crash. He's head was hurt with the stretch of shape branch right side of arm was awfully hurt head Bruise was bleeding.

*Dead skeletons raise up from the death,
They came out from the ground with the
‘Devil’s army’.*

Natasha Rana

Francisco asked, "What are you doing?"

He looked around in confusion thinking that this thing is something to do with Autumn, that she made the devil's army rise from the dead.

They came along and made up with the circle but stopped at movement when they came close to them. Roots branches crawl through the ground, Autumn's Hands and Legs cuffed by roots from the ground.

Chapter Fourteenth: Devil's trap

Autumn's eyes turned Black with the darkness as her body started floating on air (goes up once there was shadow collide with her.)

She dropped to the ground. Like a devil's spirit was inside her she stopped up by cracking up her bones unfortunately.

Dark Autumn stood with the devil's spirit inside of her, when she raised her hand through Francisco he was choked. Her voice changed into darker, more evil like the devil was giving his final warning!

Francisco was choking already by his death but his soul was feeling the pain

Natasha Rana

of death OF COURSE devil's warning for him by making him feel what the pain of dying by choke feels like.

After the death of Choke Francisco was feeling the same pain as before,
A reminder given by the devil like before.

The fire around blows out by sudden cold wind when Dark Autumn raises her other hand.

Her both hands flew in the air like she took out her wings and flew in the air and started spinning at the place. Yet Francisco was still choking like he was already about to die AGAIN in seconds. "It's her faith to send you to hell now,yet still I'm waiting for you down to see you burning every day in front of my eyes. Had to think before doing such Dark witchie thing." Dark Autumn said with a devil's voice.

He's hanging around his neck trying to get rid from his Choke only the feeling that he was expressing by not knowing how many people he has sacrificed only to get power through the world. TO BE THE LORD.

With a struckly choking voice, whispering said, This game is not over yet. This girl can't free my soul from here. Even when I came down there you can't even pinch a hair of mine. (With choking and with an evil laugh he ends his response to the devil).

Dark Autumn's dropped jaw looked down, took her one hand closer to her with the second hand she pointed her hand at the side as a piece of Sharpe stone caught up in her hand. With Sharp point she started to cut her palm! Making an symbol of (Star inside of circle☆) .

Natasha Rana

Blood drops on the floor and is frozen
as it drops.

With an Woshed towards to him she
raised her cutted palm hand front of his
face, As the palm touched his forehead
he started to freezing but feeling like
burning from inside all parts just
burning but freezing from the outside
side. As if it was a Devil's trap.

Dark Autumn trapped Francisco's soul!
Not for a while but, For sometime.

Chapter Fifteen: The Haze Mist night.

Kyrk finally opened his eyes slightly. He Tries to stoop up by chance, but his Left leg was hurt, and a piece of Sharpe wood was dug on his leg.

Kyrk took out that wood piece from his leg with his hand, the scream and pain he was suffering while trying to take it out. He finally made it out. He paralyzed stood up. Seeing his car beside him destroyed with every part searching for his phone everywhere but couldn't find it, he started to walk.

“Her name echoing everywhere.”

A small relief to Kryk when he sees at the ground laying but a little fear after seeing blood all over and seeing her mother dead.

He runs over to Autumn to check if her heart is still beating,

then checks her nerves.

He put her arms on his shoulder, then took her with his arm and took her inside of the house. Put her on the couch and, Search for her phone then call a cab.

Till the fifth teen minutes he was sitting on the table in front of her by holding her hands with his hands. Starring her for those fifth teen minutes.

Later when the cab got there he put Autumn in the car, closed the door, slowly got inside by their other side and sat beside her.

The driver asked, "Where to! Sir?"
By first Kyrk thought it will be safer to stay in hotel. But it was late night already and Autumn was unconscious so, Instead of going to the hotel he said driver his address. The apparent of him nearby.

Natasha Rana

An hour passed and he was worrying because Autumn hadn't woken up. Later an hour they arrived to Kyrk's Apartment.

He put Autumn to the bed in his room, Took out the First aid book and applied medicine on her bruises.
Tied up her hair with the **Butterfly**.

Thinking of her waking up soon, he went into the kitchen wearing the apron, took out some vegetables from Friz and made soup. And made a delicious dinner.

Unbuttoned and he took off his dirty shirt and threw it on the couch. Turned around to take a shower but saw Autumn standing on the room door. Quickly got in panic after seeing her. "God, you scared me!" Rub his hand on the back of his head.

"What happened?" Autumn asked.
Kyrk said, "You were unconsciously
fainted on the ground when I got there
So, I took you to my place."

Autumn said, "Blood"
"what!... Well yeah there was a lot of
blood, also all over you that I wiped it
with the towel" Kryk replied. *Autumn
cut his sentence.*

"No! Not that, your leg it's bleeding."

Autumn walked towards him, put her
hand on his chest softly told "sit down"
she took his shirt from the couch. Make
a tight knot to stop the blood from
bleeding. "Where is the First Aid let me!"
Kyrk cut Autumn sentences in half.

"No needed for that,
I'll just take a hot shower First." Kryk
intensely said to Autumn.

"Okay." Autumn nodded and intensely
replied.

Natasha Rana

Kyrk held Autumn's hand and put it to the left side on his chest where deep down there is his beating heart. By coming close to her he says, "Is it too close?"

"Not yet." Autumn replied.

A very close intense between them for the second end with a kiss for minutes of silence.

Chapter Sixteen: Fear of Coffee

Moon fell down and sun rays hit Kyrk eyes slightly. He opened it, the lens went brighter and pupils were like they were disappearing.

He stood up from the couch and walked to his room and saw Autumn was sleeping still, peacefully.

He goes to the kitchen and makes himself a cup of coffee.

Later made breakfast for them both, cause Autumn was still asleep he drove at the nearest mall to get Autumn some pairs of clothes cause the one she was wearing were all dirty and ruined.

He got five pieces of cardigan tops of

Natasha Rana

different colors and jeans of her size as he checked while she was sleeping.

Came back home, Autumn was still asleep. He puts the breakfast at the table and wakes Autumn gently.

"Morning, Red Hair" he whispers into her ear. She opens her eyes and says "I'm not Red hair."

He whispers again "Then what should I call you? Season." and smirk at her.

"Call me Thunder" Autumn whispers to him then gives a soft smile.

He looked at her with one raised eyebrow look. And says, "Come on Thunder, breakfast is getting cold."

At the dining table

Autumn said, "I think Tenny should know anything about these things and how to get rid of them". "Who is Tenny?" Kyrk asked.

"Tenny! That drug and criminal guy is the son of the previous owner of my house. I told you back then." Autumn replied. Kyrk said, "Ohh, i must've forgot about that. You know in between all of these messed up things going all around." Autumn nods saying, "Yeah". Autumn felt strange in Kyrk.

"I'm going for a shower." Autumn said to Kyrk. "Wait, here I bought these in the morning, hoping it would fit well." Kyrk gave Autumn Clothes he bought in the morning by saying it. "Thanks." Autumn replied with a smirk.

While Autumn was in the shower Kyrk was making coffee for Autumn. She came out from the bathroom Locked the room door. And picking up the clothes laying on the bed.

Autumn came out wearing an Olive

Natasha Rana

coloured Cardigan top with Sky blue jeans with open hair. Kyrk saw her as she came closer and asked him "How's this style look?"

Kyrk said nothing but offered her tea. "Here it tastes beautiful Thunder" he smirks at her after saying it.

"What's these?" Autumn asked.

"It's Tea. Don't worry about it, it's safe."

As Autumn was about to take her first sip Kyrk eyes were staring at her lips and the mug.

"Well I need to go back to my house. I still need to figure out some things and today I'm meeting up with Tenny."

Autumn said suddenly while she was about to take her sip. Kyrk with a bad sound said, "Okay good... well the tea is getting cold you should have that first".

Autumn's eyes met Kyrk's eyes for

minutes. He was having a bad temper and weird feeling also acting not in himself. Autumn took the fake sip of it just to see how Kyrk reacted to it.

"How's it?" Kyrk asked.

"Yeah, it's not that bad but I don't think that i could drink this more! Tea is not suitable for me." Autumn replied.

Kyrk said intensely, "It's okay you took one sip that's enough for me."

Kyrk goes to the bath to shower.

Meanwhile Autumn slowly unlocked the main door just in case and took a book so it won't shut.

Kyrk came back to Autumn to say that he was coming with her to meet Tenny but saw Autumn holding the cup, standing at the kitchen looking at the open hair of coffee. "Did you make coffee for me?"

"No! No of course no why did you think about that I was going to throw it away." Kyrk replied.

Natasha Rana

Autumn asked very intensely, "tell me!
What day did I tell you about my
feelings for you?"

"When we met on your eighteenth
birthday, I was drunk and you took me
to your place." Kyrk replied.

A serious tension at the moment of
realization.

"You are not Kyrk".
He smiled at her.

Natasha Rana

*Back in the morning
When Kyrk drinks his coffee.*

After that, he drank his coffee and went to buy some clothes for Autumn. While coming back suddenly he gets a heavy headache. His veins were turning in the roots, his temperature got so cold. His eyes were blurring.

He almost lost control of the car. There was a car coming from the front but suddenly he took a turn left. With a smile Kyrk body came home with the possessed soul of Fransisco.

*Autumn realized that Since the morning
she was talking and living with her enemy.*

With a smile he said, "Hello Autumn".
Autumn started to run from there but

her legs and arms were trapped with roots that came out from the floor by cracking up the tiles. Kyrk's body fell down and started to shake suddenly some bug came out from the inside of the body. It was like the body was becoming a corpse. The Skeleton was seeing through the eyes. The roots were covering the wall all around. Even by the window the place becomes Darker.

The Corpse of Francisco wakes-up and stands in front of Autumn Brown.

There was a knife Autumn's hand she was trying to cut the roots by talking with him to get him distracted.

"Where is Kyrk Meixel?" She asked.

"You don't wanna know" He replied.

"Where...is...He!" Autumn asked again.

"In the place trapped with the veins, where I killed your mother." Francisco replied with an evil smile.

"What? Why are you doing all this? *It's useless. All this is useless.*"

He came closer to her with the Evil laugh and said, "You see Thunder all these woodoo is out of your mind you stupid Human girl So, Stop talking nonsense. You see, my wilted Heart needs to beat again." He moved his Corpse hands to one inch away from her Left right to her chest and said, "Should I take your Heart, you do you say." Again with the Evil laugh. He laughed by looking directly in her eyes.

Autumn cut free her arm and took the coffee cup beside her. She took it and threw the hot coffee on him. He lost control. Autumn ran towards the main door as she got her legs free. But Francisco was screaming her name and the root veins were chasing her.

Natasha Rana

Chapter Seventeen: The old victim

Luckily Autumn successfully got out of there. She slammed the door, started the car and drove away.

After driving away from there she stopped the car in the middle of an empty lane road. Put her head down on steering. Some tears pop out from her eyes. For a while crying Guilty Autumn looked up and wiped her tears and started the car and took u turn.

After driving for hours she stopped at the station. "I want to see Tenny, he is innocent". Autumn said to the boss. "And do you have any proof? Miss Autumn?". He replied. Autumn said, "I'm a criminal

psychologist I can tell people by their eyes that they are criminal or not, And as a Criminal psychologist I'm telling you that he is innocent so leave him on Bail." "May i ask who is going to bail him up?" He asked. "I am". Autumn replied.

Tenny got released on bail with help from Autumn. "What's going on, where are you taking me?" Tenny asked. "Be happy you got bailed." An officer said. "By whom?". Tenny asked. With no reply Tenny changed his clothes and came out from the station and saw Autumn standing by her car. "So it was you?" Tenny asked Autumn. "Yeah, I bailed you out." Autumn replied. "May I ask the reason?" Tenny asked. "Get in the car, I need your help." Autumn replied.

Tenny nodd and gets inside the car. Tenny asked, "Where are we going?"

"To help my friend". Autumn replied.
Tenny said with a smirk, "And you need my help because!"

Autumn looked at him and replied,
"Francisco has a Grand, Grand son who is my friend and some horrible things have happened since I moved to that good looking cottage mansion. There is a dungeon and the trap door is hidden within the coffee plant. He killed my mother and now he has kidnapped my friend, keeping him as a hostage doing God knows what with him."

"Sounds like you've been through Hell right!" Tenny said. "Yeah.
Hell Coffee Feels Heaven" Autumn replied. Tenny smirks while looking at the window.

Natasha Rana

Chapter Eighteen: Return to the Home

The car stopped at Tenny's Parents house. Both got out of the car, His mother was looking out the kitchen window. His Father was standing in the coffee field.

Standing aside in the car, Autumn whispered to Tenny,
"Why did your parents have the same soil and coffee plant here?". "Honestly, I have doubts that they are the ones who got me in jail. Be careful with them."
Tenny replied with a whisper.

With the fake smile and happiness Tenny's Parents came towards him showing sympathy and care to him and the fake drops of tears saying all that it

was all just their acting.

"Oh! My child, how have you been?
How did you get out of that place?"

Jennah Said. "Tenny my child, are you
okay?" Johnny asked.

"Let's talk inside (look at Autumn) shall
we" Tenny replied to his parents and
with an intensely self smile.

Autumn, Tenny and his parents walked
inside of the house. Jennah offered
Them Coffee but they refused because
knowing what result gonna happen
after you just took a sip of it.

By refusing they asked about the
Dungeon on the ground behind the
mansion.

They acted like it was something new
for them. They dined about knowing the
secret dungeon in their previous house.
They said they don't know anything
paranormal at that place. They asked

them questions but they continued denying it.

At the moment Autumn felt something off about the place they were.

It was like *something*, *someone* was watching them the whole time.

A weird feeling Autumn got all sudden when a strong air touched her body coming from the outside by the window by fighting with the curtains. She asked where the bathroom was!

And closed the door locks and inhaled harder and exhaled.

A deep breath to relax herself.

Autumn turned on the tap and tries to call Kyrk "please-please-please-please, pick up the call, tell me you are safe and good !please-please-please-please pick up." Autumn called him but he didn't pick up,

"The person you are trying to reach is currently not available please try later."

The only thing she heard on the phone was a female voice.

Tenny on the couch sitting and talking with his father and his mother in the kitchen making something.

A voice sound of Door unlocked of the bathroom Autumn came out and sit next to Tenny. Tenny's Father said, "Umm about the bail of yours Tenny!" Tenny cut the sentence and replied, "Autumn bailed me Father. It was difficult but she had some known one's in there."

He started to feel something off, An anxiety and ADHD hit him suddenly. "I know that he is innocent and with all his medical reports it says all that he is

normal and there is no drug found in his DNA." Autumn said.

Tenny's Mother Jennah came out from the kitchen with the food tray on her hand, "Thank you, Autumn." His mother said to Autumn as she served them Chocolate Cookies. "No need for the cookies Mrs Rockwood." Autumn said to Jennah Rockwood. "It's okay, a return gift as thanks" She replied.

A feeling of being watched by someone, Autumn felt again the same old weird feeling and saw shadow runs behind Tenny's Mother.

An eyes blink, twice "What wrong Autumn?" Tenny's Mother asked.

Tenny, Johnny and Jennah look at the way where Autumn just froze on staring at something with blinky eyes.

Natasha Rana

"Autumn" a voice of Tenny echoing around Autumn ears but all she was thinking was Kyrk saying her name, Yelling her and saying to come to him and with the all echo sudden turned into a headache!

"Autumn-Autumn Autumn" Voice continues echoing in her head till it stopped when she felt something.

All the burly she was seeing made into clear, the headache stopped and the all echoing voice of Kyrk Autumn was hearing turned into clear voice, Voice of Tenny and seeing him on the floor waking her up.

Autumn saw Tenny but also saw A deadly Skeleton was standing behind him from some distance. She was startled.

"I think we should go, I forgot something to do earlier! Tenny?"

Natasha Rana

Autumn said in a very intense way with rolling eyes. "Yeah sure, we should go now." Tenny replied.

Later they left and right before to get out from the doorway Tenny's Mother yelled, "wait" she bought a package in her hands. A package of cookies. First they refused to take it but Autumn took it with a small smile.

They get into the car and Tenny Starts the car and drives away from the place.

Natasha Rana

Chapter Nineteen: The Rockwood's

Tenny said, "You should've denied the cookies" Autumn replied with a smile "it's okay she made it with her love". Tenny asked, "So, where are we going now?" By the eyes looking outside of the window "Somewhere! Where we gonna have some answers" Autumn replied.

Autumn asked Tenny "what exactly happened and How did you survive from that place?"

"It was horrible past, it should stay in the past. I survived that's all I know" Tenny replied.

His eyes said it all about how scary those things were that happened to him.

Natasha Rana

Three months earlier.

September 14.

The Rockwood family bought a cottage mansion and Four of them are living happily there.

The Four of Them!

Jennah Rockwood, Johnny Rockwood, Tenny Rockwood and Emily Rockwood. Emily was the youngest daughter in their family and young sister of Tenny. First things were just normal and happy But one day when Emily was playing hide and seek with her brother.

She found a trap door hidden in the coffee plant. Emily opened it and went inside to hide. And exploring places in that dungeon.

Emily was unaware that she was about to awaken the evil soul buried there.

Reached at the most no entry place

Emily was standing in front of the big gate. She opened it by breaking the lock with a rock. As she entered the dark energy staying there possessed her and which made her read the book spells to awaken *The Francisco's soul*. She kneeled down on the ground and started eating the roots from the ground, the roots and the leaves of a Coffee plant which was grown there through the inside of the Francisco skeleton.

Tenny somehow found the place and saw Emily eating something disgusting from the ground. Her nails were almost ripped and bleeding.

Her face was all dirty with the soil, he could see the bone in the ground where she dug and ate the plants.

"Emily" He yelled her name while standing outside at the big gate to the

hall. As she turned her neck while staying in the same position she immediately vomited with an all Black disguise. Emily said, "Brother! He is awake." And she fell to the ground unconsciously.

Tenny runs towards her, holding her up in his arms and her to the house.

In hurry, In hurry, In hurry, In hurry,
In hurry, In hurry, In hurry, In hurry,
In hurry, In hurry, In hurry, In hurry,
In hurry, In hurry, In hurry, In hurry!

"What happened to her?"

"What did you do with her?"

"Did you beat her?"

"Tell us what happened?"

"My child! You her brother, Your job is to protect her?" Tenny's Parents continued questioning Tenny as he took her inside where his confused parents started to blame Tenny after seeing

their nine years old daughter in a bad situation.

They laid her in bed and Tenny explained what happened. His parents called the doctor for a check up but the doctor said she is fine and normal.

At the middle of night

Emily came to Tenny's room and it was thundering outside with heavy rain.

A lightning stroke hits hard and with its sound, Tenny wakes up all sudden and sees his sister standing there in the corner beside the bed. "Emily? What are you doing here! Did you have a nightmare or something?" He asked But without saying anything she walks out from the corner and goes near to the mirror and writes with her blood on her hand ***You all gonna Die.***

"Mom, Dad!" Tenny yelled.

Natasha Rana

He tries to run from his room to his
parents room but somehow with a dark
energy pulls him back to bed.

With her arm Emily breaks the mirror,
And in that movement Jennah and
Johnny Rockwood enter the room in
Hurry and see all the things going on.

Emily saw them but didn't stop the
thing she was about to do,
Emily took a piece of broken mirror and
cut her neck meanwhile Her parents
could do anything to save her,
Because the movement they entered in
the room and the same dark energy
pulled them to the wall.

The rain stopped and the tears dried,
flies surrounded Emily's body and three
of them in dained sitting beside.
"Where is that fucking place?" Jennah

Natasha Rana

Rockwood Said. Tenny sitting in the corner said, "In the back of our mansion there is a hidden trapdoor in coffee plants."

Emily's mother stood up and said to Johnny, "Take her and follow me, Tenny lead me the way."

Later they reached the place of her mother dropping petrol everywhere in tears and took out the lighter but stopped in the movement she felt something strange.

"Let's leave this place," Jennah said. She dug out the coffee plant with roots and soil and they left the place right after taking the coffee plant with them. Every day she drinks the coffee and right after she sees her daughter standing in front of her, Things continue for a month, And Tenny Starts to notice that his

Natasha Rana

mother is talking with herself and not only his mother, his father too.

He tried to help them but they blamed him for killing their only daughter and sent him to mental health care.

After two months, his parents told the police that he killed their only daughter. First police were unable to believe that the older brother killed his own younger sister but after they heard from Rockwooda that he is mentally unstable and killed his sister in the mentality of drug they arrested him. And after one week he meets Autumn with the same problem as him.

Chapter Twenty: The Death Mansion

The car stopped at the old church where they met the priest and explained to him about all the certain things that happened.

The anti Famous Priest,
Father Joseph Wright

He agreed to help them, A small plan they made all the things packed in a

bag: Books, Holy Water, Candles,
Cross, Blood of Jesus and every other
necessary thing.

Almost the night sun was already set.
Sky was Violet with the dark clouds.
Soon it was going to rain.
By looking at Priest Personality Tenny
Said to Autumn, "I don't think this plan
is going to work, look at him,
I've read articles about him,
There are thousands of it an Thousands
articles saying bad about his work.
He is the most failed priest as ever
known. Do you still trust him?"

Autumn was just standing there not
saying anything but just, nods.

And a sentence came from behind
Tenny. "I'm not a failure, child! all the
cases I got turned out that my client
was mentally unstable and needed
therapy and mental care." Joseph said

and smirked at Tenny,
And got inside of the mansion.

At the First he walked he started saying
the prayer and sparkling *Holy Water*.
Saw the dark brown long coat laying of
cough in the closet room Joseph
sparkled some Holy Water on it and took
it with him

Autumn and Tenny standing outside...

A Heavy wind blows Autumn's hair
floating with the wave of the wind in
the air, she looks up at the sky.
A raindrop touches her checks.
She closed her eyes,
Just Hearing birds chirping.

Yet she opened her eyes and the priest,
Joseph Wright, walked towards them.
Said to Autumn by giving her the coat
"sparkle this in those coffee plants,
make sure not to miss anything."

Tenny asked, "What's this?"
"It's blood." Joseph replied .

Tenny was Just standing and nodding at
Joseph's word, Autumn Walked out from
there Inhale and Exhale.

Sparked the blood of Jesus there,
Later both of them came and Joseph
said, "A word alone with you!"

Autumn and Joseph move aside and he
said to Autumn, "If the plan fails I need
you to stay alive even after you die...

Take this cross and keep it with you.

If the plan fails you have to read out
loud page 666 from my book starting
from the Third paragraph with a cross
in your hand...

After done with the evil spirit here burn
this place into Hell,

the ground place, The mansion
and Garden plants All. You gotted?"

"Yes! Thanks for the Help." Autumn
replied.

Autumn Took the cross inside of the pocket of her coat.

Joseph Wright walked out from there to the way to the trapdoor and stayed there standing,

opening the book and starting spelling Greek Latin words. While Tenny came by to Autumn and asked what they were talking about "Is the plan not going to work?".

"It's going to work". Autumn replied and walked out from there.

Tenny talked with himself, "Now I'm the third Wheeling perfect! Autumn!"

The Hell Gate opens, Autumn walks
inside and sees, In the circle made with
candles Kryk was lying down in the
middle of the circle.

Tenny and Joseph stayed outside just
like how they planned.

He was hurt in his arms and his legs.
Some other parts of his body were hurt
badly and bleeding blood.

By seeing him like that some tears
almost came out from Autumn's eyes
but she held it back.

A heavy voice spoke, "Autumn, Finally.

You kept me waiting for a while.

So now that you are finally here"

An evil laughter echoes around

The big circle of candles lit up the flame

Natasha Rana

Kryk was half awake and half in pain.
An ancient torch hanging on the wall lit
the flame. The darkness turns with the
light of the flame.

Autumn turns around and sees the
flames.

The flame was too much that it could be
seen by her eyes.

The flame was clearly seen in her eyes.
But she felt pain in the view.

A painful voice came out from behind
her. "Autumn". She turned around and
saw Kryk said her name, taking his
hand up to reach her.

Again the heavy voice spoke, "You are
lucky I didn't kill him yet. He has been
waiting for you, so he could die in front
of your eyes" Again the evil laughter
echoes all around.

Natasha Rana

That Laughter became a painful headache to Autumn yet she couldn't do it anymore she yelled in pain, "Stop it." (Ha-ha-ha-ha-ha!) That laugh finally stopped.

Autumn turned to the other side and said "Show yourself you Demonic psycho". As she turned to the other side a shadow held her back her neck and pushed her to the wall, A dark shadow. she choked with her death breath...

At the movement *Priest Father Joseph Wright* Walked out there with the cross in his hand and Holy Water in the other hand, By saying the prayer.

While they were doing their things Tenny sneaked into the hall and helped out Kryk.

Natasha Rana

Tenny place Kyrk's arm on his Shoulder and they walked out from the Hall gate.

Coming out from there, Tenny helps him sit down there aside and make a line from Salt outside from the gate to keep the negative energy inside.

*“Deprecare Deum pacis, ut conterat
Satanam sub pedibus nostris,
ne ultra valeat captivos tenere homines,
et Ecclesiae nocere.”*

*(Entreat the Lord of peace to cast Satan
down under our feet, so as to keep him
from further holding man captive and
doing harm to the Church.)*

A Latin player Joseph speaking and sparkling Holy Water on the Shadow which leaves Autumn and she fell on ground. Joseph asked Autumn "What was his name?"

The name he forgot in the end of the

Natasha Rana

movement,
Autumn couldn't say a word as she also
died by choke but,
when she was about to say the roots
from the ground came towards Joseph
Wright and held his leg and pulled him
aside. The root veins almost got
Autumn but she was saved by her love.

Sharpe root veins get through out from
Kryk chest right through the heart.
By protecting Autumn Kryk lost his last
beat by seeing Autumn's eyes.

The way he smiled at her while taking
his last breath. "I love you... Autumn."
Kyrk's final words,
He finally confessed his love to Autumn.

Closing his eyes slightly and falling
down, Autumn kneeled on ground and
caught Kyrk, as he fell on her lap.
Autumn couldn't hold it anymore,
The tears burst out from her eyes.

Natasha Rana

By holding him tightly. She hardly fell
her head on his chest and was crying
In Guilt, In Anger, In denial,
In bargaining, In Acceptance
and In Depression.

By wiping out her tears she stood up,
took the book from the ground and took
out the cross.

Opened Page 666, and started chanting
the spelling and the prayer.

Just because the plan didn't work and
Autumn had to stay alive even though
she died from the inside after Kyrk
Meixel Death.

Autumn did what she had to do,
Joseph was stuck in veins. The root
almost covered him; he can't even move

a single finger.

Autumn said to Tenny, "There is a petrol can In my car Spark it everywhere, In here and in House Everywhere".

Tenny standing outside of the gate of the hall holding a salt jar in his hand threw it on the ground and ran outside.

Movement got out and felt that it started raining. Standing there for minutes and feeling the rain and the smell of fresh wet soil. Seconds after, he looked for Autumn's car.

And couldn't open the door cause the doors were locked and he didn't have the keys. First he thought for a second what to do,

Then he searched for something to break the mirror of the car.

Looking left and right but finding nothing but a stone, He grab the stone and tries to break the mirror but it doesn't work. He throws the stone and

Natasha Rana

tries to break it with his arm but gets hurt instead.

Later he ran towards the mansion, slippery and stopped at the front door. Looking down at the side of the door, there were flower pots.

He held up one pot and got back to the car and finally broke the mirror of the car. He took the petrol can and spark it in the witi Rose field, everywhere inside of the mansion.

While doing it he saw some paper works and some Autumn packed things. Without thinking for a second he took everything out of the house and placed it in the car.

Jump inside into the dungeon, With the second can of petrol with him. he sparkles it everywhere even going into every small cave which leads to

Natasha Rana

someone. He sparkles it on the dead
cat's and runs back to the hall gate.

Chapter Twenty Two: Burn the Soul

After reaching there he saw Autumn still chanting the spells, there was a lot of wind surrounding her like she was standing in the middle of a tornado. Evil hands coming out from the ground which were trying to hold her to stop the chanting.

Blood came through Autumn's nose and eyes. The hands were holding her legs which are getting cuts in her leg.

Tenny ran towards to the priest, he was captured in root veins and almost Rana out of oxygen, they were covering him tighter and tighter, Tenny aside there was a knife

on the ground covered with the blood, it was the same knife which was used to kill Mary Brown.

He took the knife and started to cut the veins. It was getting difficult because the same veins threw him away and tried to hold him by covering his legs, but somehow he managed to get him out of it by cutting them hard.

He ran towards the priest and started cutting again and this time he made it and got him free.

"Thanks for the help" Father Joseph Wright said to Tenny. "You are the one who was supposed to help us ". Tenny replied in a mean way. "I know that child." Father Joseph Wright replied to Tenny in an Smart way and walked out from there .

"Autumn!" A voice came Autumn, look at the way the voice came.

"Get out from here, live it to me now."

Father Joseph Wright (*Priest*) took the cross that was laying on the ground and the blood of Jesus Christ.

"Francisco Flech! I order you from the god himself. Show yourself in front of me." Father Joseph Wright Said out loud.

While Autumn and Tenny ran at the same moment. But before they would step out from the gate Priest said, "Autumn! (They stopped there and looked back) burn this place into the hell Ashes." He threw a lighter and With a soft smile Autumn gave him a nod. They ran out from there.

After reaching out from the dungeon. Autumn asked Tenny, "Did you petrol all over this place?"

"Yeah." Tenny replied.

"What happened to your arm?

it's bleeding."

Tenny said, "Yeah I noticed that, if you gave me the car keys earlier it wouldn't happen."

"You broke my car!" Autumn asked in a little anger. "It doesn't matter," Tenny replied.

They walked towards the car.

Autumn saw packages and some important things in the car.

She asked if he did all these and felt great. She thanked him and asked if he had petroled at the mansion. Later she walked there, lit the flame in the lighter, took a wooden stick, burned that a little and threw it inside of the mansion.

Dark coloured, victorian,

A vintage wood old mansion was on the fire in the Dizzy rain.

Looking at the burning Mansion,

Tenny Inhale and Exhale said "we have a

lot of terrible memories here."

"And here we are, we burned those memories." Walked at the dungeon trapdoor and Tenny said, "What about the priest?"

"We do as he said." Autumn replied.

Father Joseph Wright (*Priest*), facing the cross to Francisco Flech who showed himself in his real avatar. "I bet you can't get rid of me," Francisco said, sliding his head with crack bone sounds. "And why do you think that?" Joseph Wright asked. "Cause I'm atheist, you fraud." Francisco replied, by straight his head.

For the silence of two minutes,
"We'll see about that." Joseph Wright said.

Autumn lit the flame in the lighter,
And for thinking of second by closing
her eyes she dropped off the lighter
inside it and the flame got caught.

Natasha Rana

Father Joseph Wright (Priest) Said out loud. "At this moment the pray to God turn the fire flames into the heavens fire, Take Fransisco Flech soul away from The mother place send this soul in the hell and burn it. (In the whispers) My dear God I pray to you to save my soul and make all evilness end by the flame of heaven".

The flame in the Dungeon was almost into the fire and burnt the dead bodies down there,
it was only Fifteen Seconds for the flame came to the Great hall,

Father Joseph Wright (Priest)
Took the Jesus blood and made a cross with it.

Finally Father closed his eyes and the place exploded with fire.

Upside to the dungeon the plants were in the fire, The mansion was on the fire. Autumn and Tenny got in the car and drove away.

At the movement there was the gas cylinder and the gasoline inside of the mansion caught up by the flame and the place exploded like a boom blast.

Autumn and Tenny were only just miles away at the middle of the forest lane road in the full heavy Rain they stopped the car as they heard the blast behind them.

They were standing outside of the car in the rain watching the mansion's fire on the high flame.

"Finally it ended." Autumn said.

"Yeah, finally." Tenny replied.

"What are you going to do now, Tenny?"

Natasha Rana

Autumn asked, "Actually my name is not Tenny." Tenny replied.

Autumn asked, "Then what is it?"

"It's Vincent Rockwood." he replied.

Natasha Rana

The story is not end yet.
