1. UNVEILING THE ENIGMA

Boss and First Man

There was the first man who was working in an office,

He worked day and night. One day, his boss came to see his work. He gave him his file; his boss had been watching it for a long time. Suddenly, he shouted. The man got scared, the boss kept an angry face. Suddenly, the Tea Deliverer came. He diverted the topic, and he took this man out.

First Man and his past with Tea Deliverer

Tea Deliverer was his friend (The First Man's Friend). He said that he was coming to save the man from his boss. He said "Do you remember me?" (Tea Deliverer exclaimed). First the man said "No". Tea Deliverer asked "How do you remember me? You got a hurt on your head when you were small. This incident happened when you were staying with me in an orphanage. You lost all your memories, you were on the bed for 16 years, you got this hurt because when you were small and you were playing cricket with me at that time, when you were 6 years and I was 2 years elder than you later, stranger came and tried to man hit you because the boy tried to hit you directly hatted a ball to him mistakenly, and he bet you with an axe in the

meantime villagers took me to house and you to hospital". The man was shocked. This was the reason why the tea Deliverer did not study well and was working as a tea deliverer in this office. "That is the reason I recognized you and helped you" said the Tea Deliverer.

2. THE BULLIED LIFE

Andrew was bullied

A man named Andrew studied in a private school, and he studied well till he came to a college called "*Richard's College*". One day, but also on the first day of college, he was sincere and was studying well, but everyone was teasing him. One day, a boy came with his gang called *Ballais Gang*. They asked him to do all their homework. Andrew silently refused. They got angry and started beating him. They stopped him when he was bleeding, they left this innocent guy. This innocent guy was taken to hospital. The doctor said that he was beaten so much that he became mentally mad slowly, his studies got worse, and his rank decreased.

Andrew's move and its consequences

He turned 20 years old. At that time, again, the *Bailas Gang* came and flexed in front of him because they became big people. This man got mad and angry. He was walking on the road. Anger came suddenly. A ball came in his direction. It hit him so hard that he started bleeding. He got so mad and angry that he took an axe and went in that boy's direction and bit the boy.

Next day, he was a patient in a hospital with that boy whom he tried to murder. They were both being treated at the same time. Andrew got a small pain. He recovered fast and was discharged from the hospital.

After 16 years, he got information that the boy he tried to murder had been discharged from hospital now. The Boy was the first man mentioned in the story before.

A gang raided his house. The name of the gang was "*Boss Gang*". They were thieves. They were appointed to kill Justin's father; Justin was on the 2nd floor of the house and his father was on the first floor. It was calm and peaceful. Suddenly, the boss gang entered the house they killed. Justin's father and they took all the valuables from the house. Justin couldn't recognize the sound because he was in high concentration and the boss gang ran away without leaving any proof, then Justin completed his pooja.

Justice to Justin

that his dad was dead. He was sad and crying. Then he did pooja to God a lot and then he called God and God would accept only one wish.

He (Justin) asked God to give him a weapon to kill the gang for justice. God told this axe is gone a change to seven hands. The Axe's name was "**Vector Axe**". Justin took the axe. God gave an instruction "whoever uses this is

immediately killed by some other person with other weapons except this axe”.

Then he killed the main leader of the gang. His name was Bland. With this axe, only one person will be killed. Other than the boss, all were killed. Justin and the boss were also killed by the axe. Justice couldn't kill other members of the gang because it was the axe rule told before by God. A person who has the axe can kill one person and the axe will be deactivated, it will go into the other person's hand.
