## Chapter 1 – Introduction:

In the quiet coastal town of Havenbrook, the whispers of legends and tales of a hidden treasure from the past had become part of the town's folklore. Sarah, a local historian with a deep fascination for the town's history, was determined to uncover the truth behind these stories. Mark, her childhood friend and an adventurous geologist, shared her passion. Alex, a tech-savvy researcher with a penchant for solving mysteries, rounded out the trio.

One rainy afternoon in early 2023, as they were exploring the dusty attic of Sarah's family home, they stumbled upon a crumbling journal filled with sketches, cryptic notes, and a faded map. The journal belonged to an ancestor who had been obsessed with finding the long-lost treasure, rumored to be hidden somewhere in Havenbrook. Intrigued by this discovery, the three friends decided to delve into the mystery that had haunted their town for a century.

## Chapter 2 – Discovery:

The trio painstakingly deciphered the journal's contents, revealing clues that pointed to the treasure's location: an old lighthouse perched atop a jagged cliff. Determined to prove the naysayers wrong, Sarah, Mark, and Alex set out on their quest, their hearts filled with hope and anticipation.

They faced the challenge of gaining access to the old lighthouse, which had been closed off to the public for years.

As they made their way to the lighthouse, the trio encountered various obstacles, including dense forests, steep hills, and cryptic riddles that had been left behind by the treasure's original owner, a mysterious figure named Captain Nathaniel Blackwood. Each riddle brought them one step closer to their goal but also tested their wits and teamwork.
