1.

"Nature"

Falling water, and blowing wind,
Pureness is in your mind,
Make pure my mind, as much as you are better!

You are as clear as mirror,
You are as near as anyone dear!

Give me the innocence of your life,
But as sharp as any knife!

Give me your boldness, of crossing such high mounts,
Making me away of all the bounds!

Making everyone's thirst wet,
remaining clam and blowing yet,
I want such life, till the sun of my life sets!

Falling water, and blowing wing,
Pureness is your matter; make pure my mind,
as such as you are better!

2.

"Butterfly"

Catch it, catch it, flying away,
Happiness is like a butterfly, flying away!

Either poor or rich, everyone try to catch it every day,
But from its grasp, it always escapes,
Catch it, catch it flying away!

Some does murders, some does crimes,
To catch this butterfly on the times!

This butterfly visits many place,
Give joys to every face,
And then good byes, to merry makes!

But it always, runs away,
Like the nights, after days!
Catch it, catch it, flying away,
Happiness is a butterfly, flying away!

3.

"Indian Woman"

The bright shine, and the face rosy,
Of an Indian Woman, gives the word 'Beauty'!

The radiant smile, seems everything, also the tunnels,
And the mounts, away miles, have changed into tiny,
Red and pink flowers, in piles!

When she opens her eyes, the lamps of full world,
Have been lighted at a time, by all guys!

When the greyish eyelids, closes the sight,
The hot day becomes a cosy night!

The milky colour bold of her face shines like gold,
The word which comes out, from the movement of her pink lips,
Are as charming as the first rain's sounds,
Of the rainy season on bricks!

Her hairs shutting her face, as on the seashore of the waves,
The 'shum' 'shum' of the tiny bells, on her ankles,
Is as the voice of koyal, on Silent Island, ringing as bangles!

The beauty inside her mind comes out at the time,
Of her decision in front of divine!
The innocence of her duty adds colours to her beauty,
Satisfied in sacrificing,
but accepts the role against injustice of a Knife sharping!

4.

"Fearful Sight without Fear"

Caring fearing about the night,
I went outside to see the sight.

Sight was beautiful but I was not able to think,
What was the right!

I was having nature freight,
About my ego I always had a fight.

But that night, I saw bold trees,
Standing on my right.

I cannot wonder that in, such a fearful night,
They never cried.

Seeing their boldness,
I was surprised.

Then I saw a river, sinning bright,
Had no fear of a dark sight.

The little grass, under my feet cried,
I turned down; it asked me, not to be freight.

It said; you cannot be lion's diet,
Has at present a sleep delight.

I thought that the little things,
Which I consider mere, had no fear.

The areas of machine & technology have only freight,
The nature does not fear, I cried.

Caring fearing, I went there night,
Boldly and calmly, I returned which made, all surprised!

5.

"Betrayal"

Fighting my tears with smiles,
I betrayed the world, a miles.

When I tried to smile, tears rolled my eyes,
Oh my God, even tears betrayed my eyes.

I fought my fate and tried to change my destiny,
But all in wain and gave me pain.

My destiny won & made my fun,
My dreams died & a lot I cried.

Dreams which were my sole friends,
And which never changed like trends.

They haunt me every night,
On their unnatural death.

Asking me why were they born in my heart,
If I couldn't fulfil them.

But I have to be happy on their death,
I won't morn over them.

Coz they can't be alive, ever again,
But they will always be in my heart.

Cremated with their memories for ever & ever,
Resting in peace, till I die.

6.

"Dreamboy"

Oh my dreamboy! Are you in this world?
I am waiting for you, on the golden ways of this world.

Whether it is morning, whether it is night!
I do not come to know, in your delight!

Are you in this world?

When will you come, and take me off,
On the horse of silver, and golden ropes!

I am losing my patience; I want your arms,
Calling me to leave this world and give your charms!

Are you in this world?

This world is of cement, I don't want it!
But please tell me, where is our dreamland?

I girl Sweety would wait for you ever!
But would forget you never!

But oh my Dreamboy, are you in this world?

There is cherish in the near,
But I am alone without you my dear!

This world appears to me very strange
I cannot describe you my enthusiasm and its range!

Can you answer me, are you in this world?
Oh my Dreamboy! Are you in this world?

7.

"Adoring Soul"

Do you know whom I love? Whom I Adore?
Don't know, and then listen –

You are that shining star, whom I love, whom I adore,
For whom I am living, and can die.
I love you, I am telling!

You are that cold breeze, which sensuously came on my body,
With a cool touch and which shrink every part of my body!

You came in my life, like a bright shine of sun,
After a gloomy night!

Where ever you are, for me is paradise,
I want to be known as your wife!

Whenever I want to see you, I just
close my eyes,
Have a deep sight in my heart, where always you lie!

Your name always echo's in my ears,
Nobody else should hear, for that I always fear!

See my eyes, you would see yourself,
Nobody else would be there,
Except you & you & you!

You are my world, you are my life,
Nothing is important to me, except you & your eyes!

My every heart beat says, come and take me off,
My hands are always waiting for you, to hold!

My arms are always waiting for you to embrace,
My tender skin is always waiting for your smooth touch!
Once you have made me yours, and then never leave me!
Otherwise I would vanish, and no one else would find me!

Don't ever give your heart to anybody else your see,
Otherwise my heart will break,
And you would not be able to count it's any piece!

This world would glow, the flowers would rose,
There would be only fun, the sorrow would be none,
When we would become one!

You are not with me; I am not with you in other's sense,
But love doesn't need any physical presence,

It lies in my eyes,
Which can see you at present, in front of mine?

You are the word, I am the meaning.
You are the expression, I am the feeling.
You are the reason, I am the hold.
You are the earth, I am the gold.

8.

"Without You"

This world is a puzzle ever mere,
No one would be able to do it clear,
Without you my dear!

If your affection would not be there,
My happiness would flow in the air!

You are the boldness in my life,
There would be nothing in sight,
Without your affection and you,
I would be totally vanished,
Might not you!

Everyone in the world, who knows you,
There are many not few!
Would fight with God to take love from you!!

Forget the world, if without your love,
I would lose my precious thing!
As dearer as for a bird, it's every wing!

My love, what you want to hear is the fear!
Which I feel every day, thinking of you being away!

The best relation which I have with you,
Would be without your love, forever lost!

I would break every relation & sabotage every creature!
Forcing me to forget you, at any cost!!

You can't admire what would be my situation,
Even cannot I mention!!
I want to give you happiness as much as can I,
If such a situation comes, I would myself die!

The feelings to which you give a great respect,
Would be for me forever, in my heart packed!

The situation never comes I wish!
As you enjoy your ice-cream,
Enjoy the life before it melts, without thinking about bad!!

9.

"Sometimes"

Sometimes I just want to love & to be loved!
Sometimes I just want to miss you & to be missed!
Sometimes I just want to think you & to be thought by you!
Sometimes I just want to express my love for you!
Sometimes I just want to be possessive & to be possessed by you!
Sometimes I just want to crave for you & to be craved by you!
But I always want to be with you, coz that the only time I live!
My life to fullest rest of time, I merely exist!
Sometimes I just think we are made for each other!!
Every time not just sometimes!!

10.

"Da'ling, Come Soon!"

Coz;
My empty Soul needs your access,
My solitude body needs your caress,
My attitude needs your appreciation,
How much I missed you, is beyond imagination!

My head needs your cosy shoulder to rest,
My heart needs to splendour you, happiness at my best,
The clouds of distance between us, are very dark and insight!
Believe me; I have failed to search way, without your presence of light!

Come and bring a charming morning, to the dawn of my life.
When the roses will grow & sunrise,
Doesn't want to present a flower to your wife?

I crave thou, 'you come to me', with this 'blink of my eyes'
But my depression found only, your leaving sight of good byes!

Prince, you are the word, I am the meaning!
You are the expression, I am the feeling!

11.

"I love you"

Darling Prince!
I feel you in my heart & soul, I love you darling Prince!
You are one whom I can hold, I love you darling Prince!

For your courage & for your determination,
For your charm look & for the love you give!

Don't ever try to be away from me!
I would lose myself & so would you lose!

I believe what you think & like,
I love you darling Prince!

I know you the right man of my choice,
And so I am yours misses, right!

I know I am lucky to gain your love & friendship too!
You are my freedom & you are my dreamboy too!

You are the one who made my dreams come true!
I have your presence in my eyes, I will always respect you!

You are the Twinkle of my eyes;
You gave me Twinkle, thanks!!

12.

"Immortal Love"

Every drop of rain carries a love story of winds and clouds,
But our love is up above the sky and all bounds!

Every wave brings a love story of sea and its shore,
But our love is crazier than the waves and the seashore!

Every hope gives a love story of dreams and reality,
But our love is beyond description of life and humanity!

Every night shows a love story of moon and moon-light,
But our love shines bright even in dawn without sight!

Every creature tame the love story of body and soul,
But our love is immortal against birth and death for lives more!

Every beauty reveals the love story of glory and tenderness,
But our love is gracious with sacrifice and surrenderness!

Every apple sweetens the love story of Adam and Eve,
But our love has sweetness of belief and understanding,
More tough than mounts & trees!

Every song sings the love story of rhythm and beat,
But our love is sung by divine and angel's meet!

13.

"I Feel You"

As the morning comes in with your fragrance,
I breathe you!

As the lark sings a melodious song,
I hear you!

As the roaring waves touch the silent shore,
I sense you!

As the mighty wind blows the clouds away,
I blow you!

As the rains fill up every heart with love,
I fill you!

As the autumn queen spreads herself over the solitary night,
I caress you!

As the spring comes in like a new season,
I bless you!
As the new born leaves rise on a lifeless tree,
I grow you!

As the moonlight with tiny stars scatters all through the lonely night,
With my heart full of love,
I feel you!

My never ending love for you!

Feel the tender leaves of tree, which wants to give you message,
That I can do for you anything, through this life's passage!

Trace the mind blowing wind, which wants to express my love,
Like the moon who loves the night, by it's every shape and curve!

This darkness of night is surprised, that our love is brighter,
Than moon & star shine!

Around you the butterfly flying, wants to blow up a kiss of mine!
