An unbiased opinion.....

The subject matter of the novel *The Black Love (Beyond of the Feelings)* is based on my own concept and research. This is my original work. It has nothing to do with anyone's personal life. An attempt has been made in the text material of the novel to show the difference between sex and love so that many such married families which are breaking and breaking apart due to suspicion between husband and wife can be saved. This novel is a strong effort to save such families and the married life of husband and wife. For this, I am very thankful to my friends Amit Agarwal (Swami Ji), Vishal Dixit, Gopal Dixit who inspired me to show, understand and write the facts of such text material.

[Dr.Sanjay K}

Aditya was taking a bath in the washroom. He had to leave early for office. Aditi was preparing breakfast and lunch for him. Along with that she had also turned on the washing machine to wash the clothes.

She was going to put Aditya's clothes of the last one week in the washing machine. She was checking all the clothes to see if Aditya had left anything in the pockets. Aditya often left money or some documents in the pockets. That is why Aditi was putting each pant and shirt in the washing machine after checking them carefully. Nothing was found in the clothes. The washing machine was filled with clothes but only one jeans pant remained, which she thought of washing later by putting it in the washing machine.

After this, she came to the kitchen and started preparing breakfast for Aditya. Breakfast was almost ready. Only roti was left to be prepared for lunch. She put breakfast on the table for Aditya. On the other side, clothes were washed in the washing machine. She checked a pair of pants and started putting them in the machine quickly. But then she felt that there were some papers in the pants. She checked the back pocket of the jeans and found a small slip on which Hotel Inn Central Gurugram was written. The slip was dated 8th August and was of a wine bar. She was a little surprised and started thinking when Aditya went to this bar. He had told that he had gone to Dehradun with

two friends. Then she thought that it mentioned two persons, but these were three friends.

Aditi started thinking, Aditya often goes out with his friends, but he informs her before going. She also does not stop him because he has a deep bond with his friends. To keep him happy, she allows him to go out. But Aditi kept getting worried thinking about one thing that he had talked about going to Dehradun on 8th August, but on 8th August Aditya was in a hotel in Gurugram. Many thoughts started running in her mind.

Aditya came out of the washroom, the water droplets on his body were looking sexy. Aditi often used to pinch his body jokingly and fun when he came out of the washroom after taking a bath. Aditya rubbed his hair with a towel and said-

"Aditi, prepare breakfast quickly, it seems I am going to be late again today. Boss's advice is that will get to eat for free."

Aditi was silent. Aditya looked at Aditi in surprise and said- "What happened sweetheart...? Give me breakfast quickly and pack the lunch."

"Aditya where did you go on 8th August? Aditi asked staring at him.

„Hey! I did tell you. I went to Dehradun with Rohit and Akash. But what happened to you suddenly that you are asking all this after a week."

"Are you sure Aditya." Aditi also used to call him Aadi in love.

"Sure my love. What is there to be confused about. I went to Dehradun on 8th August with Rohit and Akash. Now give me breakfast quickly? It is getting late."

“Aditya, a bill dated 8th August was found in your jeans pocket, in which Hotel Inn Central is written.” Aditi said while extending the paper towards him.

Aditya was a little surprised and started looking at the slip. He laughed loudly and said-

"Oh Aditi! you too. I probably forgot to tell you. Due to not getting a hotel, the program for Dehradun got changed and anyway we had been to Dehradun many times, so Rohit and Akash had made a plan for Gurugram. Sorry Aditi. I could not tell you. Love you Jaan.” Aditya said smiling.

,But it mentions two persons. There were three of you?” Aditi counter-questioned.

Hearing this, Aditya started looking at the bill again and said-

"Aditi you are getting serious without reason. This is a wine-bar bill. Akash doesn't drink much, so it was me and Rohit. Now let's have breakfast quickly my love. I have to go to office too." Aditya said while caressing her cheeks lovingly.

,Aadi, I am not able to understand anything. First of all, why did you hide from me that you went to Gurugram instead of Dehradun. You should have told me the same night that you are going to Gurugram instead of Dehradun. After all, how much time does it take to make a call. I never stopped you from going with your friends. Still you hid such an important thing from me. This is not good Aadi.” Aditi spoke emotionally.

“You get upset over small things. I have a private job. There is a lot of work in the office. I have to work on new projects day and night. I have to give presentations. If I forgot to tell you, then why are you making so much of it?

Sometimes it happens due to too much work. I will be careful from now on Aditi."Aditya said this again while looking at her affectionately. But Aditi was not able to believe it. She was silent. Then Aditya said- "What happened now my love?"

"Sorry Aditya. I still can't believe what you are saying. You just said that sometimes this happens because of work. This means that you have gone here and there without telling me before. Please tell me the truth Aadi. Where were you on 8th August?"

"Aditi, now I will give you the account of each day. Instead of going to the office, I will first tell you about 8th August, what was said. Whom I went with, what I ate and drank and where I roamed. You want all these reports. Aditi. I don't have enough time to tell you everything in detail with proofs. Please Yaar! stop auditing me and don't spoil my mood." He said this with a little anger. Aditi also got angry at this and said-

"Aditya, you have spoiled my mood and you will have to tell me who you were with on 8th August."

"This is getting too much now Aditi. Let me wear the clothes, don't take them off." Aditya said angrily.

"Aditya, I am asking you again, tell me the truth. I will not say anything. But if you try to deceive me and even if you wear clothes,I will make you take them off." Aditi spoke angrily while staring at him.

Aditya got upset and said- "Aditi, how many times should I tell you? I went to Gurugram with Rohit and Akash. I made a mistake by not telling you that I went to Gurugram instead of Dehradun. Please forgive me."Aditya said angrily with folded hands in front of him.

Just then Aditya received a call on his mobile. The call was from Akash's name. Aditi picked up Aditya's mobile.

"Aditi give me the mobile. Akash is calling. Let me talk to him." Aditya said in panic.

But by then Aditi had swept the mobile call and put the phone on speaker.

"Hello."

"Hello Akash, this is Aditi."

"Hello Bhabhi ji. How are you? And where is Aditya?"

"I am fine. Aditya is getting ready for office."

"It's okay Bhabhi ji. I will call him later."

"Ok Akash Bhaiya. But I wanted to ask you one thing."

"Tell me Bhabhi ji. What do you want to ask?"

Clear sound was coming from the speaker. Aditya's face had started sweating.

"Did you go to Gurugram with Aditya and Rohit on 8<sup>th</sup> August?"

"No Bhabhi ji. I was at my home on 8th August. It was my marriage anniversary. But why are you asking this Bhabhi ji?"

"I was just asking like that. Ok Akash bhaiya."

Saying this, Aditi disconnected the phone. Aditya's face was worth seeing. He was unable to think of any way to get rid of Aditi. Aditi kept her eyes fixed on Aditya's face. The curtain had been lifted. Certainly, something was wrong. Aditya got nervous and said while handling the situation.

“Aditi, let us discuss this matter in the evening. I will tell you everything in detail. Please Aditi.”

“Why not now?”

“Oh Baby!”

Aditya sat down holding his head. He was not able to understand how to face Aditi now. Aditi was waiting for his answer. Silence had descended in the room. Both were silent. Then Aditya said softly-

"Now let me go to the office. I will clear the whole matter in the evening. Please Aditi."

“You have already cleared the matter Aditya. Now you have to find a way to escape. Tell me with whom did you have sex on 8th August.” Aditi had asked a direct question. Her heavy breathing was a clear indication that she was extremely angry with Aditya.

Aditya's face had turned pale. He could not think of any answer and started wearing his clothes. Aditi was completely convinced that Aditya had done something wrong. Then Aditi shouted loudly-

"Aadi, did you not hear what I asked?"

The terrifying sound frightened Aditya. His heartbeat picked up speed.

“I will tell you everything. Aditi give me time, please. I love you very much.” While saying this, he lowered his eyes. He was unable to make eye contact with Aditi. It was difficult for him to stand in front of Aditi even for a moment. He quickly got dressed and started leaving for office. Just then Aditi's voice came-

"Maybe you have broken all the limits of relationships. You don't love me Mr. Aditya."

Aditya looked back but could not make eye contact with Aditi and quietly left for office without having breakfast or lunch.

## 2

Aditya had come to the office. He was working as a project manager in a multinational company. As soon as he reached his cabin, he called Rohit and Akash to his cabin.

“Hello Aditya bhayee, how are you? And what is this Bhabhi investigating? Bhabhi even disconnected the call. Is everything alright, friend?” Akash said warmly after going to Aditya's cabin.

“Akash Bhayee everything is messed up.” Aditya said. Tension was clearly visible on his face.

“What happened brother? Did Bhabhi catch you stealing?” Akash muttered in a mischievous tone.

“Just think of it like this, friend. I am in trouble. Your call has spoiled the whole matter.”

“Now will you tell me anything or will just keep reciting the secrets?”

“Actually friend, on 8th August I had told Aditi that you, me and Rohit are going to Dehradun and we have been going there often. Actually I went with someone else.”

“That means you went with someone else on 8th August. Please tell us who is that brother who left his brothers and went with him.” Akash spoke in a funny manner.

Then Rohit also came to them and said- “Yes Aditya bhayee, how did you remember me as soon as you came to

the office and what a state your face has made. It seems as if Bhabhi did not let you sleep the whole night.” Rohit said in a mischievous manner while having fun.

“Rohit bhayee, our brother has been caught. Bhabhi ji has caught him red handed. That is why he is worried.” Akash said smiling.

“What do you mean ?”

“Now only Aditya will tell the whole story. However, I can say this much that my call was received by Bhabhi. After listening to her, I felt that the matter is serious. Only brother will tell the further details.”

“Brother, what has happened ? There is a solution to all the problems in this world. And problems are created only so that they can be solved by supermind and anyway, these days it is the era of AI. All the answers are readymade all the time.” Rohit says.

“But AI only has the answer. The rest has to be earned by humans themselves.” Akash said. Rohit and Akash laughed loudly at this.

“Hey friends, you people are laughing. My condition has become critical here. My blood pressure has increased. I am unable to think of any solution as to what to do.” Aditya said irritably.

“Hey brother, first tell me the whole story. Only then will we find a solution.” Rohit says.

“Yes Aditya bhayee. First tell me what the issue is. After that we will find a way and the problem will be solved. Even if we have to take the help of AI.” Akash said laughing.

“Friend, the thing is that on August 8<sup>th</sup>, the boss had sent me and Akanksha to Gurugram for the company project presentation.”

“Yes, definitely sent you. I know. But the presentation was only for two hours. After that you came back home.”

“This was not possible. Akanksha and I already had some understanding so we both took the same cab. The presentation was good. Akanksha and I were very happy. In the evening we went to the mall for a stroll. The room in the hotel was already booked.”

Rohit and Akash were listening to him with great interest. Rohit said with a mischievous smile-

"Very good my brother. What happened after that." Rohit said while praising Aditya.

“Then we stayed the night and the next day we returned to our homes.”

Rohit laughed after listening to Aditya and said, "You are getting worried over such a small thing. Hey, what's the big deal if we stay overnight. This happens often. We have to go out for company work and have to stay in a hotel at night. What is the mistake or rocket science in this that you are getting so worried about?" Rohit says.

“Hey friend Rohit, if the matter was limited to just stopping then what was the problem?” Akash said.

“Meaning. What do you want to say?” Rohit said

“Today when I called Aditya, Bhabhi received the call and asked me about 8<sup>th</sup> August and where we had gone. I told her that it was my marriage anniversary. I was at home. It is possible that Bhabhi may call you too and ask about this, what will you tell?”

"I did not understand anything. What is the matter? Aditya is saying that he stayed overnight. You say that you have told Bhabhi about the marriage anniversary. Tell me clearly. What is the issue friend?"

"Aditya will tell the whole matter." Akash said.

"Aditya bhayee, tell me what happened after that. Were both of them in the same room at night?"

Aditya nodded in agreement. Rohit and Akash were stunned.

"Oh brother! Looks like you've hit the jackpot." Rohit said jokingly.

"Rohit, Aditya's married life is about to lose its shine." Akash says.

Rohit looked at Akash carefully and asked softly,

"Did both of them get physical?"

Then Aditya looked at both of them and said- "Yes brother. We both had drunk too much that night. Akanksha and I drank five packs each. We were very drunk. We didn't even realize when we came to the hotel room and got physical."

"Oh! So you both had sex." Rohit said with surprise and then confirmed it by saying, "Right Aditya.",

"Whatever happened, happened with the consent of both of us. Akanksha had no regrets. The next day we both returned to our respective homes." Aditya spoke softly. He confirmed that they were sleeping together and there was no need for black ink. Black love had come into the light.

"And there was no question of your regret. Because you had done this many times before that in the name of massage.." Akash whispered jokingly while saying this.

“Has Bhabhi ji found out about the sex between Akanksha and you?” Rohit asked.

“No, not yet. But today when she talked to Akash and asked where were you guys on 8th August, I am not feeling good after that. Maybe I made a mistake. I should have at least told Aditi on 8th August that I had gone to Gurugram instead of Dehradun.” Aditya says.

“Your sexual relationship would have been hidden. And you have done all this many times in the massage center before this as well”. Rohit said.

“You have done that too.” Akash spoke in a fun manner.

“And you too brother.” Rohit commented. None of the three are innocent. Actually all of us have had sex outside.

“Sex in a massage centre is not called sex. It is considered a massage only. Sex is what Aditya has done.” Akash says.

“What a thing brother. What a wonderful explanation of sex. Hey crazy friend, sex is sex. Whether you do it at home, outside or in a massage center. The definition of sex will not change because of this” Rohit said while explaining sex in detail.

“But it is a matter of morality. Sex with anyone other than the wife is not moral.” Akash said this while defining sex in his own way.

Aditya was looking at them carefully on their definitions of sex and was thinking that these people are giving sermons on the definition of sex. My married life is about to end. Then Akash says-

“Brothers, let me make one thing clear. Nothing is hidden from wives. They can recognize their husband by looking at his face and where he has come from. Just look at my example. Whatever may have been the relationship before

marriage, but after marriage the entire horoscope is in the hands of the wife. Brother, now I do not have the courage to look at any woman. And after marriage I have not even gone to any massage center.”

“You might have developed physical weakness.” Rohit spoke softly in a mischievous tone.

“Shut up Rohit. After marriage, there is mutual purity between husband and wife. Okay, before marriage all this happened knowingly or unknowingly. But after marriage all this is not right.”

“Okay...My Bachelor!” Rohit said.

“Yes...brother yes..Will you continue doing all this even after marriage?” Akash asked.

“Okay friend, I agree with you that all this is not right after marriage.” Rohit supported him and said,

“Now leave aside all this about who did what and who did not do what before marriage. Now we should think about how to solve Aditya's problem.”

“Right...Akash said.

“It is true that you and Akanksha were in Gurugram on August 8<sup>th</sup> . But Bhabhi does not know that you were with Akanksha and both of you shared the same room.”

“Oh yes friend. That is correct. Bhabhi has no idea who you were with.Tell them that I was with Rohit.”Akash said.

“I also want to say the same thing. Akash told my wife that he was at his home on 8th August.” Aditya said.

“Then what should I tell to Bhabhi ji ?” Rohit asked.

“If she asks, tell him that you were with me. Because he has seen the bill for two persons which was found in the

pocket of my jeans. At first I told him that we three had gone to Gurugram. But later when he asked that this is the bill for only two persons, then I told him that Akash does not drink so Rohit was with me. That is why this bill is for two persons.”Aditya said.

“But Bhabhi has already spoken to Akash. Akash has made it clear that he was at his home on 8th August. It was his marriage anniversary.”Rohit said.

Hearing this, Akash started thinking and said-

"Tell Bhabhi that actually we three had a plan to go to Gurugram but due to my marriage anniversary, only you and Aditya went to Gurugram. And if Bhabhi questions again, then I also tell her that we three had to go to Gurugram but due to my marriage anniversary, Aditya and Rohit went to Gurugram. Maybe then the matter will be sorted out."

“Maybe it will be okay.” says Aditya.

“Now what are you thinking Akash...?”Rohit asked.

“Friend, I am wondering whether Bhabhi checks your mobile phone?” Akash asked Aditya.

“Sometimes she looks at it. But what do you want to prove by this and what is the purpose?”Aditya said.

“There is a purpose, my brother. Because suppose Rohit told her that you were with him on 8th August and I also made it clear to Bhabhi that only you and Rohit had gone to Gurugram. But what if Aditi Bhabhi has checked your mobile.” Akash spoke seriously.

“Oh my god! Hey brother, I never thought of this. Tell me Aditya, did you chat with Akanksha?” Rohit said

Aditya looked at him and said, "Yes, it does happen a little bit."

"The day you both went to Gurugram. Did you have any chat with Akanksha that day or before that?"

Aditya was shocked to hear this and started looking at the mobile in his hand. He turned on Whatsapp and started looking at the chat. The mobile was full of chats between Akanksha and him. The chats of 7-8 August were present on the mobile. He had not even deleted them yet. Aditya held his head.

Rohit took the mobile from her hand and started reading the chat. Everything was becoming clear from the chat. The chat was full of pictures of flowers and hearts. There was no scope of escape. As soon as he read the chat. Then Rohit said-

"Aditya, you are a small child. At least you should have deleted the daily chat." Saying this, he extended the mobile towards Akash.

When Akash read the chat, he too was shocked and said-

"Brother, to hide one truth, 100 lies have to be made. But the truth does not get hidden, rather it shines even more. The kind of chats that are still present on the mobile and if Aditi Bhabhi even glances at them, then no one can stop Katrina storm from coming into the married life of both of you."

Aditya looked helplessly at Akash and Rohit to get him out of this mess. He was helpless. He was trapped badly and said- "Brothers, please free me from this mess. I am very upset."

"Do one thing Aditya. Tell Bhabhi the truth." Rohit said.

“What do you mean Rohit?” Akash said in surprise. “If he tells the truth to Bhabhi, then you know what will happen.”

“What will happen...?”

“What else will happen except divorce. No wife can ever tolerate that her husband has an illegal relationship with another woman.” Akash said.

“It is also possible that Aditi Bhabhi may forgive him.” Rohit Says.

“Brother, I don't think so. There should be some research data in which wives forgive their husbands for having extramarital affairs. It means that out of 100 women, any two women might have forgiven these extramarital acts of their husbands.”

“Hey friend, why do you keep reading research? There is no data...! There is no data...!” Rohit said while making a face towards Akash.

“I am telling the truth brother. As far as data is concerned, Google it. You will get to know and if not, ask AI aunty.” Akash says smiling.

“Friends, you guys are still joking. My life is in danger. Please suggest a solution, brothers. Otherwise, my marriage life will be ruined.”

“Take a Ricks, brother.” Rohit said and started telling- “Look, if Aditi Bhabhi has not seen your mobile, then your life can be saved. Because I will also tell that I was with you on 8th August and Akash will also testify about it. And anyway, only two persons are mentioned on the slip, no names are written.”

“What if Bhabhi had read the chat?” Aakash counter-questioned.

Rohit could not answer this question and said- "Only Aditya bhayee can be sure whether Bhabhi read the chat or not." Rohit said.

"Tell me Aditya bhayee. Are you sure that Bhabhi did not check your mobile?" Akash asked Aditya.

"I don't know friend. I can't say anything." Saying this, Aditya again held his head. His tension was reaching its peak.

"Aditya bhayee, we will have to take risks. Do one thing. First try saying that Rohit was with you. But still make sure that Bhabhi has not checked the mobile." Akash said while explaining.

"And suppose Aditya told me that he was with me on 8th August and I also accepted this. But what will Bhabhi do if she gets to know about the chat...?"

"Now, the world does not run on assumptions. But we will have to take some serious stand." Akash said.

"Then it's okay. I will just tell you that I was with you on 8th August. By mistake I included Akash also. Because usually three people go out together." Aditya said.

"Okay brother, as you wish. If the matter is settled at this level, then I am ready to lie for you. But remember one thing brother. Friendship is at its place. If Bhabhi comes to know the truth and Aditi Bhabhi asks me, then I will tell the truth that I was not with you on 8th August. Understand all this well. Then do not say that I ruined your married life. Because I am also married. If the matter reaches my wife, then her trust will also be broken." Rohit said while explaining to Aditya.

Aditya was silent. He had no answer to Rohit's words so he was silent.

Then Rohit said- "Look brother Aditya, I will lie to Bhabhi for you. But tomorrow if the truth comes out, I am telling you clearly, I will tell Bhabhi that I lied on your instructions. Tomorrow if my wife also comes to know, then think what a storm will happen. Mutual trust will be destroyed. My married life will be ruined. So brother, think carefully." Rohit was explaining to Aditya.

"By the way, look Aditya. Whatever Rohit is saying, he is absolutely right. If I were in his place, I would have done just this much to help you. But I cannot guarantee anything about the future. Because now we are all married. The wife knows everything, what time we go to office. When do we get off from office and when do we return home. And not only this, with whom do we keep talking after that, the wives know everything." Akash said.

"Aditya bhayee! Akash has said the right thing. That is why you will have to take your next step very carefully. Otherwise, God forbid, some big problem may arise." Rohit said.

"Yes brother. Because trust is a very important thing in married life. If it is not there then the marriage life will be ruined." Akash also said in support of Rohit.

Aditya was lost in thoughts and was questioning himself as to why he allowed such a situation to arise. He could have at least deleted the chat between him and Akanksha. He did not do that either. He was badly trapped in the cycle of thoughts.

"Aditya, think carefully before moving ahead. Your marriage life is at a delicate stage. If things can be sorted out by the time you stay with me on 8th August, then it is fine. I will tell Aditi Bhabhi. But you will have to handle the situation according to your convenience."

“All right brothers. If you need anything, I will call you.”

“Ok Aditya.”

Saying this, Rohit and Akash left his cabin. Aditya could not do much work in the office today. He was tense and worried and was getting worried about Aditi again and again. He was thinking how to face Aditi and what to say to her. It was evening. The office staff started preparing to go to their respective homes. Many employees had left. He also picked up his bag and left for home, where he was going to face his wife directly.

---

Aditya had come home. He was sitting on the sofa, covered in worry and tension. His mind was filled with some unknown fear. He did not know what was going to happen today. He was repeatedly seeing Aditi's angry face. Aditi used to bring some snacks for him when he came home from office. But today there was nothing on the table in front. He knew that perhaps Aditi was very angry with him. To make the atmosphere comfortable, he called out.

"Where are you Aditi? Please give me a glass of water." There was no sound from the other side.

Aditya got up from the sofa and went to the bedroom where Aditi was lying quietly. He gently caressed her and said-

"Aditi, you are fine. You don't have fever." He said this while caressing Aditi's forehead lovingly.

Then Aditi shook off his hand and said, "I don't want to talk to you."

Aditya got worried because today Aditi's voice was harsh and usually she used to call him by name, but today she did not. He got nervous and said softly-

"Please Aditi, talk to me."

Aditi got up and came out and sat on the sofa and asked Aditya- "Who all were with you on 8th August?" Her eyes

were frozen like ice on Aditya's face, reading his expressions.

"Aditi, Rohit was with me. Why are you getting so worried... I told you in the morning too. Please my love, leave the useless things. From now on I will inform you beforehand before leaving." Aditya said this to make her feel comfortable so that the matter does not escalate. But Aditi was looking at him with such auditory eyes that this person is still not telling the truth and asked-

"Are you telling the truth?" While saying this, her eyes seemed to be deeply observing Aditya. Aditya was becoming increasingly uncomfortable and while trying to control and restrain himself. He said-

"Yes Aditi. I was with Rohit that day. You can ask him if you want."

Aditi again looked at Aditya questioningly and said in a commanding tone, "Make me talk to Rohit bhaiya."

Aditya took a sigh of relief and understood that now things will work out, because he had already told Rohit that he would be with him on 8th August. Rohit had agreed to this to save him. He quickly took out his mobile and called Rohit. It was ringing.

Rohit received the call and said- Yes Aditya bhayee. What are your orders."

"Rohit, your bhabhi wants to talk to you."

"Ok Aditya bhayee. Let me talk to Bhabhi." His heart beats had also increased. Because when a person takes recourse to lies, both his language and gestures change. This process is natural.

After this, Aditya handed over the mobile to Aditi and said, "Here Aditi, talk to Rohit bhayee." Aditi took the mobile to talk and put it on speaker.

"Good evening Bhabhi ji . How are you? Come home sometime with Aditya bhayee." Rohit said this while trying to create a suitable situation so that he could talk to Aditi comfortably. However, he was also nervous in his mind that he did not know what Aditi Bhabhi would ask.

"Rohit Bhaiya, tell me one thing and please tell me the truth. Were you with Aditya on 8th August?"

"Of course Bhabhi! I was in Gurugram with Aditya." Rohit spoke with confidence. Aditya's face lit up as soon as he heard this, as if some divine power had supported him. But then Aditi asked again-

"Rohit Bhaiya, I want to hear once again who you were with on 8th August?"

"Bhabhi ji, I was with Aditya." While saying this, Rohit's tongue started faltering. As soon as he lied, his body started reacting strangely. Because the feeling of lying leaves an immediate effect on the body.

"It's okay Rohit Bhaiya. Can you come home now?" Aditi asked. Rohit felt nervous, but still spoke confidently-

"Why not Bhabhi ji. I will come right now."

"OK Rohit Bhaiya, you please come." Aditi said.

Rohit left to go to Aditya's house. He was nervous but he was ready to lie for his friend Aditya by increasing his self-confidence so that his married life could be saved. He reached Aditya's house in a short time. When he rang the doorbell, Aditya was there. He had hinted about 8th August through his eyes.

All three people were sitting.

“Yes Bhabhi ji, what has happened that you have started questioning me all of a sudden. Aditya bhayee is a very nice person. He always talks about you.” Rohit had tried to create a positive environment towards Aditya.

“Rohit Bhaiya. I have called you only because you are sure about 8th August that you and Aditya were together on that day.”

“100% Bhabhi ji. We both were together. And yes, Akash was not with us because it was his marriage anniversary.” Rohit was speaking confidently while preparing his role. Just then Akash called him on his mobile and Rohit said-

“Look, you took the name of the devil and his call came. Rohit said and he received the call on his mobile- “Yes Akash how are you?”

“I am fine. Tell me whether Aditya bhayee's issue is resolved or still the same. On hearing this, Rohit lowered the volume of his mobile so that Aditi could not hear the conversation and said softly, “Yes brother, everything is going well. Aditi Bhabhi has invited me to her house. I am at her house with Aditya Bhayee.,

“Good-Good! “ Akash said.

“Is this Akash bhaiya ?” Aditi had asked.

“Yes Bhabhi ji”.

“Can Akash Bhaiya also come here?” Aditi asked. Rohit was surprised to hear this from Aditi, but he controlled himself and said-

“Yes, why not Bhabhi ji. He will definitely come. Who can ignore your words? Even Gods cannot ignore the words of a Goddess.”

Aditi remained silent on this comment. Then Rohit said to Akash on the mobile-“Akash bhayee, Aditi Bhabhi is calling you too.”

Akash was also surprised and started thinking that something doesn't seem right. He could not refuse Rohit order so he said-

“Yes, it's okay brother. But get the invitation from Bhabhi ji.” He said laughing.

“Why not? You can talk to yourself.” Saying this, Rohit extended the mobile towards Aditi.

“Akash bhaiya. Can you come home now?”

“Sure, Bhabhi ji.”

“Thanks.” Aditi said this and gave the mobile to Rohit. Soon Akash also reached them.

Everyone shook hands and said hi-hello.

“Akash, tell Aditi Bhabhi who all went with Aditya Bhayee to Gurugram.” Rohit spoke in an instructional tone.

“Bhabhi ji, I had already told you that it was my marriage anniversary. I was not with them. But Rohit and Akash both had gone to Gurugram.

Aditi did not say anything. There was silence for a while and then Aditya said- "Please Aditi, now leave the useless things. Enough of questioning. Rohit and Akash's friends have come to our house. Aditi, please get us some good coffee."

Aditi did not say anything and remained silent. Seeing this, Rohit had some doubts that Bhabhi might have come to know the reality. He was thinking this in his mind. But the very next moment he thought - No, this cannot happen because now Akash himself has come and clarified the

situation. His side is very strong. But Akash's facial expressions were changing. He was thinking that something is going to be wrong. But he was also remembering God in his mind and convincing himself that everything is fine.

“Aditi, you talk to them. I will make coffee.” Aditya spoke affectionately so that the matter ends here and there is no discussion on this topic anymore. But then Aditi looked at the three and said emphasizing her point-

“I am asking all three of you again to tell me the correct and true thing.”

Hearing this, the heartbeats of all three increased. Trouble was clearly visible on their faces. Perhaps Aditi was not believing anyone's words.

“Bhabhi ji we are speaking the truth. Aditya and I were together that day.” Rohit spoke while presenting his point in a positive manner.

Just then Aditi took out her mobile and handed it to him. When Rohit saw the screenshot of the chat, he got a strong electric shock that what he feared had happened. His face started sweating. He was speechless. And he started looking around. His lie had been caught. Akash was also shocked. He also looked at the mobile and saw the chat of 7th and 8th August between Aditya and Akansha's love-flower and going to Gurugram together and staying in a hotel. Everything was becoming clear that on 8th August, not Rohit but Akanksha was with Aditya.

Seeing the changing expressions on her face, Aditya also looked at Aditi's mobile and the ground beneath his feet slipped away. His face turned pale. He was caught stealing. The white lie had turned black. The truth was shining like divine light.

"I am sorry Bhabhi ji. Aditya asked me to say this. Really Bhabhi ji, I did not want to lie but I had to do so on his insistence so that your married life does not get ruined." Rohit was saying this to Aditi in a compassionate and forgiving tone.

Aditya's condition was worrying. He was not able to think how to face Aditi. To hide this matter, he lied many times and made his friends lie too. He had no explanation left to give. The black lie had been exposed. His face was automatically blackened.

"I knew from the beginning that all three of you were lying. Because I had evidence. I was just taking the final test of you people that one of the three should tell the truth. Show the courage to speak the truth. But sadly, all three of you failed. The male society has always been testing the women and this endeavor continues even today. Even if the man does not speak directly, but often his words clearly indicate to the woman that what he is hinting at. The man keeps an eye on all our actions and reactions. How and in what manner she behaves with others. What she talks about with them."

All three were speechless on this. Rohit actually did not want to lie but he did not like the lie he told to save his friend Aditya's marriage. He was feeling bad. He wanted to leave from here immediately. Then he looked at Aditi with downcast eyes and said-

"Bhabhi ji, please forgive me. I lied to you. Please don't tell all these things to my wife. Otherwise my life will be ruined. Really Bhabhi ji, whatever I said, I said it on Aditya's behest." He said looking at Aditya.

Rohit got up to leave when Aditi shouted at him, "When you can lie for him, then he can also lie for you." She said this while pointing towards Aditya. She did not want to

take Aditya's name from her tongue. She hated this name. Now even Akash was feeling dirty.

Aditi looked at him and said- "Your excuse is good that it was the marriage anniversary. But you also helped them in making them lie. While you knew very well that Rohit was lying. All three of you were in collusion with each other."

Akash was not able to reply to Aditi's sharp taunts. All three were clean bowled.

Aditi looked at Aditya and said, "Do you want to prove that I am a man and can fuck up anyone anywhere?" She said, waving both his hands in a sexual gesture. "I can go out and sleep with anyone. These are the values your parents taught you. It is possible. Maybe this river of values is flowing from your parents."

"Aditi please... Sorry... I am very embarrassed." He had pleaded. Then Aditi roared like a lioness and attacked him with verbal arrows and shouted-

"Beware of calling me taking my name. You are not capable of taking my holy name out of your dirty tongue. Your tongue has become dirty. It spews the poison of lies." Aditya got scared after hearing this. Akash and Rohit also got scared. They wanted to leave from here as quickly as possible.

"You took seven vows with me and are having sex with other women without the *shehnai*. It does not cost money to have sex at home, so why not enjoy the ultimate pleasure outside. The ocean of pleasure is flowing outside for you. You do not get satisfaction at home. I am a woman. How would I know? I will keep serving you day and night. I will wash your clothes like a small child, serve breakfast and food on time and after that I will be ready for sex in every position on the bed. I will keep offering my

body in different postures. I will be ready to accept all your demands, in which you will enjoy sex in a different way. Keep using me like an object. You are engaged in sex both at home and outside. The fun continues.” Aditi was shouting.

“Please Aditi keep quiet. Forgive me Aditi. I have made a big mistake. Please Aditi keep quiet.” Aditya became emotional while saying this. But Aditi was looking at him like a wounded lioness. The heavy breathing coming and going from her nose was a clear indication that she was extremely angry. Even her fleeting silence was louder than thousands of words.

Seeing the situation getting worse, Rohit signaled Akash to leave and both of them started to leave. But then Aditi said.

"Where are you guys going? You shameless people still have more clothes to take off. You are very fond of having sex outside. You get satisfaction outside. Maybe you don't get it at home. And maybe there is some truth in this. Because I want to tell you, it is not easy to satisfy a woman. But a woman does not say anything because of social stigma. Because sex is momentary while love is forever. But how will a male like you understand this. He just wants to be satisfied every time. It does not matter to him what the woman wants. What she wants, for how long. In two to five minutes your storm calms down and you turn to one side and go to sleep. Everything is included in these two to five minutes. This is your stamina. The love that is expressed before having sex, vanishes after having it. But a woman still loves a man a lot because of love. She loves him and nurtures him like a small child. Because a woman is not interested in sex but in love. And I am not saying all this about this man only.” She said pointing towards Aditya. “Rather I am talking about you

three that you too may not satisfy your wives but still they love you a lot. I don't know why I am saying all this to you weak and unman. You three are not even capable of standing in front of me. Will you go out and have sex? Tell me..." She taunted the three again.

"Nothing happens at home. You shameless people, never ask your wife if she was satisfied or not. You only know how to take pleasure and snore and sleep. You people don't know how much sacrifice a woman makes."

"Please Bhabhi ji keep quiet and forgive us. I will never lie for Aditya again." Rohit said apologetically.

Then Akash also started saying- "Bhabhi ji please forgive me this time. I have made a mistake."

"No, I will not forgive you at all. Yes, I would have forgiven you if even one of you three had told the truth, then I would have believed in the male race. But now, I have no shame at all. You people who go out and have sex. I have complete faith not only in this, she said pointing towards Aditya, but all three of them continue having sex even after marriage. Right...?" Aditi asked.

All three people were silent. Then Akash said softly- "Bhabhi ji, it is not like that. It is not like this after marriage."

"You are still lying." Aditi was angry. She looked at Rohit who was sitting with his eyes down. He did not want to lie now because after marriage, he and Aditya sometimes had sex with massage in the massage center. Yes, it was definitely not as much as it was before marriage. But they were still having sex outside.

"Everything will change but the male nature will not change. Men will be men. Men are on fire for this. Their senses are unsatisfied, which can be satisfied only by going

outside. But it is also true that a person who could not be satisfied with his wife at home, how can he be satisfied even after going outside. Men are born unsatisfied, so how can they satisfy others. You people are filled with dirty desires. Let me tell you, if you ask a woman what sex is, she will not say anything and when she does, you people will not be able to hear. Sex is going to give you momentary pleasure, a woman wants to live that small moment. She gives herself both her soul and body to the man. The pleasure that a man takes every time, a woman is able to take that pleasure only once or twice. Because she is afraid that the man might misunderstand her. She remains spiritually attached to the man only for affection and considers the satisfaction of the man as the happiness of her life and remains not only dissatisfied but also silent throughout her life. If you don't believe me, ask your wife. Your wives will undoubtedly remain dissatisfied with you guys. Because you have neither love to give nor satisfying sex. You will never be able to satisfy any woman in sex. If you still don't believe me, I am ready for sex with all three of you right now. All three of you will not be able to satisfy me. Understand, you dirty people.” Aditi said this while throwing her dupatta aside. While saying this, Aditi became very emotional. Tears started rolling down her eyes. The bad effect of a psychologist was clearly visible on her face.

Hearing this, all three of them were very embarrassed. They were stunned. Aditi had humiliated Aditya, Rohit and Akash in a very big way. Every moment was becoming difficult for them. They were so ashamed of the things Aditi had said a while ago that they did not even have the courage to look at each other. No one had the courage to ask permission from Aditi to leave from here. But Rohit showed courage and said softly-

"Sorry Bhabhi ji. We respect you a lot." Then Rohit held Akash's hand and quickly came out of the main door of the house.

Aditi was crying continuously and was abusing badly. She had gone mad. Aditya's face was sweating. He did not have the courage to stop Aditi. Then Aditya fell on her feet and said crying-

"Sorry Aditi, please forgive me. Forgive me just once. Give me a chance Aditi, I swear I will never do this again. I love you very much Aditi. Please forgive me." While saying this, Aditya's eyes were brimming with tears. He was begging for forgiveness. But his words had no effect on Aditi. She kicked Aditya who was lying at her feet and stood up and came to her room and started packing her clothes quickly.

Aditya was roaming around her and begging for forgiveness. Aditi had gone mad like an injured lioness. Aditya again started crying and said-

"Aditi please forgive me. Please don't leave me. I will not be able to live without you. Please Aditi forgive me just once. Give me a chance Aditi. I will never go out and do any dirty work. I was misled. Forgive me just this time."

Aditi did not react and quickly started leaving the house with her luggage bag and said-

"Aditya, you have exhausted me, broken me. You have even killed my soul. You have made me dead. I free you from today. And yes, never try to come in front of me, otherwise I will burn myself alive in front of you."

Aditya was very scared after seeing her like this. His pleading had no effect on Aditi. He again said-

"Please forgive me once Aditi."

But Aditi had left Aditya's house and freed him forever. She had come to her father's house.

---

Aditi kept thinking about this the whole night that she had heard that before marriage, one should first understand the person with whom one is going to spend the rest of life. One should date him for some time so that his behavior and character can be understood well. As a result, there will be no problem later. But she had done all this. She had a love marriage and before marriage, she had roamed around with Aditya for many months. She had married him only after understanding him well. If the marriage had happened through the family, then there would not have been so much pain, but when one has married the boy of one's own choice, then there is no justification in blaming others.

Aditya's outside sex involvement had a bad effect on Aditi. She was mentally broken. She had a postgraduate degree in psychology and had also done a lot of research on this subject. She tried to convince and strengthen her mind again and again but she was continuously failing. She was trying to control herself by walking around the room and wanted to overcome this bad time. But when someone close hurts you, it is very difficult to forget the thing that has caused such a big shock. If an outsider attacks you and even insults you in front of everyone, then a person can recover. But when someone close to you hurts you even a little, then a person is so mentally harassed that he is unable to control himself. He loses control over himself. Aditi was also in the same condition. Because a big sex scandal had happened with her and she was unaware of it. Aditya's dark face was repeatedly appearing in her eyes.

She became so upset thinking about this that her mind stopped working. She could see darkness all around her. She was thinking how she would spend such a long life alone. She had started hating the male race. Her father asked the reason for her sudden arrival but she did not tell him anything. She said that she had come normally. She did not want to tell her pain to anyone. Because the one who gave her pain was very close and if his dirty acts were known, she would be ridiculed even more. That is why she was silent. But this silence was creating a deep wound inside her mind. It was creating unrest. The maze of thoughts was making her so weak that she was losing her senses and self-control. She got tired thinking about these thoughts and fell on the bed. Sleep was miles away. She held her head tightly and wanted to scream but no sound came out. She could not believe what was happening. She kept turning from side to side on the bed but the situation did not change. Aditya had broken her trust, his dirty deeds created fear in her and she decided to end her life. She looked at the fan and thought that this is her last night. Aditi had made up her mind to commit suicide. In her last moments, she started remembering God.

Then a positive thought in her mind gave her some support that Aditi, suicide is not the solution. In this way, the male society will continue to dominate the woman as always. Nothing will happen to her and especially her suicide will not have any effect on the male race. It means that after a few days everyone forgets who did what, who was what. Anyway, she did not doubt Aditya that her suicide will have any effect on him. He will be with another woman in a few days. These thoughts brought about a change in Aditi's mind and she remembered God. She meditated between her eyebrows and prayed to God to save her tonight in any way. From tomorrow she will live

her life in her own way. She resolved to live her life in her own way and made up her mind to struggle. Slowly she fell asleep.

---

Aditi saved own life by fighting with her thoughts the whole night, but her head was aching with severe pain. Her eyes were swollen because she could not sleep at night. The tension was still there. After waking up in the morning, negative thoughts surrounded her again. She went to the kitchen and made tea and got some relief from the headache after drinking tea, but the thoughts were still bouncing. She was thinking about her future life. She started getting worried thinking what she would do alone now. How would she fulfill her needs? How would she handle the financial situation? Although her father was a retired officer, the house was run by his pension. But she did not want to be dependent on anyone.

First of all, she thought about how to overcome her mental depression. She had gone mad at night. Although she had abandoned Aditya with body, mind and wealth, she was still very angry with him that why did he break her trust. Why did he cheat her. She loved Aditya with all her heart. She was torn into pieces. She was thinking that she will teach a lesson to such a dirty person like Aditya at any cost. She had started hating Aditya very much.

Then a thought came to her mind that to get rid of her deep stress, first of all she should consult a psychologist so that she can get treated under his guidance and get some relief from mental depression and troubles. She took out her mobile and started searching for psychologists on Google. She got the details of the psychologists. Most of

the psychologists were men. She checked the details of all of them one by one. But she was not satisfied. She did not want to go to a male psychologist because she had started hating the male class. Then she saw the name of a female psychologist also. When she checked, her details were mentioned as Kamini Care Center. Her clinic was near her home in the same city. She decided to go to Kamini Care Center. She quickly got ready and called a cab and reached Kamini Care Center. This center was on the sixth floor of a commercial building. Aditi reached the sixth floor in a few moments through the lift. From outside, Kamini Care Center was not creating any attraction. But as soon as he opened the glass door, there was a reception in front. A beautiful girl was sitting there. She looked extremely beautiful. Her open, straight and balanced hair on both sides were a living proof of her beauty.

Aditi felt a very pleasant fragrance on entering Kamini Care Center and her mind got a strange peace. She started thinking that if the beginning is good then mental stress will definitely get relief. Aditya's face would appear in front of her eyes again and again and she would get filled with hatred. Her breathing would become fast thinking how to teach Aditya such a lesson that no man should ever cheat his wife like this. The receptionist sitting at Kamini Care Center stood up in her honor and said-

"Yes ma'am. How can I be of service to you?"The receptionist's sweet words melted in Aditi's ears like honey. She really liked the receptionist standing up in her honour and speaking innocently with a sweet smile. She too smiled lightly and said-

"I need to get counseling done. I am suffering from extreme depression and anxiety."

“Sure ma'am., Kamini Care Centre will help you in every way and will make every possible effort to remove your mental stress.”

“Thanks.” Aditi said.

“Ma'am, please, this is a small form. Please fill it and sign here.”

Aditi saw the form and filled it and also signed at the bottom. The form was written in very few words. Details were asked in a nice way. Aditi filled the form and handed it over to the correspondent and said-

“Please have a look. If any details are missing I will fill them in again.”

“Ma'am, you have filled the form completely.” The receptionist smiled and informed, just wait for five minutes. I will take permission from madam and send you inside.”

“Thank you so much. May I know your name?” Aditi said this lovingly looking at the receptionist. The receptionist smiled a little and said-

"Sorry ma'am. This is not allowed here. Still if you want to know my name then you can ask ma'am. This is the rule of Kamini Care Center. Please ma'am don't mind.” The receptionist's words were like pure honey which Aditi liked very much. She refused in such a way that Aditi did not feel bad at all. Just then the receptionist got an intercom call. He received the call and said-

“Yes ma'am, Yes ma'am sure.” Perhaps she was talking to her boss. She had received instructions to call Aditi inside. Just then another girl came out from inside and took Aditi's form from the receptionist. Her smile was also very charming. The receptionist lovingly requested Aditi to go

inside. As soon as Aditi went inside, the whole hall was bathed in a strange fragrance. She became intoxicated and moved towards the black colored lead cabin in front. When she opened the door gently, she saw a beautiful and excellent woman in front of her. She was smiling at her with great affection. It seemed as if the biggest impact of a psychologist is her gentle smile. She gestured Aditi to sit. Aditi sat on the chair. She was feeling very good here. When their eyes met, it felt as if someone who was lost for years had met. Half of Aditi's problem was solved. She was feeling good. Then-

“Aditi, my name is Kamini. I am a psychologist and am always ready to help you in every possible way. Aditi will you tell me in detail what kind of problem you have.”

Aditi was speechless. She felt a sense of belonging and affection in Kamini's voice. There was silence on both sides for some time. Kamini was slowly smiling at her.

“Aditi, don't panic. Whatever is on your mind, tell me everything. So that it becomes easier for me to counsel you and get to the root of the problem. First, drink water comfortably and then tell me your problem openly.” Kamini said while extending a small water bottle towards him.

Aditi drank the water and took a deep breath. Kamini was looking at her lovingly. Aditi was also feeling this fact very well. Then Kamini asked again-

“Aditi, tell me your problem comfortably. Take as much time as you want. I want to understand your problem and mental condition deeply. And yes, Aditi, tell me everything without any hesitation. So that I can understand your basic problem and be successful in giving treatment accordingly.”

“ji... ji...” Aditi spoke softly.

“Take your time. I want to listen to you carefully.”

“Ji.” Aditi spoke tremblingly and as she said this, tears started flowing from her eyes. The pain buried in her heart started coming out but she was not comfortable in telling anything. Words were not coming out of her mouth. Then Kamini got up from her chair and hugged Aditi to her chest. She felt a sense of belonging and Aditi burst into tears. This situation continued for a long time. She kept crying and Kamini kept her hugged to her chest.

“Calm down my baby. Everything will be fine. Nothing will happen to you. Now you have come to the right place. Because I read in your form that you are Post Graduate in Psychology and I am too. So you are like my sister. I will solve all the problems. Relax baby!” Saying this Kamini caressed Aditi's hair lovingly and kept caressing her forehead lovingly. She picked up a tissue paper and wiped Aditi's tears like a small child. Aditi was now becoming comfortable. The pain in her heart had gone away. Kamini asked again-

“Tell me, what happened Aditi? Is there an extra marital affair?”

Aditi slowly nodded her head in yes. Kamini understood everything and said-

“Actually Aditi, I understood by looking at your face what the real problem is. Still I wanted to hear it from you. Does your husband have sex outside? And probably he lives with you very lovingly at home. Isn't it?”

Aditi again nodded in agreement. Perhaps she had approved of Kamini's statement. Kamini hugged Aditi again and said-

“Aditi, this has become a common problem in today's environment. As far as I understand, you have had a love marriage.”

“Yes.....” Aditi answered.

“Oh! This evil becomes more painful in love marriage. Aditi, it's alright, don't worry, I am always with you. Everything will be fine. Now tell me your story in detail.”

After this, Aditi told the whole story of her love marriage and then revealed Aditya's illegal relations. She also told that we had promised that if anyone had an affair or physical relationship with someone else before marriage, then after marriage both will be honest to each other only. Aditi had exposed Aditya completely. She also told that Aditya apologized for his actions and requested with folded hands to give him a chance that he will never do this again. But I will never forgive him. And in a hateful tone, she also said that she wants to show him that she is not a weak woman who forgives her husband's illegal relations only for the sake of family, society and women's rules. She will never forgive Aditya, rather she will take revenge for each of his illegal and sexual relations many times over. Even if she has to go to any extent for this.

Kamini was listening to her very carefully and was reading her face. Then Kamini asks-

"What do you mean by any limit Aditi?"

“That I want to teach him such a lesson that he has to live with the pain all his life that his wife knowingly had an affair with another man.”

“What do you mean Aditi?” Kamini asked forcefully.

“The meaning is clear Kamini ma'am. If I have to have sex with any other man for this work, I will do it. But I will

definitely burn him in the fire of repentance. I want to burn him in this fire. So that he knows what happens to the heart of his close one when he has sex outside. What mental stress he has to go through."

"Aditi, will this act solve your problem? Having sex with another man will give peace to your heart and you will overcome your sorrow. You will be able to sleep peacefully. Is this possible with this kind of repentance?"

"Whatever it may be, Kamini ma'am. Even if I have to cross the limit, it is very important for me to come out of this tension. I cannot live with this mental stress. Otherwise, I will die of suffocation. And I will never let this happen to me." She had kept her word firmly. Kamini's eyes were reading Aditi and she said-

"Aditi, let me tell you something."

"Ji ma'am."

"Suppose you are away from Aditya for a few days and he is desperate for sex. For his satisfaction, he takes a photo of a beautiful woman and masturbates in the bathroom. And also suppose he tells you that he was desperate for sex without you and he has ejaculated sperm through his hand. How bad will you feel then?"

Aditi remained silent for a few moments and kept looking at Kamini with strange eyes, but after a moment she said, "What kind of question is this?"

"Just understand that this is a question and you must answer it. Tell me the truth, how bad will masturbation make you feel."

"May be it won't feel too bad." says Aditi.

"Really, are you saying this responsibly?" Kamini had asked.

Aditi then thinks for a few moments and says softly, "Yes, it won't feel that bad but I could have definitely said that he should have maintained some restraint."

"So you don't get angry at Aditya's sex itself. There is no such thing as spoiling the relationship. Am I right?"

Aditi nodded in agreement with Kamini's words.

"Aditi, as far as I understand you, you are upset that your husband had sex with another woman. Am I right?"

"Yes ma'am. And he must have had sex with not just one woman but many women."

"He means.....your husband Aditya. Right."

"Now I cannot call him my husband. He has lost the right to be a husband. Even his name hurts me. He has deliberately betrayed me."

"Aditi, humans make mistakes. We all make mistakes at some point in our lives. And we apologize for our mistakes and those who apologize are forgiven at least once. So what is the problem in forgiving Aditya once?"

"Ma'am, what are you saying. He has not made a mistake but a crime. And that too a very big one. He has hurt my heart, mind, body and soul. And you are saying that I should forgive him. Never. He will not get any forgiveness even after my death." Aditi says firmly and angrily.

"This means that Aditi, you have never made a mistake in life. You are a perfect, virtuous and restrained wife. And that is why you do not want to give Aditya even a single chance to forgive."

"Ma'am, there is a difference between a mistake and a scandal. I am not saying that I have not made any mistake in my life. I do agree that humans make mistakes and

mistakes are often made unknowingly by mistake. But Aditya has done all this deliberately for his satisfaction. He has got satisfaction from so many women. So do you consider these illegal relationships as just mistakes. And should I forgive him for this? Every action has some morality too. There is a huge difference between a mistake and deliberately establishing sexual relations with women from outside. I can never give a second chance to such a person who has crossed the limits of morality for his satisfaction.”

“Aditi, if I ask you whether you have ever made such a mistake before or after marriage, what would be your answer?”

“I have not had sex with any other man after marriage and I have not even looked at sex from this point of view. I have not even thought about it. I considered Aditya to be my everything.”

“Aditi, it's okay, you didn't take any such step after marriage, meaning you didn't establish any illegal relationship with any other man. But before marriage, such a situation must have arisen sometime or the other?”

“What do you want to ask ma'am? When both of us had agreed that we will live for each other after marriage. Then what is the connection of this question with sex before marriage?”

“It is a relationship, Aditi. The only difference is the time period. Sex is sex, whether it is before or after marriage.” Kamini said this while staring at Aditi.

Aditi was silent. She did not give any answer.

“Aditi, please don't take my words in the wrong way. I want to find a solution for you. I want to reduce your mental stress. I want to see you calm and satisfied. Really,

I don't want your and Aditya's married life to end. That is why I am requesting you to tell me about your pre-marital sex so that the circumstances can be examined. A solution can be found through evaluation. If you can tell me the truth and openly, then it is possible that I can find a solution to the problem. Please, Aditi, don't take me the wrong way. I am just requesting you to tell me everything." Kamini was constantly attacking Aditi with her harsh words and was staring at her. Perhaps this was a powerful way of her counseling.

Aditi looked at Kamini and said softly-

"During my studies, I too had some attraction towards my classmate. And we both used to talk often. He had even dropped me from college to home in his car two-three times. We both had become very good friends and had become close to each other. We used to discuss every topic and both of us used to listen to each other carefully and respected each other. Once he had asked for a kiss with respect and affection. I did not refuse so he kissed me once. But did not have sex." Aditi said, looking into Kamini's eyes. She wanted to tell that she had not had sex at all before marriage.

"Meaning Aditi, if that boy asked for a kiss, you did not refuse and he kissed you. If this is understood in another way that if that boy had demanded sex from you, you would not have refused."

"What do you want to say Kamini ma'am? Do you want to wash away Aditya's post marriage sex with one kiss of mine? Do you want to balance his pre marriage kiss with his extramarital affairs?" Aditi had asked in a harsh tone.

"Aditi, not at all. I just want to understand what is right and what is wrong by looking at the situation. And this is not the answer to my question that sex after marriage is

being compared with sex after marriage. Tell me clearly, if you were attracted to your classmate before marriage and if he wanted to have sex with you, would you have refused ?”

“Yes, I would have refused. Of course I would never have had sex with him. I would not have done anything that I and my soul and this society would not accept. There should be no harm to social morality. Physical relationship is a very deep subject and cannot be accepted before marriage. This is also necessary for a civilized society. So that the roots of social and moral values remain strong.

“Ok Aditi, I agree with you and it means that according to you sex cannot be done before marriage but kissing can be done. Am I right Aditi?”

“Ma'am, it is not like that. There is a huge difference between kissing and sex.”

“Good. Very good! Thank you for this knowledge. By the way, tell me one thing Aditi, what is the difference between kiss and sex. After all, both involve physical organs. Then what is the difference Aditi?

“Oh God!” Aditi exclaimed. She was worried.

“Please Aditi, don't misunderstand me. I know you are very good at heart. That is why you are hurt by sex after marriage. But I want to show you through your words that sometimes things happen. And these should not be taken to heart. And I want to tell you that the only difference between kiss and sex is that in kiss lips touch and in sex penis-vagina touch. So why not consider your kiss as an illicit relationship.” Kamini had presented her point logically.

“Ma'am, I didn't know that much at that time.”

“Then what did you know. You were 18 years old. And you must have searched in books, media, internet that sex is a natural and spontaneous activity in adulthood. Then why are you taking this matter so seriously? Whereas your husband Aditya has apologized to you and requested to give him a chance. So what is the problem in giving you a chance Aditi...”

“This means Kamini ma'am that you want to hide Aditya's sexual relations with so many women with my one kiss before marriage. You want to wash away all his sins with the sheet of my one kiss.. I want to tell you again that what value will remain of the promise made at the time of marriage. In this way, after marriage, men's illegal relations will get a permanent and accepted space and they will think that if caught, they will be forgiven at least once. So why not go out and have sex at least once. What kind of morality is this ma'am? ” Aditi asks.

“Aditi, I never said that kissing before marriage and sex after marriage are being weighed equally on the same scale. Both acts are being considered the same. I just want to explain that if you could kiss that boy, then it is possible that if such a situation arises that he proposes marriage to you, then perhaps in such circumstances you would have had sex for marriage and before marriage. Tell me, you would have done it, right?”

Aditi was silent on this. She was not able to understand anything and was wondering what kind of questions Kamini Madam was asking her.

Kamini again asks- “Tell me Aditi...?”

“Maybe I don't. I don't have sex at all.” Aditi spoke firmly.

“You are saying all this with certainty. Aditi, put your hand on your heart and answer without any discrimination

and without any bias. Forget for a while that you have come to me for counseling. Forget that someone has cheated you. Forget everything for a while and answer without any bias.”

Aditi was silent. She could not think of any answer. Kamini says again-“Tell me Aditi and please tell me without bias, tell me from the voice of your heart. Not from the mind. The mind confuses questions and answers very well.”

“Kamini ma'am, if that boy had proposed marriage to me and requested for sex, then we would have probably had sex. Because we were going to get married in the future.” Aditi says with her eyes downcast.

“This is exactly what I wanted to ask. But Aditi, you gave your answer very honestly, for which I thank you. Aditi, I just want to explain to you that sometimes the situation becomes such that we have to do such things even if we don't want to, which this society does not accept. Our soul does not accept. And this is not just about the commitment of marriage, but it could also have happened that you had sex and later that boy refused to marry, would you have remained a virgin all your life? You would have still got married, right? She does not say in front of the society that I have had sex before marriage and that boy with whom she had sex does not want to marry her now. That is why she will not marry now. Tell me, would she do this..?”

“Madam, what you mean is that one should do anything according to the situation. Morality, rules and laws have no value in front of the situation. Only the situation remains important. And at that time one should do everything that this society and soul will never accept. I am right.” Aditi said this while looking into Kamini's eyes.

“Aditi, you are not able to understand what I am saying. I am not supporting violation of any kind of values, social

customs, rules and laws. I am just saying that sometimes the situation goes beyond social and moral values. Something happens which is regretted later, but life cannot be destroyed because of this. Husband-wife relationship does not end. One does not go into depression. We should not take such a big decision of our life which is going to disturb our whole life.”

“Ma'am you are saying that according to the situation, there is nothing wrong in having sex at that time. According to the situation, nothing is a sin. Even if social rules dictate anything.”

“Aditi, tell me one thing. Sex happens between two people, a man and a woman. And if they agree and this act does not affect any social system, no law is violated, no value is reduced. Everything happens with the consent of both, then what sin has happened in such a situation? Here both are responsible for their feelings, not this society. Both spent some time together. What degradation of social values has happened in this, Aditi?” Kamini said her point emphatically.

“Oh God! Your words are beyond my understanding.” Aditi held her head and said- “Sexual relationship, whether before or after marriage, with any man other than the husband is completely illegal. This is what I believe.”

“Meaning, if a woman has a relationship with another woman and a man has a relationship with another man before or after marriage, then is it not illegal?” Kamini asked Aditi a question in the form of a sarcastic remark.

Aditi looked at Kamini carefully and said-

“Ma'am what do you want to explain. Whether the relationship is between a man and a man or a woman and a

woman, everything is unnatural and illegal. What kind of science is needed to explain this?"

"Aditi listen to me carefully. If there was a promise between you and Aditya at the time of marriage and you told that you have a love marriage with Aditya then what relationship will you have with that boy who studied with you. Why did you not marry him? How did you fall in love with another boy. This is also cheating."

"Ma'am, that boy had told me that his studies are over. He is leaving this city and going to his city Bangalore. He will do some business there. If that boy had talked to me about marriage, I would have definitely done it. You are right that Aditya came into my life and our marriage was not just a love marriage but it was also done with the consent of both our families. We were introduced by our families. We dated each other, fell in love and later got married."

"Ok. Ok. Aditi, I accept your point. Just tell me, did you do anything with Aditya before you married him? I mean kisses and other physical abuses?"

Hearing this, Aditi became stunned and became silent. Kamini asks again-"Answer Aditi."

"Yes, before marriage Aditya and I used to laugh and joke a lot. Both of us used to give physical feedback to each other."

"You both must have kissed too."

"Yes...." Aditi said softly.

Kamini was looking at Aditi and said- "Something other than kiss...?"

Aditi then looked at Kamini and said softly- "Both of them used to touch each other's body parts while having fun. But they did not have sex." says Aditi.

“I mean Aditi one thing is clear. You only have a problem with sex. Not with kissing. Right...?”

Aditi looked at Kamini and said in a loud voice- "Yes ma'am, I have a problem with Aditya's sex after marriage. And this problem is permanent. Perhaps you want to make me understand by engaging me in conversation that sex is not a bad thing. Whether it is before marriage or after. Sex is a spontaneous and natural venture and as Aditya was doing it, I should forgive him and happily accept his extramarital affairs. Because anyone can make a mistake. And one should definitely forgive at least once. Because sex does not violate any kind of social values and rules and laws. This is a common thing. This is what you want to explain, ma'am." While saying this, Aditi was staring at Kamini.

Kamini remained silent on Aditi's words and kept looking at her smilingly. After a few moments of silence, Kamini said-

"Aditi, I can understand your pain. Any woman gets as angry and hates her husband's extramarital sex as you are. But I thought that you will understand my words deeply and will not compare them with others. Meaning, you will not accept any example which applies to everyone. But you are still not able to understand my words."

"Madam, should I accept Aditya's sexual relationship after marriage and forgive him? Tell me, you are also a woman and if all this happened to you, would you also forgive your husband?" Aditi said.

Kamini did not give any answer and kept looking at him and after some time she said-

“Yes, Aditi I would have forgiven my husband once and you should also forgive Aditya. And return back home.” Kamini had given her answer very beautifully.

“What...?” Aditi was shocked. She was looking at Kamini in surprise.

“Yes Aditi. It is in everyone's best interest to forgive Aditya.”

“So ma'am, please tell me, who will benefit the most from this pardon? Mine or Aditya?”

“Yours Aditi.” Kamini said this while staring at Aditi. Her answer was straight and simple. Aditi was looking at Kamini with surprise and said-

"Kamini ma'am please tell me this much more, whether after marriage, one should be forgiven for having sex with other women or should he be forgiven for having illegal relations with any number of women."

“Aditi, whenever you come to know that your husband is having an affair with someone else, no matter how many times it has happened, you should definitely forgive him at least once.” Kamini says casually.

Hearing this, she was shocked again and kept staring at Kamini. She was thinking what kind of psychological counselor is this who is openly supporting illegal relationships after marriage. She is sharing strange knowledge in the name of illegal sex relations. Aditi was not able to understand anything. Then she again asks Kamini-

“What if even after that the husband doesn't agree...?”

“Then it is up to you whether you forgive your husband or not.” Kamini said smilingly.

“Meaning, once again you have given the option to husband to forgive or not.” Aditi said angrily. Kamini was smiling at this. Kamini's words and suggestions were completely beyond Aditi's understanding. She was not able to understand anything. She was upset and frustrated. Then Aditi quickly picked up her bag and left Kamini's cabin. She was dissatisfied with the counseling and was returning home.

---

Kamini knew very well that Aditi was not satisfied with the counseling. She was thinking about the conversation between her and Aditi. Just then the intercom rang. Kamini put the intercom on her ears and said-

“yes...”

“Ma'am a lady has come with her husband. Both of them want to get a massage, but together.”

“Get it done. Tell me, has all the staff arrived ?”

“Yes ma'am. All the staff has come, but she says that both of them want to get massage together and she wants her husband to be massage by a woman and herself by a man. But both of them together in the same room.”

“Okay, this is the case.”Kamini spoke in a thoughtful manner.

“Have you got the counseling form filled from both of them ?” Kamini asked.

“Yes Ma'am I have filled it. And have also done the first inquiry for counseling.”

“What does it feel after listening to their conversation? Are they really interested in the massage? Or have they come to vent their anger on each other due to the increasing domestic quarrel?”

“Ma'am, what they are saying seems to be true. But I can say one thing for sure that both of them are full of ego. Perhaps the tuning between them is not good and they are fighting over the massage.”

“What do you mean...?”

“The matter is that the woman used to get massage done by a woman at home but her husband was allegedly against it. But the woman has presented the reason of getting massage done keeping her health in mind. Her husband was also adamant that he too will get massage done and that too from a woman so that she stops getting massage done. Madam, this is all I have been able to know from her counseling so far.”

“Ok...ok... Do one thing Neha...” Kamini had said this by taking the name of the receptionist.

“Yes ma'am.”

“Send both of them inside. I will do secondary counseling. After that I will tell you what to do.”

“Right ma'am. So should I send both of them in right now ? ”

“Yes Neha, send both of them.”

“Ok. ma'am. Ma'am I wanted to ask one more thing...” Neha had asked the question.

“Yes, tell me Neha...”

“The madam who came a while ago. Has her problem been solved? When she left from here, I felt that there was tension on her face. Perhaps she did not seem satisfied with the counseling. Sorry ma'am, I just asked like that.”

“No Neha. You have asked a very good question and it is also true that she was not satisfied with our counseling.

Neha, you will also learn counseling very soon, who can know about someone by reading their face. Well done Neha..”

“thank you ma'am.”

“But there is one thing Neha, even though she is not satisfied with our counseling, but soon she will come again for our counseling.”

“Of-course ma'am. You are a great counselor.”

“Thanks my love...” Kamini said this while laughing.

Kamini treated her staff very well. She took care of their every need. That is why the staff was very happy with her and carried out their work well. Kamini was also satisfied with the work of the staff. She did not get a chance to complain about anyone. Then Kamini instructed Neha-

“Ok, fine Neha. Now send them both in.”

“Sure ma'am. I will send it right away.”

Within a few moments, both husband and wife came to Kamini's cabin for counseling.

“Hello ma'am. Hello ma'am.” Both of them greeted Kamini affectionately.

“Hello-Namaste. How are you both ?” Kamini asked lovingly.

Both of them looked at each other, but no one gave any answer. Then Kamini said- "O.K. No problem. First you will tell me your name and your interest one by one. After that I will proceed with your counseling."

“Madam, my name is Shweta and this is my husband.” The woman said.

“Ok very good. But there must be some name of the husband.” Kamini said laughing.

Shweta felt shy and looking at her husband said – “Sachin.”

“Ok Shweta and Sachin. Now tell me about your interests and also tell me in detail what you fight about the most that you both have come to me for counseling.”

“Ma'am, my wife is fond of getting massages. But I don't like it. Both of us fight over this only.” Sachin said while speaking ill of his wife.

“No-no ma'am. He is saying absolutely wrong. It is not like that. In fact, the truth is that he also gets massages done, but outside the house.” Shweta said interrupting her husband Sachin.

“Ok. You tell me Sachin. How many times in a month do you get a massage done outside?”

Sachin was silent. Then his wife insisted and said- “Now tell ma'am. At home you find faults in my work and hate my massage the most. Tell me how many times you get a massage done outside.” Shweta said this while quarreling with her husband Sachin.

“It's okay Shweta. Let him tell his story in a natural way.” Kamini said with a gentle smile.

“twice a month.” Sachin spoke softly.

“Oh !, you were saying sometimes. Now you are saying twice a month. Then I thought why do you talk to me so little. Maybe all your needs are being fulfilled outside.” Shweta said sarcastically.

“Shweta, let me ask. And now you will not interrupt. Is that okay?” Kamini said while lovingly scolding Shweta.

There was a wonderful glow on Kamini's face. There was intimacy in her words.

"I get it done only twice a month."

"From a man or a woman or both." Kamini asked this while looking deep into Sachin's eyes.

"From the man."

"I felt like it, that is why I have come here ma'am. The whole fight is about this. He wants his massage done by a woman, so I said that I will also get my massage done by a man. This is the root of our fight."

"Ok my love Shweta. Calm down... I am talking to Sachin." She again told Shweta while explaining it lovingly.

"Sachin... why do you want to get a massage from a woman? Why not from a man?"

"Ma'am, because of his stubbornness. So that he stops getting the massage."

"Why is that so? Your wife gets massage done only by a woman. So you also kept getting massage done by a man. What was the problem with that?"

"Madam, I am sorry. He is lying. Actually he is bored of getting massage from a man and now he needs the touch of a woman's warm hands. Under this pretext he is insisting on getting massage from a woman."

"Shweta, please stop, my child. Let him speak as well." Kamini said looking at Shweta and requested her to tell Sachin.

"Ma'am, the truth is that I am fed up of male massage. So I want to experience getting a massage from a woman. But I want to tell you one thing, if she stops taking massage, I will also never get a massage."

“Ok. What is the guarantee that if your wife Shweta stops taking massage then you will never take massage again. Just now you were saying that you are fed up with male massage and now you want to get massage done by a woman.”

“He is a big liar ma'am. The truth is that he actually wants to get massaged by a woman. But I am no less than him. If he gets massaged by a woman, I will also get massaged by a man. And that too in front of each other.”

“Well that's fine Shweta. But let Sachin also put forth his point.” Kamini said laughingly.

“Ma'am actually both of us are fond of massage.” Sachin says softly.

“Are you telling the truth Shweta? You both are interested in massage..?”

Shweta remained silent for some time and then said softly, “Yes ma'am, I like getting a massage. But I don't have any insistence that I should get a massage done only by a man. But due to this insistence, I had to ask a man for a massage.”

“So what do you guys want now? And what is the experience of getting a massage?”

“Madam, he wants to get a massage. If he wants a massage from a man, I will also get a massage from a woman. And as far as my experience with massage is concerned, I would like to say that it keeps my body in shape and my mind very relaxed. I get lost in a different world.”

“So now you tell me Sachin ji. Why do you want to get a massage and why can't you get a massage from a man.”

“Madam, there is nothing wrong in it. But when both the man and the woman have agreed to have a massage, then it

can be done. And I also experience physical peace and immense relaxation from the massage.”

“OK. So if that is the case then why don't you people socialize with each other at home?”

Both of them were silent on this statement of Kamini.

“Tell me Shweta. Why don't you massage Sachin at home and why don't you get a massage from Sachin. There is no need for you to come to me.”

“Madam. Actually I have heard a lot about your Kamini Care Centre. And I have also heard that you resolve disputes with affectionate counseling. A lot of feedback also shows that you have saved many families from breaking up.”

Kamini laughs loudly at this and keeps laughing for a long time.

“Yes ma'am. What Sachin is saying is true. I have also read the feedback on your website. You have received many stars.”

“Well, that's fine. But now tell me what to do next?”

“I need a massage.” Sachin had replied eagerly.

Shweta also smiles at this.

“Ok, you will get a massage. But tell me whether it should be done by both men and women separately or in the same way.”

“Different.” Sachin had a sharp reply.

Hearing this, Kamini smiles and Shweta also starts smiling slowly. Kamini called the receptionist and asked her to come inside. The receptionist was in front of them in a few moments.

“Yes ma'am.”

“Neha, do one thing. Send them to the same room for massage from a man and a woman together.”

After this the receptionist took both of them for massage. Both of them were massaged by a man and a woman respectively opposite to each other and both were satisfied with this massage. This experience was amazing for the husband and wife. The touch of the opposite gender massage was very lovely. It was relaxing. Both of them returned to their home very happy after getting the massage.

On the other hand, Aditi was restless. Kamini's words seemed strange to her. She was thinking again and again why she was asking her to return to Aditya. Why did Aditi think that Aditya's illicit relationship was a normal act. On the contrary, she is advising me that things happen according to the situation and I should forgive Aditya. I should return home. What kind of advice is Kamini giving? Just then a voice came from her mind that no matter what happens, she will never forgive Aditya. She will definitely teach him a lesson. But the very next moment, a voice came again that if Kamini is saying this, then there is something that forces one to think. She was entangled in these thoughts and was not able to sleep. She paid attention to every word of the conversation between her and Kamini, but nowhere did she see that Kamini had spoken one-sidedly. She had presented everything with proof. But I am not satisfied with Kamini's counseling. She was thinking.

“Ma'am, Aditi ma'am has come.” It was an intercom call with Neha the correspondent.

“All right. Send in.” Kamini said. There was a strange smile on her face.

The receptionist smiled and gestured Aditi to go inside. After this Aditi went inside and headed straight towards Kamini's cabin. The wonderful smell inside refreshed Aditi again. It seemed as if heaven on earth was here. The strange peace all around and the pleasant smell was giving the pleasure of a divine experience.

“May I come in ma'am?” Aditi had asked Kamini for permission from outside the cabin.

“Yes my love. You do not need permission. You are my first client who freely expresses her views on every topic in counseling. She questions me and tries to break my statements with her strong arguments. I really like it when someone contradicts me because it gives me a chance to express my views more strongly. This increases the scope of my counseling and knowledge.” Kamini says with a divine smile.

“So tell me, how are you Aditi? And I think you were not able to sleep well at night”

“Not at all ma'am. I did not sleep well at night. I was very upset. The discussion of counseling with you has increased my heartbeat even more. I kept thinking about this issue all night.”

“How could you sleep when you kept thinking all night? And anyway, only those who deserve sleep can sleep. This body is a factory of sensations and thoughts. The more sensations and thoughts, the more turmoil starts in the mind. Anyway, it doesn't matter. You will definitely fall asleep. Tell me, what was the need for so much thinking? I am there for you, right? Or is there someone else in your life...?” Kamini said while laughing mischievously.

“Not at all Kamini ma'am. There was one who is now the past. But you are right in saying that you are there for me. But will you be there forever?” Aditi said this while looking at Kamini with a questioning look.

When their eyes met, a blissful situation was created. This very gesture of hers gave Aditi pleasure. I don't know why it seemed that there was something special about Kamini that even today she was drawn to her. Aditi was thinking. Then Kamini says-

“My love, I will always live for you. Just say yes once.” Kamini said this laughingly.

Aditi started laughing at this. Aditi was sitting in front of her. The conversation between the two had started. Kamini had started her counseling again.

“So what have you thought Aditi....?”

“Kamini..” She was addressing her by name in a friendly manner. What was in my mind yesterday is still there today. Kamini, the truth is that I am not in a position to forgive him.”

“Ok.... means there is still hatred for Aditya in the mind.”

“Not just for now, Kamini. Hatred has become permanent forever.”

“Tell me one thing Aditi..? Why do you hate sex so much? Does sleeping with someone else or having sex with someone else end love? Don't we have the strength to accept someone else's relationship in love? Is love so weak?”

“Oh God. Kamini, I am a woman. How can I sit silently on my husband's extramarital affair. Kamini, I am not some inanimate or unconscious element. This is a question of my feelings. Try to understand Kamini. How can I let others play with my feelings.”

“This applies to the other person as well. He too must have some feelings that he is leaving you and establishing a relationship with someone else. There must be some deficiency somewhere and at someone's level. Maybe that is why the energy is wandering here and there.”

“What Kamini ma'am. Someone cheats in love and even after that you try to justify my dirty husband Aditya. How is this logical. Your words are beyond my understanding.”

“I have not tried to justify your husband Aditya at all. Rather, I have put forward a fact. I will ask you a question again. Should I ask...?”

“Yes...” Aditi said softly.

“Is sex legal only after marriage? It is not legal before that. Tell me. And whatever your answer is, keep it with proof.”

Aditi did not give any answer for some time. But after a while she said- “Sex is not a commodity or something to be bought and eaten or enjoyed whenever you want. It is an issue related to feelings. And feelings are only for one person. Not for everyone which keeps getting distributed and looted like a commodity.”

“You mean that sex is a feeling that happens only with one person. And when it happens with one person, then sex should happen with only one person. Am I right..?”

“Yes Kamini ma'am. That is what I think.”

“Only you think. And your thinking does not make anything universally accepted. It does not make any principle. Just as you have the right to think and contemplate, in the same way the opinion of others also matters. Then why not listen to everyone and determine public morality. Tell me..?”

“It is possible that everyone has their own views. But I will have to repeat what I said earlier that for social and moral values we will have to put up barriers somewhere. Otherwise, chaos will spread in the society.”

“Okay, I agree with what you say. Tell me one thing..?”  
Kamini said looking at Aditi.

“Yes ma'am....”

“You have heard the name of the country Thailand. And you must have heard it undoubtedly.”

Aditi was shocked as soon as she came to Thailand. Because she remembered that once Aditya had gone to Thailand with his friends with her permission. He had taken a massage there, but he had not told that he had got the massage done by a woman. She had not asked Aditya all these things at that time.”

“Tell me Aditi... have you ever heard of the country Thailand? Have you heard about its culture and values?”

“Yes ma'am. I have heard. Aditya went there once.”

Hearing this, Kamini burst out laughing loudly and kept laughing for a long time. Aditi loved Kamini's laughter

very much. It seemed as if an innocent child was laughing divinely without any reason.

“Then you must also know that having sex in public places is legal there. The government there has declared it legal. So then have social, cultural and moral values vanished in Thailand?” Kamini said this looking at Aditi.

Aditi had no answer to this question. She knew very well and had often heard and read in books that Thailand is a sex free country. The residents there have sex for their livelihood. Their country has legalized sex. Apart from this, there is not much business there. There is neither agricultural land nor big factories that can provide sufficient employment opportunities to the people there.

“Tell me Aditi...?”

Okay ma'am. All this happens in Thailand. So should we adopt the culture of Thailand? That should be our standard. Sex should not be considered bad. Sex should be done whenever and however and wherever one wants. All morality should be destroyed. If we have to adopt such values and culture then what is left. Your talk of counseling also becomes meaningless. I will get the answer to my question myself. And thousands and lakhs of such women will get the answer who are getting divorced and leaving their husband's house due to their husband's extramarital affairs. Or are living on the basis of their hard work.” Aditi said this while firmly putting forward her point.

Kamini was listening to Aditi with great interest. Her sharp eyes were fixed on Aditi. She says-

“Aditi, the way you repeatedly utter the word husband, it seems to me as if you have still not completely forgotten your husband Aditya.”

“Kamini ma'am. I would not like to even hear the name of that dirty person. But his name is coming up in the storm of my past life. What can I do? I am very distressed and in pain. I wish I could teach him some lesson for his misdeed.” While saying this, Aditi's eyebrows were raised.

“Oh God..!” Kamini says and further said-

“Aditi, do you consider sex after marriage justified? Tell me...”

“I consider sex after marriage to be completely legal but as far as sex before marriage is concerned, it is not accepted in society. Still, if a situation arises and you get married to the same person with whom you had sex before marriage, then it is acceptable.”

“Your meaning is clear. Sex is legal within the scope of whoever you take seven vows with and whatever happens before marriage.”

“Yes of course.”

“Aditi, tell me one thing. When did you find out about your husband Aditya's extramarital affair?”

“Just three days ago.”

“And according to you, your husband's relations with other women became illegal three days ago. And as you just told me, he had also gone to Thailand once. So do you think that Aditya would not have had sex with the massage there?”

“I did not pay attention at that time. Even if I had known at that time that Aditya had had sex there, my decision would have remained the same as it was three days ago.” says Aditi.

“This means that you would have left him then, as you did three days ago. And you would have hated him as much as you do now.”

“Yes ma'am. Even then there would have been just as much hatred.”

“And what would she have done if she had never known about Aditya's illicit relationship? Perhaps she would have loved Aditya as much until her illicit relationship was discovered. Right.”

“Yes ma'am. If the truth has come out then hatred is natural. What is wrong in this?”

“Aditi, let me tell you something.”

“Ji...tell me....”

“There is a difference between male and female nature. God has created the body nature of both in a very different way. And when the nature is different, it is natural that there will be a difference in their mutual desires, aspirations and behavior. Do you agree with me?” Kamini asks.

“Yes ma'am. As far as there is a difference in the nature of men and women, I can accept it. But in the end, it comes down to the same thing that even if there is a difference in nature, men cannot be given the freedom to have sex and do whatever they want on this basis. This is an integral feeling and a sensitive subject. When feelings are divided and hurt, you know how much pain a woman suffers.” Aditi answered.

“You mean that only men do as they please. Women don't. They are very pure and pious. They are restrained. If this is so, then with which woman from which other planet did Aditya have illicit relations and who knows how many

times he had sex with different women. Weren't they women? Tell me... Aditi?"

"What do you want to prove by this ma'am.? If Aditya had sex with a woman then for me it would be considered an illegal relationship. If a woman does something wrong with a man then not all women become like her."

"Of course Aditi. This is what I wanted to hear from you. Because all women and men are not of the same nature and when both of them are not of the same nature then men have a completely different nature from women. His behavior is of creation. So why should he not be evaluated according to his nature."

"Oh God...!" Aditi said while making a face. She was surprised. Perhaps she did not agree with Kamini at all. She says-

"Ma'am, you want to explain that a man should be measured separately on the parameters of sex. Even if he has sex with other women for his own pleasure. And as far as I understand from your counseling, it only means that some relaxation should be given to a man as per the standards given by nature. And this relaxation should be given that man is a creator, nature has made him like this. He can have sex with other women whenever he wants and in whatever way he wants. There is no problem in this or any talk of moral values getting spoiled. Because he has no fault in this and we should happily accept his act and forgive it. Have I understood correctly ma'am..?"

"Absolutely right my love." Aditi got a big shock on hearing this. Just like she gets when she falls asleep. She was staring at Kamini. Then Kamini says-

"Maybe you are able to understand me now." Kamini looks into his eyes and says her point firmly.

Aditi was looking at her face. And was thinking whether Kamini ma'am must be doing this type of counseling. Must be giving this type of education. I could not sleep the whole night on this topic and she is openly supporting giving freedom to men in the name of nature in a very casual manner.

"What happened Aditi....?"

"Nothing ma'am." Aditi said while trying to change her facial expressions.

"Now you understood what I said."

"Yes ma'am. I have understood it well. A man should be forgiven for his mistakes. Am I right...?" Aditi said sarcastically.

"Hamm..."Kamini spoke softly while smiling softly. "Hamm" came out from her lips,the word was sexy. Aditi was looking at Kamini's moon-faced face. Sometimes Aditi would laugh at her words and sometimes she would get angry. But one thing was certain that she was impressed by Kamini. Her way of talking was unique which was attracting Aditi towards her despite her not wanting it. Aditi was also angry at herself that why did she come to her again for counseling. Her confusion was increasing instead of decreasing. She was dissatisfied and troubled, so she said-

"Ma'am, please tell me how many times a man should be given this exemption for his mistake?"

"Only once." Kamini answered quickly. The answer was clear as before. The smile on her moon-faced face was alive as before, which was acting as an ornament on her face.

Aditi again started staring at Kamini and started thinking that how can Kamini ma'am be so insensitive towards

illegal relationships. Whereas she herself is a woman and being a woman she should openly oppose the illegal relationships of men. She was not able to understand anything.

“So Aditi I think you must have got the answer from my counseling. And that is you should forgive your husband Aditya at least once and return to his home”.

On hearing this, Aditi got very angry. She became uncomfortable and said quickly- "Sorry Kamini ma'am. I can't do this."

Anger was clearly visible on her face. Her heart beats had increased. Perhaps she was angry at Kamini's counseling. She was trying to control herself. She did not like Kamini's counseling. She did not want to say much in this condition. Her mind was troubled and surprised. The mental tension was increasing. She held her head with both hands and bent down while sitting on the chair. Tears flowed from Aditi's eyes and she started sobbing. She was thinking that Kamini, despite being a woman, has failed to understand her pain.

She quickly composed herself, wiped her tears, took her purse and quickly left Kamini's cabin. Kamini's killer smile was staring at her as she left.

---

Aditi came home. But her restlessness was increasing. She was thinking why Kamini was forcing her to forgive Aditya once. On the other hand, she did not want to forgive Aditya under any circumstances. She was so entangled in the dilemma of whether to forgive or not that she could not find a way out. Then she thought that at least one thing was clear that Kamini wanted to see her happy and that was so that she could forgive Aditya once

and return home. If Kamini's mind was limited to counseling and money only, then she could have satisfied me with my condition. But she wants to save her home. Her honesty is clearly visible from this fact. She again thought about Kamini's words and examined the circumstances. Aditi liked Kamini's gentle behavior very much. She got angry many times but Kamini kept looking at her lovingly. This thing had settled deep in her mind. After going to him, it felt like I had found someone of my own. It seemed as if Kamini also felt comfortable with him. His words might not have been a permanent solution to the problem but they were definitely bringing peace to the mind. She had made up her mind to go to Kamini Care Centre again the next day. She felt good there. But there was no question of forgiving Aditya. She went to Kamini Care Center again the next day.

Kamini understood everything that even if Aditi is not satisfied with her counseling, she is definitely satisfied with me. She asked Aditi about tea and coffee and she agreed to have coffee. Aditi told Kamini that she cannot forgive Aditya. But she wants to work with you in your counseling center for a few days. She also has a psychology degree. Kamini readily agreed to this. In fact, she also started liking Kamini. She liked her reasoning. It forced her to think something new.

Both were drinking coffee and in the course of talking, they became deeply attached to each other. It seemed as if their relationship was very old. While talking, both would look deeply into each other's eyes and touch each other's hands while joking and the juice of pleasure would start flowing. Kamini and Aditi were experiencing this pleasure physically. Perhaps both of them had got their energy together. Aditi's mental tension was reducing. She would

laugh out loud at Kamini's sexy talks. Both were feeling good. Just then an intercom call came from the reception.

"There is something serious Kamini." Aditi asked.

"No-no Aditi. Nothing like that. Sometimes I get some strange cases."

"Who has come?"

"There is a woman and her husband who wants to get his wife massaged by a man in front of him. Perhaps both are dissatisfied with each other." Kamini said. Just then Kamini intercommed on reception and said-

"Do this, Neha, first get both of them counseled and if any dispute between them comes up during counseling then get a massage for them."

"Yes ma'am. Done." There was the response's voice from the other side.

"Everything is fine Kamini. You look very serious."

"Never Yaar.... I am never serious. I live every moment with an open heart. And can I tell you one more thing Aditi..?"

"Yes ma'am. You will enjoy working with me. Every day new types of cases will come up. We will solve them together. You just have to forget the past for some time. You have to look at things in the present with a positive outlook. Then see how much joy there is in life. And gradually your depression will also reduce."

"You are telling the truth."

"100%. My love. This is my promise." Kamini spoke with attitude. Her body language influenced Aditi. Presently both of them were connected to each other.

Kamini and Aditi were talking to each other. They had been talking for a long time and they knew each other well. Kamini's words had such an impact on Aditi that her depression actually started to reduce. Aditi's heart started to blossom. She wanted to live life in a new way. That's when Aditi asked-

"Kamini ma'am, please tell me something about your life. Tell me about your good and bad experiences in life. How did you reach counseling? I am eager to hear it." Aditi said this while looking into Kamini's eyes.

Kamini burst out laughing at this and kept laughing for a long time. Aditi kept looking at her. She kept laughing. Then Aditi extended the small water bottle towards her and said-

"Please drink it ma'am. All your energy should not get wasted in laughing. And there should not be shortage of water also." Kamini laughed loudly at this and said laughingly-

"Aditi my water will never end. I am a very deep ocean. And please my love Aditi, if you say it by my name then I will really like it. She said while drinking water.

"O.K..." Aditi asked, smiling.

"How good-how good!" she said in a thoughtful tone and moving her eyes and tongue in a sexy manner she said-"As good as the orgasm a man gets."

"Oh God.!" Aditi's mouth opened wide and both of them started laughing loudly at this. Both of them held each other's hands. When there was a burst of energy, both of them kissed each other's hands. Both of them shivered.

"Ok. Ma'am, I mean Kamini. Now explain in detail about the extreme pleasure of your life." Aditi said laughingly.

"It's okay." Kamini winked at him and said-

"This happened almost two years ago when I had done my post graduation in Psychology from the university and yes Aditi, I am the topper and gold medalist of my batch."

"Oh wow.! Then it will be more fun to listen to you."

"Aditi, you will not only have fun but also get extreme pleasure." Both of them laughed loudly at this again. Kamini started telling more about herself-

"As soon as I got my postgraduate degree as a gold medalist, my news was published in all the newspapers with my photo. At that time, I became quite popular. But not a star."Kamini says smiling.

Aditi was listening to her attentively. She was staring at her. Kamini was telling more about herself- "My father's friend saw the news about me and told me about his friend's son who had recently come from Britain. He was a doctor. He had done M.D. My father met him and talks of my marriage started."

"Good...!" Aditi spoke excitedly. Often girls become especially interested in the name of marriage. Because every girl wants to see this stage in her life.

"Nothing good Yaar. Listen further." Kamini said this while hitting his thigh.

"Ahhh..." came out of Aditi's mouth.

"Oh sorry Aditi! I hope I didn't hit you too hard. Show me if I got hurt." Saying this, she placed her hand on Aditi's thigh and started caressing the place where she had hit her.

"Kamini, not so hit Yaar." Both of them started laughing again at this.

“Papa liked the boy and he told me. Papa said- “Aditi Beta, meet Mohit once. I think he is a good boy. Still, it is your choice or dislike.”

I told Papa that I want to do research, PhD in Psychology. I don't want to get married right now.

Papa said. “It is good Aditi, but you can do all this even after marriage. Meet Mohit once. If he seems good then say yes otherwise continue your further studies”.

“Then what happened?” Aditi asked with interest. She was listening to Kamini's talk with great attention. Kamini was liking Aditi's behavior that she was listening to her very attentively.

“Then one day we both met and started talking. We both met in a coffee house and started knowing about each other's interests.”

“Kamini, How did you like Mohit at first sight?”

“Yaar..! First sight is nothing. And let me tell you that everyone looks good at first sight but things become clear when you talk to him. You start knowing about his interests. His way of talking. His behavior with you. His answers and responses at that time. All these things give you information about the other person, what kind of a person he is. And it is not that all this happens in a day Kamini. In reality, all this takes not months but years. In the beginning, every person keeps himself like a decorated plate. But what happens is that we take our decision in just one or two meetings and that may be in the form of yes or no.”

“But Kamini cannot enter inside a person to know how he is from inside. Somewhere we try to know how a person is from his words, his speech and his behavior.”

“Of course! Aditi, you are right. But what happens is that in the beginning we first see the colour and then by talking to him we try to find out his Kundali, what he does and how much he earns. Under this process, we try to find out what kind of a person he is. It is absolutely correct that we cannot get inside a person. What kind of a person is he like from inside.”

Then Aditi interrupted and said- "And it becomes very difficult when a person presents himself like a decorated plate. In that situation it is very difficult for a woman to judge a person."

“Of-Course Yaar.”Kamini said approvingly of his statement.

“Okay--okay Kamini. Now tell me more.”Aditi spoke curiously.

“Undoubtedly Yaar, I am telling you. It seems you are getting more excited than me.”Kamini whispered in a sexy tone. Kamini started telling further about her life-

“After just two-three meetings, Mohit proposed marriage to me and said that after marriage, you will have to live with me in Britain.”

“So you accepted the marriage proposal?”

“Actually Aditi, if I tell you the truth, I was not feeling like accepting the marriage proposal so suddenly. I told my father, he became happy but papa said that the decision of yes or no is yours.”

“Ok. You did not tell your father that everything is happening very quickly.”Aditi ask.

“Aditi, I told Papa that I am not able to take a decision so soon. Since Mohit had to go back to Britain next week, the decision had to be taken as soon as possible so that the

wedding rituals could be completed on time and he could take me with him to Britain.”

“Then what happened?” said Aditi.

“What happened then? There was a state of turmoil and confusion in my mind. My mind was not agreeing. My soul was not supporting me. But I thought about my future life that if not today then tomorrow I will have to get married, so why not do it now. And as far as PhD and research are concerned, it can be done by going abroad. Many students anyway go abroad to do research and PhD.”

“Good-good very good. After all, we had to experience the creative activities that would happen after marriage.” Aditi said it in a sexual way. Kamini blushed at this and said-

“Yes Aditi, it is every girl's dream that after marriage she will share not only her body but also her soul with her husband. Finally I said yes. We met again at the coffee house and I told Mohit about my decision. Mohit was very happy. Today he held my hand tightly in his hand. We both were very excited and excited. I was thinking that I have found a good life partner and it was feeling good.”

“Very good. When you said yes, did you just hold your hand or anything else?” Aditi asked in a sexy way.

Kamini smiled and said- “Oh Aditi! Every man wants to do everything before marriage. Mohit also tried this. But I was not ready for this at all.” He said- “We are getting married next week, so what is the problem in having sex.”

“So what was Kamini ma'am's answer to this? Did she have sex before marriage?” Aditi said rolling her eyes.

“No Yaar, not at all. To be honest, I was feeling some sort of weakness in accepting his marriage proposal. Still, I was

convincing myself that everything would be fine. Aditi, I also refused to have sex before marriage. He also felt bad that in today's modern era, his thinking is very backward. Otherwise, he was ready. He had even booked the hotel. But I said it is a matter of only one week. You can make love to your heart's content after marriage."

"Oh, what happened to Kamini madam? What did Mohit say next?" Aditi asked. She wanted to hear the answer to this question quickly.

"Kamini smiled and said- "As we both mentioned earlier, one cannot enter inside a human being. Perhaps he had something else in mind."

"What do you mean!...What was inside it..?" Aditi said.

"If you listen now, you will know later." Kamini became serious and said- "After this, we both got married after two-three days. All the wedding rituals were completed in a hotel. Mohit also got my visa through his friend in Britain. All the work was completed in a week. Mohit and I went to Britain just two days after the wedding."

"Nice. What happened to your honeymoon, meaning sex." Aditi asked in a sensual tone while caressing Kamini's cheeks.

"The wedding was over. We all stayed in a hotel. All the guests had left. Mohit and I stayed in the hotel room because we had a flight to Britain the next evening."

"Ok. Now tell me quickly what happened next?." Aditi spoke in an excited tone.

"Our honeymoon room was decorated in a seven star hotel. I was waiting for Mohit. After some time Mohit came and I saw that he had drunk too much. His steps were faltering. Although he had told me earlier that drinking

alcohol is not immoral for men and women abroad. In fact, women have as much freedom as men have.”

“So our Kamini had no problem with Mohit's drinking and she was ready for the wedding night.” Aditi said smilingly.

“I will tell you everything. Please wait a little my love.” Kamini said this while moving her sexy hand under Aditi's ear.

“I was ready for sex. But Mohit lay down on one side and there was silence in the room for some time. What should I say from my side?”

“Absolutely right and that too an Indian girl. How can an Indian girl say on the honeymoon that now we are married. Let's have sex.” Aditi said laughingly.

Both of them laughed at this. Kamini further said-

“When there was silence for some time, I tried to talk to Mohit and said- “Mohit, do you like living abroad?” His very rude reply was- “This India is full of animals. There are people everywhere and there is filth all around them. People here are living like animals. Their consciousness is only a little more than that of animals. Corruption, casteism, classism, all are trying to protect themselves by climbing over each other. This is the real India. I don't like even a moment here.”

“Oh, that's what he said,” says Aditi.

“Yes Aditi. I felt bad at that time. I did not like what he said at all. But it was our wedding night, so I did not want to spoil his mood. Otherwise a psychologist like me could have given him a good lecture on this matter and dissected him. But I remained silent. I thought after this he would become normal and come towards me for sex. But that did not happen.”

"Oh God Kamdev! Then..." Aditi said.

"After some time he says- "Aditi I had asked you for sex. So now we will have sex in Britain only. We will not have sex-honeymoon in India. And you also said that it is a matter of one week only. And I also say that it is a matter of two days only. Day after tomorrow we will go to Britain and have a nice honeymoon. There was a sarcasm in his words."

"What was your reaction?" Aditi asked.

"I did not react. I just said- "you must have drunk alcohol. You must be tired. Take some rest."

"Then what did Mohit reply?"

"He didn't say anything. He simply said good night."

Aditi laughed very loudly at this and fell on Kamini's lap while laughing. Kamini was caressing her hair lovingly. Their eyes met for a few moments and Kamini kissed Aditi on the forehead. Kamini looked emotional. Seeing this, Aditi also composed herself and hugged Kamini. And both of them sat on the chair facing each other.

"Kamini, it seems our conversation will last for a long time. But work should also be done along with it. You should find out about that couple who wanted the wife to get massaged by a man." Aditi said.

"Yes Aditi. That is why I have asked for the first counseling and if everything is fine then both will get a massage. Aditi, when there is some lack of love between a man and a woman, then different thoughts arise through sex. A woman doubts her husband and a man also doubts."

"Ok. So if you take massage like this then your relationship will become better" Aditi asks.

"Yes, it will definitely make a difference. And it is my job to not let anyone's home break. Even if I have to resort to

massage for that. Actually, men also want the touch of other women and there can be no better place for this than a massage centre. And now even women want to get massage from men only.”

“Kamini, will the massage solve the problem or something else too...”Aditi started asking.

“Aditi, we will discuss this topic some other time. I do not want anyone to leave my center incomplete and dissatisfied. If he came to my Kamini Care Center, he should get treatment according to his interest. And my only purpose behind this is that no one's family should break up for a moment of sex.”

“Ok.”Aditi spoke in a serious tone.

Both of them laughed at this. Then Aditi asks her further about her married life-

Kamini, now tell me whether you had a honeymoon or not?”

“Yes, I had a honeymoon and that too in a different way.” Kamini says.

“Meaning ? in what way? Did you celebrate honeymoon in different postures?”

“Yes Aditi, Mohit celebrated honeymoon in a strange way” and she tells-

“The next day Mohit started showing his ways. He had already drunk and as soon as he came, he pounced on me in the bedroom. At first I did not understand anything. But I thought that it is his first honeymoon so he is getting impatient.” Kamini said seriously. Aditi was listening to her words carefully. Then Kamini tells further-

“He enjoyed me from front and back in the name of honeymoon.” While saying this, Kamini's throat choked

and she was about to cry. Then Aditi took care of her and gave her water.

After this Kamini told that Mohit behaved badly with me and I kept tolerating it for a few days. But one day it crossed all limits. When he said that today there is a party of my friend. There are only four of us in the party. Me, my friend, his wife and you. We have to dance with each other's wife and after that the wife has to sleep separately.

"What do you mean..." Aditi said in surprise.

"Yes Aditi. We had to have sex with each other separately. Mohit somehow convinced me. But everything was fine till the dance. But when it came to sleeping separately at night, I refused Mohit. Mohit explained to me that everything is acceptable here. But my soul was not ready. I clearly refused Mohit for this act. Then he slapped me several times and abused me."

"Oh God!" Aditi said in surprise.

"Mohit's friend's wife was ready to sleep with him. But I refused to sleep with his friend. Mohit's friend tried to force himself on me, so I threatened to inform the police. After this he became quiet. I came back home. Mohit was in a bad mood, he asked me to leave Britain immediately and talked about divorce. I returned back to India the next day and after a few days we got divorced." Kamini said. Kamini had tears in her eyes. Aditi held her, caressed her forehead lovingly and took her in her lap. After some time Kamini became normal.

Just then a call came on the intercom-

“Yes....”

“Ma'am, both were found fine in the first counseling. There is a mutual dispute. It will be resolved with a normal massage.”

“Good-very good.Send a boy for massage and get it done properly.”

“Right ma'am.”

After this Kamini and Aditi got busy in their conversation.

“Thanks Kamini Ma'am. Talking to you is really reducing my stress.” Aditi said smilingly.

“Now please don't call me ma'am. I don't like it. I have talked to you so much that I feel a sense of belonging. That is why if Aditi calls me by my name, I will like it very much.”

“OK Ma'am, means Kamini. I will try.”

Both of them laughed at this.

Then the receptionist told on the intercom that the husband got his wife massaged in front of him and both were satisfied. When Kamini shared this with Aditi, both were laughing.

---

Aditi started visiting Kamini Care Centre daily. She started working with Kamini. She also started counseling new customers. She was financially self-reliant. The mutual attraction between Aditi and Kamini was increasing. Today again both of them were talking and counseling customers. Just then an intercom call came-

“Ma'am, a woman has come for counseling. It seems to be a serious case.” Neha receptionist said.

“Ok, fill in the details in their online form and then call me.”

“Right ma'am.” Saying this, Kamini disconnected the call and said-

“You know Aditi, these days a very different kind of cases are coming. That day a husband and wife came for a massage. Even after that they took two more massages and both were very happy.”

“This is a good thing. Especially regarding Kamini's counseling management.” Aditi said encouragingly.

“Thanx my *Jaan!* But it is not Kamini's counseling but both of us. Really Aditi, ever since you have come to my center, our customer count is increasing day by day.”

“All this is the magic of our Kamini Care Centre. Whoever comes here goes away satisfied. Their future life becomes comfortable and easy.” Aditi said.

“Of course my love. You talk with a very good philosophy. Our Kamini Care Center is a lot of fun. It gives a feeling of belongingness. Maybe that is why you said this. Am I right my sweet heart?” Kamini said laughing.

“Yes Kamini. you are right.” Just then an intercom call came. Neha said-

“Ma’am I have uploaded the details. You can check it from your login on the website. Should I send the customer in now?”

“Yes, send it Neha. I have seen the details on the website.” Kamini had got her website made with high technology.

“Right ma'am. I am bringing the customer with me.”

“OK Neha.”

In a few moments Neha had brought the customer to the cabin in a very polite manner where Kamini and Aditi were sitting. She asked the customer to wait for some time outside the cabin and went inside the cabin herself.”

“Come on Neha. Send the customer in and in the meantime send two coffees too.”

“Sure ma'am. I'll send you hot coffee right away.” Neha said.

“Thanks my sweet Neha. You take great care of me. Why Aditi, am I right?”

“Kamini, of course. Neha behaves very well. When I came for counseling for the first time, she won my heart right from the beginning.”

“Thank you ma’am.” Neha Said.

“You are so hot so everyone gets impressed at first sight. That is why I have ordered hot coffee.” Both of them laughed loudly at this. Neha the receptionist was also

smiling softly. She was also happy at their mutual affection. She signaled the customer to come inside. Then the customer slowly opened the glass door and said-

"May I come in ma'am?"

"Yes-yes, of course. We are sitting here just for you." Kamini said smilingly.

That woman came to his cabin. She was very scared and nervous.

"What is your name?"

"Ma'am-ma'am Meenakshi."

"Ok-ok! Meenakshi. You sit down and then tell me about yourself comfortably."

Meenakshi sat on the chair hesitantly. The chair was very comfortable and big. She felt good after sitting on the chair.

"Yes Meenakshi. Tell me what is your problem."

Meenakshi did not speak for a few moments. Then Aditi said-"Meenakshi, you look very nervous. Don't panic. Now you are at our Kamini Care Center. Everything is fine here. Now tell me your story quickly."

Kamini was looking at her with great affection, just as she often looks at her customers.

"Ma'am, I am very stressed."

"Why do you remain stressed Meenakshi? You look very smart and innocent. Especially your eyes are very beautiful Meenakshi." Kamini says lovingly.

Hearing this, Meenakshi's confidence increased and she tried to speak softly and said-

"I don't know. You are the only one who said that I am good. To my husband I think I am the worst thing in the world."

"Why are you saying this Meenakshi?. You are really very beautiful." Aditi said.

"Meenakshi, as Aditi said, you are really very beautiful. Still tell me what is your real problem. And despite being so beautiful, you are under stress. It really doesn't look good. If a beautiful woman like you remains under stress, then the glow of your face will disappear. So first of all you have to get rid of stress. And I and Aditi will help you in this. Okay Meenakshi. Now tell me your problem easily."

"Madam, my husband does not like me and always fights with me. I serve him in every way but still he neither looks at me with affection nor talks to me with love. Sometimes I feel like leaving everything and ending my life."

"*Are!* What have you said Meenakshi. Don't even think like this. And now that you have come to Kamini Care Center, you can be completely assured. We will not let a beautiful woman like you go to God just like that." Kamini says. This brings a smile on Meenakshi's face and Aditi also starts laughing.

"Come on, tell me what the matter is. Why is our dear Meenakshi being harassed by her husband?" She said this in a reproachful tone.

Kamini and Aditi's words had a deep impact on Meenakshi and now she had become completely normal. She told-

"Ma'am, my husband beats me a lot while having sex. I feel a lot of pain. If you want you can see my injury marks." Having said this, Meenakshi started pulling down her clothes.

"No-no. There is no need for this. When you said that your husband hits you a lot during sex, we believed it."says Aditi.

"Ok, tell me Meenakshi. Does this happen often? Or sometimes? And how many times do you both have sex in a month?" Kamini asked.

"Ma'am it happens twice a week. But sometimes he drinks too much and it happens thrice as well."

"When do they beat more? Meaning in normal state or after drinking." Kamini had asked the question.

"Madam, after drinking. And yes madam, after drinking he do it for a long time. I have a problem. But he don't listen and keep having sex for a long time. If I say anything, they abuse me."

"Ok-Ok, tell me this Meenakshi. How many children do you have?"

"Madam, we don't have children yet. Because he ejaculates most of the semen while having sex. When I asked him several times not to do this, he hit me even more."

"Oh..!" Kamini exclaimed. Aditi and Kamini were looking at each other. They too were thinking about how to solve Meenakshi's problem.

"Ok Meenakshi. Also tell me whether you are satisfied with your husband's sex or are you dissatisfied. I mean, do you get the feeling from your husband that a woman wants to be satisfied like a man?" Kamini asked.

"Ma'am, one rarely gets satisfaction. Otherwise, he gets satisfied and goes to sleep on one side."

"You must get satisfaction sometimes. I mean once a month." Aditi said.

“Maybe once or twice. I don't know that properly. I had also heard about sex that women also like it. The truth is that I have not been able to experience that feeling properly till now.”

“Ok.” Kamini said.

“Can you do one thing Meenakshi?”

“Yes ma'am. tell me.”

“Can you be comfortable with sex with your husband?”

“Ma'am, I don't understand anything. How can I be comfortable? He has sex whenever he wants. Even if I don't want it. Once he even had sex during my period. I felt very dirty.” Tears rolled down my eyes.

“Okay-Okay. What I mean by comfort is that whenever your husband abuses you or hits you during sex, you should also abuse him so that your husband gets the impression that you were not born only for sex. Just as he wants his satisfaction, tell him to satisfy you in the same way.”

“Ma'am I did not understand anything. And how can I abuse him.”

“Only abuse will do. And you will have to abuse. The more he attacks, the more you should shout and abuse him.” Aditi had spoken firmly. Perhaps Aditi was angry at the male class.

Hearing this, Meenakshi kept looking at Aditi and could not say anything.

“Yes Meenakshi. Aditi is right. Whenever your husband hurts you during sex, you should also scream loudly. And yes, be a partner in sex with him. Don't think that this is only your husband's need. In fact, you need it more than he

does. You have to make your husband realize this.” Aditi explains to her.

“Yes Meenakshi. This is what you have to do. Whenever you have sex, do it openly. And do not worry about how the woman will do all this. Rather, doing this will solve the problem. The more you dominate, the more helpless the husband will become in sex. For your satisfaction, the husband will have to ask again and again. Understand this thing well.” Aditi explained.

Meenakshi was listening to the conversation very carefully. After this Kamini says-

“Meenakshi, you don't have to be scared at all. Just muster up the courage for once and cooperate openly with your husband in sex. Whenever he beats you during sex, you should react more than him. If he abuses you, you should also abuse him and say, fuck me, fuck me, fuck me. Satisfy me. If you think of anything other than this, do that too. Make your body strong during sex so that his beatings do not affect you. Then see what your husband's reaction is.”

“Ma'am can I do this.?”

“You have to do it Meenakshi.” Aditi insists on saying what she wants.

“Meenakshi. You have to do all this to protect yourself. Otherwise your husband will keep exploiting you like an object throughout your life and you will remain just an object of enjoyment.”

She was staring at both of them. She was understanding things. Meenakshi's mind was getting stronger. Aditi and Kamini had counseled her properly. Then Meenakshi says-

“Ok ma'am. I will try.”

“No-no! Not just try Meenakshi. But you will have to do all this with a strong mind. And we have full faith that you will do all this. Then tell me what effect this endeavor has on your husband.”

“Ok ma'am.” Meenakshi spoke softly.

“So it's ok Meenakshi. Now we will meet again next week. Till then you have to react according to whatever has been explained to you in counseling. It's ok Meenakshi.” Aditi said.

“One more thing. If your husband initially abuses you and beats you, then do not panic. Rather let him do it and try to control him with a sensuous smile. He will definitely lose and you will win.” Kamini said.

“Exactly you have to do it Meenakshi.” Aditi says.

“Yes Meenakshi. It will help you and after then you have to give feedback in this regard to Neha receptionist. Now you can go Meenakshi.” Kamini says.

“Ji ma'am. Namaste. Her confidence had increased due to counseling. After this Meenakshi came out of his cabin.

Neha had sent two hot coffees to the cabin. Both of them were talking while sipping coffee.

---

Ever since Kamini and Aditi started working together at Kamini Care Centre, more number of customers were coming. Kamini and Aditi's style of counseling was impressing the customers. Even today both were discussing the quality of customer counseling and how to satisfy their customers completely so that their sorrows are removed from their lives and they can live a happy life. Just then Aditi's mobile rang. She immediately disconnected the call. But after some time the phone rang

again and when Aditi picked up the phone, she turned red with anger. She started cursing in few words. Kamini looked at Aditi and signaled what happened. Aditi disconnected the call again.

Both of them started discussing counseling again. They got the details of a customer who was in extreme depression. The main reason for his depression was that his wife was not ready for sex. Even if she was ready sometimes, she did not cooperate in sex. Both of them were thinking deeply about the facts. But then Aditi's mobile rang again. As soon as it rang, Aditi got very angry and started blabbering. Kamini asked-

"What's the matter Aditi? Are you okay?"

"Nothing, Kamini. It was his call."

"But whose?" Kamini said, rolling her eyes.

"That same unlucky person is Aditya. He has been troubling me by calling me again and again." And saying this she disconnected the call again. After almost two months Aditya called Aditi.

"I feel like abusing this dirty person so much that he never dares to call me again. My body starts burning as soon as his name is mentioned. I wish I could burn him like this. This time I will tear him apart with my abuses." Aditi said angrily.

"No my love. No anger. And not at all as long as I am with you. You don't need to get angry when I am here. This time if Aditya calls you, pass the phone to me."

"But Kamini, explain to him clearly that he should not try to meet me at all. My paths with him have completely separated. He can send the divorce papers for my signature whenever he wants. I will fully cooperate in this work. But

if he talks about living with me, he will only get dirty abuses and will have to face police action.”

“Ok-ok my love! Don't worry at all. I will take care of everything.” Kamini says.

Then Aditya's call came again. Aditi started murmuring badly.

“No Aditi. My love, don't get angry at all. Calm down. And give me the mobile. I will talk to him. Otherwise, he will keep troubling you. I will explain it to him properly. Relax baby.”

“Leave it Kamini. Today I will teach this bastard a good lesson. Today I will teach him such a lesson that he will never try to meet me and he will forget to call me forever.”

“No-no Aditi. Too much anger has a bad impact. And your face has started glowing so much. I don't want any third person to have any negative impact on my Aditi. Even if that person is Aditya now. I want to see you completely free from the depression of life. I want to fill you with happiness and joy.” Aditi was smiling while saying this. After listening to her words, Aditi extended the mobile towards Kamini.

Kamini took the mobile in her hand and putting it on speaker mode, said with a sweet smile –

"Hello..."

“Hello-Hello Aditi. Aditi forgive me. I cannot live without you. Please forgive me once. Without you my life has become like a dry tree. I need you Aditi. I cannot live alone. Please Aditi...please come back to my life. I will do as you say. I will never do anything wrong. I swear in the name of God. Please Aditi forgive me.” His voice choked up while saying this. Aditya was really lonely. Akanksha

was a different kind of girl who was transferred to another city by the company.

“I am not Aditi speaking. Before giving so many sermons you should at least know who is on the phone. You don't even recognize the voice and you talk about living with Aditi.” Kamini says.

“Are you not Aditi? But I have called my wife Aditi. This is her number.” Aditya speaks nervously.

“You have dialed the correct number. But Aditi is no longer your wife and she is not able to hear you.”

“What do you mean? Who are you? And how are you talking on my wife's number? Who are you?”

“Aditya, this is Kamini from Kamini Care Center. Just a while ago you called Aditi several times, but she does not want to talk to you. That is why I took her mobile and received your call. Now do you understand something?”

“Please let me talk to my wife.” There was a bit of pain visible in Aditya's words.

“No Aditya. She is not ready to talk to you at all. You have given her a very deep wound. Which I am trying to heal slowly. It would be better for you to forget her and do not call her again.” Kamini said while explaining to him affectionately.

“What is this? How can I believe that all this is Aditi's feeling? Please let me talk to her. I am asking her to apologize and she should come back home. Please let me talk to her.”

“Mr. Aditya, now you are talking more constructively. It is not possible for you to talk to Aditi. You have lost the eligibility for it. Aditi is with me. You stop worrying about her. Now I have started worrying about her.” says Aditi.

Aditya gets worried due to some apprehension that this woman has trapped Aditi in her web and says in a loud voice-

"Please let me talk to my wife Aditi immediately. Otherwise I will complain to the police."

Hearing this, Aditi lost her patience and shouted at Aditya- "You bastard, you have ruined my life. I will never forgive you. Now I never want to see your face. You are completely free to have sex. Fuck whoever you want. Spend the night with whoever you want. Fuck, do whatever. I have nothing to do with you. I have completely freed you. Have as much sex as you want, enjoy life while fulfilling your endless desires. It doesn't matter to me now. You are a bastard dog. If you try to call even after this, the police will directly arrest you and put you in jail. I will not hesitate to get this done." While saying all this, abuses were coming out of Aditi's mouth.

"After this Kamini pacified him lovingly and said to Aditya- "So Mr. you must have heard it. Now if you want you can disconnect the call or if you want to hear abuses then you can continue the call." Kamini said while commenting.

Aditya had heard Aditi's words. Her abusive voice was echoing in his ears. Aditi had abused him a lot. She was not ready to forgive him. Aditya gave up and disconnected the call.

Kamini got up and came towards Aditi, who was burning with anger. Every pore of her body was burning and there was sweat on her forehead. Kamini said-

"Nothing my sweet heart. Calm down now. Have a drink of water." She said while extending a glass of clean water towards her.

Aditi drank the water in one go. Her breathing was still fast. Aditya's face was flashing before her eyes. She was not ready to forgive him under any circumstances. It seemed as if Aditi's heart was filled with maximum hatred."

"Relax.. dear. I am here for you." Kamini says. And while saying this she starts caressing her shoulders very affectionately. She presses her shoulders as if she is giving a massage. And this was true. She often used to press Aditi's shoulders as if giving a massage. Aditi liked this activity very much.

"Relax... my love. Aditi, relax my love." While saying this, Kamini was massaging her shoulder. Aditi closed her eyes and started feeling very relaxed with the massage.

"Aditi, will you have coffee? Kamini said lovingly.

Aditi nodded her head in yes with a sweet smile. Perhaps her anger was subsiding. Kamini was still massaging her shoulders lovingly.

"You are fine now Aditi."

"Hmm." Aditi spoke softly.

Then Kamini intercomed for two coffees. She cared a lot for Aditi. Aditi felt this very well. She felt as if now her world was Kamini.

In a short while a girl came in with two coffees. She served coffee to both of them and went away. Kamini lovingly extended the cup of coffee towards Aditi and got ready to drink coffee herself. Aditi looked at Kamini with a loving smile and winked lovingly. Aditi got a bit shy and in response she lovingly placed her hand on Kamini's shoulder. Both were enjoying the coffee while talking.

Meanwhile, the sweet ring of the intercom started. Kamini received the call and said softly-

“Yes.”

“Ma'am, should I send the next customer in?”

“Sure Neha. Now you can send anyone in whenever you want.” Kamini says this to Neha in a naughty way. Neha laughs softly and says-

“Yes ma'am.”

The customer had come to their chamber. Kamini had already read all the details about this customer online on her laptop. Counseling begins.

“Mr. Naveen, tell me what is your problem and why are you so tensed?”

Naveen remained silent. He was a little nervous. He wanted to answer but was unable to speak.

“Naveen ji, don't be afraid and speak your mind openly. We are here for your benefit and can solve your problem only after listening to you. So speak without hesitation.” says Aditi.

“Yes, Naveen ji. Speak openly.” Kamini said smiling at him.

Naveen starts speaking and says softly- “Madam, my wife does not cooperate at all in sex.”

“Why don't she cooperate?” Kamini asked.

This happens often. She is not ready for sex at all. Whereas I feel like having sex at least twice a week. But she makes some excuse or the other. I am very tensed. I wonder why I married her.”

“Was it a love marriage or an arranged marriage?”

“Madam, you can understand both of them. We met at a wedding ceremony and started meeting each other. This

whole venture continued for about a year. And later, we both got married with the consent of our families.”

“Mr. Naveen, please tell me whether after marriage you live with your family or separately.”

“Ma'am, since my job is outside, I stay separately.”

“Then what could be the problem?” Kamini said looking at Aditi.

“Naveen, did you ever talk to your wife about kissing or sex when you were dating each other?”

“Yes ma'am, we did kiss. But not have sex.”

“Why didn't you have sex?”

“Maybe she was not ready so I did not pay much attention. And I thought that not every girl wants to have sex before marriage. So I thought I will do it after marriage.” Hearing this, Aditi and Kamini were smiling looking at each other's faces.

“So it happened after marriage?” Aditi said smiling softly.

“Yes ma'am, we had sex after marriage. But even then she did not cooperate on the first night. I thought that since it is the first time, she is doing all this because of shyness.”

“How many times did you have sex on the first night of marriage?” Kamini asked.

“Twice ma'am.”

“You mean all the problems arose after marriage.”

“Yes ma'am.”

“Is it possible that you are not able to satisfy her and that is why she does not cooperate with you in sex?”

Naveen had no answer to this. He was silent.

Then Aditi says- "Tell me Naveen ji. Are you able to satisfy your wife? Is it not so, as Kamini ma'am is saying, that your wife is not able to cooperate in sex because she is not satisfied with you?"

"What can I tell you about this ma'am?"

"If you don't tell me, who will? The neighbors won't come to tell me." Kamini said this while laughing. She was joking.

"How does she feel when you have sex? Does she make any noise or remains silent?"

"Ma'am remains quiet. But initially she used to make some noises. But now she remains absolutely quiet and keeps refusing sex."

"It is also possible that your wife is getting satisfaction from some other man. That is why she is calm in sex with you. Because she gets satisfaction from outside."

On hearing this, tension appeared on Naveen's face. But then Aditi changed the topic and said-

"You tell me Naveen ji, what do you do when you are unable to have sex with your wife. How do you get satisfied?"

He was silent. But after a few moments he said- "When I am upset, I masturbate. But ma'am, I don't get satisfaction from masturbation."

"Never felt like having sex outside. Meaning when you were not satisfied with your wife, you never had sex outside." Aditi asked.

"Yes ma'am. I have thought about this many times. But then I felt that my wife would not like all this."

“So, she is still not feeling good. How long will you wait? And it is possible that your wife is having an extramarital affair. That is why she is deliberately not cooperating in sex.”

“I don't know ma'am. What is the truth. But I have tried to keep my wife happy in every way. I have taken her out. I have arranged dinners for her. But there is no change in her.”

“Well. What is the big deal in this? All men take their wives out and have dinner. What different thing have you done?”

“Ma'am. But I once talked to the doctor. The doctor said that sometimes this happens due to hormones. Everything will be fine after a few days.”

“But nothing right happened Naveen.” Aditi said.

“Yes ma'am, I am very depressed. I remain worried and troubled. I cannot even sleep. Sometimes I feel like committing suicide. My tension is increasing.”

Then Aditi and Kamini start talking quietly to each other. After some time Aditi says-

“Mr. Naveen, you should never commit suicide or even think about it. We feel that you are really very stressed.”

“Yes ma'am. I am very tensed. Please ma'am do something. Otherwise I will have no option other than committing suicide.” Naveen spoke in a sad voice.

“Mr. Naveen, I told you not to think about suicide at all. I agree that you are extremely depressed. But this does not mean that you should commit suicide. Yes, if you want, you can take a massage at our care center. It is possible that your depression may reduce somewhat.”

“Yes ma'am. That is why I have come here. I have heard a lot about your Kamini Care Center. And I have also heard that very good treatment is given here.”

“Thanks Naveen.”

Just then Kamini made an intercom call to reception. Within a few seconds Neha was there. Neha was the most senior and trusted person in Kamini's Care Centre.

“Yes ma'am.”

“Neha called Kamini towards her and said softly- "Neha, do one thing. Take him to the massage room. And get Sveety to massage his head and then slowly massage his body.”

“Yes ma'am.”

“And yes, explain to Sveety that she should not talk about sex until he herself asks for it. And when he asks for sex, deposit the money and let her have it.”

“Right ma'am.”

“Mr. Naveen. I am sending you to the room for massage. And yes, there are some rules of our Kamini Care Center. If you go from here satisfied, then do not tell anyone otherwise.”

“Of course. Never. God promise.” Naveen immediately spoke. Perhaps he too had come for a massage.

Neha takes him to the massage room.

The massage room was filled with romantic smells. Neha convinced Naveen to take off his clothes and wear the other undergarments available. Which was mandatory for everyone before the massage.

Naveen quickly took off his clothes and lay down on the big table. His heart was beating fast. Maybe he wanted to

have sex. But he was thinking that madam had only talked about massage. He wanted to have sex. He was also afraid that maybe only massage is done here. Just then someone knocked on the door. He sat down. It was a girl's voice-

"May I come in?"

"Yes ma'am.,

He saw a very beautiful girl standing in front of him and smiling.

"Hello Sir. My name is Sveety., "How are you?" the girl said in a charming voice.

"I am fine." Naveen said. His heart was nervous. But he was feeling good after seeing the beautiful girl.

"Lay down comfortably on your back."

Naveen lay down on his back. Sveety started the massage. First of all she started caressing the hair on his head. Naveen was feeling very relaxed.

"What is your name sir?"

"Naveen... Naveen Ahuja."

"Sir how are you feeling now?,"

"Very good."

After this Sveety poured some oil on his waist and started massaging in a very romantic way. Naveen was enjoying it. While massaging, Sveety was also moving her fingers lightly on his hips. Naveen was getting excited.

"How are you feeling now sir?"

"Very good." Naveen spoke shiveringly. And he asks-

"How long have you been working here?"

"For the last six months."

“Ok-ok.”

Sveety was slowly giving massage to Naveen. Naveen's tension was reducing but sexual thoughts were coming in his mind again and again. He was thinking that he should talk about sex once. He had heard that sex is also done along with massage in massage centers. But he was scared from inside that Sveety might feel bad and get angry and leave. And it might become a big problem later.

“Are you taking a massage for the first time Naveen?”

“Yes ma'am. But how did you know?”

“We get to know everything from gestures.”

“How is that, Sveety?”

“The person who gets a massage for the first time is nervous and his heart beats faster. Just like yours has increased.” Sveety laughs softly while saying this.

“Yes Sveety. Sveety ji.. you are very beautiful.”

“True.. ?”

“Really Sveety ji.”

“And how is my massage?”

“Very good. I am feeling very good. I will come to you for massage next time also.”

“Thanks Naveen.”

Naveen was getting extremely impressed hearing his name from her lips. Now he started talking to her feeling relaxed. On one hand Naveen's massage was going on and on the other hand Naveen had only one thing going on in his mind that he wished he could have sex with her. Then Sveety said-

“You lay down straight. Now I have to massage you from the front.”

Naveen quickly straightened up and lay on his back. As soon as Sveety massaged his stomach and chest with aromatic oil, he became excited. Naveen was feeling the touch of another woman's hands for the first time. He was full of sex and his penis was under pressure. His penis was struggling to come out of his underwear.

Sveety was slowly massaging his stomach and body and sometimes her hand would lightly touch Naveen's penis. As soon as Sveety's hand touched his penis, he would get excited. This happened many times. When Naveen could not bear it anymore, he said tremblingly-

“Sveety ji, can sex also happen?”

On hearing this, Sveety smiled at him slowly. But she did not say anything. Naveen could not resist and requested again-

“Sveety ji can we also have sex?”

“Yes, it is possible. But for this you will have to pay a separate charge.”

“Yes-yes I am ready. Tell me how much will I have to pay?”

“Three thousand five hundred.”

“Okay. But everything will happen fine. Meaning sex will happen.”

“Yes, it will happen.”Sveety said with a faint smile.

“So I should deposit the money.”

“Yes.”Sveety says smiling.

Hearing this, Naveen quickly took out his purse and gave him three thousand five hundred rupees.

Sveety took the money and went out. He was yearning for sex alone. When Sveety did not return for some time, he felt that something was wrong. His money had not gone to waste. Some big problem was not going to happen. Negative thoughts started roaming in his mind. But in a short while Sveety came back and looked at Naveen with a lovely smile. Naveen had reached his climax. Naveen was lying half naked. His heart was beating loudly. Sveety started caressing his body slowly and every pore of Naveen's body started burning. This sequence continued for two-three minutes. Then Sveety removed Naveen's underwear and she also started removing her bra and panties. Sveety slowly removed her bra first and as soon as she pulled down her panties, Naveen kept watching. She had removed the panties completely. Naveen started panting like a bull and kept looking at Sveety. When he saw that the vagina was completely clean, sex was filled with excitement. Sveety took off her bra and panties and lay on top of him, caressing his body. Naveen had reached his peak. His penis was in intense tension as if his penis had taken all his mental tension. Then Naveen held Sveety tightly and pressed own lips on her lips. He became so excited that his semen came out in a few moments. Even though the penis had not entered the vagina.

Sveety had realized this. She smiled slowly. She had earlier also dealt with such customers who ejaculate without having sex. Smiling, she looked at Naveen. Perhaps she meant that it was over so soon. Naveen lowered his eyes. His work was done. He wanted to get up. After this Sveety took him to the washroom and made him take a bath. Naveen was not enjoying it anymore. He wanted to leave as quickly as possible. Sveety was wiping his body with a

towel. Naveen took the towel and started wiping himself. Sveety took her bath and she also started wiping her body.

Now Naveen did not like Sveety much. But some time ago he was not able to see anything except Sveety. Because he was crazy for sex. Naveen quickly wore his clothes and went out. Sveety also wore her clothes. Naveen left satisfied. Sveety was ready to massage the next customer.

---

Like every day, Kamini and Aditi were sitting in their chamber discussing about customer quality and how to satisfy their customers completely. Both were deeply thinking about giving the best service. Just then Neha receptionist's intercom came.

“Yes Neha.” Kamini said.

“Good afternoon ma’am.”

“Very good afternoon” Tell me Neha. Is everything okay?  
"

“Yes ma'am. Everything is fine. Can I come in for a minute?"

“Yes-yes why not.” Kamini had said this in a permissive tone.

Within a few moments, Neha, Kamini and Aditi were in the cabin.

“Yes Neha. Tell me what you want to say.” Kamini said this looking at Neha with affectionate eyes.

“Madam, I wanted to tell you that nowadays the number of customers is increasing day by day.”

“Oh! this is a good thing. The staff of our Kamini Care Centre is so capable that everyone leaves here satisfied and stress-free.”

“Ma’am you are absolutely right. Our staff is always ready and helpful to our customers. And ma’am I would also like to tell you that our customers are still waiting.”

“Good Neha. This is even better. After all, the name of our Kamini Care Center is shining day by day.”

“Of course madam. why don't we increase the number of staff at our centre so that the customer doesn't have to wait.” Neha had said it.

“Oh wow! Neha, you have given a good suggestion. This will provide employment to many people and their basic needs will also be fulfilled.”

“Exactly ma’am.”

“Why Aditi. How will it be if new staff is recruited. This will also help our customers to get service on time.” Kamini said looking at Aditi.

“Yes Kamini. If the number of customers is increasing and they have to wait then it would be better if we recruit new staff as soon as possible.”

Then Kamini looked at Neha and said- “Neha, you have given a very good suggestion. Aditi and I will discuss this project from today itself and take a decision. You are the most senior staff of our center and I expected from you that you would not only cooperate in increasing the activities of our center but also supervise it. And you have done that work. Well done Neha.”

“Thank you ma’am.” Neha spoke with confidence. Her confidence was clearly visible in her words.

“Now you look after other customers and get them treated on time. Aditi and I will take a final decision on the recruitment of new staff today.”

“Ok ma'am.” Saying this, Neha left the chamber with a confident smile on her face.

“Yes Aditi, now you tell me how to recruit new staff.”

“An advertisement will have to be given for Kamini recruitment. But what will be written in that advertisement. And will the recruitment be of only female staff or will men also get a chance?”

“Wow Aditi. You informed me well. Although I already have both male and female staff here. But still the male staff is very less compared to the female staff.”

“Kamini, now the time is changing. As I am observing through counseling, be it men or women, both like to take opposite massage from each other.”

“You are right Aditi.”

“So why don't we recruit both men and women. And Kamini, my suggestion in this would be that the recruitment age of boys and girls should be kept between 20 and 25 years. Because at this age employment is a big problem. Now be it men or women, both want to be financially strong. In fact, I would say that even if the man is earning enough, the woman still wants to earn her own money separately.”

“Yes, that is also correct Aditi.” Kamini had agreed to his words.

“So okay Aditi. We will give an advertisement today itself. We will recruit at least 10 to 17 girls and boys. This will be of great benefit to Kamini Care Centre.”

“Yes Kamini, this will be fine.”

Just then Kamini made an intercom call to reception and ordered Neha to send two coffees. In a short while, two hot

coffees were in front of Aditi and Kamini. Both were preparing the draft of the advertisement while enjoying the coffee. Aditi was carefully writing down each and every point for the advertisement.”

“Aditi, the format of the advertisement is ready. But tell me whether this type of advertisement will create any legal difficulties.”

“No Aditi. Why would that happen? I have recruited staff before as well.”

“Ok Kamini. But earlier you would not have advertised like this. Now the advertisement that is being given has a lot of conditions for boys and girls and along with the message they are bound to agree to everything.”

“You are right Aditi. But, who goes into such depth. Whoever wants to work will have to follow the instructions of Kamini Care Center. There is no doubt about it. Still we will give the advertisement and directly conduct the interview next week. Whoever is suitable for our center will be selected.”

“That's okay Kamini. But there should be a provision for any legal difficulties as well.”

“Don't worry about that Aditi. I already have an advocate who looks after my legal matters.”

“Ok Kamini. And look I have prepared the format of the advertisement. You too should take a closer look at it.” Aditi said while handing over the advertisement format towards him.

Kamini saw the format of the advertisement and started reading each line carefully. Both of them had coffee. After some time Kamini said-

“Aditi, the advertisement is absolutely correct. I don't think there is any problem with it.”

“Ok Kamini. But before publishing this advertisement why don't we check it with a legal advisor.”

“You are absolutely right Aditi. I will send it to my advocate to get it checked.” Kamini said and sent the draft of the advertisement to the lawyer through WhatsApp from her mobile.

After this, both of them started talking about the new staff coming to the centre. Just then Kamini's advocate called. He sent a draft of the partial amendment and agreed to publish it in the newspapers. The advertisement was cleared. Kamini called Neha and asked her to come inside.

“Yes ma'am.”

“Look Neha. We have accepted your advice. Give this advertisement format to two newspapers today itself. Because next week we have to conduct interviews for recruiting new staff.”

“Right ma'am. But one week's time for application will not be less ma'am.”

“No-Neha. We have ordered all the forms online and that too with complete details and photos. The website has been mentioned in the advertisement. I will upload the online link on the website so that all the applications can be received online and the problem of receiving them by post is eliminated. And as soon as the application period ends, you will provide us a hard copy of all the applications.”

“Sure ma'am.”

“Ok Neha, give this advertisement for printing today itself.”

“Ji ma'am.” After this Neha left. She sent the advertisement to two newspapers for publishing.

The next day the advertisement was published in two newspapers. Many girls and boys had applied online against the advertisement. A week had passed since the advertisement was published. Now the interviews were yet to be conducted.

Aditi and Kamini were discussing today how to select the right candidate. They were looking at the hard copy of the application and the photo of the candidates carefully. Everyone was to be interviewed tomorrow. Before this, Aditi and Kamini had kept many applications aside. Perhaps they felt that this candidate was right for their Kamini Care Center.

“Aditi, I think we are going to select the right candidates. I did not expect that we would receive such a large number of applications. Applications have come from men and women from every category.”

“Yes that is true Kamini. Around 155 applications have been received and we have to select only 15 people.”

“Absolutely Aditi. Actually everyone wants to do a job. There is a lot of unemployment in the country because of this venture. Most people want to avoid their own business.”

“Probably no one wants to take tension by doing work on their own. Because Kamini starting a startup is not that easy.” Aditi spoke like an economist.

“Undoubtedly Aditi. Tension has become a permanent part of this world. Depression is prevalent in every direction and area. Everyone wants to stay away from it and we are also trying to get rid of this depression, tension and worry.”

“Ok Kamini. Now will we just keep talking or will we get something hot too.” Aditi said while laughing loudly.

“Of course my love. I'll order two hot coffees right now.” Saying this, Kamini called Neha and ordered two hot coffees. Both of them were drinking coffee while talking happily and planning for tomorrow's interview.

---

Interviews for staff recruitment had begun today. Applicants were being called in one by one. Then a woman came in for the interview.

“May I come in?”

Yes.” Kamini said.

“Your name is Aakarti.”

“Yes ma'am.”

“Did you read our Kamini Care Centre advertisement carefully to know what kind of job is available here.”

“Yes ma'am. I have read it well.”

“Then you will also know that massage work is done at this center and it is mandatory to follow all the conditions here.”

“Yes ma'am. I have worked at a centre before.”

“Are you still working at the same centre?”

“No ma'am. I am not working there currently.” A conversation was going on between Kamini and Aakarti.

“What kind of work did you do there?”

“Ma'am my job was massage. I am an expert in massaging both men and women.”

“Why did you leave the job from there or were you refused? What was the reason?”

“Ma'am, I was not refused the job, rather I left the job myself because their timing was very high, which was not possible for me.”

“What a timing it was there Aakarti.?” Aditi had asked.

“11 a.m. to 8 p.m. during the day.”

“Aakarti, this is not much time for any massage centre.”

“Ma'am it was just an hour more for me. I requested to leave the centre just an hour earlier as I had to go home after 7 pm. But they did not agree.”

“What was the compulsion that one had to go home after 7 o'clock instead of 8 o'clock?” Now Aditi was interrogating him.

“Ma'am, I have two children too. I have to give time to them too. That is why I left my job.”

“Oh! You are married and have two kids.”

“Yes ma'am.”

“What does your husband do?”

“Husband's job is also a small one. His salary is low so both of them have to work.”

“Ok-ok.”

“Now tell me Aakarti, if we offer you a job at our Kamini Care Centre then for how long will you be available.” Kamini asks.

“Ma'am, as I told you, if my timing is from 11am to 7pm then I will manage.”

“But you know about the work that both male and female customers come here and they have to be satisfied mentally and physically. Are you ready for this?”

“Yes ma'am. I am ready. But what will be the salary ma'am?" Aakarti asked respectfully.

“Aakarti you know that here salary is customer based. Like salary is according to the customer.”

“That is ok ma'am. But still I want to know that there must be some fixed salary.”

“Yes, your salary will definitely be fixed. But we cannot tell you this right now. If your name is finally finalized, then all the points will be discussed with you again. After that, you will be given the job only after mutual salary determination and agreement.”

“Ok ma'am.”

“Now you can go.”

“Thank you ma'am.” After saying this, Aakarti came out of the cabin. Then Aditi said-

“Kamini, this is the same woman whom we have already shortlisted.”

“Exactly Aditi. We have already selected this woman.” Kamini says.

The interviews were going on. But it was very difficult to select a suitable candidate. Then an innocent boy came into the cabin. He was lean in build, but was well dressed in pants and shirt. He had put his hair up. He was lean but looked physically smart.

“May I come in ma'am ?”

Seeing the boy's face, Kamini looked at Aditi and smiled.

“Your name is Robin Kumar.” Aditi asked.

“Yes ma'am. Robin spoke slowly, nervously and hesitantly.

“Why are you so nervous Robin?”

“No-no ma'am. There is nothing like that.”

“Robin Kumar, there is sweat on your forehead. Drink some water.” Saying this, Aditi extended the glass of water towards him. Kamini was smiling softly. Robin did not take the glass of water because he was really scared. Then Aditi again extended the glass of water towards him affectionately. Robin slowly took the glass of water and drank it nervously. Perhaps he was not feeling comfortable for the interview.

“Mr.Robin, have you ever worked in a centre like this before?”

“No ma'am. I am giving interview for the first time.”

“Ok. But it seems like your age is not for working but for studying.”

“Ma'am, I am also studying.”

“Okay. By the way, what are you studying these days?”

“Ma'am, I am studying B.Com.”

“Robin, you are still of the age to study so first complete your studies. After this you will definitely get a job as an accountant in a good company. There is no such job here.” Kamini says.

“Ma'am, I have to pay fees for studying. I don't have enough money to pay my fees. Somehow I got admission. Now I have to pay fees for further studies, so I have decided to work along with studies.”

“Is there any problem at home? I mean your parents...?”

“No ma'am. I don't have parents. I live with my uncle. My parents have left this world long ago.”

“Oh God.!” It came out from Kamini's mouth.

Then Aditi looked at Kamini and said, it seems his problem is justified. Perhaps Aditi was feeling pity for this boy. After this Aditi asked the boy-

“Robin, even if we give you this job, how will you manage your studies along with the job.?”

“Ma'am, after college I will come straight to the centre. And after that I will work till late at night.”

“OK. But when will you study? You have to study at home even after returning from college.”

“Ma'am, I will manage. I will study in college and whenever I get free time.”

“Meaning you will first study in your college and after that you will manage your studies in whatever free time you get while working. Am I right?”

“Yes ma'am. I will do my work with utmost honesty. I need a lot of money for my studies.”

“Ok Robin. We understand your compulsion.” Aditi said kindly. After this she discussed the matter with Kamini and discussed giving Robin a job considering his helplessness. Kamini agreed by nodding in the affirmative.

“Robin, we will give you a job, but since you have never worked at a massage center before, you will have to learn the work and follow all the terms and conditions of the center with confidentiality. Are you ready for this?”

“Yes ma'am. I will learn the work and will do my work with hard work and honesty. This is my promise.” Robin's passion for doing the job was visible in his words.

“Good.”

Kamini was smiling at Aditi after hearing this. Aditi also smiled.

“Ok Robin. Now you can go. How much salary we will give you, it will be told to you before making the final selection.”

“Right ma'am. So ma'am my job is confirmed?”

Hearing this, Aditi started laughing loudly and Kamini also started laughing. Aditi said laughingly-

“Yes, your job is confirmed.”

After this the boy happily walked out of the cabin.

“Aditi, we will hire this boy but he is probably new and does not know anything about the work here. So I would say that it would be better if this boy is first asked to prepare the massage room, keep massage related items in it and also make tea and coffee for us and the staff.”

“Yes Kamini, you are right. I also thought the same. Since this is the first opportunity for this, he will be able to understand the work here gradually.”

“But there is one thing Aditi. You have chosen a very innocent and hardworking boy for the Kamini care centre.” Saying this, Kamini hit Aditi's thigh hard.

“Ouch...! What are you doing Kamini. After this both of them started laughing loudly.

Other candidates were also coming for the interview. But most of the attention was being paid to those candidates whom these two had shortlisted a day before. Many types of boys and girls had also come from schools and colleges. Those who wanted to do jobs to meet their expenses. Many of them were also selected.

“Kamini, today the whole time will be spent in interviews. Look, it is almost 4:00 pm and everyone has not been interviewed yet.”

“Yes Aditi. We have two hours right now. In the meantime we will interview everyone.” Kamini said and called Neha the receptionist.

“Yes ma'am.”

“Neha, tell me this. How many candidates are left now?”

“Ma'am there are 45 more.” Neha told after looking at the list.

“Ok Neha. Do this, send everyone quickly one by one. So that the interview of all the candidates can be completed.”

“Right ma'am.”

Kamini and Aditi discussed that they should not waste much time on candidates who are not suitable for their centre. Following this method, they completed the interview of all the candidates by 6 pm. Kamini and Aditi finally selected about 15 candidates which included 11 girls and 4 boys. Robin Kumar was also included in this. Today's interview process was completed.

## 9

Kamini and Aditi had deployed the new staff after the interview. Everyone was told about their work and salary. All the confidential conditions were fulfilled while making an agreement with the new staff about salary and work. Everyone had a customer based salary. But along with this, their monthly salary was also fixed by Kamini Care Center.

Both of them had organized Kamini Care Center in such a way that the staff members were very careful about their work and confidentiality. There was no contradiction in the work and there was mutual harmony. Every employee had freedom in his work like massage etc. If he wanted, he could limit himself to giving massage only and if he wanted, he could also give physical satisfaction. All this depended on the employee. There was no pressure or compulsion. In this way, the customers were made to feel satisfied accordingly. Kamini and Aditi used to counsel the customers together and tried that in no way their customers' life gets spoiled. They should stay away from stress, depression, anxiety. She was counseling the customers with quality. Even today both were busy in counseling. Kamini and Aditi liked each other's company. Kamini knew this very well. She cared a lot for Aditi and Aditi was aware of this. Aditi's domestic tensions were over and she was living her life with full freedom. She had completely forgotten Aditya. Both were busy in today's counseling. Just then Aditi received a call on her mobile. She saw that the call was from her father.

“Hello-hello papa. Are you okay?” Aditi says. She knew that her father was not well for the past few days.

When there was no response from the other side, Aditi said again, “Hello, hello papa, are you able to hear my voice?”

Then a voice came from the other side.

“Yes, I am calling from Apollo Hospital. Your father has had a heart attack.”

Aditi was shocked to hear this. She was shocked.

“What did you say? Papa has had a heart attack. But I left him safe in the morning at home. But who are you talking to?”

“I am Dr. Rohan Saxena speaking from the hospital. I got this number from his mobile on which Aditi Beti is written so I called him.”

“But how did he reach the hospital? Who brought him there?”

“He called for an ambulance when his health deteriorated and later got admitted here. Look, his health is very bad and he is unconscious. You have to come to the hospital immediately. He has to undergo an immediate operation and the formalities for the same have to be completed.”

“Doctor sahab, I am reaching the hospital in 10 minutes. You please continue treating Papa.” Aditi says in a panic. Then she said to Kamini-

“Kamini, Papa has had a heart attack. I have to leave for Apollo Hospital.”

“Aditi, don't worry. I will also come with you.”

“No Kamini. You take care of the centre. I will leave. If there is any problem, I will call you.”

Kamini insisted on going with her but Aditi refused. But Kamini sent her driver with her car to the hospital. Aditi reached the hospital.

She enquired at the reception about the room number where her father was admitted. She quickly reached the fifth floor. The nurse told her that he had another heart attack and Dr. Rohan Saxena was with him in the operation theatre. She immediately rushed to the operation theatre which was on the second floor. She asked at the reception outside the operation theatre-

"My father has had a heart attack. He is in the operation theatre. Can I meet him?" Aditi spoke nervously. She was afraid of something untoward happening.

"Ma'am, please tell me the patient's name." The receptionist asked.

"M.K.Singh" Aditi immediately spoke.

"Ma'am, first you sign these documents." Aditi immediately signed all the documents and requested to go to the operation theatre.

"Ma'am you will have to wait. Dr. Rohan Saxena is treating him." receptionist said.

She had to go inside the operation theatre. She insisted but the hospital staff refused in harsh words. She sat on a chair outside the operation theatre and started waiting impatiently. In a short while Dr. Rohan Saxena came out of the operation theatre. The receptionist signaled to Aditi that Dr. Saxena has come out of the operation theatre. She immediately went to him and asked nervously.

"My father had a heart attack. He is in the operation theatre. How is his health now?"

"Are you his daughter Aditi?"

“Yes-yes.” Aditi said nervously.

Dr. Rohan Saxena took off his glasses and said, "Aditi, your father is no longer in this world."

“What all.” She said in surprise. "What are you saying doctor sahab? He has just had a heart attack."

“Yes, when he had his first heart attack, preparations for his operation were made but in the meantime he had a second attack and his life could not be saved.”

On hearing this, Aditi felt dizzy and the staff standing nearby held her and made her sit on the chair. She became semi-conscious after hearing the doctor's words. When the staff held her, she regained consciousness and said while crying loudly-

“I want to see my father.”

Dr. Rohan Saxena allowed her to go to the operation theatre where her father was lying dead on the stretcher. Two hospital staff took Aditi inside the operation theatre. Aditi started crying loudly as soon as she saw her father. He was dead. Her father had left this world. She started crying bitterly and became semi-conscious in a short while. The staff took Aditi out and made her sit on a chair. When she regained consciousness, she called Kamini crying.

“Kamini papa is no more.” Saying this, Aditi started crying loudly.

“What... Oh my God! Kamini exclaimed. Aditi was crying over call.

“Aditi, I am reaching you in ten minutes.”

Kamini's car and driver had already reached the hospital. She immediately booked a cab and reached Apollo Hospital

within ten minutes. On seeing Kamini, Aditi burst into tears and hugged Kamini and started crying loudly.

“Kamini Papa is no more. How will I be able to live without him?”

“Aditi, keep quiet. Everything will be fine. We are all with you.” Kamini was consoling him.

“No Kamini. Papa was my last hope. I used to talk to him every day at home. Now I am completely alone. Papa left me alone and went away Kamini.” Seeing her crying, Kamini's eyes also filled with tears. With great difficulty she managed to control Aditi and said-

“Aditi, take care of yourself. Everyone has to leave this world. This is the biggest truth. Do not think of yourself as alone, Aditi. I and the entire Kamini Care Center are with you. Be quiet, Aditi.” Kamini's eyes filled with tears while saying this.

“How will Kamini be able to live alone without Papa? Papa was my biggest strength.”

“Aditi I am always with you. You are not alone. I will not let you be alone, I will be with you. Please keep quiet Aditi. Everything will be fine.”

But Aditi kept crying. She had fallen in Kamini's lap. She was inconsolable. Kamini was consoling her again and again. The hospital staff had made preparations to send the dead body to her home.

Her father was brought home in an ambulance. Kamini and some staff from the centre had also arrived there. The preparations for the final rites had been made and the pyre was burning in the crematorium. Kamini had taken care of Aditi but she was still semi-conscious.

Today it had been three days since her father had passed away. Aditya was not aware of this. Aditi started staying alone in the house sadly. She was not even going to Kamini Care Center. She just kept remembering her father. Her condition was not such that she could handle herself again. She was broken again. Then Kamini entered her house. She started crying as soon as she saw Kamini. She knew that Kamini was her only companion who could help her. The mental impact of her father's departure was clearly visible on Aditi.

“Aditi, I know, this is a very bad time for you. But Aditi, one day or the other, everyone has to leave this world. The time that God had written for your father has come to an end. Aditi, death is the biggest truth of life. You will have to accept this. Otherwise, you will keep drowning in the ocean of sorrow.” Kamini was explaining to him lovingly.

Aditi's only support was Kamini, who was also lying in her lap with love. Kamini was repeatedly asking about her tears and caressing her forehead with love. Kamini was again encouraging her to live life.

“Aditi, life is mortal. Here happiness is less but rivers of sorrow flow more. If there is happiness for some time, then after a moment the period of sorrow starts. Nothing is permanent. That is why Aditi, strengthen yourself and start living again.”

“Kamini Papa's face does not leave my sight. I miss him a lot.”

“I know Aditi. What it feels like to lose a father. I have also faced this phase. But I have overcome everything with my mental strength. And that is why even today I am living my life in my own way. And Aditi, you too will have to live. For yourself and for me.”

Aditi's confidence grew after hearing this. She knew that Kamini cared for her a lot and she was the one who took care of her after Aditya. Kamini also told her that if she still stayed in this house, then the memories of her father would not leave her. Kamini suggested her to go with her. Looking at the circumstances, she accepted Kamini's suggestion so that her pain could be reduced and she could forget the memories of her father.

Kamini brought Aditi to her home. Where both of them started living together. Now both of them used to go to Kamini Care Center and return together. Due to the hard work and management of both of them, Kamini Care Center's name became famous in the city. Kamini Care Center was the name of the place for getting rid of tension, depression, worries and domestic problems. The common citizens of the city knew very well that Kamini Care Center is the only right place to get rid of people's tension, depression and worries. Where there is not only physical peace but also mental peace. Aditi started living with Kamini. Happiness had returned to Aditi's new life again. She was living life with an open mind and happiness and freedom.

---

Kamini and Aditi were doing counseling at the centre. Customers who came for massage would go away after getting the massage. Everything was going on normally. Some customers would come who were troubled by domestic problems. Both Kamini and Aditi would do counseling of such customers together. When more customers came, Kamini and Aditi would solve their problems separately so that all customers could be given treatment on time. There was a separate staff for those customers who came just for massage and pleasure and massage was being given as per the wish of the customer. The name of Kamini Care Centre was on everyone's lips. As a result, the number of customers kept increasing.

Today Kamini and Aditi were discussing about better customer service for their centre. Then Kamini told Aditi about Bangkok.

"Aditi, have you ever been to Bangkok?"

"No, I have not been to Bangkok but I have definitely heard about the massage there."

"At least I have some knowledge about Bangkok." Kamini said in a sweet taunting tone. Then Kamini replied-

"But not so much that I can tell you anything in detail. By the way, what is so special about Bangkok massage?" Aditi asked while raising her sexy eyebrows.

"Do you just want to listen or do you also want to see?" Kamini said looking at Aditi in a sexy manner.

“First tell me about the massage in Bangkok. After that we will consider visiting it.” Aditi said laughing.

“Then it is okay. Aditi, every kind of massage is available in Bangkok. And not only massage, but both types of services are available there for the satisfaction of men and women.”

“Kamini means everything.”

“I mean everything. Everything.”

“I did not understand anything.”

“Understand this, what is 5% in our centre. In Bangkok it is 100% and that too with complete satisfaction. All types of people come to our Kamini Care Centre for massage. But there are some who want physical satisfaction too. They are given satisfaction by the staff. But in Bangkok all this is like a ritual. It is their profession, their passion. There is a legal system.”

“Okay. But is this right? It is true that in India too there are such centers which provide massage but they are still not completely independent. Everything happens secretly. There is no clear law of the government on this.”

“You are right Aditi. All this is not done with complete freedom in our country. Because the culture here does not accept that any massage center provides sex facilities or participates in it.”

“And maybe it cannot happen. Because the government here does not consider such an act to be good. In fact, to put it simply, it considers it dirty. And anyway, such an undertaking has no place in society either.”

“But Aditi, only people of the society take massage and also want complete satisfaction. No one wants to speak openly in its favor. But everyone wants satisfaction.”

“That is right Kamini. But I would like to know your thoughts on this. Is sex necessary along with massage?”

“Oh my God! Good thoughts.” Kamini said while caressing Aditi's cheeks with love-Aditi it depends on the customer. As you can see we also do mental counseling of the customer and if he wants physical satisfaction then we help in that too. It all depends on the desire. Everyone has their own desire. The aim of our center is to relieve the stress of the customer. Now it can be mental as well as physical.”

“Yes, this is also correct. But what should happen? What is right?”

“Now what should happen and what is right. For this we will have to go to Bangkok and see. Tell me, do you want to go to Bangkok?” Kamini said while winking at Aditi.

“Will you really go to Bangkok? I can't believe it. By the way, Kamini, I am very fond of travelling.”

“If my Aditi is fond of travelling then there is certainly no better place than Bangkok. Tell me when to go.”

Aditi started looking at Kamini with a faint smile. She was wondering if Kamini was really going to Bangkok. She says-

“Kamini, it seems you are very serious about going to Bangkok. Do you really want to go to Bangkok? And is it okay for women to go to Bangkok?”

“Aditi, lakhs of women from all over the world go to Bangkok. And thousands of women from our country with culture and traditions also go to Bangkok. Did my Aditi understand anything?”

“Undoubtedly women from our country also go there. But this does not mean that they all go there for massage and sex. They can go for sightseeing also.”

"I did not say that the women here go to Bangkok for massage and sex. There are many other things in Bangkok. There are picnic spots. There are shopping malls. There are places worth visiting."

"Yes, this can also be true. But when it comes to visiting Bangkok, the name of the place itself draws a strange gaze towards the person."

"I don't think that Bangkok is a good place only for men. Men who are stressed at home, in the office or in business, go to Bangkok with the intention of sightseeing."

"What do you mean?" Aditi asked looking at Kamini with deep eyes.

"Aditi, tension of work. Tension of boss. Tension of home. Tension of wife. There one gets some mental and physical relaxation. What else."

"Kamini, then even married men must be going to Bangkok. Wouldn't their wives stop them from going there? And even if she doesn't stop them and objects, she would definitely suspect them. Because they are going to Bangkok."

"My dear Aditi. You have not seen anything in this world yet. I want to tell you that there are some husbands and wives who go to Bangkok voluntarily. When there is mutual agreement, then the matter of stopping and interrupting does not matter."

"Apart from this, what else can the wife do? After all, the husband stays out all day. How long will she keep spying on him to find out where he is and with whom. So such women would not have any objection in going to Bangkok."

“Maybe you are right Aditi. Sex is the universal truth of this world. It is the real energy of the universe which everyone wants to hide but everyone wants to show its passion. And that too in an experimental form because it is natural.”

“Good.” Saying this, Aditi laughed loudly and said- “It seems that today this topic is getting too long.”

“Undoubtedly this is a long and endless undertaking. Because as long as there is sex, there is creation. In fact, sex is at the root of creation. Creativity is not possible without sex. The expansion all around is a strong proof of this. Tell me, have I said it right Aditi?”

“Yes, you are not only right but also true. You should have done Ph.D on this subject.”

“Aditi, I should not have done PhD, in fact this has been my favourite subject for Ph.D. I have worked a lot in this direction. I have read a lot. I want to tell you, I have read and heard about the person whom the world knows as sex guru.”

“What do you mean by sex guru?” Aditi asked curiously.

“Sex guru means Osho-Rajneesh. They have given such a good discourse on sex that there is no need to listen to any other guru or read any other book. Perhaps they have explained sex in the best manner.”

“Yes. I have also heard a lot about him. And it is believed that in the nineties the whole world was his fan. He was famous even in America and abroad”

“You are absolutely right Aditi. Osho-Rajneesh had shaken not only the biggest power America but the entire world with his discourses. But the so-called countries of the world and people with ordinary intelligence could not

understand him. And by the time people could understand him, a lot of time had passed.”

“What do you mean Kamini? What did he say about sex that people could not understand him and even cultured citizens stayed away from his sermons.”

“Aditi is a very big disease caused by sex. Osho-Rajneesh had told in the nineteen- eighteen era that if unprotected sex is done between different people then this disease will be born. And it will not be possible to get any treatment for this disease. Although now it has been controlled to some extent with the efforts of the governments of many countries and some medicines are also available in the market but AIDS is still alive.”

“Kamini, it seems like you have done your Ph.D on sex.” Aditi said laughingly.

“To some extent you can say so. But actually this has been my favorite subject. Even though I did research in psychology, I studied deeply on every sensation of a human being. And I would like to tell you that if there is any biggest sensation in the body, then it is that of sex.”

“And this sensation is also pleasant.” Aditi says smiling.

“Aditi is not only soothing but also extremely soothing and blissful. A creation that is completely free from all thoughts is like a path to salvation.”

“What's the matter Kamini. You have gone straight from sex to spirituality.”

“Aditi, there is probably no difference between the two. Be it sex or spirituality, both emphasize thoughtlessness. They turn a person towards a place where there is nothingness and nothingness. In sex, there is a feeling of nothingness for a moment. This is the path to salvation.”

“Oh God! It seems that today I have listened to many years of sermons from you. Kamini, I don't have the capacity to listen further. Please give me coffee now. I have been discussing this since morning.”

“Sure my love. I will order it now.” Saying this Kamini intercommmed.

“Yes ma'am.”

“Neha, first send us two hot coffees. And tell me what is the condition of the customer?”

“Madam, the treatment of the customers is going well. There is no problem. Everything is going on normally and as per schedule.”

“Very good. And yes Neha. If you have any problem, call me directly and let me know.”

“Of course ma'am.”

“Neha, how long will it take for you to send the coffee inside?”

“Ma'am just ten minutes. Robin Kumar, one of our new staff, makes good coffee.”

“Good. Very good. But at the same time keep teaching him massage tips so that he learns how to do massage as well.”

“Yes ma'am. We are teaching him. And he is learning everything very quickly. He does his work diligently.”

“Ok Neha. Now send the coffee quickly.”

“Ok ma'am.”

“What happened, I had a long conversation with Neha.”

“Aditi my love, the same boy whom we have just hired, makes very good coffee and is also learning massage tips quickly.”

“Who- Robin Kumar.” Aditi asked with surprise.

“Hey Aditi, It seems Robin Kumar is your favorite staff member.”

“No-no.” Aditi laughed loudly and said- “You are my favourite. I just favoured him a little seeing his helplessness and innocence.”

“Robin Kumar is a good boy Aditi.” Kamini laughed while saying this. Aditi also smiled. Just then Neha sent two hot coffees inside the cabin. Aditi and Kamini were discussing about going to Bangkok while drinking coffee.

---

Kamini and Aditi had made plans to go to Bangkok. Kamini was checking the air ticket on the laptop. Aditi was also sitting with her. It was taking about 4 hours and 20 minutes to go from New Delhi to Bangkok by flight. The distance was showing to be about 2920 km. Then Kamini asked Aditi-

“So Aditi ji, now we are ready to go to Bangkok. We are getting a confirmed flight. Now tell me on which date should I book the ticket.”

“Kamini, are we really going to Bangkok?” Aditi says again with surprise.

“Of-Course jaan. We are definitely going to Bangkok. Do you still have any doubts?”

“No Kamini Not at all when you are here.” Aditi said laughingly.

“Then it is okay. Tell me on which date you want to book the flight.”

“Kamini, tell me for how many days are we going to Bangkok. We will have to give the responsibility of our Kamini Care Center to someone.”

“Don't worry Aditi dear. We will go to Bangkok for four days. And as far as Kamini Care Centre is concerned, that arrangement will be made.”

“How will you make arrangements Kamini? We both are going to Bangkok.” Aditi said this while rolling her eyes.

“My dear Aditi. What use will our Neha ma'am be? She will manage Kamini Care Center very well after us. I am sure of this.”

“But along with that, other staff is also needed who do not allow any kind of problem to arise and Neha's confidence is not weakened.”

“Aditi, Neha is my very old staff who has been associated with me since the beginning. She does her work very responsibly. I trust her a lot. As far as other staff with her are concerned, I have appointed Robin and three other staff as her assistants.”

“This will be fine Kamini.”

“Just okay or anything else?” Kamini looked at Aditi with deep eyes.

“What do you mean Kamini? What else?”

“That means I have kept Robin Kumar with her. Did I do the right thing?” Kamini said this while joking with Aditi. She often used to joke with Aditi on the name of Robin.

Well. It seems you are making fun of me by taking the name of Robin Kumar. I agree that I recommended him but that does not mean that you should associate his name with mine.” Aditi said while making a strange gesture.

“No Aditi dear. Your name will not be associated with Robin but only with me and our Kamini Care Center.”

“Good. That was good.”

“What was good. My words or Robin Kumar.”

“Well, joke again.”

“Ok-ok. Now let's leave this topic. We might miss our flight because of Robin Kumar.”

“You will miss the flight only if you book the ticket in advance.”

“Oh yes Aditi, I forgot that I still have to book the flight. Otherwise my dream of going to Bangkok will remain unfulfilled. So tell me Aditi on which date should I book the ticket.”

“You can check the flights for 17th of this month. If you get the right time and good flight then you can book it.”

“Sure Aditi.”

“100% my love.”

After this, Kamini booked a ticket to Bangkok on the 17th and a return ticket on the 21st.”

“Aditi, the flight tickets for both the trips have been booked. I have also paid for the food. And if we want anything else, we will buy it on the flight itself.”

“Other meanings.” Aditi had asked curiously.

“Other meaning: *Drink-shrink* like *Patiala Pack*.” Kamini said this laughingly.

“What are you saying Kamini? Drinking in an airplane. Have you gone crazy?”

“Aditi, there is a provision for drinks in international flight. There are citizens of all kinds of countries, so it is the responsibility of the crew members to take good care of their clients.”

“Well, that's so. But for now, just eating something will be enough for us. And yes, Kamini, get a hard copy of the ticket as well.”

“My friend Kamini. Nowadays everything is online. Tickets will be available on my mobile. But still I get one or two hard copies.”

“Yes, that will be good. If we get separated, at least the ticket will be with us.” Aditi said jokingly.

“Now we will never be separated Aditi. The bad times are over. Leave all the worries to me. By the way, I will send you the ticket on WhatsApp.”

“So you care for me so much.” Aditi said smilingly.

“I really care a lot. But your suggestion is good. I will get two hard copies of the ticket instead of one.” Saying this he made an intercom call to Neha.

“Yes ma'am.”

“Neha please can you come within a minute.”

“Sure ma'am.” Neha said and within a few moments she was in front of Kamini and Aditi.

“Neha, I have sent you the flight ticket. Take two print outs of it and give it to me. And listen Neha. Me and Aditi are going to Bangkok for four days. We have to go there to improve the massage quality for our Kamini Care Center. Now you are the boss of this center.” Kamini says smiling.

“Really ma'am. You are going to Bangkok. It is a very nice city.”

“But how do you know Neha.”

“I also worked there for a year.”

“Really Neha. That's why you do your work well. And you also motivate the staff to do their work properly.”

“Thank you ma'am. By the way when are you going to Bangkok ma'am?”

“Tell Aditi. When are we going to Bangkok.” Kamini said this while looking at Aditi with killer eyes.

“Neha ji, we are going to Bangkok on the 17th of this month. And we will return on the 21st.”

“That means for four days madam. Then madam you should start preparing to go to Bangkok from today itself. Because today is the 15th. Only tomorrow is in between.”

“Yes, Kamini. Neha is right. We only have tomorrow.”

“No problem Aditi. We can do a lot in a day. Don't worry. We will go in the evening and get the luggage bag ready.”

“So Neha, now your responsibilities will increase. We are handing over the responsibility of Kamini Care Center to you. If you want, you can take over your work from today itself.” Kamini says.

“Neha, Kamini is absolutely right. Because now you are the boss here. Do whatever you want. Do it however you want.” Saying this, Aditi laughed loudly.

Neha also smiled at his words.

“Ma'am you all go to Bangkok happily and enjoy. Don't worry about here at all. I will take care of everything.”

"We know Neha. That is why we have chosen you as our leader." Kamini says laughing.

"Ma'am, I am just your small worker."

"No-no Neha. You are not our worker but our partner. You are trustworthy. We trust you wholeheartedly."

"Thank you ma'am."

"Ok Neha, now you can go. And yes, the customer should not face any kind of problem."

"No ma'am. There will be no problem."

"By the way, tell me Neha. How is the new staff working? I mean, they maintain responsibility and confidentiality."

"Yes ma'am. Our new staff is very good."

"OK Neha, but who is the best?" Aditi asked.

Neha started thinking about this and started smiling. Because how could she name just one person. All the new staff were doing their work in an excellent manner.

"Neha, don't tell who is doing good work. I will tell. And that is Robin Kumar." Kamini burst out laughing again.

On hearing this Aditi glared at Kamini and said-

"Well. That's it. Looks like you are going to joke on me today. There is no one else?"

"No, it is not like that. I am not joking. I am speaking seriously." Kamini laughed and said to Neha-

"Tell me Neha. You tell me. How does Robin Kumar work?"

"Robin Kumar really does a good job. He is learning the work very quickly. He will become a good massager in the future." Says Neha.

“Aditi ji. Now you can accept that we have chosen a good staff in the form of Robin Kumar.”

“Ok-ok, that's fine my love. Now let Neha do some work. Or else you will keep her eyes fixed only on Robin Kumar.” Aditi says smilingly.

“I wanted to share one more thing ma'am.” Neha says

“Tell me Neha.” Kamini said.

That we have received feedback from many of our customers. Everyone has felt relaxed and especially Meenakshi has told that she has benefited from the counselling of both the ma'ams. Now her husband behaves comfortably with her and the affection between them has increased immensely. She is now very happy.

On hearing this, both Kamini and Aditi look at each other and smile and kamini says.

“Okay Neha. Thank you for feedback. Now you can go.”

Today Aditi and Kamini left the centre early. They had to buy some clothes to go to Bangkok. Both of them had bought nice and sexy clothes from the market. Both of them were almost done with their preparations to go to Bangkok.

---

Today Kamini and Aditi were going to Bangkok. Both were very excited. Aditi was also full of excitement. They were about to reach IG International Airport New Delhi. Kamini's driver had gone to drop them. He dropped them at the airport. Kamini and Aditi took care of their luggage bags, got the security check done and entered inside. There was a very big hall inside in which many passengers were sitting who were waiting for their journey. Kamini says-

"Aditi, there is still an hour left for the flight to take off. Let's get the boarding pass quickly. After that the tension will reduce."

"It's ok Kamini."

After this, both of them got into the queue for their Airbus. In some time, their number came and they got their boarding passes. Both of them handed over their luggage bags to the staff of the respective flight and apart from this, both of them had a small handbag each, which contained some important items and documents. After this, both of them proceeded towards gate number 53, from where the flight was to depart.

"Aditi, we have got the boarding pass. Now there is no problem. Now let's quickly reach gate number 53."

"Yes Aditi, its ok. We will soon reach gate number 53. Because we are now at gate number 50."

“Yes my love Aditi.” Kamini says excitedly. After this, in a short while, both were at gate number 53. Kamini and Aditi waited for a while on the waiting chair and her flight was allowed.

“Aditi, the allowance is done. Quickly pick up your bag and get in line.”

“It's okay Kamini. But why are you getting so worried. We are going. What's the hurry?” Aditi said smilingly.

“It's a hurry. No one is going to help you if you are late here. So first of all take your seat in the plane.”

“Ok.” Aditi said.

In a short while, after getting their boarding passes checked, they sat on their respective seats in the flight. Both of them had seats together and they also had window seats. In a short while, all the seats in the flight were filled. The air hostess was checking each seat one by one and was closing the slab while checking the overhead luggage. That's when the sound came.

“We will complete the trip to Bangkok in 4 hours and 20 minutes. We are confident that we will make your trip pleasant and enjoyable.” It was the pilot's voice.

After this, two air hostesses were standing in front of the flight who were explaining what to do in case of a problem in the flight. All the passengers were watching and listening to them very carefully. In a short while, the flight was about to take off. Everyone was instructed to wear their seatbelts. There was tension on the faces of many passengers, which often happens before takeoff. Some passengers had closed their eyes. Some others were looking here and there worriedly. It had become dark in the flight. The airplane had come on the runway and was moving forward slowly. Then the pilot's voice came-

"I, Nityansh Verma, welcome you all to this Airbus. And my crew members also wish you a good time. We are ready for takeoff."

Then the pilot increased the speed of the airplane. A loud sound started coming from inside the airplane. Now most of the passengers were tensed. Then suddenly the airplane picked up a high speed and in a few moments its front part rose up. In a short while the plane was flying in the sky with full power, tearing through the clouds.

"How are you feeling Aditi?" Kamini asked.

"Oh Kamini, I am scared. Look, the small houses and fields down below are still shining."

Kamini also looked out of the window and said, "In a short while, these too will stop being visible because the airplane will go higher to its ideal position."

Kamini was also feeling nervous. Usually when you board an airplane after a long time, you feel scared in the beginning. She secretly clung to Aditi. Aditi smiled and she too clung to Kamini. Just then a voice came.

"We are flying at thirty-five thousand feet. Now you can use digital devices and enjoy the air journey."

Aditi looked at Kamini and breathed a sigh of relief.

"It's okay now. Kamini. The airplane isn't even moving now."

"Yes Aditi, it feels good. Look outside, the white clouds look so beautiful."

"Yes Kamini. The clouds are looking very beautiful."

Most of the passengers had turned on the screen in front of their seats. Some passengers opened their eyes and heaved a sigh of relief after the takeoff went smoothly.

Everyone started watching their favourite serials and movies so that the four hours and 20 minutes journey would pass comfortably. In a short while the airhostess brought the automatic tray of snacks and was serving them snacks while checking the list.

“Kamini, will we also get breakfast?” Aditi said laughing.

“You will definitely get it Aditi. I had already added breakfast in the ticket.”

“Very good.” Aditi says. Now both of them were watching comedy serial on the screen in front of their seats. In a short while two airhostesses came in front of their seats and served them breakfast after looking at the list. Kamini and Aditi were very happy. Both of them started having their breakfast. The journey was going well. The airplane was giving the pleasure of air travel at full speed. After breakfast, both of them closed their eyes for some time. In between, there was an allowance for bad weather. Aditi was a little nervous.

“Kamini, what is happening? The airplane is shaking a lot.”

“Nothing will happen Aditi. It will take some time. There are some clouds in the sky due to which this happens. The air hostess will allow you to wear the seat belt now.”

Kamini was probably right. The air hostess had instructed everyone to wear their seatbelts. Within a short time, the airplane was back to normal. The plane stopped shaking. The passengers heaved a sigh of relief.

“Aditi, you are feeling better now. Maybe the weather was bad which is why this was happening.”

“Ok.”

“Actually This happens often in airplanes.”

Both of them were enjoying the flight and were talking. While talking, they fell asleep again. Suddenly, the pilot's voice was heard-

"We are going to land in Bangkok very soon. Hope you all will give us a golden opportunity to travel again."

Kamini and Aditi also woke up from sleep due to the pilot's voice. Both had smiles on their faces.

"Kamini, coming to Bangkok"

"Yes Aditi. After saying this Aditi took Kamini's hand in hers forcefully.

The airplane was slowly coming down. And now the lights of Bangkok were visible. It was about to be 8 o'clock in the night. When Kamini and Aditi saw this view of Bangkok, they were filled with curiosity. The airplane was slowly going down towards the runway. It was a blissful moment for both of them and Aditi was living this moment. Then again the alarm was given-

"We are ready to landing. All passengers please fasten your seat belts."

Kamini and Aditi looked at each other smilingly. The airhostess was also checking each seat again. After a few moments she also went to one side and sat quietly. Perhaps the plane was about to land. It had become dark inside the airplane. The pilot had increased the speed of the engine so that the balance could be maintained while taking the plane downwards.

Once again the heartbeat of all the passengers had increased. The airplane was slowly coming down. Now it had come very low. The runway was clearly visible. Then there was a slight jolt and the airplane started running on the runway. The passengers were relieved of their tension.

The airplane had landed safely. The captain again made a loving allowance and requested the passengers to give him another opportunity to travel in his airplane in future. Now the airplane had gone to one side and stood. The passengers were instructed to get down. All the passengers started preparing for getting down. They had taken out their handbags. After a while Aditi and Kamini had set foot on the land of Bangkok. Both were extremely excited and happy.

---

Kamini and Aditi had reached Bangkok. Both of them collected their luggage bags and came out of the airport where their hotel was booked. They took a cab to the hotel. In a short while, both of them were in a luxurious and seven star hotel. The hotel staff welcomed both of them in a very charming manner and their luggage was safely kept in their hands. After completing the paperwork formalities at the reception, both of them were going to the 17th floor by lift. Both of them had a four day trip here. The hotel staff had kept their luggage bags in the lift and both of them were also together in the lift. It was almost 8:30 pm in the night. Both of them were eager to see Bangkok. In a few moments, when the lift reached the 17th floor, the hotel staff unloaded the luggage bags and safely delivered them to room number 1709. Both of them had booked the same room. The room was luxurious and very beautiful. The hotel staff informed them about the official service numbers and also gave them a booklet in which all kinds of services were mentioned in case of any need. After explaining this much, the hotel staff came out of the room. The room was bathed in a sweet smell. Just then Aditi fell on the big bed with a thud and said-

“Aditi My love, such a big hotel. It seems there must be thousands of rooms here.”

“Yes my dear, it is a very big hotel. It is the best and most famous hotel in Bangkok. People from almost all the countries visiting here stay here.”

Aditi was very tired from the journey and so was Kamini. Then Aditi got up silently and moved towards a big curtain. As soon as she removed the curtain, both of them were filled with excitement.

“Oh my God! Kamini, look at the view outside. It seems as if we have come to some heaven and not Bangkok.”

“Yes my love. This is not only Bangkok but also heaven.” Kamini was thrilled when she saw the view outside from the 17th floor. The whole city was bathed in colourful lights. From the 17th floor, it seemed to both of them as if the sky had stopped. Then Kamini became extremely excited while looking down from above and pressed Aditi's hand tightly. Aditi was stunned. It was indeed a very beautiful view.

“Aditi, today we are very tired from the journey. Now we will get to see the real view tomorrow. Friend, it was really fun coming here.”

“Yes, Kamini. I am really feeling good after coming to Bangkok. I did not think that the city would be so beautiful.”

“Right now this is just a small glimpse. See how good it will be when we go for a walk tomorrow. You too will be filled with excitement.”

“Kamini, have you come to Bangkok before?”

“No my love. I have also come here for the first time. Just like you.”

“Well, then how come you are saying with so much confidence that tomorrow is going to be a lot of fun.”

“Aditi, I had studied Thailand a lot before coming here. And since I am involved in the massage business, it is very important for me to know every single thing about this

place. I had already collected a lot of interesting information about Bangkok, Pattaya and other famous cities.”

“Oh friend, I am already feeling very good. I feel like staring at Bangkok from the mirror all night long. I am feeling very good.”

“Aditi, now you keep looking at all night. I am going to sleep. I am very tired.” Kamini said this while laughing. And saying this she also fell on the bed with a thud. After this Aditi also fell on top of her.

“Hi.. Aditi, what are you doing? You came close to me as if a man was coming close to me.”

“Let's understand this. Today it is not Aditi who has come to you, but a man.”

“Oh, I wish this really happened. Some man would hold me tightly in his arms while I am alone on the bed and I would merge into him.”

“Well, that means you love the man more than me. Not me who stays with you day and night.” Aditi said this as a comment.

“It is not like that my love. You are my everything Aditi. Your arrival has changed my life and that of Kamini Care Center. I love you dear. Aditi ji.” Kamini said happily. After this both of them started laughing and clung to each other.

“Now tell me Aditi, what to do?”

“What should we do friend? Let's have dinner and sleep. We will see tomorrow where to go.”

“Yes, this will be fine. I am very tired from the journey. Now I don't have the courage to walk anywhere.”

“No problem my love. If you tell me, I can relieve your tiredness.”

“Will you relieve my tiredness? How, Kamini?”

“By giving you a sexy massage.”

“Really. Then give me a sexy massage.”

After this Kamini gently caressed Aditi's hair and started caressing her forehead lovingly. But she was caressing her in such a way as if she was actually giving Aditi a massage. Aditi was enjoying it. It seemed as if she would fall asleep. Then Aditi said-

“Kamini, let's eat something first. Then take a deep sleep. And plan for tomorrow. Tell me how it will be.”

“It will be very nice my love Aditi.” Kamini said this while lovingly kissing his hands.

“Tell me one thing Kamini. You kiss as if you are kissing a man. You are so good, yet your husband left you. He was absolutely crazy. In fact, just by getting your touch, someone would be ready to live with you.”

“Now don't take the name of that husband, Aditi. The past is over. Now just talk about me and yourself.” Kamini said while placing her finger on his lips.

“Ok-ok. Kamini. I am talking about you. You got angry the moment I mentioned a man's name.”

“No dear. I can never be angry with you. And it was not a man, it was a *namard* man whom I have left. And now we are divorced too.”

“Sorry Kamini. I hurt you. I really didn't mean to do that.”

“No Aditi. When did I say that you hurt me. I am just telling you that there are some men who are of no use.”

“Yes, that is true Kamini. By the way, tell me what should we eat? Will we get Indian food here?”

“My love Aditi, you will get everything here that you want. When I am with you then don't worry about anything.”

“Ok. Then if I don't get Indian food, I will eat you. Anyway, your boobs have become very sexy.”

“Oh God! That's it. Thanks for the comment. By the way why did I not pay attention to these.”

“Kamini, someone else will take care of them, not you. Just take care of them.”

“Well. That will never happen. Now, I alone have the right over them.”

“What do you mean Kamini? Not even me.”

Kamini remained silent for a while on this matter and then said smilingly, "Yes my love. Only you and I have the right over these. And this applies to both of you. Am I right?"

“Of course my love. You have as much right over me as I have over you. There should be no doubt about this. If you don't believe me, use it.”

Both of them laughed loudly at this. Soon both of them ordered Indian food and continued their conversation at the dining table. Aditi was repeatedly looking at Bangkok from the glass screen. Both of them were enjoying it a lot.

“Aditi, will you keep looking outside now or will you eat something too?” Kamini said this while serving food on a plate. The waiter had left after serving Indian food on the table some time ago. The food was hot.

“How is the food Aditi?”

“Delicious. It seems everything in Bangkok is made keeping in mind the different citizens of the country. Everything looks perfect.”

“Yes, that is the thing Aditi. Thailand has become a country for this very reason. Because there is no other business here except tourism. So maintaining the quality of business is their utmost duty.”

“And that is why people from other countries come here. When they have fun here. Eat good food. Travel around, see new places. Then definitely the economic condition of this country will improve.”

“Yes my Aditi. You are absolutely right. There is fun all around here. There is no word called sadness here. The whole of Thailand is colorful.”

“Let's see tomorrow how colourful Thailand will be.” Aditi said this while finishing her food. Both of them had a good dinner and were now getting ready to sleep.

“Kamini, tell the receptionist to clear the plates so that we can sleep comfortably after that.”

“Of course my Aditi.” After this Kamini called the reception and asked the waiter to take the plates. In a few moments the room bell rang and the waiter picked up the plates in the room properly and cleaned the table.

Both of them had worn semi nude night dresses. Both of them were looking very sexy in the dim light. Kamini was caressing Aditi's hair. She was enjoying it. Kamini was telling Aditi everything she had read and heard about Bangkok. Along with that she was massaging her forehead lovingly. Aditi fell into a deep sleep while talking. After this Kamini also fell asleep.

The next day Aditi and Kamini roamed around the whole city of Bangkok and they were enjoying a lot. In the evening, with colorful lights everywhere, attractive men and women were ready to welcome everyone. Especially male and female massage have a special status here. Everyone was lost in their own world. It was as if happiness was raining in heaven. Both of them had spent two days in Bangkok. They were very happy. Today was their last day and both of them had come to Pattaya city.

“Kamini Pattaya city looks even more attractive. There is a strange joy everywhere.”

“Aditi, just keep looking. Everything is available here.”

“Meaning Kamini. What is meant by each thing. And what is available in each thing.” Aditi said this while rolling her eyes.

“Just wait a little Aditi and keep walking with me. But Aditi, you did not enjoy the massage here.”

“No Kamini. I don't feel like it. You are the one who massages me well.”

“Is that even a massage, Aditi? I will just caress your head and hair a little. Do you want to enjoy the massage here?”

“No Yaar. I don't want any massage. You can take it if you want.”

“I can never get a massage without my Aditi. This is never possible. Whatever my Aditi wishes for, I will wish for the same. Did you understand anything my love?”

“Ok-ok, that's fine. My sweet love. I know you don't love anyone else except me. That's why you take good care of me.”

“Yes 100%. Now you are right. I want only my Aditi now.”

“Of-Course Kamini. I too enjoy your company a lot.”  
Saying this, Aditi took Kamini's hand in hers. Then Kamini signaled Aditi-

“What happened Kamini?”

“Hi.Aditi look what is displayed on the board.”

“What is being displayed and where?”

“There in front amidst the colorful lights. Look there.”  
Kamini said this while pointing with her finger.

“Live sex. Oh my God! What is this Kamini ? Live sex.”

“Yes my love. Live sex is shown here.” Kamini explains to her. There was a very big building in front. Men and women were roaming around the building. Some people were going inside the building as well. It seemed as if the heaven of the world had descended here. Men and women were enjoying together holding hands and drinking bottles of beer. The scanty clothes of the women were making their bodies look sexy. That's when Kamini whispered in Aditi's ear.

“Aditi, have you ever seen live sex?”

“Never Yaar. Forget about watching it. It's been years since I even did it.” Aditi said laughingly.

“Well. That's it. If we can't walk, we can at least watch.”

“What do you mean Kamini? Will we watch live sex? What are you saying?”

“Yes Yaar. Let's see. It will be great fun.”

“What fun will there be in watching live sex, Kamini? What has happened to you? The fun is in doing it, not in watching it.” Aditi said this while pressing Kamini's hand.

“Aditi, people enjoy watching more than doing it. Let's go inside. Let's see what is going on inside.”

“Yaar Kamini. What are you saying. Will all this be okay? We did not even get a massage here. And now you are saying we will watch live sex.”

“That is why I am saying this. We did not do anything here. Today is our last night here. Today we have to see.”

When Aditi did not answer this, Kamini interrupted and said-

“What happened Aditi? Looks like you are getting nervous. Don't worry Yaar, let's see it once. If we don't like it then we will come back outside.”

“Ok Kamini. But how will we go inside.”

“Don't worry about that. I will arrange for the tickets right now.” Saying this, Kamini went to the reception at the outer end. She got information about live sex. She was told that she would have to pay according to the time. Kamini had made up her mind to watch live sex.

“Aditi, now I have talked. We will watch live sex today. It will be really fun.”

“But Kamini, how much money will it cost. Everything looks different here.”

“I have done that. Look at these two tickets. The time is also written on them. Now let's go inside quickly.”

After this Kamini held Aditi's hand and both of them entered the big hall. As soon as they went inside, both of their eyes remained wide open.

“Kamini, what is happening? How can so many couples be naked together? My heart is getting nervous.”

“Your heart is getting nervous. Or something else is happening inside” Kamini had taken Aditi's hand in her hands.

Inside the big hall, many couples were in semi-nude state. A round stage was made in the middle. And all around this stage there were colorful lights. All around men and women were standing with their partners who were enjoying live sex.

“Oh my God! This is how live sex happens. It seems that they have lost all their shame. Everyone is enjoying themselves.”

Then Kamini held Aditi's hand and took her to the back of the stage where two couples, a man and a woman and two women, were having sex with each other. One man was bending the woman in the shape of a mare and was enjoying sex from behind. He was pushing her hard from behind. The woman was making strange sounds. The other couple, which was of women, were kissing each other's breasts. Everything was different and attractive. Similarly, couples were having sex in different positions around the stage. Strange and sexy sounds were coming from all around. The spectators were watching the sex very carefully. It seemed as if they were enjoying watching it rather than doing it. They were thoughtless and their mind was calm. Aditi was drenched in sweat. As soon as she saw live sex, her years of sex came to the fore. She had become intoxicated. And was enjoying watching live sex in her mind. Kamini was reading his expressions very well.

“What happened Aditi? Didn't you like it? I think you are enjoying it a lot. Tell me, am I right?”

“Yes jaan, it feels good. Is this how live sex happens? I never thought I would have to see something like this.” Aditi laughed loudly while saying this. After this Kamini

also laughed and both hugged each other. She was roaming around the stage and enjoying the live sex. Now Aditi's nervousness had also reduced. She was enjoying watching live sex. She again went to the back of the stage. Where both the couples were busy in sex. Aditi was watching the sex of the man and the woman.

Now the man had changed the sex position. He had made the woman lie down. Both the woman's legs were on his shoulders. He was pushing hard. The woman was fully supporting him.

"I am enjoying it Aditi." Kamini said softly in Aditi's ear.

"Hmm.. It feels good. Perhaps watching is more fun than doing it." Then Kamini held Aditi's hand and started showing the sex between the women. Aditi got scared. Both the women were now completely naked. Both were lying in a 69 position opposite each other. Both were licking each other's vagina with their tongues. The sexy sounds of both were exciting the audience. A moan came out of Kamini's mouth.

"What happened to you Kamini? It seems you have become excited. I feel that you are enjoying watching sex between women and women instead of sex between men and women."

"Yes Aditi. It is more fun to watch live sex between women because it is something different."

"Perhaps the world has become so advanced that even if a male friend is not available, women can enjoy sex with each other."

"Yes my love. This is what I want to say. Why should only men and women have sex? Why shouldn't women get their desires fulfilled by women? And I feel what is wrong

in this? Sex is sex. Whether it is done by a man and a woman or by a woman and a woman.”

“Then you should also support man-man sex. Meaning you agree to homosexual sex.”

“Yes Aditi. What is wrong in this? If both the partners are ready then what is virtue and what is sin.”

“But Kamini, this is not natural. It is the way nature has made the arrangement. This venture is completely opposite.”

“What difference does it make Kamini. It is what it is. No one is hurting anyone in this. Everything is happening mutually and with mutual consent.”

“Yes, this is also correct.”

Then the man and woman who were having sex started licking each other very fast. The man was thrusting very fast. Some crowd had gathered around them. Aditi and Kamini also came to that side. Aditi said softly-

“What happened Kamini? Why is there so much crowd here?”

“Aditi feels the man is about to ejaculate. Both are about to reach orgasm.”

Aditi's heart started beating fast. Then the whole hall was filled with sexy sounds and the man ejaculated all his semen on the woman. Both of them gave everyone the pleasure of live sex. And they themselves were also satisfied. Aditi started laughing secretly.

“Looks like both are finished.”

“Yes Aditi. Something like that.” Saying this, Kamini pointed to the other side where the women were having sex. Their loud noises were affecting everyone. Perhaps

this sexy couple was also in the last stage of orgasm. In a short while, both the women were lying exhausted. Kamini looked at Aditi with a sexy smile and Aditi also blushed.

All around, couples were having live sex and were achieving orgasm. Then Aditi said-

“Kamini, now We have seen enough live sex. How long do We have to stay here now?”

“If you want to see something else then you can wait. Here money is charged according to the time.”

“Yaar. We have seen enough now. Let's go now.”

“Okay Aditi. Just wait a little longer. Let's go later. We'll probably be here for an hour.”

Both of them enjoyed live sex for about an hour and after making the payment, both of them came out of the hall. From outside, both of them took a cab to the hotel and came back to the hotel. Both of them had to catch a flight to India the next day. Both of them slept early after having dinner because the flight was in the morning.

---

Kamini and Aditi returned to India and started working at their Kamini Care Centre again. Today Aditi looked a little tired. Actually ever since she had seen live sex in Bangkok, she was feeling strange inside her. Her body was reacting every moment. She felt as if her body needed someone and so did she. Kamini read her face and thought that Aditi looked worried. Maybe she was stressed about something. Kamini asked-

"Aditi, are you okay? You look a little tired. Your face doesn't have the same glow as before. It seems you are forgetting something. What's the matter my love?" Kamini asked while looking at him.

"Nothing Kamini. Everything is fine. I am fine."

"No, my love, it is not like that. Today my Aditi looks a little upset. Tell me what is the matter."

"Kamini my love, there is nothing like that. I am just sad. I am telling the truth."

"Well, the mind is sad. It doesn't matter. I will set our Aditi's mind right now." Saying this Kamini intercommmed at the reception.

"Yes ma'am." Neha the receptionist said.

"Neha, can you come in for two minutes?"

"Sure ma'am."

After this Neha appeared before Kamini in a few moments and says-

“Yes ma'am. You remembered me.”

“Yes Neha, do this, get some nice coffee made. Today our Aditi is tired. It seems she is not able to forget the memories of Thailand. Maybe she is not feeling like staying in India now. Am I right?” She said looking at Aditi.

Aditi does not say anything on this. Neha smiles lightly and when Kamini sees Aditi smiling, she also smiles.

“Ok Neha. You go and send two coffees quickly.”

“Right ma'am. Anything else.?”

“Yes ma'am. I just wanted to talk about something.”

“Yes tell me Neha.”

“We have received many feedback from customers and our every customer is satisfied with our Kamini Care Center.”

“Good.” Kamini said praising. Then Neha said-“Ma'am our one customer Meenakshi was again telling that she is very happy with her husband and she was telling that her husband is totally control in her.”

Kamini look at Aditi. Aditi also look at Kamini's eyes. Then Aditi said-

“True Neha”

“Yes Ma'am she is completely satisfied with both of you counseling.”

Then Kamini and Aditi laughed on this and shake hands. Again Neha said-

“Ma'am two girls have come who love each other very much. But they have some different wishes.”

“What do they want Neha?”

“Ma'am both of them are homosexuals. But both of them want to enjoy sex with different men.”

On hearing this, Kamini looked at Aditi with surprised eyes and both of them started laughing in their minds. Then Kamini asks Neha-

“Tell me Neha, did you do his first counseling?”

“Yes ma'am. I had my first counseling. That is why I am telling you all these things. And even now my counseling is going on with them. But both are focused on men sex.”

“Did you try to explain something, this is not right.”

“Yes ma'am. I tried to explain that our Kamini Care Center specializes in massage. But both are adamant on sex.”

“Well, that's it. Do this, send both of them in.”

“Ok ma'am.”Neha answered.

“And yes, tell me one thing Neha, has Robin Kumar come?”

“Yes ma'am. He is doing his duty every day and has also learnt the work of massage.”

Aditi's face lit up after hearing this. Kamini understood everything. Kamini looked at Aditi again and said-

“I have found out the real problem. Neha, now you send the coffee quickly. Whatever other work is there, I will call and tell you. And yes, send both the girls inside.”

“Yes ma'am.” Saying this, Neha went to her reception cabin.

Both the girls had come to Kamini and Aditi's cabin. Counseling of both had started.

"First tell me who among you is Saloni and who is Sapna?" Kamini said while looking at their counseling details on her laptop. Earlier Neha had uploaded their primary details on the website. On the basis of that Kamini was counseling them.

"My name is Saloni and this is my Sapna. And we both love each other very much." Saloni says.

Hearing this, Kamini looked at Aditi and smiled.

"Saloni and Sapna, tell me what kind of love is this between you two?"

"Ma'am, we love each other with all our heart. We both can never be separated from each other. We both are ready to give our lives for each other."

"This is fine. But tell me that tomorrow you will get married. You both will be separated. Then what will happen?" It was Aditi's question.

"No ma'am. We will never be apart." Saloni and Sapna said this together.

"How can you not be separated? After marriage you will have to go to different houses." It was Kamini's question.

"How can we be separated if we are not even married?" Sapna spoke with confidence.

"That means you both will remain virgins for life. Am I right?" Aditi asks.

"Yes ma'am. We will be together till our death. Because we are homosexuals."

Hearing this, Kamini and Aditi were shocked again.

"What do you mean by homosexual? Kamini asks.

“Ma'am, we don't want to hide anything. We both fulfill each other's physical needs. So we have decided not to get married.” Sapna says.

“Well, it's fine that you both don't want to get married. But what do you want from us now?”

“Ma'am, I love my Sapna very much. She has told me that she wants to have sex with a man in front of me once. Meaning, she wants to see how men have sex.” Saloni speaks without any hesitation.

“But when both of you fulfill each other's physical needs, then why do you want to have sex with a man? Will this not reduce the love between you two? Aditi says.

“Not at all ma'am. I can do anything for my Sapna. It is just a matter of sex with a man. I can even give my life for her.”

“Yes ma'am, and I too can give my life for my Saloni.”

Aditi and Kamini look at each other. They cannot believe that such people can come to our centre. Then Saloni says-

“Ma'am, I agreed to what Sapna said and she too respected me and said why don't we both have sex with a man in front of each other. This will not affect the love between the two.” Saloni says.

“So you finally want to have sex with a man together.”

“Yes ma'am.”

Both with different men. Or with the same man.?”

“Ma'am with the same man. First with Sapna and then with me.”

Kamini looked at Aditi again and both of them smiled.

"Okay. But you people know the rules of our Kamini Care Center, right?"

"Yes ma'am. Don't worry about anything.,

Then Kamini called Neha through intercom call and explained the whole matter. Neha took both of them to the massage room. Both of them had sex with the same man one after the other and left satisfied.

Kamini and Aditi were drinking coffee and discussing homosexuality of both the girls and that some things happen naturally even if there is physical disfunction. Then Kamini slowly moved towards Aditi and started caressing her hair. Today Aditi was looking a little disturbed. That is why Kamini gave her a head massage. She had come to know Aditi's nature. She knew very well what she wanted, when and where.

"It seems my love is not only having a head ache but also a body ache." Aditi said this while caressing Kamini's head lovingly.

Aditi silently agreed that her head as well as her body was aching a lot. Just then Robin brought two coffees to the cabin. Aditi looked at Robin. He was a very innocent boy. Kamini looked at Aditi from the corner of her eye and smiled. Aditi asked her in gestures what happened.

"Nothing." Saying this, Kamini extended the cup of coffee towards him. Robin was about to leave. Then Aditi said-

"Listen Robin. Bring the coffee cups later."

"Yes ma'am."

Both were drinking coffee and talking. Now both had drunk coffee. Aditi was still sitting sadly. Kamini said-

“Looks like even coffee hasn't given you any relief. Am I right Aditi?”

Aditi looked at Kamini smilingly. Perhaps Kamini was right. Kamini got up slowly and started caressing Aditi's head again affectionately. Aditi was feeling good.

“Now my Aditi is feeling better.”

“Yes Kamini. It feels good.” Aditi said. She had her eyes closed.

“Do one thing Aditi.”

“What?” Aditi said with her eyes closed.

“Should I get Robin to give you a head massage?”

“Are you tired Kamini? That is why you are asking Robin to massage my head.”

“It is not like that my love. If you want, I can massage not just your head but your whole body day and night.”

“Well, that's it.?”

“Yes my love, consider it like that.”

“Leave it for now Kamini. There is no need for this right now. Yes, when you get tired then get Robin to massage my head.” Saying this, Aditi laughed loudly.

“Ok my love. I have understood your intention. I can never get tired of you. But still I feel like it is time to get a massage from Robin.” Saying this, Kamini lovingly touched Aditi's lips. Aditi shuddered from within. She lovingly stopped Kamini's hand.

“Aditi, do this. Go back comfortably to the inner cabin. So that Robin can massage your head comfortably. And you too will feel good and your stress will go away.”

“Ok my love kamini.” Aditi said this while kissing Kamini's hands lovingly. After this she went inside the cabin and lay down comfortably on her back. Then Kamini called Robin Kumar and asked him to massage Aditi's head properly.

“Robin, you have to massage Aditi ma'am's head carefully. She should feel good. Only then will I feel that you have learnt the work here. Consider this as your test today.”

“Ok ma'am.” Robin says excitedly. Kamini also smiles on hearing this.

After this Robin went inside the cabin where Aditi was lying. Actually she was also feeling a headache and was not feeling well. Aditi smiled as soon as she saw Robin. Robin also smiled softly with his head lowered.

“Robin, tell me have you learned how to do massage?”

“Yes ma'am.”

“Come on then massage my head. It's hurting a lot. It doesn't feel good either”.

“Ok ma'am.” He said this and put a soft pillow under Aditi's head. He started massaging Aditi's head and Aditi really liked it. His fingers were moving on her head as if they were spreading magic. Aditi had closed her eyes. He was massaging Aditi in a very good way because Kamini had specifically told him to do so.

“Robin, how are your studies going?” Aditi asked softly.

“Ma'am, study is going well. I attend classes during the day and then come here after that.”

“Well, very good. And after coming here, will you go to your home in the evening?”

“Yes ma'am. When I get free from here, Neha ma'am tells me to leave.”

“How far is your house from here?”

“Madam, my village is about 15 kms away from here.”

“So you come from the village.”

“Yes ma'am.” While he was talking he was also giving me a very nice head massage.

“Robin, isn't your house far? 15 km is very far. How do you go to your village?” Aditi asked lovingly.

“I get a bus to go to my village. I travel by that bus and also come to the city by bus in the morning.”

“Ok Robin. Maybe you are very hard working and do your work well. You will definitely get success.”

“Thank you so much ma'am.” He became comfortable saying this. His finger was moving very nicely all around Aditi's head. Aditi was feeling good. Both of them kept talking. Meanwhile, sometimes Robin's hand would reach below the head to the neck. Aditi was enjoying the massage. Her headache was going away. Then Aditi slightly turned her neck and said-

“Ouch...!”

“What happened ma'am? Did you feel any pain?” Robin asked confused.

“No-no Robin. There is nothing like that. I just felt a slight pain in my neck. But I am fine.”

“Oh ma'am ! I was scared.”

“Robin, don't worry at all. You are a very nice boy. You really give a very good massage.”

“Thank you again ma'am. By the way tell me one thing ma'am. Where did you feel the pain on your neck?”

“Oh nothing Robin ! It just happened when I moved my neck a little.”

“No-no please tell me ma'am. I will relieve the pain right away.”

“Well, that's it.” Aditi laughed while saying this. Then she took Robin's hand in hers and placed it on the spot where there was a slight pain in the neck.

“No problem ma'am. I will just massage it here lightly.” Robin says.

Aditi did not answer and smiled. After this, Robin started massaging Aditi's neck where she felt pain. There was magic in Robin's hands. Aditi was feeling very good. Both of them started talking again. Then in the middle of the conversation, Robin's hand hit Aditi's blouse. The blouse was very low where a quarter of two balls were visible. As soon as Robin's hand hit Aditi, she got a strong shock. Robin immediately pulled his hand upwards. But Aditi caught his hand and started moving it near her neck. There was silence for some time. Then Robin said-

“Now you are not having any pain in your neck. Sometimes the neck becomes stiff which goes away with massage.”

“No Robin. It feels good. It doesn't hurt like before. it is less than before. But if you keep massaging, this too will go away soon.”

“Yes of course ma'am.” Robin said. After this both of them started talking again. Both of them had become quite comfortable in their talks. Now Robin was massaging Aditi from her head to her neck and the first part of her boobs. Aditi was satisfied. There was no resistance. Especially when Robin's hand would come from her neck to her boobs, she would raise her head, but would remain calm. There was a thrill in her body. When Robin's hand

would pass near her blouse again and again, she would bathe in the ocean of pleasure. It seemed as if the earth's satellite revolved and passed through a special area of some landmass. Robin was also enjoying massaging Aditi.

Now Robin's finger was moving from her head to quite below her neck. Then suddenly Kamini knocked on the door.

"Can I come in, Aditi?" Aditi was shocked. She placed Robin's hand on her head in such a way that she was getting a head massage only.

"Come on Kamini." Aditi spoke with a loud heartbeat. After this Kamini came inside opening the cabin door and said-

"Robin, are you massaging Aditi well?"

"Yes ma'am."

"Why Aditi, is he giving a good massage? And how is your headache?"

"I am fine now Kamini. Robin really gives a good massage." Aditi answered.

"This means he has passed the test today." Kamini says and tells Robin-

"Robin, you may go now."

"Ok ma'am." Robin said. And saying this he came out of the cabin. Kamini kissed Aditi's forehead lovingly and said-

"Now my Aditi has no pain or complaints."

"No my Kamini. Nothing can happen to me as long as you are there. Because you are there to take care of me."

"Thank you my love. Actually, your face has brightened up after the massage. Now looking at you, it seems that you are really stress-free in body and mind."

“Yes dear. Think of it like that. You gave me such a good masseur.”

Both of them laughed loudly at this and came out to their cabin and started counseling. Both of them used to go home together in the evening. Now both of them started drinking sometimes at home. Kamini also smoked cigarettes but Aditi did not smoke.

---

Today again Aditi's mind and body were feeling strange. She was seeing pictures of live sex in Thailand in her eyes. There was a strange commotion in her body. Today Kamini and Aditi had come home early. Kamini had told that today she has ordered some special drink and its smell is amazing. After drinking it, everything will start feeling good. Both were talking about this topic.

Aditi, today I have ordered some really good whisky. Perhaps you will like it a lot."

"Not the one from yesterday which gave me a headache till morning." Aditi says smiling.

"No-no my love. There is nothing like that. Today, in the second pack itself, you will start feeling as if you have actually come to another world and you will definitely feel special.

"Well, is that so? Then I will definitely have to drink it. Only then will I know whether it makes you fly in the air or keeps you having a headache till morning."

"I am telling you the truth dear. This time nothing like this is going to happen. Look, I have prepared some snacks for you too."

"Only for me. Not for yourself. You know Kamini, I don't take anything from anyone except you."

"I know it my love. You are my sexy Aditi." Kamini says. After this she prepared two drinks.

"Oh God! I am not sexy Yaar."

"Yes you are so sexy my Aditi" Both are smiling at this.

"Here is this Aditi. Maybe you will like it. There is something special today."

"Thanks my sexy Kamini. By the way, the specialty of this whisky will be known only after the second pack."

"It will really be fun. Let's get started."

After this both of them cheered and started drinking. The taste of whisky was very good. There was no bitterness at all. Then Kamini asks-

"Did you like the whiskey, Aditi?"

"Yes Kamini. Looks like it is really something special. The taste is amazing. Looks like I am going to have a lot of fun today."

"Of course my love. It is really very enjoyable. Aditi, let's listen to ghazals. It will be good to listen with a drink."

"Hi Kamini, the ghazal will not bore you. It may seem that the whiskey has no effect." Saying this, Aditi started laughing.

"This will not happen Kamini. Today I will play a ghazal of Jagjit Singh. Listen, you will enjoy it. Perhaps Jagjit Singh's ghazal is the best medium for drinkers. It is very enjoyable to listen to."

"Why has Ghulam Ali also sung ghazals on alcohol. *Hangama hai Ku barpa, thodi si jo pi li hai*. What is the problem in listening to them? Why is there so much commotion, I have just had a little drink." Aditi said with a lovely smile while moving her finger on Kamini's lips.

“Ooch...! What are you doing Aditi.” Kamini shuddered.

“What happened dear? I just touched your lips. Why did you get so excited?”

When Aditi looked at Kamini with sexy eyes, she blushed. Aditi took the conversation further and said-

“Ok, let's listen to Jagjit Singh's ghazals first and then we will listen to Ghulam Ali. Let's start.” Aditi said shouting in fun.

“OK! OK! My Aditi.” Saying this, Kamini played Jagjit Singh's ghazal.” *Chithi na koi sandesh nai jane kha tum chle gye.* Aditi had finished her first drink.

“Oh wow! Looks like you have more speed than me today. I haven't even finished my drink yet and you drank it all.”

“Maybe today I want to enjoy life. You are right Jaan. Jagjit Singh's ghazal has made the drink even more enjoyable.” Aditi speaks in a slightly inebriated state. Perhaps she had started feeling a little intoxicated from the first peg itself.

“Good my love. It seems my Aditi liked my whiskey. Let me make another peg”

“Kamini, first complete your drink. Only after that both of us can have our drinks.”

“Never mind dear. I will make another drink later.”

“Never my Kamini. It can happen that my Kamini does not drink and I drink another peg. We both have to enjoy together. Neither you are behind nor I am ahead.”

“What's the matter with my Aditi. I am very happy to hear this. Perhaps my Aditi has started taking good care of me.”

“Why won't I? When my Kamini takes care of me. She has given a new spring to my life. She has made my life fun

and colorful. Completely depression free. She has sacrificed everything for me. Then why shouldn't I take care of my Kamini. Tell me...?" Aditi says in intoxication.

"OK my love." Kamini said. She had made one more drink for Aditi.

"The second peg is ready. Drink it quickly. Then you will experience the real fun of whiskey."

"No-no. I cannot take it until my Kamini also prepares her second drink."

"Oh Yaar! I am making it dear. Please wait a little. There is still whiskey left in my glass."

"That is why I am saying this. Finish it quickly. After this both of us will drink together."

"Ok, good."

In a short while Kamini had finished her first peg and made the second peg. Both were ready to drink the second peg.

"Aditi, keep having snacks. Drinking whiskey on an empty stomach is also not good. The body needs protein too."

"Well, that's true. Along with drinking alcohol, protein is also needed." Aditi said while rolling her round eyes- "Kamini, the body has many other needs besides protein." Aditi said while drinking the drink.

"As.....?"

"Like..I mean....live sex." Saying this, Aditi laughed loudly. She started drinking her second peg.

"Okay. The live sex in Thailand. Looks like the memories are still fresh. Tell me....?" Kamini said this while playing around and touching Aditi's body at many places. She

shivered. Often Kamini would touch her body in many places and she would become restless.

“Aditi, look, this time I have had my third drink before you. Look...”Kamini said while showing her empty glass.

“Okay... that's it.” Saying this, Aditi finished her drink in one gulp.

“Oh My God! What happened to you today Aditi? You drank the whole drink in one go.” Kamini spoke with surprise.

“Why can't I drink? When you have finished your second drink, why can't I? Perhaps now we both are on equal footing.”

“Yes Aditi. We both were equal before and will always remain equal in the future too.” Saying this, Kamini lovingly embraced Aditi. Kamini also kissed her deeply on the neck.

“What are you doing dear. It seems you will kill me.”

“This will never happen Aditi. You are my life. What will I get by killing you. I want to see you always happy, full of fun and joy like this.”

“Really Kamini.”

“One hundred percent truth my love.” Kamini says. While saying this she made the third peg as well. Aditi was getting more intoxicated.

“Here is the third one, Aditi. Mine and yours too.”

“Thank you my Kamini. You make a very good Patiala peg. Today I feel like I am flying. My conscious is going one way. There is no baseless thought. I am just thoughtless. I am feeling myself too much light.”

“Maybe this is the effect of good whiskey.”

“It could also be that this is the effect of my lust. When the person who gives you drinks is so sexy then... Tell me...”

“It is definitely possible my love.”

Now both of them had finished the third peg also.

“Aditi, now the last light drink. After this we have to have dinner. Dinner is ready. It just needs to be heated.”

“I don't need dinner dear. I need a drink now. I want to drink more Kamini. I want to drink a lot today and forget everything.”

“Aditi, you have had three drinks. Don't drink too much and end up vomiting after over drinking.”

“I don't know. How can I have an over drink in your presence. Let's quickly make the fourth large pack.”

“Sure Aditi. You are sure.”

“Yes my love, hundred percent sure.” Aditi says while banging her hand on the table. Maybe he was very drunk.

After this Kamini made own small peg and Aditi's fourth large peg too. Both of them started drinking. As soon as Aditi held the fourth peg, she drank it all at once and fell on one side. Kamini immediately held her and said-

“Hi... what happened Aditi?. Are you okay. Looks like you are too drunk. Come let me serve you food.”

“No, Kamini Jaan. I am not hungry. I still want to drink more.” Aditi spoke while drunk.

“Aditi, this is your fourth drink Yaar. Please not anymore. Let's eat quickly and go to sleep.”

“No Kamini. Just one more drink please.” Aditi said while praying. Kamini had also prepared the fifth drink on her request. Aditi was very intoxicated. There was a slight

commotion in her body. Aditi started drinking the fifth drink and said-

"Kamini, I will drink some alone. You are also my equal partner. You also make your own drink."

"Aditi, it will be too much to drink. Please stop now." Kamini was requesting.

"Never. Come on, make your drink quickly." Aditi says. Saying this she picked up the whiskey bottle and poured it into the glass. Kamini's fifth peg was ready. Kamini started drinking the fifth peg unwillingly. She was somewhat composed till the fourth peg. But as soon as she started drinking the fifth drink, she also started getting very intoxicated. While drinking the fifth drink, Aditi was swaying back and forth. Then Kamini held her.

"I told you Aditi. Don't drink too much. Look, you are very intoxicated. And I am intoxicated too." Kamini held her and took her inside the bedroom. Aditi fell on the bed in the bedroom with a thud. Her clothes were in a mess. Kamini was also very intoxicated. When she saw Aditi's clothes and her green colored panty, a fire arose in her body. She started thinking that Aditi is really very sexy. She can make anyone hers.

"What are you looking Kamini? Maybe you are looking at my beauty." Aditi spoke in a drunken state and beckoned him towards her by pointing her finger. She was very drunk. Both of them had not even eaten food. Kamini quickly closed the outside gate. Aditi was calling him towards her in a drunken state. When Kamini reached near her, Aditi hugged her. Kamini also supported her strongly.

In a short while, both were clinging to each other's body. Perhaps both were very intoxicated. Both of their clothes were in disarray. Suddenly Kamini kissed Aditi's neck and

put her lips on her lips. Aditi's body was burning. She also cooperated fully. Both were kissing each other's lips.

"Kamini, I love you very much. Do you love me too?"

"Yes my love. I love you very much."

"Why did I not find true love Kamini. What was lacking in me." Aditi spoke in a drunken tone.

"Aditi, I love you truly and I will fulfill your every wish." Saying this, Kamini opened Aditi's blouse. Both the coconut-like boobs were exposed. Kamini lovingly pressed the nipples in her lips. Aditi moaned. After this, Kamini also removed her blouse. She put Aditi's mouth on her boobs. Now both were sucking each other's boobs one by one. Both had removed their clothes completely. Both were naked. After this, Kamini's finger reached Aditi's vagina. Aditi was shaken from within. She also inserted her finger in Kamini's vagina. Moans were coming out of both their mouths. A liquid like substance was flowing out of the vagina. Perhaps both had got mutual ultimate pleasure. Which they had not got from any man for a long time. Both were panting. They were stuck to each other. Both were very intoxicated. Intoxication had given equal pleasure to both. Aditi had got ultimate happiness and joy after a long time. She was sleeping clinging to Kamini in deep sleep. Kamini too had got the ultimate pleasure. She too had fully supported Aditi and she too had got equal pleasure. There was no complaint. Time had stopped. There was no third element present except the two of them. Both of them had enjoyed the sexual pleasure very much. Kamini too was sleeping comfortably clinging to Aditi.

Both of them had reached orgasm just a little while ago. Perhaps it was the pleasure of one woman from another woman. But both were satisfied. There was no complaint from anyone. Midnight had passed and the homosexual storm had also passed.

---

Kamini and Aditi both had become homosexuals. Both of them used to drink in the evening and started enjoying sexual pleasure with each other. Aditi had also started smoking. Both were mutually satisfied. Today both of them were doing counseling at Kamini Care Centre. Their massage centre and counseling were also reaching higher levels day by day. Whoever came to Kamini Care Centre, used to go back satisfied. Then Neha called from the reception.

“Yes, Neha, tell me.”

“Ma'am, may I come in for a minute?”

“Yes Neha, sure.”

“Thank you ma'am.” Neha said and within a few moments she was standing in front of Kamini.

“Yes, so tell me Neha ji. How is the work going? Is any customer dissatisfied? Is anyone complaining? Are all the workers working properly? Because we are giving them good salary and incentives too.”

“Yes ma'am. All our workers are working well and no customer has any complaint. But ma'am...?”

“But what Neha....?” Kamini raised her eyebrows and asked in surprise. Aditi was also looking at Neha in surprise.

“Ma'am, a customer has been coming for many days. He is taking a normal massage but avoids things like counseling.”

“So what's wrong with that. If he comes just for a normal massage then what's the problem Neha?”

“Ma'am, you are right. But sometimes it seems as if he observes the entire Kamini Care Center. He keeps looking around with some strange eyes.”

“Ok. Who are you getting his massage done by?”

“Ma'am, Sveety is giving him a massage. And it is also good that he goes away quietly after getting the massage.”

“But Neha, you have talked to Sveety about this and told her everything that you should not have sex with anyone in the name of massage without my permission.”

“Madam, I have explained this thing very well to all the workers. I have talked to Sveety too, she also told me that he talks a lot and also asks questions. But she remains quiet. But after that he just takes a massage and goes away.”

“Then it is okay. But explain clearly to Sveety and all the workers who massage that they should not do anything without my permission. It should be limited to society only.”

“Yes ma'am. Our entire staff is aware of this matter.”

“Anything else Neha?”

“No ma'am. I just had a little doubt about that man so I thought I would tell you.”

“You did the right thing Neha. That is why our Kamini Care Center trusts you a lot and you are our oldest partner and most trusted.”

“Thanks ma'am.” Neha spoke respectfully.

“Kamini, still we should be cautious. Is that man a suspect?”

"By suspect do you mean Aditi?" Kamini asked.

"What I mean is that the man Neha is talking about is probably from the police department. Sometimes the police also investigates in an undercover manner." says Aditi.

"No way Yaar. There cannot be any such thing. Because whatever is being done at our center is done with consent and counseling. The staff also does not do anything without permission and neither does it talk much to the customer." Kamini says while explaining to Aditi.

"Ok. Still Neha, please pay some attention to that customer." Aditi tells Neha.

"Right ma'am. Ma'am, can I go now?"

"Yes Neha, you go. But again explain the work thoroughly to your entire staff that they should not violate any kind of confidentiality and if they have any doubt, they should immediately leave the massage room." Kamini says while explaining to Neha.

"Sure ma'am."

"Okay, you can go now." Kamini said. After this Neha left. Neha had sent a waiting customer to Kamini for counseling. She was doing the counseling.

Aditi was looking at her mobile. Then she saw that there was a message. She opened Whatsapp and saw that it was a message from Robin Kumar. He had written Good Morning Ma'am. Aditi remembered that two days back when he had massaged her head, in the course of conversation he had called her on his mobile so that she could save his number and be present whenever required. The message was from the morning. Aditi too replied to the message with a little smile.

"Very good morning Robin. Are you all right?"

Within a few moments the reply to the message came- "Yes ma'am. I am absolutely fine. How are you?"

Aditi sent a message again- "I am fine Robin. What's the matter Robin? Are you free today? You don't have any work." While sending this message, she had also sent a laughing picture. Aditi had a gentle smile on her face.

In a short while Robin's message was in reply- "Yes ma'am. I was just making coffee. If you allow me, I can send coffee for you."

"Yes, Rohit, send it. But will you send coffee just for me?"

"Yes ma'am." Rohit's answer was.

"Ok. You fool, Kamini madam is also sitting next to me. Won't you make her drink coffee?" Aditi said while writing a question mark.

"Yes ma'am for both." Robin's innocent reply.

"Then it's okay. Send it quickly." Aditi wrote. Then Kamini saw that Aditi was busy on her mobile for a long time. And her fingers were typing. She had never seen her typing so much on her mobile before. The counseling person had left. Kamini says-

"What's the matter Aditi? You have been writing something on your mobile for quite some time today. Are you chatting with someone?"

"No, there is no such thing." Aditi said laughing loudly. Just then Robin came in with two coffees.

"First of all, drink some coffee Kamini. You have been doing counseling for a long time."

"Oh! Robin has brought coffee at a great time." Kamini said. Because actually she too was feeling like drinking coffee. Aditi asked Robin to serve coffee. Robin served coffee in

two cups and left the cabin. Aditi and Kamini were drinking coffee. Then Kamini says.

“Aditi, it is possible that I may have to go to Mumbai for two-three days for a conference. So after I leave, you have to take good care of Kamini Care Center.”

“No, Aditi Jaan. I can't live without you. And tell me Kamini, when did you make this plan?”

“I just received an email today. A very big psychology conference is going to be held in Mumbai, so it is important for me to attend it.” says Aditi.

“But Kamini. What will happen to our evening. What will happen to our drinks and our smoke rings that fly in the air. What about those innocent people?”

“Aditi, I will come after three days. Whenever you are bored, video call me.”

“Just a video call?” Aditi looked at Kamini with sexy eyes.

Hearing this, Kamini blushed and looking at Aditi said-  
“Sometimes waiting is also fun.”

“And after that wait, it becomes more fun.” Aditi said while giggling. Kamini also laughed loudly at this.

“But Kamini. I will not be able to live without you at all. Please Kamini.” Aditi spoke very lovingly. Perhaps since the time both of them started drinking in the evening and slept together many times, the bodies of both of them had become like one soul.

“I know Aditi. You will not feel like living without me. Just manage this time. Next time we both will go for counseling. I will add your name this time too.”

“Thanks for this Kamini. But really, it won't be fun without you. How will I stay alone?”

“Aditi my love. Don't worry about yourself at all. I will leave Robin for you this time.”

"What do you mean Kamini?" Aditi said looking at Kamini with surprise and smiling.

“Yes Aditi. Till I come. Robin will take care of you.”

“Kamini. What are you saying? How can he take care of me? You know how close we both are.” Aditi says as a comment.

“I know. That is why I am leaving Robin to serve you. He will cook food for you. He will serve you nice coffee and also give you a massage.”

"Which massage?" Aditi asked intentionally.

“Only head massage. However, you can get something else done if you want.” Kamini said while closing one eye.

“Never Kamini. You are my only massage. I have no one else except you. Now I only need you.”

,”It's ok my Aditi. If it's just for three days then it's ok. After that we both will have fun again.” Saying this, Kamini hugged Aditi. Aditi also clung to her chest like a small child. She knew that Kamini had actually become her need now. Then Kamini kissed Aditi's cheeks sweetly and caressed her neck affectionately. Aditi became sensual. Then Aditi and Kamini touched each other's lips. Both of them kissed each other passionately. Just then the intercom bell rang. Kamini picked up the intercom.

“Yes Neha.”

“Madam, some products have arrived which are used in massage. If you permit, please buy them.”

“Yes, Neha, take it. And yes, tell me for payment. I will make the payment online.”

“Okay ma'am.” Neha said.

“And yes listen Neha.”

“Yes ma'am.”

“Do this, send Robin Kumar inside.”

“Right ma'am.” Neha said. Robin came in a short while later. Kamini directed him and said-

“Robin, I am going to Mumbai for three days from tomorrow. In the meantime, you will take care of Aditi. You will be ready to provide her with food, coffee and whatever she needs.”

“Sure ma'am.”

“It's ok Robin. Aditi ma'am shouldn't have any problem.” Kamini said while explaining to Robin.

Then she told Aditi too- “Aditi, the driver will pick you up from home and drop you at Kamini Care Center. After that he will drop you home too. He will also be available for you from morning till evening.”

“Thanks Kamini.” Aditi says.

After than Kamini is guiding to driver for caring of Aditi. Then Aditi sent a message to Robin asking if he is ready to serve her. Robin sent his thumb impression as a yes. Aditi was emotionally attached to Robin from the very beginning. Because Robin was an honest, innocent and hardworking boy. She knew his financial condition very well that he was pursuing his studies even in these circumstances. Kamini also understood very well that Aditi had an emotional and social attachment with Robin. That is why she assigned Robin's duty to Aditi.

“So Aditi ji. Now I understand that you will definitely give me permission to go to Mumbai.” Kamini says smiling.

Aditi smiles at this. She was happy from within ever since Robin was assigned duty with her. Then Kamini said to Robin-

“Ok Robin. Have you understood everything clearly?”

“Yes ma'am.” Robin Kumar said.

“OK. You can go now.” Kamini said.

Robin had come out of their cabin. Kamini left for Mumbai the next day. Aditi was left alone at home.

---

Aditi had started counseling at Kamini Care Centre. Although it was true that she was missing Kamini a lot, she was doing her job well. Customers were leaving satisfied. All the staff at the centre was supporting Aditi. She was enjoying the new responsibility. On the other hand, Robin was taking full care of her. She kept Robin around her cabin. Whatever she needed, she would tell Robin and he would fulfill it. Robin would make three to four cups of coffee for her during the day and Aditi was enjoying the coffee. She liked to drink coffee and anyway, she liked the coffee made by Robin. It was evening. Aditi was getting ready to go home. Kamini's driver would pick her up from home and drop her at the centre. Robin would also come to Aditi's house in the morning. He would make a good breakfast and lunch for her. Then he would come to Kamini Care Centre by car with Aditi.

Aditi's day used to go well. But she used to get sad in the evening. She also drank alone in the evening on both days, but did not have a good experience. She was also chatting with Robin on WhatsApp morning and evening. But this chat was limited to Hi-Hello, Good Morning, Good Evening. But Aditi felt a sense of belonging in Robin. Before leaving, she messaged Robin-

“Robin, can you come home with me today?”

Robin immediately replied- “Yes ma'am.”

“Ok Robin. You make me dinner and come.” Aditi wrote:

“Sure ma'am. I will make it.” Robin wrote.

“Thanks Robin.” Aditi wrote. Robin sent a flower symbol in reply. He did not know what it really meant. Aditi smiled at his flower message and sent a laughing symbol.

Aditi was getting ready to go home. She made an intercom call to the reception.

“Yes ma'am.” Neha said.

“Neha, send Robin to me.”

“Sure ma'am.”

Within moments Robin was in Aditi's counseling room.

“Ma'am you called me. Ma'am I will make a very good dinner for you today.” Robin said excitedly.

“That's okay Robin.” Aditi said smilingly, “But won't you be late in returning home?”

“No-no ma'am. I will go home late.” Robin said.

Aditi smiled and said, “Then it's okay. Quickly tell the driver to get the car ready. We will leave for home in a short while.”

After this Aditi gave some instructions to Neha and told her that she is going home and Robin will also go with her. She will free him after preparing dinner. Robin quickly asked the driver to prepare the car. The driver was standing ready to take Aditi.

“Ma'am the car is ready to take you.” Robin said.

“Robin, it's not just me. The car is ready for both of us.”

“Yes ma'am.” Rohit said while scratching his head. After this Robin picked up Aditi's bag and both of them headed towards the car. In a short while the driver dropped both of them home. The driver parked the car and left for his home. Aditi put Robin in the kitchen and made a drink for herself. Today she was feeling good after just one drink. She quickly made another drink and started drinking it while listening to a ghazal in a low voice. Robin was preparing dinner in the kitchen. Aditi had brought Robin because he made good coffee and during the conversation he also told Aditi that he also made good food.

After the second drink, Aditi was feeling hot. She wore a nighty on her body. She was looking very sexy. Then she called Robin-

“Robin, give me some ice from the fridge.”

“I just brought it ma'am.” Robin said and within a few moments he took several pieces of ice in a plate and placed it near Aditi.

“Thanks Robin.”

“Yes ma'am.”

“Robin, tell me one thing. You work at the centre all day. Then when do you study?”

“Ma'am, there is no need to go to college every day. And I reach home from the centre at 8 in the evening. After that I have plenty of time for studies.”

“Well, very good. But how will you do it today? It is almost 8 o'clock. How will you go home so late?”

“Ma'am, I have no problem in going home even at 9 pm.”

Meanwhile, Aditi had also become slightly intoxicated. She had made a third peg for herself. Today she was enjoying a

lot. Then suddenly she felt a slight pain in her head and a sigh came out of her mouth.

"What happened ma'am? Do you have a headache?" Robin asked nervously.

"No-no. There is nothing like that. I just got a shock."

"No ma'am, you must be in pain. I will massage your head. You have counseled many customers since morning."

"Yes, that's right. But Robin, I'm absolutely fine."

"No problem ma'am. I will massage your head a little. Anyway dinner is ready."

"Well, that's fine. But you can go back to your home after some time."

"Yes ma'am. I will go home. You can rest assured." Robin said. He started massaging Aditi's head. Aditi was feeling relaxed. She was also getting intoxicated. Robin had seen Aditi in a nighty for the first time. But he was comfortable with her. Aditi was also comfortable in front of him. Robin was massaging her head well. She was talking to Robin in intoxication. Robin was answering her. Today Aditi talked a lot to Robin and Robin was also answering everyone happily. Meanwhile he told many of his stories and Aditi also laughed a lot. Then Aditi made the fourth drink. She was staggering. Then Robin said-

"Madam, you please sit down. I will make it."

"Well, okay, make it. Today I will drink a drink from your hands. Perhaps you will make a drink as good as the coffee you make." Aditi said and started laughing loudly.

"Sure madam. I will make your drink good. Just tell me how much water and soda to add."

Actually he had made a very good drink for Aditi.

“Robin. You have magic in your hands. Actually, you not only make good coffee but also make good drinks.”

“Thank you ma'am.”

“Okay, do one thing.” Aditi said this while looking into his eyes. He got a little nervous and said- “What ma'am?”

“You too make a little drink for yourself today. It will feel good. Please accompany me today.”

Rohit was a bit hesitant but when Aditi asked for the second time, he was forced to make a drink for himself and sipped it quickly.

“Hey..Robin, you have a very fast speed. You drink so fast. Have you never drunk before?”

“No ma'am. I've never had a drink before.”

“Oh! then I have committed a sin. Maybe I should not have forced you too much for a drink.” Aditi was getting heavily intoxicated.

“No-no ma'am. There is nothing like that. I am fine.” Saying this he started massaging Aditi's head. Aditi was enjoying the massage. Then Aditi shook her body as if she was having pain in her waist.

“Ma'am are you okay? I thought you had back pain.”

“Yes.. pain is felt in the whole body. This does not mean that you will massage the whole body.” Aditi spoke staggeringly in intoxication.

Robin remained silent on this. Aditi spoke quickly in a drunken state-

“Robin, make me a drink and you have one for yourself. I don't like drinking alone.” Perhaps Aditi had become too drunk. Robin was a little confused. When he asked again, Robin made a drink for Aditi. Then Aditi said-

"Robin, make one for yourself too. Will you leave me alone?"

"Yes-yes ma'am. I will make it right away." Saying this, he made his drink and gulped it down in one go. Aditi laughed loudly. Then she moved her waist faster. Perhaps she felt pain again.

"Ma'am it seems you are having back pain." Rohit spoke in a fast pace. He too was slightly intoxicated.

"Hey.... it is hurting." Aditi spoke drunkenly.

"Ma'am, if you don't mind, I can massage your back." Aditi did not reply and Robin started massaging her head again. He too had become intoxicated after two pegs. But he was trying his best to control himself so that there was no shortcoming in serving Aditi. Just then Aditi got up suddenly and went to her bedroom. Robin was standing outside. Aditi called out-

"Robin, come in."

As soon as Robin went inside, he saw that Aditi was lying on the bed on her stomach in a nighty. Her nighty had come up to her thighs. The green color panty was clearly visible in the nighty. Robin was feeling nervous. He quietly went into the room and stood there.

"Robin, close the outside gate and massage my back."

"Yes ma'am." Robin spoke in a trembling voice. He closed the outside gate and came back to the room where Aditi was lying on the bed on her stomach. Then Aditi said-

"Robin, my back is really hurting. Please massage it gently." After this Robin started massaging slowly over the nighty. Aditi was enjoying it. Then Aditi said-

"Robin, it seems the room is too bright. Dim the lights."

After this Robin switched off the main light of the room and switched on the second medium light. Now there was dim light in the room. Then Robin saw that Aditi had completely removed her nighty and now her waist was clearly visible. She was only in bra and panty. Rohit slowly came close to her and started giving a light massage on her back. He had seen a woman semi naked for the first time. Lust had emerged inside him. Till now he was massaging Aditi with a clean mind but now he was getting restless. He slowly started massaging Aditi's whole waist. Then Aditi said softly- "Robin, there is a slight pain in my leg."

"Yes ma'am. I will massage your feet also." Robin spoke with a beating heart. His heart was beating fast. He slowly started massaging Aditi's feet. He was slowly moving his hands towards her panties. Aditi was quietly enjoying the massage. While massaging, his hands would reach her panties but Aditi was not protesting. Aditi's amazing and sexy hips were worth seeing. In a short while, Robin started massaging her from feet to neck. Aditi was enjoying it. She was enjoying the massage lying on her stomach. But then she slowly turned and lay on her back. Robin was not able to make eye contact with her but he started massaging from the front. He was massaging her stomach. Aditi's round navel had aroused Robin's lust. His penis was filled with tension. Aditi had seen this bulge in his pants. Then Aditi said-

"Robin, it seems you are not feeling comfortable. You should wear a towel comfortably and do the massage."

On hearing this, Robin took off his pants and wore the towel kept nearby. He was now comfortably massaging Aditi. As soon as he moved towards Aditi's panty from her feet, his hands moved inside the panty. A sigh came out of Aditi's mouth and she remembered Bangkok live sex. She

was filled with excitement. Robin massaged inside the panty for a long time and once his finger touched the vagina. Aditi jumped due to the sigh. She did not stop Robin. She was enjoying the massage to the fullest. Then Robin's hands moved towards her bra and started massaging inside. The bra also became loose and opened during the massage. Robin was massaging her boobs with both hands. Aditi was getting restless. Then her hand touched Robin's penis. She got restless. She felt a strong electric shock and she hugged Robin tightly and started kissing his body. She put her quivering lips on his lips. Both of them started kissing each other's lips. The bodies of both of them were burning like a fire. Aditi held Robin tightly in her arms. The dim light of the room increased the sex even more. Robin's towel was opened. Then Aditi removed her panty and hugged Robin tightly. Robin quickly removed his underwear and vest. His penis was erect. He had also watched sex videos sometimes.

Aditi was trying to hug him tightly. Then Robin started sucking her boobs and Aditi got agitated. She had also seen vagina sucking in sexy videos. Robin quickly went downwards and put his tongue on the vagina and started licking it. Now Aditi was out of control. Sexy sounds were coming out of her mouth.

“Robin fuck me. Robin fuck me. I haven't had sex for a long time. Love me. Love me.” Aditi was muttering.

Robin's penis was terribly erect. He took the penis in his hand and put it on Aditi's vagina and pushed it a little. Suddenly the penis went inside the vagina. Before this, a lot of liquid had come out of the vagina, so the penis went inside the vagina easily. Aditi was stunned. Robin started thrusting with speed. He was continuously thrusting. Aditi was cooperating with him fully. He was trying to satisfy Aditi quickly.

Pleasure was flowing from every pore of Robin. On the other hand, Aditi was also enjoying a lot. Then Aditi shouted-

“Robin-Robin. Fuck me my love. Harder. Hurry up. Do it more.”

After this Robin increased his speed. His fast speed filled Aditi with pleasure. She was on the verge of orgasm. That's when Aditi screamed.

“Ah-ah-ah, uh-uh-uh-ah-ah-aha.....”Liquid had flowed out of Aditi's vagina. She had got complete orgasm. On the other hand, Robin had also ejaculated. He had not even worn a condom. Aditi had enjoyed it a lot. After this, Robin was tired. He lay down beside her. Robin had satisfied Aditi. The fire of many days was extinguished. Aditi's eyes were closed in pleasure. She was feeling good. She was completely satisfied.

---

It was morning. It was a night of utmost satisfaction and a fresh morning for both of them. When Aditi opened her eyes, she saw that Robin was not in the room. She got up supporting herself because her whole body was aching due to the sex exercise of the night. But there was a flow of pleasure in this aching of the body. She got up from the bed and went straight to the kitchen. She drank a glass of hot water as she usually drinks in the morning. After drinking water, she went out to the lawn. She was thinking that Robin must be outside. Her guess was correct. Robin was sitting quietly in the lawn. Aditi smiled as soon as she saw him and went to him. She closed his eyes with both her hands from behind and said-

“Good morning Robin. How are you?”

As soon as Robin heard this voice, he suddenly got nervous. He removed both Aditi's hands from his eyes. He slowly lowered his eyes and said- "Good morning ma'am."

“Robin, what are you doing here so early?” Aditi asked very lovingly. Robin did not say anything and sat quietly. Aditi also sat close to him.

“What's the matter Robin? Are you angry with me?”

“No-no ma'am. Not at all.”

“Then why are you so sad? I am talking and you are ignoring me.”

"No ma'am. It is not like that. When I woke up in the morning, I came and sat in the lawn."

"Good. Looks like you like morning walks. Right Robin?"

"Yes ma'am." Robin spoke softly. He was feeling nervous due to the events that happened last night. He was still not able to believe the mysterious night. Aditi was completely natural and normal. On the other hand, Robin was feeling guilty that he had sex with Aditi last night. Then she tells him-

"Robin, can I tell you something from my heart?" Aditi said coming closer to him. Robin looked at Aditi for a few moments and said lowering his eyes- "Yes ma'am."

"Robin, I like you. I mean I was attracted to you from the very beginning. I like you very much." Aditi said, placing her hand on his shoulder.

Robin was silent. Aditi also did not speak for some time. But she paused and said-

"Robin I am falling in love with you." Aditi put her arms around his neck while saying this. Robin also came closer to her. Now Robin was also feeling good. He was thinking that Aditi has no problem with last night's talk. Rather she is very happy with it. Then Aditi said-

"Robin, did you inform your guardian last night that you are not coming home?"

"Yes Ma'am." Robin said.

"Okay. I will make you coffee. Let's drink it together." Aditi said looking into his eyes.

Robin did not say anything on this and smiled a little. But after some time he said- "Ma'am, I will make coffee. You leave it."

"No Robin. Every day you serve me coffee, today I will serve you. Saying this and smiling, Aditi went to the kitchen. She quickly prepared coffee and brought it to the bedroom. Robin was strolling in the lawn. He called out-

"Robin, the coffee's ready. Come in." Robin's walking feet stopped as soon as he heard Aditi's voice. He was thinking about his and Aditi's sex at night. As soon as Aditi called him again, he came inside. Aditi was sitting in the bedroom. Aditi offered him a cup of coffee and asked him to sit and took the other cup herself. Both of them were drinking coffee while sitting on the bed.

"How is the coffee Robin?"

Robin didn't say anything but nodded to indicate that it was nice.

"Robin, it seems you are angry with me. That is why you are not praising the coffee I made."

"No-no, there is nothing like that ma'am. Actually the coffee is very good. Nice coffee..." Robin said, looking at her.

"Thanks Robin."

After this, Aditi started talking to Robin. She started asking about his home. Robin was getting comfortable with her talks. He felt that Aditi had started loving him a lot. He started replying to everything she said. There was a kind of open understanding between the two. In between, Aditi was also teasing him by joking with him. Then she said to Robin-

"You know, Robin. I liked you from the beginning. And I loved you from the beginning."

"Then why didn't you tell me in the beginning, ma'am?" Robin said smiling.

“This is so that you don't misunderstand me in haste and leave the job at Kamini Care Center. Because you seemed very innocent to me. And I had also selected you for the job on my behalf.”

Immediately Robin looked at Aditi and said- "Thanks ma'am. You have solved a big problem of mine by giving me a job. Thanks a lot again..."

“Leave it Robin. It's okay. You're a hard worker anyway. And not just at your job.”

“What do you mean.” Robin asked softly. Aditi blushed at this and after than said with feeling-

“What happened between us last night was the sweetest moment of my life. I want to live that moment every time. You are really very good. You have satisfied me completely. I felt very good.”

In fact, a woman who has sex with a man once starts liking that man because a place is created for that man in the woman's heart.

Robin kept looking down silently. Aditi was still wearing her night gown. Her sexy thighs were visible. Just then Aditi's soft voice came-

“Robin, I love you. I like you.” She said and slowly put her arms around Robin's neck. Robin was filled with lust when he saw Aditi's thighs. On the other hand, he felt that Aditi wanted to have sex again. And his guess was correct because Aditi had pulled him towards her.

Robin started sucking her lips and started sucking deeply. Aditi was also supporting Robin. Both were sucking each other's lips. Sexual sounds had started in the room. Then Aditi lowered her gown and her boobs were clearly visible. She had not worn a bra in the morning. She held Robin's

face lovingly and took his lips to her boobs. When Robin took the nipple in his mouth, Aditi moaned. She was burning in sexual pleasure. She wanted sex again like last night. Robin again put his lips on the other boobs and started sucking with his tongue happily. Aditi's slow but erotic voice was coming out continuously-

"Oh Robin! I love you. I really love you baby." Hearing this, Robin's tongue attacked her boobs deeply and started licking them.

"Aha... Robin. Aaa... my love. Do it below also." Aditi said and she took off her gown and kept it aside. She also took off her panty. She was completely naked. After this Robin also took off his clothes. Now both were in a straight position. Rohit slowly went down and moved his finger on the hole of the vagina. Aditi got agitated and her erotic scream came out.

"Ah...ah....ah..aaaa. Robin."

When Robin put his tongue on her vagina, she started moaning and spread both her legs. She was going through extreme pleasure. She started raising her buttocks up and down. Robin started sucking her vagina faster. She was moving up and down. Robin could understand her restlessness. This sequence continued for five minutes. Aditi was immersed in extreme pleasure. She spoke softly-

"Robin, fuck me quickly. I'm about to cum." Saying this, Aditi widened her legs further.

On hearing this sexy order from Aditi, Robin put his penis on her vagina. Perhaps the vagina was also waiting. He did not have to put much force because a lot of fluid had already come out of the vagina. As soon as he put his penis on the vagina, it went straight inside with the help of the fluid. A wave of pleasure ran inside Aditi. Her eyes were

closed due to the ultimate pleasure. After this, Robin started thrusting hard. Sometimes he would hold both the legs of Aditi and lift them and keep thrusting hard again and again. Aditi screamed in sexual pleasure. She was getting extreme pleasure.

Robin kept on thrusting. Aditi was jumping and cooperating with him. Robin had increased his speed. Aditi was enjoying a lot. She blurted out-

“Love you Robin. I am enjoying it so much. Do it faster Robin. I am about to cum.”

Robin had increased the speed again. She was fully cooperating with him. Robin was drenched in sweat. He was not getting discharged because he had sex at night too. On the other hand, Aditi was about to get discharged. She had held Robin tightly. Robin's pleasure was also at its peak. This time he gave many fast thrusts and the semen was eager to come out. His speed had suddenly increased. The new blood was giving him excitement. Aditi was kissing him. And after some time Aditi had the ultimate experience of ultimate pleasure. She started licking Robin's face. Robin's semen had also come out. He was panting. He had worked very hard.

Aditi looked at his face which was drenched in sweat. She looked at him with great love and made him lie down beside her lovingly. Robin was lying comfortably beside her panting. Both were clinging to each other.

Robin had closed his eyes. Perhaps he had fallen asleep. Aditi kissed Robin and went to the washroom. She had changed her clothes. By the time she came back from the washroom, she saw that Robin had also woken up.

“Robin go to the washroom and take a bath.” She said this while kissing Robin on his forehead. After this, Robin also went to the washroom.

Aditi had made two coffees again. Rohit had come out after taking a bath. As soon as she brought the coffee, Robin hugged her.

“Oh! my love Robin. You were very shy just a while ago.” Aditi had said this jokingly while teasing him. Robin looked at Aditi and said-

“I love you Aditi.” He called her by name. Hearing this, Aditi kept looking at him and clung to him.

“I love you Robin. I am in love with you. Don't ever leave me.”

“Never Aditi. I will always be with you.” Robin had said. Robin had completely satisfied Aditi. It is natural for a woman who is satisfied by a man's sex to fall in love with him. Because this man has touched both her body and soul. He has seen her completely. He has loved and had sex with her. Also, he has captured her soul and body. She was thinking that this is Robin's first sex and he has satisfied her.

After this both of them started talking. Aditi and Robin had now completely opened up to each other. That's when Aditi asked.

“Robin do you love me as much as I do.” Aditi said this while putting her arms around Robin's neck.

“Yes my love. Even more than you.”

“Okay. But you have sex as if you have done it many times before.”

Rohit laughed at this. He did not give any answer. Then Aditi says-

"Okay, tell me, have you ever loved a girl?"

Robin shook his head in the form of a no. Aditi looked at him intensely and said smilingly-

"You must have told someone I love you at some point."

"No--not like this."

"But you were doing sex as if you already had a lot of experience in it."

"No..." Rohit spoke softly.

Looking at his eyes it seemed that he was not telling the truth. Aditi was silent and kept looking at him. Actually the woman who has sex with a man wants that the man should be only interested in her and have sex with her only. Then Robin said-

"Sometimes I have watched sexy videos."

"Well. That's why. You had sex with so much passion and for so long. Am I right?" Aditi says in a sexy tone.

"Hmm..." Robin said, nodding as a yes.

"Okay Robin, tell me this. Who was the first person in your life to say love you?"

It is also a truth and fact that a woman does not want to share the man she loves and has sex with with anyone else. She wants to keep him safe for herself and only for herself.

"No, not to anyone." Rohit said laughing.

"You must have told it to someone. Earlier or recently. You must have liked someone in your life." Aditi was talking to him openly. Perhaps she had started loving him a lot. Rohit was also talking to her openly. He was

beginning to feel a sense of belonging with Aditi and wanted to tell Aditi everything that was in his heart. Aditi asked him again-

"Please tell me Robin. Who did you say I love you to?"

"I... yes, I told it to Kamini ma'am just once."

On hearing this, Aditi started laughing loudly and kept laughing for a long time. Robin also started laughing. Aditi asks-

"You told Kamini ma'am I love you. When...?" she says laughing.

"It hasn't been that long. About a week ago."

"Ok. But I love you is said to someone with whom you have sex as well."

Robin was silent on this matter. He had stopped. When Aditi looked at him, she felt pity for him and said-

"Hey Robin, I am joking. I know you must not have said I love you to anyone. And sex is a far cry. Tell me, am I right?" she said coming close to Robin. But Robin was silent.

"What's up Robin?" She said looking into Robin's eyes.

"Nothing. Just like that. I don't want to upset you."

"Never. I can never be angry with you. But tell me if you have said I love you to anyone. By the way, I know you would not have said it to anyone and certainly not to Kamini ma'am."

Robin remained silent for a few moments and said, "Aditi, I told Kamini ma'am."

"How...." Aditi asked with surprise.

“Kamini Ma'am also told me once that Robin, I like you very much.”

“What do you mean?” Aditi said, raising her eyebrows in surprise.

“Yes, I said it then.” Robin fell silent after saying this.

“Meaning... Robin, did you do anything else?” Aditi asked again in surprise and mystery. Bad thoughts started running in Aditi's mind. She didn't know why she was thinking of Kamini.

Robin did not say anything. Aditi was feeling nervous. She asked Robin again-

“Have you had sex with anyone? Tell me quickly Robin, have you had sex before?”

Robin slowly turned his eyes towards Aditi and said-

“Yes, I have had sex with Kamini ma'am for twice That's why she made me say I love you. But I love only you.”

Hearing this, Aditi's legs started to shake and her heart started beating loudly.

“What did you say? You had sex with Kamini. But when and how?” she said in confusion. Her eyes were wide open.

“Last week. When you were sent to Kamini Care Center early. That's when Kamini Ma'am had sex with me.”

Aditi understood everything. Last week when Robin came home, Kamini had sent me to Kamini Care Center with the driver. She came later with Robin. Aditi was stunned. Then Robin lay down in Aditi's lap and said-

“Aditi, I have started loving you a lot. I will love you a lot. I will never disappoint you.”

Aditi pushed him away with a jerk. Robin fell down from the bed. Aditi was staring at him like a wounded lioness. Perhaps her love had turned out to be false. She had eaten leftovers.

“I love you Aditi. I love you very much.” Rohit said softly

“Shut up. And get out of here immediately.” Aditi screamed. At first Robin could not believe that Aditi could speak like this. When Robin did not wake up, Aditi started screaming again. Perhaps Aditi had been cheated. She could not share anyone with Robin. She screamed again-

“Robin, go away from here quickly. Otherwise no one will be worse than me. You are a big cheater. This whole world is a cheater. He was extremely angry at Kamini. Aditi's heart was beating fast and her face had turned red. Seeing her scary face, Robin got scared and sat up. She got up quickly and started pushing Robin and asking him to go out of the house. Robin pleaded and started pleading with folded hands. But Aditi did not listen to him at all.

Robin was begging for love again and again but Aditi was roaring like a wounded lioness. Seeing Aditi's furious face, Rohit got scared and left the house. Aditi was panting. She was babbling like a mad woman. She was able to see Kamini's real character clearly. Perhaps she had been deceived.

---

Robin had left the house. Aditi was stunned. It was a big shock. She was cursing herself. She was thinking how could she be cheated so badly. She had loved him. She had too many expectations from Robin. She was thinking how is it possible that the person she loved has already been robbed of love by someone. At some level she had developed an attachment with Robin and after sex she had started liking him a lot. She couldn't even think of sharing him with anyone. But this was the truth and she had to accept it. She was thinking again and again about Kamini's real form. She became mad. Just then there was some movement at the gate outside the house.

Kamini was getting out of the car. She had returned from Mumbai after three days. The driver was unloading her luggage from the car and placing it inside the house. As soon as Kamini entered the house, she started calling Aditi-Aditi.

"Aditi-Aditi, where are you my love? Look I have come. Where are you?"

Aditi was sitting quietly on a chair in the room. The lights were off so the room was dark. When Kamini switched on the lights, she saw Aditi sitting silently. She stood up after seeing Kamini.

"Aditi, you are here...? And why is the room so dark? Aditi, are you okay?" Kamini said, hugging her lovingly.

Kamini embraced her warmly but Aditi did not show any warmth. Kamini kept embracing her for a long time and closed her eyes. She started saying-

"Aditi, I missed you a lot. Actually, I should have taken you along with me to Mumbai. I felt very lonely without you."

Aditi did not react to this. Kamini felt as if Aditi was somewhat angry.

"What's the matter my love? You are so calm. Were you meditating somewhere? And did you become so calm after I left that you didn't remember me at all. Because the happiness of my arrival is not visible on your face. What's the matter my dear Aditi? Are you okay?"

Aditi said softly-"Yes, I am fine." She was thinking that Kamini had one form and the other form was something she had not even imagined. She had stolen her love secretly. Then Kamini held her hands and said with a loving smile-

"Aditi, are you angry with me? You are not responding to what I said. What happened to you? Did I do something wrong? I missed you every moment in Mumbai. Are you angry that I went to Mumbai alone? Maybe because I could have taken you along but I didn't. And I didn't even call you."

Aditi did not say anything. Kamini was getting surprised and worried. She again caresses Aditi's shoulders and says-

"Aditi, if there is something wrong, please tell me. Have I done something wrong?"

On this Aditi looked into Kamini's eyes and found Kamini very clean, beautiful and innocent. She kept staring into her eyes for a long time. Kamini was looking into Aditi's

eyes very calmly and comfortably. Aditi started thinking if this is her Kamini whom she loved very much. Even both of them satisfied each other through mutual sex. They did that which this society cannot accept. Because both of them are the only women in this world and who hate men very much. Both of them love each other more than their life. She had considered Kamini as her everything. Then what happened that Kamini did not even leave her love Robin. Why did she have sex with Robin. Thinking this she was getting very angry with Kamini and says-

"What have you done to Robin...?"

Kamini looked at Aditi in surprise and said- "What have I done to Robin? I have not done anything."

"No, tell me the truth. What is your relationship with Robin?" Aditi said, emphasizing her point.

"Aditi, I am saying it again. Robin is a servant at our Kamini Care Center. He works with us."

"No, you are not telling the truth. Kamini, tell me the truth. Are you having an affair with Robin?"

"Aditi, what happened to you? I told you he is our servant. He is a hard worker and a good boy."

"A good boy or something more than that?" Aditi asked staring at Kamini.

"What has happened to you Aditi? Why do you keep asking such baseless questions? And what is it about Robin that you are talking about her so deeply?"

"Yes, you have a lot of depth for him. I am asking again, tell me about Robin, what is your relationship with him?"

“Aditi, I have no time for useless things and certainly not for Robin. You are special to me in this world.” Kamini spoke seriously.

Aditi remained silent for a few moments and started staring at Kamini. Kamini again held Aditi's shoulders and said lovingly-

“Aditi, my love what has happened to you? Why are you talking like this. Robin is nothing to me. Only you are my world.” She became emotional.

“No, your world is different. And maybe it is too late for me to understand. I am asking you again, tell me what is your real relationship with Robin?”

“Enough Aditi. Please don't ruin my mood. I am already tired and have come from Mumbai. And you have created a scene as soon as you arrived.”

“You have created the scene Kamini. You are not telling the truth right now. Tell me the truth. You still have time. Otherwise it will be very bad.” Aditi shouted at her.

On hearing this, Kamini's ears perked up and she started looking at Aditi seriously. After a few moments, she said-

“What bad thing will happen? Tell me. Ever since I came you have been after me. What is the relationship with Robin-what is the relationship with Robin. I am worried. Please Aditi focus on the right thing and talk to me correctly.”

“I am saying absolutely correct and truthful things.” Aditi said angrily.

“Okay. If I don't tell you what my relationship is with Robin, will you do it?”

“This was all that was left. This is what I wanted to hear. Now perhaps you have accepted my point.”

“What have you accepted? That I have a relationship with Robin. Again I say, my relationship with Robin is only that of a mistress and servant. Nothing more than this.”

On hearing this Aditi started staring at Kamini silently. Kamini says-

“Aditi, we are getting late for our Kamini Care Center. I have to take a bath now. And I think you too haven't taken a bath yet. It seems your mind is not at peace. We will go to Kamini Care Center and talk. Till then I will take a bath and you too take a bath and get ready. The driver is standing outside with the car.”

Aditi did not answer this question and kept looking at Kamini with questioning eyes. But now Kamini also did not want to spoil her mood with such useless things, so she quickly moved towards the washroom. She was extremely angry with Aditi.

Kamini had taken a bath and was ready to go to Kamini Care Centre. She had thought that Aditi might be in a bad mood due to some reason. That is why when both of them reach the centre, Aditi's mind will calm down and her anger will also subside. Meanwhile, Aditi had also taken a bath and was ready. Kamini called out again-

“Aditi where are you? Let's go we are getting late.” Kamini was thinking that Aditi's mood must have changed. Just then the sound of a car horn was heard. Kamini came out and looked and said-

“Aditi, you are already ready and have sat in the car. Let's have breakfast at the centre today.” Saying this, he asked the driver to lock the house and close the outside gate. The driver quickly locked the house and took the driver's seat

in the car. Kamini secretly sat in the back seat of the car with Aditi. Kamini lovingly placed her hand on her shoulder and said-

“Aditi please don't be angry with me. You are very special to me in this world. Please don't angry.” On hearing this, Aditi removed his hand from her shoulder and started staring at Kamini. Kamini did not like this behaviour of her.

The driver had driven the car towards Kamini Care Center. Then Aditi spoke softly-

“You had sex with Robin? That innocent boy who works day and night for your centre. You took advantage of his helplessness and forced him to have sex. Why did you have sex with Robin?”

On hearing this, Kamini became red with anger and kept looking at Aditi with surprise. But after some time she started trying to explain her point to Aditi. But Aditi was extremely angry. Kamini spoke calmly-

“Aditi, we will go to Kamini Care Centre and discuss this matter.”

“Yes, you will definitely talk. But you will probably not tell the truth.” Aditi says in a muttering tone. Perhaps both of them were aware that the driver could not hear their conversation.

“Aditi, this is getting too much now. I told you, we will go to Kamini Care Center and talk. Don't put so much pressure on me that I turn red with anger like you.”

“Yes, you should get angry. Who is stopping you?” Aditi spoke in a sharp voice.

Kamini got angry on hearing this and she glared at Aditi and was about to say something when Kamini got a call on

her mobile. She quickly took out her mobile from her purse and said-

"Hello....."

"Madam good morning...this is Neha speaking."

"Yes, I know Neha is speaking. Is this the first time you have called me?" Kamini says angrily. Neha felt strange and said softly-

"Sorry ma'am. Yes ma'am."

"Now tell me. What did you call me for?" Kamini says. Perhaps Aditi's words had spoiled her mood and as a result she got angry even at Neha who was a senior and honest receptionist. This was the first time. She always used to talk to her staff very comfortably. She never used to get angry.

"Ma'am...ma'am, the same man who had come earlier has come again. He is asking for a massage. He wants a massage from Sweety only."

"So get it done. What is the need for so much investigation in this?"

"But ma'am...as I said earlier, this man doesn't seem right. He keeps looking around for thieves. We should not give this man a final massage. Because I am not feeling well today."

"Then why are you asking me. When you are taking the decision yourself then what is the point of discussing it."

"I just wanted to let you know." Neha spoke with respect.

"Neha, if a customer has come, he must have come for a massage. Then why are you getting so worried about it."

"Ma'am he is talking to Sweety about a massage. And Sweety...but I am not completely sure."

“Then whom do you trust? If you don't trust Sveety, then get her massaged by someone you trust.” Saying this, Kamini disconnected the call. Neha was confused. She was thinking why Kamini ma'am was getting so angry today. She was feeling scared of this man. She did not really trust Sveety. But after listening to ma'am, she became more worried that if she did not get this customer massaged by Sveety, then it is possible that Kamini ma'am would get more angry. Thinking all this, she sent this man with Sveety for massage. In a short while, the car had reached Kamini Care Center. Kamini quickly got out of the car and came to Kamini Care Center. This time she did not look at Aditi because today she had spoiled her good mood. Aditi also followed her to Kamini Care Center.

Robin Kumar did not come to the Kamini Care Center today. He left the Kamini Care Center forever. He had informed to Neha Receptionist that he is leaving center for personal reason.

Both were sitting in the cabin. Now Kamini was not talking to her. It seemed as if she was a very old enemy. Then Aditi said-

“How many times did you have sex with Robin?”

Kamini did not say anything and kept looking down. Aditi asked again-

“Tell me how many times did you have sex? If you don't tell me then I will tell you.”

On hearing this, Kamini's mind was filled with anger. But still she was quietly engaged in her work without any fear of any untoward incident. Then Aditi whispered-

“You had sex with Robin two times. He has told me everything.”

Kamini got very angry and shouted and said- "Yes, I have had sex with Robin. And I will continue to do so. Tell me what is your problem with this. I had sex because my body was needed. Why are you getting so upset about this? I have accepted your point that I had sex with Robin two times but I do not love him."

Aditi was silent and was staring at her. Perhaps she had got the answer to her question. She had understood that Kamini is a different kind of person. Because she had just said that she had sex with Robin but did not make love to him. Then Kamini shouted again-

"Do you think I am your slave? I protected you. I stood by you in bad times. Even if I had sex with Robin, what is your problem with it? If there is any problem, it should have been Robin's. Why are you fighting with me for him? While you know very well that you and I have had sex with each other. Then why are you showing so much interest in Robin?"

Aditi did not say anything and kept looking at Kamini's face. Kamini did not remain silent and said further-

"I never asked you about Robin. But I think you also had sex with Robin. If you had sex with him then I have no problem. I still stand by you. There is a lot of difference between sex and love Aditi."

Kamini was surprised and was wondering what kind of a woman she was. For her, sex is not a part of love but just a toy which can be used with anyone whenever she wants. Then Kamini says-

"Tell me Aditi. You have also had sex with Robin, right? Tell me..."

"Yes, I did. I also had sex with Robin."

“So what difference does it make? You had sex with Robin and so did I. But I have no problem with that. Do you love Robin? Will you marry him?”

Aditi was silent.

“Tell me if you marry Robin, I will apologize to you right now saying yes I made a mistake. I will never look at Robin. Tell me if you agree to what I say.” Kamini says angrily.

Aditi had no answer to this. Kamini was getting very angry. Her breathing was becoming fast, as is a natural process when one gets angry. But then Aditi shouted at her-

“If someone does not love someone, it means that you will take advantage of an innocent and naive employee. Looking at his financial condition, you will tempt him and do wrong things.”

“Aditi, I have never given any bribe to anyone nor have I taken advantage of the financial condition of any employee till date. If you want, you can investigate any employee. But Aditi, I still don't understand that when you don't love Robin and can't even marry him, then why are you getting so angry over such a small matter.”

“Kamini, this is a small matter..? You have done such a big thing with that innocent Robin and you are saying why are you getting angry over such a small matter.”

“Aditi, first of all talk politely. I have not done anything. In fact, I have had sex and that too with Robin's consent. It is my wish, my body, I can do whatever I want. Why are you taking too much tension about this?”

“So what should I do then? Should I praise you for doing a great job? Should I encourage you to have more sex?”

“Aditi, tell me one thing. I had sex with Robin. What harm did it do to you? I also have my own needs. Again I tell you that there is a difference between sex and love”

“OK. If there is a difference between sex and love then why did you make Robin say I love you?”

“When I asked him after sex, he said in a normal state. But I do not love Robin.” Kamini said while explaining to him.

“You have done this Kamini. You shouldn't have done this ?.”

“Well I have sinned. And what about you with Robin? You have taught him. You have helped him. You have also had sex with him. Okay, I accept that if I have sinned by having sex with Robin, then have you also sinned?”

Aditi was silent on this matter. Actually, Aditi had started loving Robin somewhere. But she could not tell this to Kamini. Because it was not logical. Because she had already left her husband Aditya for second sex. Then Kamini says again-

“Aditi, please try to understand. Your mental state is not good right now. We will discuss this matter once we reach home.”

“Kamini, I will not talk to you on this matter. What you did was not good. In fact, you have taken advantage of someone's helplessness and had sex.”

“Well, I have taken advantage of her helplessness. How would you feel if I tell you the same thing Aditi?”

Aditi was silent. Then Kamini says again- “If having sex is a sin, then every person in this world has sex after attaining adulthood. So that is a sin. According to you, the one who is having sex is a sinner. Listen, this world is

flourishing because of sex only. This is the natural system.”

“Kamini, you have betrayed me. I will never forgive you.”

“Okay, don't do it. If I cheated on you just because I had sex, then it's okay. You are free to think.”

“Kamini, you are so dirty that I can't even imagine. I didn't know that you would stoop to such a low level.”

“It's okay Aditi. My level is very low. But you should also think about your level. There is so much difference between us just for sex. This is not right Aditi. Again I am telling you that there is a more difference between sex and love.”

“Okay...! Difference...! Then define it as well Kamini.” Aditi said with taunt.

“Yes, I will explain it to you. But I don't think you will still be able to understand.” Kamini says. Aditi was staring at her.

“Aditi, sex is just a need of the body which satisfies only the senses of the body but love satisfies both the soul and the body. And yes, if you love someone and have sex with him/her then it is a very happy, auspicious and pure bond of the mind, body and soul. It unites two bodies, two minds and made one souls and shows a spiritual glimpse of thoughtlessness. Aditi, many people come to this center who satisfy their body through sex but it does not mean that they love the person with whom they have sex. You must have heard the old saying that in the olden days there used to be a **Nagar Vadhu** (marriage bride). So did everyone love the Nagar Vadhu? No, they just satisfied their body senses by having sex. So Aditi, you will have to understand the circumstances. There is a lot of difference between sex and love.”

"I don't want to understand anything Kamini. I am just saying that you are not what I thought of you."

"Kamini, can I ask you something?" Kamini said looking at Aditi. Aditi did not say yes but her eyes were saying that ask your question.

"Aditi, can you stop your periods? Yes, you can postpone them for a few days by taking some medicine etc. But can you stop your periods completely?"

Aditi kept looking at Kamini on this question and did not say anything. Then Kamini says-

"Aditi, just like you, I and other women cannot stop their menstrual periods, similarly the hormones of the body. So sex cannot be stopped. Because it is natural. We have not created all this, it is a gift of nature. If you still do not understand, then it means that I have failed to explain it to you, because I want to tell you again that sex and love are a different feeling. There is a lot of difference! There is a lot of difference! There is a lot of difference!" Kamini's words were echoing in Aditi's ears.

Both of them had a heated debate on this issue. Everyday both of them used to drink coffee as soon as they came. But today the atmosphere was so hot that there was no place for coffee. Outside, Neha was upset with that unknown man who was the receptionist. He was getting a massage from Sveety. Neha had asked him only for a massage. But that man did not come out of the massage cabin for a long time. Sveety also did not come.

Neha was wandering around the reception worriedly. Her mind was worried about some unknown thing. In a short while, the man was seen coming out quickly. Looking at his hair, it seemed that he had taken a bath. Neha immediately called Sveety to her at the reception.

“Yes ma’am.” Sveety said.

“Come here sweaty.” Neha said. Sveety went near Neha. Neha saw that Sweet’s hair was also wet. Maybe she has also taken a bath. Neha looked at Sveety and said-

“Sveety you have only massaged that man, right? You have not done anything else. Because I had only given you permission to massage.”

“Yes ma'am. I just massaged that man.” Sveety says in panic.

“You are saying the truth sweaty.?”

“Yes ma'am.” She said this while avoiding eye contact. Neha could not believe what Sveety said so she asked again sternly-

“Sveety, tell me the truth. I can't believe you. Please Sveety, tell me the truth. You have not had sex with that man.”

“No ma'am. There is no such thing.”

“But looking at your wet hair it seems like you took a bath after having sex with that man.”

“Ma'am, the man took a bath after the massage. I only washed my hands, feet and face. So my hair got wet.” Said while clarifying to Sveety.

“I don't know why I can't believe it, Sveety Please Sveety, if there is something wrong, tell me. I will handle it.”

Sveety became silent on this and looking at Neha said -  
"Ma'am, I had a little sex."

“What do you mean? A little bit of sex. What is this little bit of sex, sweetie?”

“Meaning a little. The man started insisting that he would have sex with her a little bit. I will pay extra for this.”

“And you had sex for money.” Neha said this in frustration. Sveety did not react to this. Then Neha scolded her and said-

“When I told you to just massage that man, then why did you have sex with him?”

“Ma’am he gave me some money so we had sex. He promised to give me more money after sex. He gave me four thousand rupees, if you want you can keep two thousand of it.” Sveety said while extending two thousand rupees towards Neha.

Neha got extremely angry at her and said- "Are you not ashamed? When I told you that this person is not good. Then why did you break the confidentiality of our Kamini Care Center?"

“Sorry ma'am. I will never do this again.”

“Now won't you do this again? You have made a big mistake Sveety. Perhaps you don't know how serious the consequences will be.”

“Ma'am nothing will happen. He was a nice person. He was saying very good things about our Kamini Care Centre.”

“What was he talking about?” Neha asked.

“What kind of massages are done at Kamini Care Center. What are the charges. And how much money is taken for full and final massage. How many girls work here. He was just talking about all this.”

“Oh my God! And you answered all his questions.”

“Yes, I told him whatever he asked.” Sveety spoke innocently. Neha held her head. Now she was extremely upset.

“You have made a big mistake sweaty.” Saying this she ran inside towards Kamini's chamber. Sveety was saying- “Ma'am please don't tell Kamini ma'am. I will not do this again.”

But by then Neha had reached Kamini inside. She was shocked when she saw the scene inside. Kamini and Aditi were shouting at each other in extreme anger.

“I had already told you Aditi to forgive your husband once and return home. But even at that time you did not listen to me.”

“I am capable of taking my own decisions Kamini. I did not need your advice in this. I did what I felt was right. But you did something that I had never imagined.”

“Aditi, talk to me sensibly. You are crossing your limits.” Kamini said while hitting the table hard.

“I am in my senses. But you have completely lost consciousness Kamini. Now I have understood you very well.”

Neha could not understand anything after hearing their argument. She pleaded with both of them and said-

“Please Aditi ma'am. Please Kamini ma'am. Both of you keep quiet. What happened that you are fighting with each other. There is a lot of affection between you two.”

But this had no effect on Kamini and Aditi and they started quarrelling loudly.

“I made a big mistake by giving you shelter. You should have gone back to your husband at that time. You should

have forgiven your husband for his second sex. And I had said this at that time that Aditi go back to your home. And now you have also had second sex. Your accounts with your husband have been settled. So now you go back to your husband's home.” Kamini was saying while fighting.

“I neither needed your orders before nor do I need them now. Do you understand?” Aditi spoke using ‘*tu*’. Kamini also started talking using ‘*tu*’. Neha was looking at both of them in surprise. She was unable to understand anything. Both were fighting terribly. Neha did not have the courage to stop them.

“Sex and love are two different things. If you still haven't understood the difference between love and sex then you can leave Kamini Care Center right now.” Kamini shouted in anger. Once again Kamini's words echoed in Aditi's ears that there is a difference between sex and love.

Neha became more worried after hearing this. She was helpless in front of these two. But then some loud noises were heard outside. When the three looked, they were stunned. Policemen, both men and women, were standing in front of them. The lights of the cameras of many media persons were also flashing. Perhaps the police had raided Kamini Care Center.

“Everybody come to one side. No one will run away.” The police officer said this while giving orders to his policemen. All the policemen had taken charge of the front. Male and female policemen had surrounded Kamini Care Center from all sides.

“Hey mister what's the matter. And how did you come inside without permission. Who are you?” Kamini said.

“Madam, maybe you are not able to identify who we are because of the uniform. But still for your information, we

would like to inform you that there has been a police raid at your Kamini Care Centre. Wrong things happen here.”

“What proof do you have that wrong things happen here?” Kamini shouted at the police officer.

“We have solid evidence. Don't worry about it.”

“I will teach you a lesson right now. I will talk to my lawyer.” Kamini said this while calling on her mobile. But before this, Kamini's mobile was snatched by the police officer.

“What are you doing? Let me talk to my lawyer. How did you come to my Kamini Care Center without permission.”

“Madam, where wrong doings are done, the police do not need permission. You must also understand this.”

“What wrong is happening at my Kamini Care Centre. You all have come here to eat money.”

“You let us do our work. The law will take account of who is eating the money.” The police officer said and ordered all the boys and girls of Kamini Care Center to be taken out and put in the police vehicle. Hearing this, the policemen started taking out all the boys and girls one by one. Kamini shouted a lot at the police officer but he did not listen to her at all. Aditi was trembling with fear.

All the girls and boys working in Kamini Care Center were made to sit in a police vehicle outside. When some girls protested, the women police officers showed strictness and forced them to sit in the police vehicle.

Kamini and Aditi were in a bad state. Both of them requested the police officer to tell them their side of the story but the police officer refused in harsh words and said-

“Madam, whatever you want to say, you must say it in the court. Now I cannot hear anything.”

After this, two female police officers held the hands of Kamini and Aditi tightly and the female police officers started taking them outside towards the police vehicle. The entire Kamini Care Center was vacated. All the boys and girls here were made to sit in the police vehicle. As soon as Aditi and Kamini came out and saw this, their souls trembled. There was a crowd of thousands standing outside Kamini Care Center and many media persons had their cameras pointed towards Kamini and Aditi. The media persons started bombarding them with questions.

“Ma’am, since when has Kamini Care Center been running? And what work is done here and what facilities are available? Ma’am, how much do you charge?”

On hearing this, Aditi and Kamini became very angry and hid their faces because the lights of the cameras were constantly falling on them. The media had also started a live telecast.

“Ma’am please tell me. What kind of massages are done here. How much money is charged for full and final massage.”

Then another media person asked another question- “Ma’am, do you pay GST on the charges you make? If you do, then what is your GST number?”

Aditi and Kamini did not react. Both of them covered their faces properly. Then a media person asked another question-

“Madam, since when has this illegal business been going on in the name of massage at Kamini Care Center? And are both of you the owners of this center?”

Both were silent. But then there was a sharp question- "Ma'am Kamini, how many girls are there at the Kamini Care Center and do you keep the girls who run the sex trade on salary or commission?"

Kamini became unconscious after hearing this. Cameramen were taking photos in front of her. Then a media man said while speaking on live telecast-

"You can see this. This is Kamini Care Center. Here sex happens in the name of massage. You can see that 15 to 20 girls are sitting in the police vehicle who were brought here for sex. And some boys too, maybe their number is less but it has been learnt that both types of sex were available at Kamini Care Center. And here along with massage, there was facility of sex in the form of male and female. Police has caught all of them and now they will be presented in the court."

Many media channels started showing such news live. There was an uproar in the entire city. The name of Kamini Care Center was on everyone's lips. Kamini Care Center had become completely infamous.

The police was taking all the employees of Kamini Care Center in a police vehicle. The police officer had made Kamini and Aditi sit in another vehicle which was following this vehicle. Photos and live pictures of all of them had come on TV. When Akash saw this news on TV, he recognized Aditi. He immediately called Rohit. When he also saw the TV, the ground beneath his feet slipped away. He immediately called Aditya and gave him all the information. All three people Akash, Rohit and Aditya started walking towards the police station.

All the workers of Kamini Care Center were taken out of the police vehicle and made to sit in the lockup of the police station. Kamini and Aditi were also locked in the second lockup of the police station. In a short while, Aditya, Akash and Rohit also reached the police station. Akash spoke to the police officer as soon as he reached there and asked him to release Aditi.

“No-no. We cannot leave any of them. There are strict orders from above.” The police officer said that all of them were found involved in illegal activities.

“Sir-Sir, please. Anyway, there is a woman we know who you have kept inside, please release her. You will get the money you want. Please Sir, I will do as you say.”

“I told you. We cannot spare anyone. These people have committed a big crime. They have brought disrepute to the entire city.”

“Sir, it is not like that. Please Sir, there are two women sitting inside, leave only one of them. Please Sir.” Rohit said this while making a hearty request to the police officer.

“Which woman are you talking about? We have arrested two women operators and many girls and boys staff.”

“Sir-Sir, I am talking about the woman who is over there.”

“What is her name?” The police officer said in a stern voice.

“Aditi. Aditi sir....”

“But how do you know them?”

Rohit became silent on this but Aditya interrupted him and said- "Sir, she is my wife. Her name is Aditi."

The police officer looked at Aditya from top to bottom and said-

“What is all this? Your wife does all this work. You look like you are from an educated family and intelligent.”

“Sir, the matter is that the police have some misunderstanding. It is not like that.” Rohit says while explaining to the police officer.

“How can you say this. The police have caught them red handed. Our intelligence team had been keeping an eye on their activities for many days.”

“Sir, no sir. The police must have misunderstood something.”

“We have solid proof.” The police officer said. Then Aditya came forward and said- "Sir among them Aditi is my wife. There was a fight between us, due to which she got separated. She is very nice sir. She can never do such a thing.”

“Again the same thing. How can you say that she cannot do any wrong. And just now you said that she fights with you and stays away. Then there is more hope that she must be doing some wrong.”

“No-no sir. This cannot happen.” Aditya said.

“Why can't it be so? Did you separate from your wife and give her a monthly allowance? Or did she manage things on her own? Tell me.”

Aditya became silent on this. The police officer asked again-“Tell me. Did you give some money to your wife every month?”

“No sir. He never asked for it.”

“Then tell me. A person has to do some work to meet his expenses. And perhaps this is the reason why your wife has committed wrong deeds.”

“No at all sir. Just because you say it, it will not become true.” Aditya spoke in anger.

Then Rohit held him and said- "Aditya, you wait. I am talking."

“You people are getting angry at me. I am not making any allegations from my side. Our team was working on this matter for many days. And what is the truth, it will also be known in the court.”

Aditya got upset on hearing this and requested, "Please Sir, don't take the matter to the court. Get the problem solved here itself. I will do as you say."

“Sir, Please solve the problem here. Otherwise there will be a big disgrace in the society.” Akash also started saying this and Rohit also stressed that the problem should be solved from the police station itself.”

On the request of all three, the police officer became a little normal and said- "What name did you tell me?"

“Aditi.” Aditya spoke quickly.

Just then the police officer went towards the lockup room where all the staff of Kamini Care Center were being questioned. And during the questioning, they were being asked for their names, home addresses and information about their parents and marking it in the register. Just

then the CO.(Circle Officer) arrived at the police station and shouted at everyone and said-

“Note down the names and addresses of all these people. They will be produced in court within an hour. No one will be spared. The entire matter will be presented before the court. These people are not only defaming the city but have also made it difficult for civilized people to live in the city.”

On hearing this, the police officer was also shocked. He too took forward the CO's words and asked the police staff to enter the names and addresses in the register as soon as possible. After this, he secretly went to the other lockup where Kamini and Aditi were locked up.

“Who is Aditi?”

Kamini was sitting quietly with her head down. And on the other side Aditi was also in the same condition. The police officer asked again-

“Who is Aditi among you two?”

Aditi looked at the police officer and silently lowered her head. She was dejected and disappointed. The police officer understood that she was Aditi. Just then the C.O. called the police officer.

“How much time will it take to complete the court formalities. Because if it is too late, the hearing will not take place today.”

“Sir everyone's entry will be done as soon as possible. Work is going on fast. Everyone will be produced in the court today.”

“I asked how much time it would take. By quickly I mean how much....?” The C.O. spoke angrily.

“Sir, I will show it to you.” The police officer said. He felt that the matter has gone too far now. He cannot release anyone from the police station on bail.

“Present them all in court quickly. And yes, keep me updated. As soon as the formalities are completed, let me know. I am going straight to the court. And yes, do not sympathize with anyone. The next action will be taken according to whatever decision the court takes.” The C.O. said while giving instructions.

“Yes sir.” The Thanedaar (Police Station Chief) said this while saluting him. After this the C.O. left the police station. Then again Aditya requested the Thanedaar-

“Sir please get something done. End the matter here. Presenting my wife in court will bring a lot of disgrace. Please Sir.”

“You must have heard what the C.O. Sahab said. Now I have nothing in my hands. Whatever decision will be taken will be before the court.”

Aditya got upset on hearing this and Rohit and Akash also got disappointed. All three of them requested the police officer to release Aditi. But the police officer was not ready because he was under pressure from the C.O. All three were disappointed. Then Aditya requested the police officer to let them meet Aditi, then the police officer said-

“You can meet her for a few moments only. And you all should leave from here as soon as possible. Because media people can reach here anytime.”

“Okay sir, introduce me to Aditi.”

After this the police officer took these three to the lockup where Kamini and Aditi were sitting quietly. Aditya was feeling nervous. As soon as he went to the lockup and saw

Aditi, his heart started crying. Rohit and Akash consoled him and told him to keep courage. Aditya called out to Aditi-

“Aditi-Aditi. Nothing will happen. Everything will be fine. Don't lose courage. I am with you.”

On hearing this, Kamini looked at Aditya for a moment and lowered her head. She knew that this was Aditi's husband Aditya. But Aditi did not raise her head. Aditya called out again-

“Aditi, don't worry. Everything will be fine. We are all with you.”

“Yes Bhabhi, nothing will happen. We will get you out of here. Do not panic at all.” Rohit and Akash said this while encouraging Aditi.

But Aditi was sitting as if she was not affected by the words of Aditya, Rohit and Akash. She did not look at these three even once. She kept sitting quietly.

Then the police officer asked these three to leave the police station. But these people refused and said that they will also go to the court with them. The police officer asked them to wait outside the police station. Then Kamini shouted at the police officer and said-

“At least let me talk to my Advocate. How can you do this that no one is given legal help. I will expose everyone in front of the judge in the court.”

“Ma'am, we cannot do anything. There are orders from above that you all will have to be presented directly in the court.”

“Who stopped you from presenting me in the court. But let me talk to my Advocate. You people have taken my mobile too. As I had heard about the police that you people are

very ruthless, today I have experienced it too. Please give me my mobile so that I can talk to my Advocate.” Kamini said pleadingly.

After listening to Kamini, the police officer felt pity for her and quickly asked her to tell him the mobile number of the Advocate. Kamini quickly told him the number and the police officer dialed the number and gave the mobile to Kamini. The Advocate had picked up the call and Kamini nervously told him everything and asked him to reach the court as soon as possible. Then the police officer took the mobile from her hand and disconnected the call and also deleted the number. Kamini's Advocate had made preparations to reach the court.

The formalities of presenting everyone in the court were completed. Aditya, Akash and Rohit came out of the police station. But as soon as they came out, they saw that there was a crowd of media outside the police station. Rohit asked Aditya to keep quiet and signaled him to stand on one side.

He also told me that if you talk more, you will come to know that one of these two women is your wife. Then the staff of Kamini Care Center was again made to sit in the police car one by one. Aditi and Kamini were also made to sit. All of them were being taken to court for presentation. The media people started asking them questions again.

But Kamini did not reply to anyone. On the other hand Aditi was completely silent. The media tried to talk to her but no one got any reply. The police vehicle took all of them towards the court.

---

The hearing had begun in the court. The judge was about to arrive. In a short while, the arrival of the judge was announced. The judge arrived. Everyone stood up in his honour. The judge ordered the proceedings to begin.

“Judge Saheb, Kamini Care Center is located in a posh area of the city and its main owner is Kamini and the other co-owner is Aditi. This center has been running for a long time and illegal activities are going on in it.” The Government Advocate said while presenting his argument.

“Objection Judge Saheb.” Kamini's Advocate interrupted and said this. The judge looked at the defendant's advocate carefully and said, “What is your objection?”

“Judge Sahab, it is not like what my fellow government advocate is saying. Kamini Care Center is a humanitarian centre which gives mental relief to people by counseling them.”

“Not at all, Judge Saheb. This center does not provide mental relief but physical relief and my fellow defense advocate knows very well what I mean. Perhaps the truth has come out from his mouth. The truth cannot be hidden anyway. Like the sun.” The Government Advocate said.

“Judge Sahab, I want to tell you that the sun also hides at some point of time when it is out of sight. Even though it keeps throwing its light in the universe, when the earth comes behind the sun, then it is believed and presumed

that the sun has hidden. And this is not just me saying this but it is also mentioned in the records and scriptures. And in the same way, sometimes the truth also becomes untruth by disappearing from the eyes. Perhaps my fellow Government Advocate has less knowledge of physics and this lack of knowledge is a proof of him being a government advocate.”

“Objection Judge Saheb.”The Government Advocate said angrily.

“Now what is your objective Mr.Advocate.?” The judge spoke softly.

“The objection is very big, Judge Sahab. My defense advocate has personally attacked me. He has doubted my qualification. He has challenged my experience. I want to tell him that even though the sun hides from view, it does not hide in reality, rather it changes its direction for some time.”

“Judge Sahab, this means that he has accepted my point. Because even behind the clouds the sun hides for some time. This is a fact and also a truth.”

“Now both of you capable lawyers will play ‘Surya-Surya’ or will you come to the main issue. Both the lawyers should concentrate on the topic on which the debate is going on.” The judge said while directing both of them.

“Judge Saheb, I will come straight to the main issue.” said the government advocate. And then he said-

“Judge Sir, Kamini Care Center is a very big sex center. Sex trade is carried out here. Here people are not provided mental relief but physical satisfaction.”

“One minute.” The judge interrupted the defense advocate and said, "If physical satisfaction is achieved will there not

be mental relief? What do you want to say? We have seen, heard and experienced that when the body gets relief, the mind gets peace first."

"That is why I was saying this Judge Saheb. My government advocate has very little knowledge. Perhaps he does not have a good knowledge of human aspects ranging from physics to mathematics, chemistry and biology. That is why there is contradiction in his statements." Kamini's advocate again made personal comments against the government advocate.

"Judge sahab, please silence him. Otherwise I will also make so many personal comments against him that he will be crushed under the weight of the comments and will forget to argue."

"Hey, You both have started again. I had told you to stay focused on the matter. Court's time should not be wasted with unnecessary comments. I again warn you both that the debate should be on the main point of the matter. Now you present your views." The judge said this pointing towards the government advocate.

"Thank you Judge Saheb. The name of Kamini Care Center is on the lips of the people of the city. The whole city knows about their dark deeds. And they also know what happens at Kamini Care Center. There, physical satisfaction is provided only by providing the pleasure of sex and a huge amount is charged from people for this. Kamini Care Center has committed a very big crime which provides the basis for the harshest punishment."

"Judge Saheb, my fellow government advocate is telling a blatant lie. Only massage is done at Kamini Care Center. And massage is not a crime in any law book. Massage gives rise to a healthy physical process and gives peace to the mind and a person does his work with good quality."

“Judge Saheb, my defense advocate has accepted the truth because it is accepted that massage is done at Kamini Care Center and Judge Saheb, I want to tell you straight that people are forced to have sex under the pretext of this massage. And it is accepted that sex is a physical need of a human being and on that basis naïve and innocent people are cheated. This center is earning a lot of money and I have also come to know that this center does not pay GST even in the name of massage.”

“You tell me defense advocate what do you have to say on this. Does your defendant's Kamini Care Center pay GST?” said the judge while noting the question.

“Judge Saheb. Kamini Care Center is registered under a registered society and works as per its rules.”

Then the government advocate interrupted and said, “I told you, Judge sahab. This centre does not even pay GST. It is also responsible for the loss of revenue to the government.”

“Please let me finish what I say.” Kamini's advocate said.

“Please complete your statement.” The judge said.

“Sir, as I told you Kamini Care Center is registered under a registered society and I would like to tell you that it pays GST on every amount received from the customer.”

“What proof do you have of this?” The judge said.

“There is proof sir. See this. Computerized bill details.” The defense advocate said while presenting the evidence to the judge. Since the balance sheet of Kamini Care Center was also handled by a reputed CA, Kamini's Advocate had brought him along to the court.

The judge looked at those details carefully and looking at the government advocate said,

"Would you like to see these?",

"Sure sir." The Government Advocate said softly. His confidence had diminished. The judge handed over the details to the public prosecutor and the public prosecutor started looking at them carefully. And after some time he said-

"Judge Saheb, I demand their verification that these details should be verified from the GST office."

"Tell me defense advocate. Should these be verified.?" The judge looked at the defense advocate and said

"Of course Judge Saheb. We have no objection. You can get them verified." Kamini's Advocate confidently stated that the GST details were true and legal.

"Now what do you want to say next.?" The judge said looking at the government advocate.

"Sir, I have strong evidence from the police that this centre runs a sex trade under the guise of massage. If you allow me to do so, I would like to present a police witness in the dock."

"Yes, call the government witness." The judge said.

After this, the Government Advocate pointed towards the police and signaled a policeman to come to the dock. That policeman came to the dock looking nervous. This was the same policeman who had been keeping an eye on Kamini Care Center for a long time and went to the center several times for massage and later once had sex with a worker named Sweety to have solid evidence. On this basis, a raid was also conducted on Kamini Care Center.

"What is your name?" the judge asked

"Sir my name is Vijay Rana."

“What position do you hold in the police?”

“Sir, I am a head constable.”

“What do you know about Kamini Care Center? Tell the court the real facts and truth.” The judge spoke in a stern voice.

“Ji, Judge sahab. Sir Kamini Care Center is a famous massage center of the city. Where sex trade is done in the name of massage. Women and girls from many families and Judge sahab, boys also work at this center. The owner of Kamini Care Center makes these workers do bad things for the greed of money.”

"What wrong things does she make do.?" the judge asked.

When the policeman became silent on the judge's question, the judge asked again- "What wrong things does she make do? Tell the court. Because the court works on the basis of evidence."

“Head massage is also provided and along with it boys and girls are available for wrong deeds.”

“What do you mean by that? Massage is also done and boys and girls are also available. For which wrong things are they available?”

“Sir, these people do massage. And then they also do wrong things by taking more money.”

“Hey, again the same wrong doings. What wrong doings do commit? Tell the court clearly.”

“Sir sex happens at Kamini Care Centre.”

“What proof do you have.?”

The policeman became silent on hearing this from the judge and after a few moments said softly, "Sir, I have seen it."

“Have you seen having sex?”

Then Kamini's advocate interrupts and says-

“Judge Saheb, I want to tell the court that all the workers of Kamini Care Center are present here. If you want, you can call all the workers to the dock and interrogate and identify them.”

“Tell me. Will you identify who has had sex and whom you have seen having sex?”

The policeman became a little nervous and became silent on hearing this statement of the judge. The judge again said, "Tell me, will you identify.?"

“Sir-Sir.” The policeman said while lowering his head. After this all the workers were called to the dock one by one and were asked to identify. But the policeman was unable to identify anyone properly because he had a question in his mind that if he said that he had seen this worker having sex then the judge's second question would be with whom and then his identity. Rather the truth is that he himself had sex at Kamini Care Center and he could not tell about it under any circumstances. Because if he told about himself then he himself could get trapped.

“Identify. Tell me who was the person you saw having sex in the name of massage.” The judge had said.

But whom would the policeman know because in reality he had not seen anyone having sex except himself. When all the workers were called to the dock, Sveety was left behind. The policeman was stunned as soon as he saw her. Sveety was looking at him with deep eyes. If he says that he has seen this girl having sex, then the same question will arise as to with whom. And if this girl even by mistake says that she has had sex with me, then a rape case can be

made against her too. The policeman was stunned. He was silent.

"Mr. Government Advocate, these policemen of yours are not recognizing anyone." The judge said. Then the Government Advocate whispered something in the ear of the policeman while explaining to him, but then the defense advocate strongly opposed it and said-

"This is a wrong procedure Judge Sahab. My fellow government advocate are trying to mislead the police as well. Whatever evidence is there should be placed prominently before the court and not by persuasion and persuasion.

The judge agreed that there should be no attempt to convince or mislead anyone before the court.

"Tell me. Do you know any worker here who has been caught having sex or not?" Judge sahab said staring at the policeman.

"Sir, the secret agency was working for a long time. And it is true that sex is done in the name of massage at Kamini Care Center." The policeman said in panic.

"Hey Mr., I agree. Sex also happens in the name of massage at Kamini Care Center but what is the proof, what is the evidence. Till now you have not been able to tell any worker that this worker has been seen having sex."

"Sir, it was an intelligence report."

"Whose secret report was it and if it was there then there would be evidence too, right?" the judge asked.

The policeman was silent.

The judge again said, "Tell me whose secret report it was. If you have it, then present it before the court." While

saying this, the judge was looking at both the Government Advocate and the policeman.

The Government Advocate and the policeman both were silent on this statement of the judge. The judge understood that they did not have any intelligence report.

“Ok if the report is not there right now then can you get it for me.” the judge had asked.

The Government Advocate talked to the policemen on this matter but did not get any concrete assurance. The judge again said-

"Let's leave the intelligence report aside. I don't think you people have any intelligence report. Tell me from whom did you take permission when you raided Kamini Care Center."

At this the policeman started looking at the CO.(Circle Officer) The CO was standing quietly in a corner.

“What are you looking at there? Look at me and tell me with whose permission did you raid Kamini Care Centre.” The judge said in a scolding tone.

“Sir-Sir, it is in the knowledge of C.O. Sir.”

“The C.O. should be called to the dock.”

Then the Government Advocate signaled the C.O. to come to the dock. The C.O. stood in the dock.

“Tell me with whose permission the raid was conducted.” The judge asked.

Sir-Sir. On the basis of suspicion.”

“This means that you did not take the written consent of SP City before raiding Kamini Care Centre.” The judge said.

The C.O. was also silent on this matter. The policeman was looking at the C.O. with the hope that he would tell the truth that he had visited Kamini Care Centre many times on his instructions and the raid was conducted only after confirmation of sex. But he was surprised to see the stranger side of the C.O.

“Tell me quickly. Mr.C.O. Don't waste the valuable time of the court.”

“Sir, no legal permission was taken at any level before raiding Kamini Care Centre.”The C.O. said.

“Then why did you conduct the raid?” the judge asked.

The C.O. was silent. He had lowered his head. The Government Advocate and the policeman were also silent. They had no answer to what the judge said.

“Tell me.” The judge said while looking at the Government Advocate again said- “There is no evidence and no proof, then what kind of crime is this. You have defamed a centre in a moment. It seems that the crime was committed not by Kamini Care Centre but by the police. If you people have anything else to say, then say it. Otherwise the court will give its verdict. And anyway we know where the police raids. They raid places where they don't get weekly payments and the police don't say anything to those from where they get weekly payments.”

There was silence in the court. No one had any evidence and no one had permission to raid Kamini Care Center. After this the judge started giving the verdict.

“Today a case was presented before me. In which Kamini Care Center was accused of providing sex in the name of massage. But the Government Advocate and the police could not provide any evidence against this center in relation to these allegations. Hence, in the absence of

evidence, all the workers including the owners of Kamini Care Center are released without any crime. But it is expected from the government that it should make a transparent policy about the illegal activities going on in the name of massage centers which are often broadcast on news and media channels and the massage centers should be operated under the same rules. This policy should be made in two parts of Group-A and B so that the common people do not have any kind of misunderstanding in the name of massage centers and their operation also continues under the legal process. A policy should be made within three months for the operation of these centers and they should be implemented accordingly.

The judge had given his verdict. The police had released all the workers with Kamini and Aditi. All the workers had gone to their respective homes. Kamini also quietly left the court and left for her home.

On the other hand, Aditi was very calm. Aditya, Akash and Rohit were together in the court. All three put Aditi in the car and came to Aditya's house. Aditi was unable to talk to anyone. She was quiet and calm. Perhaps she had suffered a big shock. She needed solitude. Akash sensed this and he asked Rohit to leave and also explained to Aditya that Bhabhi has suffered a big mental shock and it is his responsibility to take care of her. Perhaps she will become normal after a few days. Understanding this, Akash and Rohit left his house.

---

Aditi was really mentally shocked. She was lying in her room and thinking-

"She crossed both the body and the threshold but got nothing. Kamini's words were echoing in her ears that *there is a difference between sex and love. This thing had settled well in her heart and mind.* She was thinking that perhaps she should have forgiven Aditya for the second sex at that time itself.

It was past midnight. On the other side, Aditya was trying to sleep on a mattress on the floor with his eyes closed and was thinking about Aditi. As soon as Aditi becomes normal, he will start his new married life with her again. Now he will never cheat her. Just then he heard the sound of Aditi getting up. He kept lying with his eyes closed. Kamini Care Center had closed. Kamini had left the city and shifted to Mumbai. All the workers had found jobs at other massage centers.

Aditi saw that Aditya was sleeping. She came close to him and sat on her knees and said-

"Aditya, I have crossed both the body and the threshold but still got nothing. Now I have to start life again with you. Sorry Aditya! Forgive me Aadi!"
