INTRODUCTION

What is Tarot?

Tarot is not just a deck of cards—it is a sacred language of energy, intuition, and consciousness.

For centuries, Tarot has been used as a spiritual tool to gain clarity, connect with higher guidance, and understand the deeper layers of life. Each Tarot card carries symbols, colours, and archetypes that speak directly to your subconscious mind.

A Tarot deck consists of **78 cards**, divided into:

- **Major Arcana (22 cards)** – representing life lessons, karmic patterns, and soul-level journeys
- **Minor Arcana (56 cards)** – representing day-to-day experiences, emotions, actions, and situations

Tarot works on the principle that **your energy attracts certain messages at the right time**. When you pick a card, it is not random—it is a reflection of your current vibration and inner state.

Tarot helps you:

- Gain clarity in confusion
- Understand hidden influences
- Make better decisions
- Connect with your intuition
- Receive guidance from the Universe

It is important to understand that Tarot does not “fix” your future. Instead, it shows you **possible paths based on your current energy**, giving you the power to consciously choose your direction.

WHAT ARE SWITCH WORDS?

Switch Words are powerful, single or combined words that act as **vibrational triggers** for your subconscious mind.

Your subconscious mind controls nearly **95% of your thoughts, beliefs, and actions**. Many times, limiting beliefs, fears, and past experiences create blocks in your life without you even realising it.

Switch Words work like **shortcuts to reprogram your subconscious mind**.

They are not ordinary words—they are **energy codes**. When repeated with awareness and belief, they:

- Shift your thought patterns
- Break negative cycles
- Activate positive energy
- Align you with your desires

For example:

- *BEGIN* helps you start something new
- *FLOW* removes resistance and blockages
- *COUNT* activates money and abundance energy
- *DIVINE* connects you to higher guidance
- *TOGETHER* improves relationships and harmony

The beauty of Switch Words is their simplicity. You do not need long affirmations—just a few powerful words, repeated consistently, can create deep transformation.

HOW TAROT + SWITCH WORDS WORK TOGETHER

When you combine Tarot and Switch Words, you move from **awareness to transformation**.

Tarot shows you:

- 👉 What is happening
- 👉 Why it is happening
- 👉 What energy surrounds you

Switch Words help you:

- 👉 Change that energy
- 👉 Heal that situation
- 👉 Manifest a better outcome

This creates a powerful system where you are not just receiving guidance—you are **actively shifting your reality**.

For example:

- If you receive a card showing delay or blockage, the Switch Words provided will help remove that stagnation
- If a card shows abundance or opportunity, the Switch Words will amplify and attract more of it
- If a card reflects emotional pain, the Switch Words will support healing and balance

This combination turns Tarot into a **manifestation tool**, not just a reading tool.
