MAHAKUMBH 2025

Shrine is nearer to heavenly brotherhood
Gallop along the crown embracement
Witnessing all irrespectivity
The Ganges are pure and heartfelt
Lapping wisest baths and prayers together
Never divide castes, creeds, minds and souls
Sacred dip evokes strong unity
Coupled with spectacles millions' gathering
One mayn't go there to bath
One mayn't kneel down there to pray
Chanting 'Jay Ganga Maiya !' to cleanse heart
Naamsnan enough for ever and everything
Beacause She's the Mother
To take care and to look after with own customs
All immortals also gathered there in some unseen colours
Wow ! 66 crore people assigned holy dip there
But Waqf drilled cities' cry hurt the Spring cuckoos. OOO

[Mahakumbh Mela 2025 held at Triveni Sangam, Prayagraj, UP (India) from Jan 13 to Feb 26, 2025. It's the ever largest holy dip in the River Ganges. Next Mahakumbh will be held after 144 years in 2169 A.D.]

THE WINDOW THE SUPERIOR

To peep, to air and to hear as self refresher
The window stands at prudent affair
A guard like at my country's border
The head to take utmost care
The creator to search and torch
Also to fly timely along with mind
My waistband venetian
But drudgery blockage if kept closed
Narrowing hearts to cute darkness
Alarm curiosity to make AI silent
Only because of pulse propelled environment. OOO

LIFE THE NUMBER LINE

Life stands at the Zero Point
While deeds and thoughts go rightward
Positivity adds all merits
Leftward adds negativity all demerits
Body contains the elements -- it's casual
The soul is permanent
World is just an ocean life is the ship
Sailing by the merchant Lord not by us
We're all goods loaded to shift somewhere
Deeds and thoughts are the ornaments
To decor by mighty soul to empower
To count merits and demerits
God is Sanatan -- the auspicious virtue
Also life the number line implies perfectness. OOO

SANATAN BORN IN BHARAT

Sanatan born and brought up in Bharat
Masterly skilled in Yoga and Pranayam
Our ancestors the great saints gisted it out
Concised Veda-Vedanta, Puraan-Upanishad, Geeta-Bhagawat
and many more thoughts
Orientated eternity
Towered human nature
Motherly sacred sights and embracement
Sanatan is Supremo
Prefers the big nature of global village
Preludes to negotiation and understanding
Divine proclaims : No Parents Want
To Harm Own Children. OOO

TARIFF THE BIGGEST THIEF

Crowned gentle speak gently martial in power
Tariff is really the cunning fox in catchings
Burning poor hearts of others
Making fool the weak citizens around the world
Tariff is the cheapest humanity
Tariff locks out the humble mouths
Tariff kicks off the empty stomachs
Tariff cunningly steals peace and tranquility
Tariff pretends wisers to become unwise
Tariff the giant intruder caused even world wars. OOO

[Dedicated To Tariffcharged Volcano Suffered World.]

HOW MIND RUNS AFTER

Never try to run after your mind
Let mind run after you
Thousands minds start running after you
Mind is fraud and cheater
May be it's divinely gifted
Life abuses us at the last stage. OOO

CHOCOLATE HAKED

Choose chocolate milkshake if time's not ready
Check to crack before break
Child is bright and busy to have much time
Let him packed update heavyweight
Champion of fitness champion of the nation. OOO

OPERATION SINDOOR

The women who 're widowed on Apr 26 attack
Reminder of tears reminder of aggression
That those terrorized Pak soldiers opened fire on innocence
Husbands left for ever to come back never
Wives widowed the children depressed
India mourned, the world also mourned together
Pahalgam became silent for the days
The days of agony, tears and sorrows
Pahalgam became silent folding the Health Resorts
Lofty hills ever green forests with pleasant climate
Melodious flow of Ridder Nallah
On the way to Amarnath Cave
Where The Shivling assigned snowy coverage
Amazing shrine amazing hymn
Amazing people called Bhai-Bhai

The widowed who lost their glances-Sindoor
The children revived their glider-ignorance
But not returned those fathers
Fathers lost for ever to come back never
There IAF couldn't remain silent
They revoked for aggression
They revolt for assigned retaliation
Operation Sindoor goes on and going on
Until they whipped PoK regression
PoK is ours left it free for us
Pahalgam reminds,
Operation Sindoor : Husbands Left For Ever
To Come Back Never. OOO

[Operation Sindoor launched on May 7, 2025 in against of PoK terrorists who killed 26 civilians at Pahalgam on Apr 22, 2025.]

VISION INDIA @ 2047

Gravity of silence is indeed a set of diamond
Silence to self is silence to God
A silent man speaks less to people
To love the most if can't understand the words
Silence means to understand innate
Which is strictly preserved by self
Consciousness terms blessing by God
Fantastic!
Listen and silence are those two words
As same to importance of friendship
Because, only a true friend can listen feelings
When someone is silent
Silence helps to suppress one's anger
As perhaps nothing else done behunt others
Now we Indians deserve Viksit Bharat in sounds
Deserve development in space and ocean
We dream the Amrit Kaal Vision
Involving us in prolific format of reformations. OOO

ON THE WAY TO KRISHNA

When I seat within knowledge research
Krishna considers verily to dwell in me
Being engaged in my that's convents He affairs us
The person who is in credible knowledge
Is nearest to Him and me when I love thee
While someone continues his journey
In search of me in omnipotence and omnipresence
He finds Lord Krishna or, He or She or, It or Thee
Or, here and there or, yours and ours
Krishna in everyone everything everywhere
Say to me,
I'm the day and night
I'm the dark and bright
 I'm the hill and mountain
 I'm the soil and air
 I am Soul and Supremo
So I need you in searching cool to touch

Lord Krishna says,
Sarva Yonisu Kaunteya Murtayah Sambhavanti Yah
Tasam Brahma Mahad Yonih Aham Bija Pradah Pita

That He means that
I am the father of all forms of life
the material nature is the mother
And I am the seed giving father thus
We get both the mother and the father
That without a father as seeder and the mother as rearer
Can anybody born here and there
Never, never, never
Here I like to declare that devil's dare never needs any care
Journey of the soul is eternal long run race
Life after lives and again lives after life
God is too far to reach and meet
God is the nearest and dearest to him
While life is devoted only to Him
Chanting name of Ram-Krishna Ram-Krishna
Whole universe run on the way to Krishna
Lord Krishna is One, True, Love and Purity
Hridaysthita and brighter than brightest
all mundane issues. OOO

STARDUST

DEEPAK PARASHAR

Stardust outcast film actor Deepak Parashar
Arrested himself so in the field of Court Martial
He doesn't know how to Chamchofy anybody
And he can't call touching someone's feet
Chamchagiri he did out of sheer respect
Believeth that all this bowing down praising someone
Doing salaam is Sheershak hypocrisy
Many of his actors believe in it to live on
It's very funny in film industry
If not working in a big banner and nonentity
See Mithun though he's a good actor
No one even bothered about him for his small banners
Navneet signed him and becomes sudden better
Smita Patel always a good actress but few realized
Until Prakash Mehar signed her and covered all magazines
He wants a big banner after all getting self respect
Yea! Just to sharpen personal image and impress
One has to understand why working hard not enough
This is Deepak Parashar. OOO

FOUR FOLD CONGREGATION

I've had a lesson on congregation with congratulation
I've had it with own convocation
Just to make my own cultivation
To make me run human civilization
To make my people aware of population
To control over their malfunction along with malediction
To kick out pollution born at inauspicious Satak Kaal
Muni : That's the order of divine possession
Aryka : To keep Pichchi-&-Kamandalu
To say Bandami by own Generation
Elaka : And to observe vows of Eleven
Pratima saying, Ichchhami with
Obligation
Kshullika : Those who observe all these activities
like Kshullika called Ichchhami by
submission, Vandana and Jaya Jitendra. OOO

MEDIA AS SCIENCE

Media is the Esprit-de-Corps escorted by incidental factors
 One who works in media to apply experiments in corruption
 To instrument the facts and factors
 Against M3 Instrumentation
 That mischievous Master Mind
 Condemnation robusts surroundings
 If-and-in such rigorous culprits
 Roller rolls over imperfect management
 Roller rolls over Ministers of Government
 Roller Impacts over the head of Institutions
 Duniya hai isliye gol
 Kyunki, kabhi na kabhi mahan hastiyaan bhi
 Karte hai chhotasa bhul
 Lekin, mere pyare Deshvasion
 Wahi karta hai sabko gandgol
 Yea! Sack sacks the sack
 Carry off property sent away and more unseen
 Kangzhenju Weishen! -- A fungal hypocrisy. OOO

QUORUM QUORUM

Rather than reckon reclaims its panel to reconcile
Coos convicts for your pleasure and amusement
Cap-a-pie proliferation others not but it has....
Discovery or invention, innovation or motivation and
explanation or theorisation
Achievement gives pleasure with smile
Also gives extreme satisfaction to those who involved
A scientist smiles on his success
A medicinist smiles on his success too
Same to same if I say an astronaut smiles profoundly
And shows his Gamosa to the world from the sky
He is certainly the Son-in-Law of Assam
My Jorhatiya girl presented him to do so
To thank NASA on behalf of my loveliest America
Who was he that husband astronaut
Recall, recall please.....
I'll not tell you the name of Retina's husband
I say him Mike Fincke -- a son of the world. OOO

CODE OF CONDUCT

People who haven't changed own attitudes
May cause lost the steps to go forward
Till those keep optimistic adventurous
Opulent mayn't deserve the seat booked
But the conductor or TTC adjust to practice two books
One for the government another for his pocket
Second books are too large to issue tickets
Passengers seem blind to protest and journey compacts
What's not to be surprised in OPD - ICU - Private Hospitals
Patients can't recognize the silent pickpockets
They feel good enough with nurses and young Lady doctors
Who start to crook them crushed with smile treatment
Just to crush them crushed in midnight
Also, assaulted by surgeons until her death in Kolkata. OOO

PRACTICE OF BENEFITS

Echo-Friendly personality!

What, how, when and to whom is it?

A number of questions shoutout all around

From sea to sky, street to slum and giant to poor

Everyone knows that each job has some benefits

You and me wouldn't get paid without benefits

Same to same

Any practitioner of the professions must rebate
for job benefits

Along with those others,

Such as,

Real Estate Agent

Financial Planner

Martial Arts Instructor

Cosmetic Surgeon and Hairdresser

And those from Today's AIs and

IT Collectors! OOO

PATH TO HALAGURI RUKANG

Rukang stands firmly on Charaideo's soldierly shoulder
 Welcoming devoted mind and friendly fare
 Along the path of ancestors' brigade bravery
 May be it's sojourn of clans' clavery
 To see the long run rails of Ahom Kingdom
 Deodhai-Bailung-Mohan with the troops of soldiers'
 Hengdung, Hiloi and Bortoop
 Chao-Lung-Siukapha led them together
 Charaideo Maidum still sings there
 Rangpur's Rangghar asides Talatalghar Shivadol
 Vishnudol-Devidol
 Sati Jaymati still cries at Jerenga Pathaar
 Chaodung's sticks still shout aloud all around
 Diroi-Dihing-Disang-Dikhow
 Wash the feet of Ahom Soldiers
 Assam humbly bows today to follow the path to Rukang
 Maybe the people here bloodgained of Ru Kang Cun of
 Bainang, Shigatse. OOO

[Dedicated to Chao Jogen Mohan, Cabinet Minister of Assam]

RATHER THAN CRITICISM

Cricket is criticized without bats by most of the crickets
Never bats on the ground nor who seen any cricket pitch
Never foot on the narrow length of the ground
Never gone to the wickets stand there
Which are upright during the match
They play a mere pittance after radio hearing,
TV watching and mobile dipping
Often they pretend to be master, master bluster
Proud of century pockets the world hero
But in reality they are zero the biggest zero
Hero into big zero and so on so forth
They are too high in brilliant opinion
Of all abilities in vain
But, in fact cricket is a match of brilliance
 Challenge and energy
 Dedication and honesty
 Motivation and outlook
 Positioning and readiness
Cricket is ability oriented rather than criticism. OOO

VALUE OF MOMENTS

While I work I use to write also
Because I work to write and I write to work
I write always paused in moments
I pray always concised in moments
I sell myself twice a day to make the day bright
To get price of God seldom the moments
So that I can have the moments never to say
"I've no time for the moments"
See again,
When I sleep I use to think and when I awake I use to write
When I walk I use to write in my heart my vast ocean
That gives me chance to write in bath
That gives me something what I need to feel
I need the moments to write to survive the moments
Also to make wise the passage enate the very moments. OOO

MY DUSTBIN LAND

It was the day that in the top sky she couldn't see me freely
This evening the hours ended at 9:2:47 morning
Last night she smiled freely at 16:52:13 morning
Her hours ended this weekend morning at 9:2:47 IST
Yea! Maghi Purnima ended this very morning
She was the skylark too high to see me this evening
I remember the skylark flying ups and downs
To forfeit her nest's
Does CORONA effect her nearer to death
How Pandemic grip and grind the sky
How Pandemic grip and grind the world
COVID - 19 blessed it to make forget
About her poor nestlings

To make forget her closed ones
To make forget her friends and enemies
Also to make forget our office and duties
The schools, colleges and institutions
The sounds and sources like that skylark
Often forgets own nestlings
Thus we make us forget to cry after more forgets
We're bound to bond to use the MASK
We're bound to bond to wash face and hands
Repeating the sense of "Do Gauge Ki Dori Bazaaye Rakhna"
There I used a big-Dustbin in my kitchen garden
Consuming all wastes therein using my friendly MASK
Oh! Alas! Alert!!
Could the skylark look her babies
through that longing MASK??? OOO

A MAN OF TIDINGS

He is the person to climb up the peaks
He is the person to sail in seas
He hopes to hope so sail in oceans
He dreams to dream in other dreams to fill up
His hopes more and again
No pain no drain trouble grants him gain
At the age of school mindsets him as a hotel boy
No cycle no money on all credits
Run to run his faryfare bazaar to bazaar
Raise to rise again hoping to be riser
 He is wise brave founder
 Blue Dart Repower along with
 Computer Education Centre
 He is light burned Rajiv Kalwar (39 yr)
 The man of inspire knowing to become
 raiser
One who looks back never never
Who steps up to upper again more upper
Started his business to become eager
Preferring taste in favour
Happy to live with Durga Maa's prayer
People asked him to become a fighting soldier. OOO

THAT'S WHY BEFOREHAND

Chromatic follows the order of the rainbow

Social distancing is not untouchability
Which may degrade us till death
Lock Down is not the scale till we live together.

[iii]

Nowadays Donald Trump often forgets
What did he say just a while before
None to else but his own natives.

[iv]

Horrible! A bullet kills a very few
A bomb destroys less fewer
But the fewest virus threatens to death all people.

[v]

There was a large city which was destroyed in war
Now, big boundaries are still there
Those are surpassed by decayed air.

[vi]

COVID - 19 is more faster than a biplane
Because of Lockdown and Quarantine Fatality
What's the next to meet by world again.

[vii]

Who is that whom the world fears
Maybe or mayn't you and me
Kim Jong-Un is enough alone to quote.

God is far above the top of the tree
That thanks to Him the Bishop
That who believes man made Bigotry.

WINDS OF TANGO IN FAITH

Feel that spirituality over those moments
 While winds carry our prayers
 Allow serenity to touch your feet in the sky
 In that run of raceless cry in briefing
 The paradise feeding the days
 Gypsy wearing chattering necklace
 Varied flora and fauna ample excess place
 The ways exploring heys
 Comfort the notion dating behind monsoon supports
 Those humble lives

 Majestic ivory --- white Tajmahal elegance perfection

INDONESIA ROCK COLLAPSE

Life is something like gold, stones and pearls
But body results its must to definite collapse
Tragedy revoked in Indonesian History
What's the order of nature or, the nature of order
Rocky turned to be just snowy avalanche
Quarry buried even heavy machinery
No gaps no lapse except rock collapse
Rock collapse killed at least twenty workers
Injured another six in Gunung Kuda
When others asleep Indonesia weeps aloud
for rock collapse
Life's something else, but body's often a collapse
Likewise its mood of Rocky or Snowy behaves. OOO

[On May 30, 2025, Indonesia witnessed another Rock
Collapse in Cirebon Quarry]

THE BRIDGE COTEMPLATED

We flattered at our own before the time comes to count
A glimpse, a link with the linkers to crawl in the field
To have the chance to know better than knowers
To reveal subjectivity apaar Shakespeare's postmortem
The insects run in an analytical phase
We get something more to dream a scent
To gaze into the wisest world
Power and deconstruction relevant to climb
The favoured tree
The East is east and the West's west in interaction period
We assume assure ourselves
That scorpion-bitten wise India is always the best
Manifest against an atomic air to breathe
Often we come across and over the deeds
Brain is rebuild, equipped again for peeping preferred. OOO

LUDWIG VAN BEETHOVEN

Born at Bonn learnt in Vienna
Never married but loved the married rich-hers
Not to touch beyond concert on his parts
While he warmth a moment of tense silence
The Pianist, Father of Pianos swept over the keyboard
Then a deafening burst of applause echoed the roof
All his friends and followers began to jump,
Dance and shout
His thoughts turned into common crouch
Sounds became louder than louder
And made him deaf for ever
Tragedy made him fads, foolish and slovenly
Also tremped him to the dust
No more gay and gallant
Became a pilgrimage to run clinic to clinic

For gaining no benefits
Instance, kept himself tortured
For becoming the deaf for ever
He was Ludwig Van Beethoven -- The Pianist
Who never married but loved the married rich-hers
Not to touch beyond concert on his parts. OOO

[Ludwig Van Beethoven (Dec 1770 - Mar 1827) was a famous German Composure and Pianist. He was considered to be one of the most revered figures in Western Music. He was never married but fell in love with the rich-hers for his heartfelt Symphony Music. For his stage-music, he became Deaf at his early age.]

DRILL OF DRONES

The world has changed to a record economy
Global affords to have the schooling period
Can't my country strange others to make surprised
My country being the best next to my world
Shipping ships in bigger drill of Drones
My India inspires to learn something important. OOO

THE WHITE TIGER

He didn't sleep in the dormitory
Went into the room and swept the floor
Tied the mosquito net to four wall nails
And then he went to sleep
But in the middle night noises woke up him
There he found the cockroach a lot
Those had come to feed on the minerals
Or, the limestone in the plaster
That's why chewing made the noise unpleasant
Antennae trembled the wall every spot
Some also landed on top of the net
From insight
White tiger could see their every moment. OOO

[Arvind Adiga won the Man Booker Prize in 2008 for his novel 'The White Tiger'.]

ASTROLOGER AND IITIAN BABA

Watch the mind refreshing soul
Wash the world for reaching the goal
Bageshwar Dham Baba
The darpan of troubled sounds and souls
Thousands and thousands
Millions and millions acrossing trillions and more
Dhirendra Krishan Shastri being sanatan
Heartedly reflects his godly empowerments
Again look at Holy Prayagraj
IITian Baba the laughing face
Easily reached his Facebooks
But the YouTubers left far behind themselves
I say, life examines both of them
There both 're schooled the same all together
Whereas Monalisa scored herself too. OOO

CALL FROM DETACHMENT

Adultery doesn't fade up her treatise
 Accomplishing the life of segregation
 When the trunk defamed in course of time
 If branches begin to climb upon hilltops
 Emerging evidence claims the theme
 Found the Rostow's Engine that could drive
 Country's take-off in use-and-wise
 Transform it's concepts in good drill and faith
 Cargo Barge load her goods to deliver at Bogibil Bridge
 Even her life becomes aloof but stoned
 She feels her days of past
 That a schoolgirl got assault-abused beyond amused
 Each girl have three homes in life
 One is with her lovely parents, second is with husband
 And the last one's with her aged solitudes
 First one passed the days in please and prettily praised
 Second one in health and happiness
 Third one meant for cyclical fate and fortunes

Girls 're winged the flying fragrance
 Sons 're the hope all and more ignorance
 She was bright and bold dissolved altitudes
 Having aims for all eight kids' higher learning

With her pharmacist-husband's little salary at Tea Garden
 When she lost her husband with three Nati-Natins
 out of those twenty
 Moon at Leh, Dennis in New Delhi, Dhunuma at Moran,
 Binanda Mohan in Sonari College
 Assam House became rude for Marry and Jogesh
 Dates and days 're not good and pleasant
 Nights and hours 're not lonely all in sorrows

She wrote her hearts in bloomings in ill-bed
 When I lapped her poor head for watery face
 She whispered, "Parents' home is the best nursery
 If the sons settled themselves at some little distance !" OOO

If water is clear in its essential nature
When it holds mudd in suspended pressure
It is called muddy
If traced the cause of muddied water and remove all mudd

GREEN REVOLUTION

That I still remember it began in 1960s
Just to increase production of food grains
Just to make India self reliant
Cultivator to be treated as boon of my country
Then I heard about those severe droughts
Replete with those shortage
Government began encouraging our farmers
To grow crops to get exported
To grow crops viz. cotton, poppy, indigo and sugarcane
To shift the farmers till foods exported
Then government adopted soon
Land Grant Model as national bank and boon
In Aug 1964, Dr. MS Swaminathan, President IARI

GOA SMELLS THE COLORS

How much shopping she does in Goa
After the flea market buying earrings
She loves chatting with other women
Who make and sell their gypsy necklace
Goa is not a buzzing air
Though a bit trust after one can be busy doing nothing
Not feel bad on the beach in day
One can rest under snakes sipping cool drinks
Along the chants of mighty waves
When the sun sets you can watch movies
Or, fire dance and bob with musics
Real Goa isn't in tourist maps
Goa is in her quaint church
Goa is in a far village remains with solitudes
Goa is full of toothy calm smiles
Goa is a piece of paradise within easy reach
Where you find fishy breakfast, lunch and dinner. OOO

MESSAGE FROM PoIHEDGE ASSAM

Hello! Bhai Saab Arvind Kejriwal

PRANAYAMA

Lord Shiva is the First yogi to practice
Yoga and Pranayama
He knows how this keeps body-and-mind healthy
Yoga and Pranayama are always Two-in-One
Control the breath to aim at regulating
Its force called 'prana' or 'vayu'
And promoting its well-being called 'ayama'
That is inhale-exhale,
Again inhale-exhale is the born practice of all
Slowly and regularly,
Also consciously and more carefully
Holding breath inside makes the body activated
If body is fit mind is also fit indeed
The body is washed inside by inhale
Containing 7-trillion nerves in total
Pranayama isn't just about survival breathing
It's about to connect with the breath
It's about to impact on body and mind together
Puraka (inhalation) , Kumbhaka (breath inhalation) and
Rechaka (exhalation) -- the keys of breath
That's how, Vayuputra Hanuman within Shiva Himself
Recalls Pranayama always. OOO

RONALDO BREAKS GOAL DROUGHT

Brighton had been there the betterside before halftime
United again looking disjointed and lacking spark
Their hopes for responding after falling behind
Lewis Dunk was sent off after a foul on Anthony Elanga
An initial Yellow Card being upgraded to Red
Brighton's Jakub Modern curled an effort
Against the Cross Bar
Before Danny Welbeck headed over
Brunto Fernandez gave the scoreline a flattering look
A well taken solo goal in stopage time
As United moved above West Ham United into 4th spot
The openings 're tough to watch for the fans
But David de Gea's won sensational
Save to deny Moder's header the boos
at halftime launched louder
Ronaldo changed his mood after the break gone six games
Without a goal his driest spell at Club Level
Brighton lost possession Mc Tominay fed Ronaldo
What he swerved away from three defenders
Brighton got themselves in trouble again soon
Dung was too casual loosing
The ball of Elanga dragged back last
Sanchez down before tucking away that final goal
Thus Ronaldo breaks the goal to defeat Brighton. OOO

WE ARE DANCING REALLY

The Negro and the White Lady yellow like Keepie doll

A fight with images of dolls or puppets constantly remind
As the nude blonde woman described

Children play with dolls but it's people
Just like to collect to joy their timely hacks
One could make the argument that we're Today Clifton's
black dolls
The strings are behind the scenes
To pull and control those dancing Sambo Dolls
Possible to chain and change the Invisible Man
The one masking those abominable dolls
Ellison filled the rage and humiliation homed to close
Just for pleasure and making others so
But the control of the string person
The basement of comprehension. OOO

JESUS CHRIST IN BRAZIL

What's I have seen there on the Brazil Mountain
About ninety feet tall that's twenty time
Taller than a person
Who made Him there for others
Who made Him there for people's prayer
Those who are here now and those who 're not
And those who will be here for ever
Jesus is still alive here as Lion King
Jesus is still alive here in the hearth of hearts
Jesus is still alive here in the people's health of healing
He is still blessing all of us with His divinely smile
There's the statue not, but smile Himself spreading the hands

Since He stands standstill crossing across
Brazil's Glorious Independence
Portugal perfect for encourage patience
No bed no sleep there He still reminds
Jesus Christ is still the best
There I've seen what's to see more in Rio de Janeiro
Plainly weighs over one thousand tons
That's more than five biggest whales
Here His hands are strong with face superbs
There's the value purity
He designs and defines
Jesus is litup challenging the nights
He still alive full of Love and Brights
Now I remember my India's father 72 feet high
Both are alive
Both to stay and stand standstill to survive. OOO

Chanting mantras becomes aloud with my bows

THE WAY THAT OPENS

O God ! Behold my heart
 It's you that creates heavenly art
 Me the hopeless embracing dark
 Spoiling all those doing bark
 Don't you find heart is a cloth with layers
 Pleased with earthly covers, you know this thee better
 Know me sweeter it's my heart

 If Ram Niwas' Braille defeat the eyes
 What's different could English reminds
 Sight of innate makes a person more wise
 How blind Dhitarashtra proved before he dies
 God ! All powers shown degraded mission diverting blasts
 Someone begins killing himself, destroy begins with
 operations' parts
 There Generator ! Given me no regards
 O my God ! Lead me to thee filling my heart
 I'm you, your lovely part no shy kept none alone apart

SURVIVAL OF RHINOCEROS

It's about one horn rhino of Assam
 Forest is the house of wild politician
 Where near about two thousand rhinos 're found in Kaziranga
 Perhaps you know it's nearly two-third population of Indian wildlifes
 Dehorning them becomes a play of wild politician's
 They're endangered for their helplessness
 They're innocent they're wild might be manmade
 Man is super not but wild indeed
 Rhinos are great and wise for sacrifice
 Poachers cut them alive in darkness
 How do they believe Chinese Medicine Kingdom
 Safe the life suffering from cancer illness
 Namibian Success dehorning-rhino in 1980 - 1990s
 Later in the recent years 29.1% higher chance of surviving
 Than those two-horned in Mpumalange of South Africa
 Just over one-third of wildlifes have also been dehorned
 Wouldn't you like to say, say bright again
 Can dehorning safe the rhinos
 Assam is giving gifted pushing out scores scored
 Poachers' pushing to dehorn the wild politicians

"If revolution hasn't removed the horn over

LORD AND THE MOTHER

Lord Krishna says,
 "Sarva Yonisu Kaunteya Murtayah Sambhavani Yah
 Tasam Brahma Mahad Yunir Aham Bija --- Pradah Pita."
 That He means it I am the father of all things of life
 The material nature is the mother
 And I am the seed giving father
 Thus we get them both as father and mother
 That without a father as seeder
 And the mother as rearer
 Can anyone born by selfowner
 If not the father gives the seed to create the nature
 Without His bless will there be living any creature
 Never, never, never
 Here I like to decay that devils dare never needs to care

Run into your humble felicitous introspection
Which you unconsiderably analyse
 Sometimes satisfy sometimes not
 Whatever provided you peace once
 That has been detected as worsen nature
 A worser, or the worst bitter
No doubt, heaven and hell are equal
Based in mindfitter filtration
May sometimes take time to filter you

 Inborn impulse drives your own horn
 You're not to worry behind the brand passing left aside
 To your next of kin that may caused

CHOICE IS REPOSED

Sunita knows how to choice to walk so long
Above her faith on visualized image of poetic fragrance
Along with Astronaut Wilmore she walked there
Long nine months
An ant needs very little space to move
A goat needs something more
An elephant or a ziraff needs more to move
A bird needs space in sky to fly
A fish needs space in water to live and swim
That's to that everybody needs the springbreak space
Not only to enjoy, but to have its reposed resort

FRIENDSHIP WITH SOUL

"Bandhuratmanastasya Yenamaivatmana Jitah
Anantmanastu Satrutve Vartetatmaiva Satruvat."

-- **Bhagawat Gita** //6.6

Lord Krishna precisely says that
Through the Soul element of which
A man conquers his sense in body
Himself is the soulmate of elements and man
Who doesn't use that soul element
To conquer senses and body
He is the enemy of his own Soul
That means he was dealt with Soul like an enemy
Although the Soul of his own reality
Further he convinces again the one
Who's learnt the truth
Of his Soul element for him hot or cold
Joy or sorrow, respect or disrespect become worthless
In such situations his mind suffers
No emotional lows and heights
His mind has stabilized itself in God.

-- **Bhagawat Gita** //6.7

Many things may occur to the mind
But it gradually makes a mountain of a mole hill
If you try to express them everything ends
If you forget and forgive.

Similarly, the Soul accepts new earthly bodies
Giving up the old and useless ones.

SUCCEED ON FAILURE

Failure is the pillar of success

Ho, Ho, Ho.....

Meant that success enters into failure

Those who build strong foundations of urge

Failure knocks growing wiser, enduring all wisdom

Seems better to self conscious

Those the ancestors failed to build the nation

Succeed with ultimate triumph

Confidence is gonna but not conceit behind

Securing mortal's chieftest enemy

Where Confidence Vs Conference

Strength Vs Easy-earning

Failure Vs Succeeds

Optimism is the secret of success

Derelecting unpleasant failures

Thus, the saying reminds :-

- : It's better than fight and lost
Than never to egg fights at all;
- : There's not a fiercer hell than failure
On spot occasion is great obstruction;
- : But to him who tries and fails even dies
- : I give great honour and glossy tears

COLOR OF ECO-LITERATURE

What do you find in and among the colors,
economics and literatures

Answer to it like :

Colors	: Beauty = A
Economics	: Needs = B
Literatures	: Entertainment = C

Thus,

$A + B + C =$ Auto Biological Combination of
human life;

Hence,

It is proved that,

LIVING ECONOMY = All Behavioural Curriculum i.e.
ABC of Human Life.

Remember, LIVING ECONOMY Tactfully; Intellectually;
& - Economically brings the society to such a treatment
that other Doctors, Surgeons and Medicinists can't provide
to assist Social Cleanliness.

Therefore,

Our body, mind, soul and environment collaborately need prior precautions against pollution. My LIVING ECONOMY defines that pollution is the main cause of cancer, pandemic, erosion, poverty &c...

Again I say about Art through ages means Color through ages. As the Archaic Period evolved, Greek sculptures were almost identical to Egyptians; unlike those Egyptians, the Greek refined their techniques. They used marble constructural methods in their sculptures.

Remember,

ABC never defend the Auto Backward Classes throughout the world running shoulder to shoulder with OBC. OOO

SHIVAJI Vs NELSON MANDELA

Born before their deaths again and again
 Survive the community for safe the nation
 History repeats their glamour, bravery and celebrity
 Reign to reigns no negligence
 Either his own Bhonsle community
 Or, so called Apartheid
 Both fought for their own community
 One to form the genesis of Maratha Empire
 Another to survive the key of his Prison Cell in
 Robben Island
 Auction called off entirely for nation's treasured
 Both the patriots assessed as
 Humanitarian fights for social justice
 Nelson the First Black Head of State
 One who sacrificed his '67 minutes' for those Africans
 Accused the death sentence but saved
 While Shivaji carved out his own Independent Kingdom
 Kicked off Sultanate of Bijapur to form Maratha Empire
 Crowned the Chhatrapati of his realm
 Passage to invade tried to sabotage
 Mughals lost the powers and Whites lost the image
 Both 're born before their deaths a thousand
 Times ahead. OOO

A SLEDGEHAMMER MUTTERING

He gave the world a new horizon
Choosing a violent death in service of justice
Truth and equality of all persons exploring
The stars and said,
"Ask not what your country do for you
Ask what you can do for your country."
He was young and lived among the youth
Counting the value of young ideas
As passionate he showed compassion for those
Who needed him most -- the old, the sick
And the under privileged
Also he knew that in the world of politics
Enemies are oftenly made for life
And the defeated face is political death
He was forgiver
Whom those submit to reckon
None else, but he's Fitzgerald Kennedy
JFK, -- The president of USA. OOO

 That something broke inside me
But also with those whom
I had valued as dear comrades
My stay in prison this time
Because of a greater ordeal for my nerves
I feel so now and often

Pockets are indeed more valuable
And cherish than hearts
What's there so naughty
The brain, the body's dignity along human justice
But you wouldn't have me there to see

Hide my heart from you there I see more

They are cunning enough to themselves. OOO

Soul Prescribes The Reality.

MY ARMY CHAPTER

The finger on the trigger mind in bravery
Soul prescribes the reality and hardship
Then life began to prepare
An annexure to my livelihood
Half learning better earning but away from home
Click and closed to others not my lovely ones
Bond and bound apart from images
There I served for long Sixteen-and-Half years
The finger on the trigger mind in bravery
Gunshot on my chest bomb blast on my head
Full of annoyance full of tiredness
But, Me as an Indian soldier I was hard always. OOO

ME AS AN INDIAN SOLDIER

The snowlands of Punch-Rajouri, Mana-Malari and
 Ladakh-Gilggit always brighter
 Where I stood bravely as an Indian soldier
 Where I liked much to guard my country's border
 Where I began to salute the nation warmly
 And I prayed my God always
 To make me thankful to Him and to my country
 I'm always an Indian soldier
 I stand there on the snowlands in China border
 Always stand there in Pakistan border
 Also I stand there in Laddak-Gilggit border
 Even in the days in darks and nights in darkness
 I like my greens and to become greened
 In-and-around those snowlines
 I'm always an Indian soldier !
 I'm always my country India's brave soldier !!
 Now I say,
 Borderless Country Declines The Nation !!! OOO

[As a family member of AEC (Mar 1978 -- Jul 1994)
 I dedicated my services for my country.]

I AM A BORN WARRIOR

Yes ! I'm a born warrior !!

A great-great-great-grandson of Ahom Kingdom
 Who roled in Assam for long six hundred years
 Who emerged others to fight against the Moghals
 Who dreamt alive to serve the nation the Kingdom
 And who dreamt to live then under one umbrella
 I'm the great-great-great grandson of Chaolung Siukapha
 I'm a clanth-seedling of King Gadadhar
 And Mahasati Joymoti is my great-early mother
 Battles and fightings are in my each blood veins
 I am proud of that's to be born warrior
 And proud of being an Indian Soldier Poet at global affairs
 Pen-and-papers on my triggered shoulder
 I know why the nation deserves today world security
 I know the value of unity, integrity and prosperity.
 Yea ! My pulin-puthao also valued the same

RIVER DIKHOW MY SECOND MOTHER

Still I hymn on the south bank of River Dikhow
My second mother
Where I's born and broughtup, played and learned
And dreamt to dream in Konwerpur
What I believe today and tomorrow
What I become besides parently cares
Though I lost my father in 1964
The days before Nehru's demise
No more father leasthelped mother
Days of sorry-and-sorrows thereafter
I began to assist me, youngers also my suffering mother
A hutch surmon seems nearer to silvery sky
Rains warmed the poor blankets
My mother kept herself guard the nights alert
There, River Dikhow taught me
To become bold-might-and-bright always
Because, she is my second mother
As she pushed me to become a bold
Then I joined Army
To protest my hardship ahead to show. OOO

GREENY GREENTH MOR SEUJIYA KAVITA

What I love and like that's to survive in life
Whether in the days or in the nights
That's all to be recognized in brilliance to return
While I was in Kurukshetra to become improvised
Needed the excellency to go ahead onwards
I walked there freely to accomplish ideas
That I heard in my heart before the years
Morning was right to attend my class
Evening was also right to walk over the wars
Days 're too cool in that December
My nights 're too short to stay in bar
When my colleagues slept to rest and fresh
I talked about my searching the warriors
The heroes of The Mahabharata -- The Epic unique
Composed by Sage Vyasa before the ground compromise
Whence my Lord Krishna recalled Bhagawat Gita
There I walked in search on the greens of old Kurukshetra
As I searched it long before in "Mor Seujiya Kavita"
That's a soldierly search of my consequences. OOO

VAISHNO MATA SHRINE

On the way to Rajauri realms

 Phir se bolo Jay Matadee
: Age se bolo Jay Matadee
 Pichchhe se bolo Jay Matadee
 Aap bhi bolo Jay Matadee
 Hum bhi bolen Jay Matadee
: Pyar se bolo Jay Matadee
 Phir se bolo Jay Matadee
Then after climbing up thirteen kilometre on foot,
Or, hiring donkey or, horse
One may reach the Shrine of Vaishno Mata
No rest no gap in walking across
One meets hundreds of pilgrimage
Someone coming someone going no gap no rest
Throughout the way an endless ant-lined freezing
There you'll see three statues on far-top Hill
Bow and pray
O' my dear PILGRIMAGE !
Matadee is everly ready to fulfill
Your humble desires, Jay Matadee !! OOO

Only tears of people with those thirteen soldiers

THE TRIGGER OF MY GUN

My hand was muddy in that moment
I felt hard to breath freely
Head was showerd by closed stones
Bunker was camouflaged to keep us hidden
One of my friends was killed by the enemy
I loosed my all energy
No lunch was served for last three days
My Commander lost his breath before the hours
Next to him got no spot no address
Enemies run across the school ground
All silence
All blocked their own bones and backs
At the moment I couldn't move to see around the field
I recalled, broken bunker breed the beams between
Where I couldn't ask for help to help others
I flattered there with my gun's trigger
My mind was triggered to fight the war
Just to hope the last showerings only
In my country's favour. OOO

THE BAYONET

Ghauf! Ghauf!! Ghauf!!!

The sounds in sequence

The steps in sequence

The jawans practised the weapons

The ground presumed to battlefield

Narrowing the targets aiming the enemies

Ghauf! Ghauf!! Ghauf!!!

Enemy can't run so behind

The bayonets 're too sharp to cut

Too cut to hurt also to assault

That's my Banduker Sangeen -- the dagger

Greep ! Greep !! Greep !!!

Advance ! Who's the next !!

No rest until you finish those enemies

Enemy can't run so far behind. OOO

RHYTHM THE THRILLER

An ounce of blood smogs thunders
Also the showers over the hidden bunkers
Enemy fires but in vain
Enemy crossed across the warlines
That's also they called as No Man Land

 There's none to protest
 There's none to defend
There is the land of silence over the trenches
There is the enemy to disgrace and disrespect
Rhythm of sounds rhythm of fires
And better to the best for ever
in my country's favour. OOO

Break the breakfast
No food no fast the task assigned
Until and unless he became established
When I was there I found him the best Commander
What did I notice in him
The commander once while on leave
A bomb blast near to his Bn Gate
On the bank of River Manowar Tawi
On the very next day
He rejoined the duties risked his best. OOO

TAWANG MISHAP RECORDS THE SOLDIERS

They climbed up about half a mile on Sela Trek
After being got the body injured
The Tawang Mishap occurred on Apr 19, 2011
Seventeen out of those twenty three
Perished with CM Dorjee Khandu
Pawan Hans chooper crashed into gorge
An elevation of about ten thousand feet
Four civilians out of those seventeen
Weakened Kolkata's records of tourism
After five days bodies were found smelled and scattered
Capt Limbu along with another five climbed up
The gorge on Sela Trek
Here I find horrors in Emerson's The Problem
When he finds troubled while musing of
accepting a priest's vocation
Church is so a place of ritual prayers
Not a source of segregation among those prayers

He says,
 "Know'st thought what wove you woodbird's
 Neat of leaves, and feathers from her breast
 Or how the fish outbuilt her shell
 Painting with morning each annual cell?"

// Ralph Waldo Emerson// The Problem

Further I say, Emerson used his Churchbar
 To bisect the prayers like those who pray
 On own faith of rituals and ceremonies
 And, the others who pray on imposed-religious faith
 But Pawan Hans' Gorgebar fails to bisect
 The dead and the injured
 The Single Engine, Five Seater Pawan Hans
 Carrying them all together
 Captain Limbu, Subedar Bir Bahadur and Jamadar Udaibir
 Climbed up the ridge
 It's fate and fortune to those Tawang victims
 Those passengers 're segmented by Gorgebar
 But for the formers, the Priest chanced the race
 Using his sacred stick Churchbar

Emerson says,

"And Morning opes with haste her kids
To gaze upon the Pyramids
O'er England's Abbeys bends the sky"

"Nature gladly gave them place
Adopted them into her race
And granted them an equal date
With Andes and with Ararat. * OOO

Before I proceed to the lap of Malari

They smoked they gambled all the day
To him the Kangri was hot always

At Dronagiri Mountain

Badrinath stands erect since the Vedic periods

OPERATION BLUE STAR

After Bharatpur, I was posted to Amritsar Cantt
On Jun 6, 1984 Bhindranwale was killed
Golden Temple -- Holy Site of Sikhs was still in tense
Where he had taken refuge being the Thirteenth Jathedar
But a Sikh militant demanding Khalistan's independence
His death turned outrage and aftermath
Led to a period of intense violence
And assassination of Indira Gandhi four months later
The further escalating tensions all over the world
Indira attempted to Co-opt the militants
A bid to spit of Sikh Votes also to weakened
Akali Dal in 1978 SGPC election

How to build character when everything wrong around
How to build own character in ones business
Patanjali says, "Ete-jati-desha-kala samayavacchinnah;
Sarva-bhauma-mahavratam." (Ibid., II. 31)
It means, these, unbroken by time, place, purpose and
Caste-rules are 'Sarva-bhauma-mahavratam',
Universal great vows. OOO

REST FOR NO REST

Does a critic sleep for rest or, for no-rest
Likewise I say
Does a soldier sleep to rest or, for no-rest
Because of risk decided
Musings are enough to enjoy
And enough to make us enjoyed
Birds are to sing or,
To be sang in different ordeals. OOO

FITNESS BUDDY ON THE WAY

It's these false attachment that lower one
To the level of animal's efficiency
One way from one's true divine nature
And surrender of the ego is unveiling of divine
To that degree individual raises himself
Potentiality takes a wiser part of nature
One who prays for discover harmony
And serve others so nicely
Otherwise all that go on the way leading destruction
That's you and me know called maaya the illusion
Without a cause an effect can never arise
It is neither existent nor born nor both
Neither same nor different nor both
Neither made up of parts nor whole nor both
Most wonderful beyond description in words
To go on the way to those service detailed by God only
One neither knows nor known nor both,
But the fitness of body-mind-and-soul
Awaits to meet goodness of God on the way. OOO

I MISSED PACHMARHI ONE FULLNIGHT

Who's who those whose
Who has seen the shrine of Plateau Pachmarhi
Dhoopgarh-Zata Shankar-Mahadev-Beefall Pandav
Cave-and-Apsara Zheel
Where the beauty blessed all
The Queen of Satpura speaks it better
How nice so fine murmuring utter
What's there Sevincross' Huts behind
Deer's running calls for moment's pleasure
And again to say, Apsaras began to dance with the waves
When the drum floats symphony in Carriappa's evenings
There, I missed Pachmarhi one fullnight just to describe
That some herbs are insane some are not
Some herbs are bloodsucker some are not
There in the deep jungles of Pachmarhi
Where I was fallen senseless in course of running

The Map with compass used for ground readings
The point nearby Pipariya changed me to dust
As it repeats the same well before too
There I met some jungle herbs along with shrubs
When I reached somewhat fast than fasters,
Point to point march, and then to the closing point
Where the trainees meet at last
On that finishing point they gathered
And take lunch that I call packlunch
Sweating body tired the minds but we begin to laugh
A joy of finishing the points signed and covered
Each point directs the readers with help of compass
And signed for the next then the last
I was somewhat fast than the fasters
Thus I proceed the points one after another
And became signed fastest the last point
Within the herbs below the shrubs and in jungle roars
Run to Finishing Point to break with my lunch
That I couldn't follow my right trek there fullnight
My trainers lost me there
Asserting the jungle herbs or, the bears
What's happening what's to happen
Where I had to go right, go to hell or to heaven

I couldn't decide between the scene
The scene of darkness densed with shrubs
That's the scene of nothing but my madness
I missed Pachmarhi one fullnight
Then I passed the night among the herbs
Just on the nallaside that proceed towards River Denwa
That dirtful nalla nearby Piparia
Next day I was found sound by the group of friends
And offered tea and breakfast first
And asked me about the mishap night
The night was dark, fearful but humble
The Queen of Satpura which shrines the pleasure
I also remember the old pulling-punkas
Just attached to roof of barracks
And, still I feel proud of them alongside
They're kind and full of humanity side by side
Chushul-Barki-Kohima-Jayanti-Carriappa
Mayn't make to forget
What's stood there in MH Gate
Still I recall the saying, "The edge of the market's
Out of bound to buy someone's something;
Or, get the needed something something." OOO

ONE PATRIOT FIVE SNAPSHOTS

[[I]]

My nation has been named after development. OOO

[[II]]

Whose name is epitaphed on the stone
Can't you be the best to hoist the flag yourself. OOO

[[III]]

If somebody tries to shoot at me
I'll not try to cry or abuse him back
Because, I shall be far behind the target in the ocean. OOO

[[IV]]

A crowd of tears and thunders that I've seen
Trying to run upon the hill and to come more across
Besides showering their shoes-and-chappals
On ground whipped them peak few days back. OOO

[[V]]

I'm the strong, stronger my body and mind
Above and beyond that believed
One nation one body and one-and-one but all
The nation needs today the strongest soul
Count not the heads count the brave heartstrongs. OOO

MY WORLD SHRINE ETERNAL

After my country as a soldier
I've to look after my whole world
As a brave soldier I've to work bravely and soldierly
That's the world needs today
Just to safe me not only
Just to safe my country not only
And just to safe my world more politely
My world shrine eternal, I'm the sage ever princely
I'm not the poet only
Not also that sainik only
I'm only-and-above that poet soldierly
I'm all-and-about to serve my world bravely
Beyond reaching its blissful blessing
I've been blessed to take Her risks humbly
God showers on my head His mighty AASHIRWAD
That's all piously. OOO

BAGURUMBA THE BUTTERFLIES

Spring is never a bounce
 Growth longer, warmer, often calm and dry
 Summer the warmest along the sunniest
 Long days call thunderstorms
 Autumn falls cool the days shorter weather but stormier
 Leaves become dry before fall to change
 Winter the coolest season shortest
 Featured frost, ice and some snow
 Ayurved recalls to count and collect the herbs
 There I see the depth of nature fully coloured
 Bagurumba attires butterflies to refresh the land
 To refresh Kham-Serja-Sifung upon the sites
 Jhumoor humps to Spring
 With Dhol-Madal alongside Nagara-Bansuri
 Cherry seers up with the snow
 Almond Blooms there
 Equipping the wings of Pampore at Badamwari
 Spring shakes her hands at Luner New Year
 Printemps de Bourges hymns in France
 Fastelavn welcomes all Norwegians
 Now, I repeat Spring welcomes all not the skins
 Giving chance to fresh them not in ounce. OOO

Just to make others Yakeen
Just to enjoy at my homely faith and fairs

Since the Ahom Kingdom
Standstill at Bakata Nemuguri
